A Foreign Affair that founded Symbiosis

The journey of a thousand miles begins with a single step. But, it is the first step that involves deliberation and much hesitation. The Symbiosis journey however began with a surge of enthusiasm spurred on by an incident that, in itself, makes a poignant tale. It was an afternoon on a hot day. I was standing near the window of my house overlooking the first hostel block, of which I was the rector. A strange thing happened. A girl walked up to the window of the boys' hostel room, quickly handed over something and disappeared. My curiosity was aroused and I kept watching the girl walking up to the window day after day and suspected, like any other rector would, that an affair was afoot. So one day, I made up my mind and walked up to the door and knocked. When the door opened, I saw a Mauritian student lying in bed. His face was pale and his eyes seemed to have sunken low. I was puzzled." "When I turned to the boy for an explanation, he said, 'Sir, I have an attack of jaundice & I'm feeling extremely weak. I cannot stand up, nor walk a few steps. A girl from my country brings me food. However, since ladies are not allowed to enter the boys' hostel, she hands over the tiffin box through the window.' I was stunned. After all, it wasn't the type of 'affair' I had expected. I was very much pained & decided something had to be done about this. That was the instance, the golden moment that Symbiosis was born. "Symbiosis is a term in life science, meaning 'living together of two different organisms, for the benefit of each other'. Dr. Mujumdar, himself a professor of botany, thought this name apt for the institution. Thus the institution was founded to alleviate the problems faced by foreign students coming to India. At the time, these problems included - accommodation, meals, medical care, guidance, coaching, information about the city, etc. Symbiosis has come a long way since then. Today it is home to students from more than 85 countries. These students are offered the best learning resources, industry exposure, a strong international students' alumni network, a global recognition, and above all, a truly enriching Indian experience.

Chancellor's Message

I am delighted to welcome you to the Symbiosis International (Deemed University). The University, founded on the guiding ideal of international understanding and excellence in education, is a proud member of the larger Symbiosis family.

I have no doubt that as you become more familiar with the University, you will find yourself presented with an abundance of possibilities in academics and more. The University is firm in its belief that academics is but one segment of education. You will discover the most progressive choices in teaching-learning, extra-curricular activities, wellness-recreation facilities, and all round infrastructural support. We take tremendous pride in our talented teaching staff, many members of which are academics of international standing. I am confident that as you begin to settle down, you will find your experience at Symbiosis to be rewarding and to be equal to the expectations you might have of an international institution.

Our end goal is to meet and exceed your higher education goals, of course, but also to prepare you to be leaders as you join the workforce, and, most importantly, to be responsible members of global citizenry. As you embark on your journey of higher education at Symbiosis, you will find yourself in the company of students from over eighty-five countries and from all over India.

I do hope that your association with Symbiosis will provide you with endless opportunities to harness your capabilities and put them to good use.

May God bless you!

Prof. Dr. S. B. Mujumdar
Chancellor

Pro Chancellor's Message

It is my delight to welcome you to the new academic year at the Symbiosis International (Deemed University).

We, at Symbiosis, are confident that you will find all that you are looking for in an institution. You will discover a world of opportunities, both academic and otherwise, at Symbiosis. I have not the least doubt that, as a student, you will be amazed with our offerings within the classroom and also outside: library, sports grounds, recreational facilities, and an endless variety of extra-curricular activities. You will benefit from all this at your institute and beyond: At Symbiosis, we are a big family indeed, and we encourage cross-exchange of ideas.

Of particular significance are our achievements related to internationalization. The University's commitment to internationalization is an institutional mission. The institution owes its origin to the guiding ideal of Vasudhaiva Kutumbakkam—the world is one family. Internationalization is an organizational focus across the length and breadth of our pursuits.

Part of this obligation is our pledge to prepare graduates to succeed as members of the global workforce. We believe that higher education must contribute to the human resource base by arming students with career-preparedness capabilities. At Symbiosis, we offer every leading-edge possibility to strengthen the academe-industry interface, which we consider to be the cornerstone of job-readiness skills. The successful track record of our alumni speaks to our efforts towards aligning classroom knowledge with industry-oriented skills training.

Above all of this we hold our responsibility to foster the values of global citizenship, social responsibility, and volunteerism. As members of the Symbiosis family, you will learn to see yourself as responsible contributors to the civic life on the global platform.

I welcome you to the University, and wish you every success in your endeavors!

Dr. Vidya Yeravdekar

Principal Director, Symbiosis Society

Pro Chancellor, Symbiosis International (Deemed University)

Vice Chancellor's Message

Dear Students,

Symbiosis International (Deemed University) (SIU) is one of the most sought - after destinations for Indian and International students, which has gained reputation for commitment to high quality learning and teaching. The beautiful sprawling 350 acres campus at Lavale, several campuses in Pune and other cities attract students from different regions, ethnicity and cultures and provide a vibrant and symbiotic ecosystem.

UGC has awarded Category I status to the University, and the National Institutional Ranking Framework (NIRF) 2021 has ranked the University 38th among all Universities in India. Globally, the University is ranked amongst the top 800 - 1000 Universities in the World by Times Higher Education (THE) World University Ranking 2022; in the top 350 Universities in Asia by the QS Regional Rankings, and is the only Indian university to have received the Asia Pacific Quality Label.

At Symbiosis, enquiry, investigation and innovation are encouraged and nurtured. SIU offers high quality academic programmes in contemporary disciplines of Law, Management, Computer Studies, Health Sciences, Media and Communication, Humanities and Social Sciences, Engineering, and Architecture and Design. The academic programmes aim at imparting interdisciplinary vision, compassion, value systems and critical awareness of national and global issues. With collaborative networks of several Universities from different parts of the world, SIU provides a very conducive, interactive and inspiring environment to create true global citizens who are ready to contribute to their respective countries and humankind.

Continuously building innovative technologies in the teaching learning and evaluation process, enhancing research, encouraging innovation, empowering students to become entrepreneurs, and offering a holistic environment as a Health Promoting University, SIU has recently established Aarogya Dham which is a complex situated in the Main Campus of the University on 70 acres of land wherein Symbiosis Medical College for Women (SMCW) and Symbiosis University Hospital and Research Centre (SUHRC) and other allied Schools are situated.

After two long years of the pandemic, I invite you to our beautiful campuses to experience, explore, learn, play, work and get motivated to meet the challenges to shape your career and to meet the challenges of the new exciting world!

Welcome to the Symbiosis family!

Dr. Rajani Gupte
Vice Chancellor

The University

Prof Dr. S. B. Mujumdar established Symbiosis in 1971 on the principles of the Vedic thought of “Vasudhaiva Kuttumbakam”, i.e. the world is one family. With changes sweeping across India’s higher education scenario, Symbiosis International (Deemed University) (SIU) established need based Constituent Institutes / Departments across eight faculties of Law, Management, Computer Studies, Health Sciences, Media & Communication, Humanities & Social Sciences, Engineering and Architecture & Design. Due to the excellence and quality of education imparted by Symbiosis Institutes, the Ministry of Human Resource Development, Govt. of India conferred the ‘Deemed to be University’ status on Symbiosis in 2002.

Today, the University is ranked amongst the topmost Universities in India. The University has been awarded Category-I status by UGC, and an ‘A’ grade by NAAC with a score 3.58 on 4. The University is ranked #38 in India by NIRF 2021 under the ‘Universities’ Category, ranked #10 in the category “University & Deemed to be University (Private/ Self Financed) (Technical)” in Atal Ranking of Institutions on Innovation Achievement (ARIIA) 2021. On the International front, Time Higher Education World University Ranking 2022 has ranked Symbiosis International University amongst the top 800 – 1000 Universities in the World, QS Asia in 2021 has ranked the University among the top 350 Universities in Asia, and SIU is the only Indian university to have received the Asia Pacific Quality Label.

The University has Constituents/ Departments of Skills and Continuing Education/ Research Centres and Support Departments in six cities namely Pune, Nasik, Bengaluru, NOIDA, Hyderabad & Nagpur. The establishment of every institute of Symbiosis has some history. Some institutes were established for a certain cause and some out of the needs of the industry and society at large. Every institute has created its own identity and has become a choice for students wanting to pursue higher education. Symbiosis has a rich heritage of cutting- edge innovation and enterprise and quality through pursuit of Educational excellence. The University offers various programmes at Doctoral, Postgraduate, Under graduate and Diploma levels under the faculties of Law, Management, Computer Studies, Health Sciences, Media & Communication, Humanities & Social Sciences, Engineering, Architecture & Design. Cutting edge technologies, smart classrooms and modern infrastructure positively impact the delivery of world class education. Diversity in the classroom and faculty rooms, service learning

projects, internships and value added activities lead to a more holistic development of students.

The University has academic collaborations with reputed foreign universities from countries like USA, UK, Germany, Japan, Singapore, Australia, Finland, France and others. The Symbiosis Centre for International Education (SCIE) promotes internationalization and invites international students to the University for several Programmes. The University is actively involved with student and faculty exchange programmes and has the Scholar- in- Residence Programme. SCIE conducts intensive ‘Study India’ programme for the benefit of international students from over 85 countries that study across various campuses of the University. A variety of activities are organised where international students from the city are able to meet on a common platform and display their talent.

Access to several learning resources via the library, availability of housing facilities at all the campuses, scholarship programmes to promote academic excellence, several co-curricular and sports activities organised by the University have facilitated well rounded overall development of students. Health and wellness are vital issues relevant to the academic success of students at Symbiosis. The Symbiosis University Hospital and the Symbiosis Centre of Health Care (SCHC), the in houses health care centre, make conscientious efforts for the overall development of its staff & students by providing preventive, curative and health promoting programs to enhance optimal health, reduce risk of disease and injury and promote healthy lifestyle choices.

The University has also established the Symbiosis Medical College for Women (SMCW), which is an exclusive medial college for women.

In its continuous pursuit of giving back to Society through academics and research, the University has established Research centres namely Symbiosis Centre for Waste Resource Management (SCWRM), Symbiosis Centre for Advanced Legal Studies and Research (SCALSAR), Symbiosis Centre for Stem Cell Research (SCSCR), Symbiosis Centre for Nanoscience and Nanotechnology (SCNN), Symbiosis Center for Medical Image Analysis (SCMIA), Symbiosis Centre for Behavioural Studies (SCBS), Symbiosis Centre for Applied and Artificial Intelligence (SCAAI), Symbiosis Centre for Climate Change and Sustainability (SCCCS), Symbiosis Centre for Urban Studies (SCUS) and Symbiosis Centre for Research on International Higher Education (SCRIHE) and Symbiosis Centre for Australian Studies (SCAS).

The University is continuously striving to build innovative technologies in the teaching learning and evaluation process, enhancing research, empowering students to become entrepreneurs and provide a holistic environment as a Health Promoting University.

SYMBIOSIS CENTRE FOR RESEARCH AND INNOVATION (SCRI)

Symbiosis Centre for Research and Innovation (SCRI) was established in 2009 with an objective of achieving high standards of research at SIU that resulted into quality contribution to the knowledgebase of the disciplines of Law, Management, Computer Studies, Health Sciences, Media and Communication, Humanities and Social Sciences, Engineering and Architecture and Design.

SCRI aligns its functions with the University's commitment to stay connected with the community by the way of understanding its major issues and problems and to suggest relevant and flexible means to resolve them. In accordance to the University's endeavor to make meaningful contributions to the dialogue around the development of knowledge and policies for the society, SCRI facilitates the research journey of the SIU's academic fraternity. The department provides intellectual, academic and administrative support to the research endeavours of the members of the Faculties and students.

SCRI's activities revolve around the Research and Development mandate of SIU that states the following:

- The Research and Development must be socially relevant, locally need based, nationally important and globally significant.
- The focus of Research and Development in the University is aligned with the national priorities of the Government, reflected through various schemes and grants.
- The Research and Development must be applied, translational and leading to innovation.
- To create Research and Development hub comprising medical facilities, diverse research centres and constituent institutes that promotes interdisciplinary, multidisciplinary and transdisciplinary research significant to society, and The University's Research and Development must lead to the development of capable and responsible human resource.

SCRI offers SIU's Ph.D. programme, doctoral fellowships, seed money and support for extramural

funding, publication, intellectual property and research collaboration to the researchers of the University. The department is a nodal unit for enabling the research activities of SIU fraternity. Continuous improvement in quality of research at SIU is facilitated by the University's research collaboration with the organizations such as Indian Council for Medical Research (ICMR), Larsen and Toubro Ltd., Society for Development Studies, Lupin Research Park, Serum Institute of India Pvt. Ltd., KEM Hospital Research Centre and many more.

The collective research experience at SCRI has supported Faculty Members of SIU in terms of attracting prestigious research grants from the Government under various schemes (such as SPARC, DST-SERB, DBT, NABARD, ICSSR) and Non-Government agencies (such as ABTL, Huvepharma SEA Belgium and India., IBM, TCS) in addition to the internal funds provided for research to the Faculty and students by SIU. The department's support through hands-on, sensitization and FDPs has contributed to the publication of a number of high quality research papers and patents, registration of designs and copyrights and new collaborative opportunities and recognitions. SIU is an empanelled research agency for conducting evaluation studies for the Government of Maharashtra. Doctoral research of SIU's 1000+ Ph.D. Scholars in different disciplines is facilitated by SCRI.

With commitment, focus and determination, SCRI is tirelessly contributing to the enhancement of research activities at SIU and strengthening its culture of good quality research.

Main focus of SCRI

- To develop institutional research agenda and to formulate policies to reflect a conscious effort for creating a congenial and scholarly climate that nurtures the quality research culture in the University.
- To establish the minimum standards for research activities at SIU that leads to good quality contribution to the existing knowledge.
- To build research capacity and mentor the researchers to translate their effort into high quality research outcome.

- To set up a systematic procedure for administration of research programmes.
- To facilitate the research endeavours of the various research centres and the researchers at SIU

RESEARCH CENTRES

SYMBIOSIS CENTRE FOR NANOSCIENCE AND NANOTECHNOLOGY (SCNN)

Symbiosis Centre for Nanoscience and Nanotechnology has been established in Sept. 2017 considering that potential impact of Nanoscience and Nanotechnology on evolution of Science, technology and societal growth.

The Centre envisages promoting basic and applied research in the fields of healthcare, technology and environment, with primary impetus to fulfill national strategic needs.

The major ventures of the centre are synthesis of advanced functional nano-materials, fabrication of nano-micro-devices, & its multidisciplinary applications. The major thrust of centre includes opportunities for international research collaborations; conduction of seminars/workshops/conferences/extension lectures to promote Nanoscience & Nanotechnology to common people and to bridge the gap between nanotechnology research and its social acceptance.

SYMBIOSIS CENTRE FOR STEM CELL RESEARCH (SCSCR)

The centre is unique, as it is the only research centre in Pune that will perform research exclusively on stem cells. Research in Experimental Hematology at a cellular and molecular level will be carried out with respect to aging of stem cells, microenvironment – mediated regulation of hematopoietic stem cells, leukemia/lymphoma biology, development of 3D cultures, mesenchymal stem cell biology with special focus on exosomes and micro-vesicles and signal transduction. Department of Biotechnology (DBT), Ministry of Science & Technology, Government of India has identified Stem Cell Research as one of the most exciting fields of life science in view of its potential clinical applications. With this understanding Symbiosis Centre for Stem Cell Research will serve in strengthening research in one of the targeted areas as identified by DBT's Medical Biotechnology programme.

SYMBIOSIS CENTRE FOR BEHAVIOURAL STUDIES (SCBS)

Keeping in mind that experimental research methods have a rich academic tradition both in psychology and marketing, Symbiosis Centre for Behavioural Studies has been established with aim to conduct experimental research in order to publish quality research papers

in reputed journals. Its allied agenda of providing consultancy to organizations has also been kept in mind while marshaling the centre amongst industry and academia.

SYMBIOSIS CENTRE FOR WASTE RESOURCE MANAGEMENT (SCWRM)

Symbiosis International (Deemed University) in the year 2015, established Symbiosis Centre for Waste Resource Management (SCWRM) to be a pioneer in building knowledge, disseminating awareness and improving practices in the area of sustainable waste management. The centre promotes inter- and multi-disciplinary approach for basic and need-based, applied research and efforts in bridging the gap between lab and society with respect to solid and liquid waste management. The centre is involved in conducting workshops, training, and awareness programs to promote national agenda of 'Swachh Bharat Mission. The centre also works towards developing academic curriculum for undergraduate and post graduate courses. Furthermore, SCWRM is committed to interdisciplinary approach to develop insights, build awareness, and seek to identify, analyze, and implement key issues and challenges pertaining to waste management and sustainability involving all levels of stakeholder's viz. Government, statutory bodies, policy makers, corporates, academia, research institutes, civil society and many others.

A key activity of SCWRM involves providing professional technical consultancy to various stakeholders in the field of solid waste management. SCWRM has consultancy projects with Pune Municipal Corporation (PMC), APMC Mumbai, Lonavala Municipal Corporation etc. on diverse aspects of municipal waste management. The centre is also an empaneled technical agency with the Government of Maharashtra to implement the national GOBAR-DHAN scheme in Maharashtra state at district levels under Swachh Bharat Mission (G)-II. The centre has several national and international collaborations to develop a network of researchers across the globe to address the issue of waste management and climate change.

SYMBIOSIS CENTRE FOR MEDICAL IMAGE ANALYSIS (SCMIA)

In recent years there has been an increased thrust to understand and quantify the complex information conveyed by medical images. Developing modern computational techniques that offer the potential

for extracting diverse and complex information from imaging data and applying the setoaplethora of clinical studies is crucial. These techniques not only support precise quantification but also overcome the limitations of subjective visual interpretation. Furthermore, these methods can facilitate finding specific markers that relate to pathologies as well as aid in treatment planning. Building on this background, the objectives of this center are as follows: (1) development of novel computer-based image analysis methods and their application to a wide variety of clinical research studies (2) Translating the techniques to the clinic thereby aiding early diagnosis and understanding of the underlying pathology.

Currently, the center focuses on neuroimaging (MRI) and breast imaging (ultrasound). Image analysis methodologies include volumetric analysis, diffusion MRI processing and analysis, structural and functional connectomics, statistical learning in imaging, radiomics, population based analysis and deep neural networks for image classification. In future, the center plans to diversify research to image analysis of various organs and include multiple modalities in imaging.

SYMBIOSIS CENTRE FOR APPLIED ARTIFICIAL INTELLIGENCE (SCAAI)

Symbiosis Centre for Applied AI (SCAAI) was established in May 2019 and is affiliated to Symbiosis Centre for Research and Innovation (SCRI). SCAAI is a constituent of Symbiosis International (Deemed

University). The primary aim of this centre is to spearhead the advancement and novel developments in various application areas and promotion of the advanced research and education in the field of AI. Along with this SCAAI engages in interdisciplinary research to address pertinent issues that could involve a huge spectrum such as finance and banking to healthcare.

SYMBIOSIS CENTRE FOR ADVANCED LEGAL STUDIES AND RESEARCH (SCALSAR)

Symbiosis Centre for Advanced Legal Studies and Research (SCALSAR) was informally organized in 2007 and formalized in February 2013 by the Board of Management, SIU. It has been established to facilitate advanced legal studies and research.

SCALSAR facilitates and provides:

the means including idea architecture and resources for advanced legal studies for post graduate, including LLM students and PhD Students.

- Infrastructure and resources for advanced legal research to the faculty, researchers and post graduate students promoting and facilitating publications in SCOPUS, Web of Science and UGC recognised journals
- To collaborate with institutes under the faculty and departments within SIU, National and International Universities and Agencies for research, consultation, training and extension

- Research, training and consultancy in selected areas of 4 excellence centres aligned with SIU clusters, other research centres and contemporary areas of national and global importance
- Interdisciplinary and multidisciplinary studies and research while interlinking with SIU research clusters
- To act as a think-tank to the Government, hosts Scholars in residence, undertake interdisciplinary legal studies and research projects, train teachers and design training modules.
- Collaboration with institutes under the faculty and departments within SIU, National and International Universities and Agencies for research, consultation, training and extension
- To disseminate and ensure the outcome of research, training, advocacy and consultation to stakeholders including businesses, law makers, government and non-governmental entities, people of India and the world
- Positive and measurable impact on the society and justice system through inclusive research and training

Since 2012 SCALSAR has been organizing an Annual Research Conference. It grew drawing international participation by 2015. The conference has been drawing on Symbiosis International (Deemed University)'s new impetus to thrust areas, excellence centers and innovation and is titled as SYMROLIC representing an interdisciplinary conference in relation to Rule of Law. The conference also includes a research skills workshop. SCALSAR undertakes Minor and Major Research and Consultancy Projects. In addition to the completed projects including 2 ICSSR Impress Major Projects, there are 4 Major International Projects that are going on. SCALSAR also collaborates with Government bodies and undertakes Law reform initiatives such as Transformation of Criminal Justice System in India submitted to Ministry of Home Affairs, Initiative with Supreme Court of India on Digital Courts Vision & Roadmap: Phase III of the E- Court project, Regional consultation on Review of Criminal law- Improvement in Status of Women organised in collaboration with National Commission for Women etc. The research agenda of SCALSAR will be further strengthened by the recently received Jean Monnet Chair on EU Climate change Law Policy and Governance as well as the Jean Monnet Module. The Community Legal Care Centre, which is a part of SCALSAR, carries out legal aid as well

as community-based projects for various disadvantaged sections of society. Some of the legal aid activities are carried out in collaboration with Pune District Legal Services Authority, Yerwada Central Prison, Criminal Investigation Department Maharashtra and various NGOs. The Centre has adopted Sus village, Tal. Mulshi, Dist. Pune as a part of community outreach programme.

SYMBIOSIS CENTER FOR URBAN STUDIES (SCUS)

The Centre will be operational from the AY 2022-23, and will undertake activities to focus on Capacity Building, and being responsible for creating human capital to help transform India's urban landscape.

Research activities of the Centre will include:

- Organizing Guest Lectures Workshop, Seminars, Symposiums, Conferences, Hackathon.
- Strengthen the PhD Department under this specialization
- Collaborative Inter-disciplinary Research with our sister institutions
- To provide excellent opportunities to collaborate with supranational institutions and urban diplomacy
- To collaborate with leading think tanks and organizations supporting the Indian urban agenda

SYMBIOSIS CENTER FOR CLIMATE CHANGE AND SUSTAINABILITY (SCCCS)

The SCCCS is established with the following proposed activities:

- Collaborative Research in thematic areas
- PhD program, post-doctoral research
- Education by developing courses in Climate Change for UG & PG institutions
- Social Outreach by conducting Workshops, lectures, taking up Restoration projects, Park / Devrai conservation.

SYMBIOSIS CENTER FOR RESEARCH ON INTERNATIONAL HIGHER EDUCATION (SCRIHE)

SCRIHE is established for conducting research in the area of international higher education. The NEP 2020 has earmarked a whole chapter on Internationalization of Higher Education. With the COVID pandemic, there have been different challenges that higher education faced, but one positive outcome has been internationalization at home. Collaborative online

international learning, co-teaching and co-learning have been promoted due to online education. New concepts of international co-operation and intra-regional cooperation have emerged which enhance

internationalization of Higher Education. Knowledge diplomacy and how higher education can be a tool for development and soft power is also coming into discussions at the global level.

CARL ZEISS (1816—1888)
ERNST ABBE (1840-1905)

Jena

Zeiss has been producing microscopes in Jena since 1846. Abbe is a physicist born at the city's famous university. Not until 1846 do they meet. It was the beginning of a virtually ideal complementary relationship between science and technology. The optical works founded by Carl Zeiss later became famous throughout the world. The factory complex in Jena was destroyed in 1945, shortly before the end of the war; the equipment that was still functional was dismantled. The American military government brought EE scientists to Oboldschnee (Weimarsdorf), where a special factory complex was erected. After the unification of Germany in 1990, the two operations were united to form Carl Zeiss.

Learning Resources:

Library:

Symbiosis International University is one of the leading Universities in the country and an educational hub of academic institutions/departments, promoting higher education in Management, Information Technology, Bio-medical Sciences, Engineering, Liberal Arts, Health Sciences and Legal education. These institutes are spread over the country and each institute has its own library, serving and catering to the needs of the students and faculty members as a creative and innovative partner in supporting the teaching, learning, scholarship and research activities of the University.

There is a rapid increase in the library's collection of books and journals/periodicals in both, print and digital form, using state-of-the-art facilities. Libraries are trying to build a strong and balanced collection of books, journals and other resources to cope up with the needs of entire Symbiosis community. With this mission, we are trying to bring the entire collection available to search with just one click.

SIU has implemented KOHA integrated library Management software for all its constituent units. OPAC (Online Public Access Catalogue) of books and other reading material are accessible from any location. OPAC consists of books, AV material, print journals and magazines, Theses (<http://symbiosis-koha.informindia.co.in>).

The SIU Central Library is housed in a newly constructed, independent and spacious building located at the Lavale campus. The location of the Central Library overlooks the beautiful landscape around the building. The pleasant environment and the well-furnished reading area inspire students to learn and conduct research. University subscribes 181430 e-books for their users of all institutes and made accessible to them.

SIU also subscribes to a total of 123 online databases as per the requirements of the institutes. EBSCO, Emerald, Scopus, Web of Science, JSTOR, Frost and Sullivan, are the major databases accessible to all institutes and other online Databases subscribe by institutes are accessible to respective institutes on their IP address of the campus.

The Central Library is trying to establish an excellent co-operative arrangement with many resourceful libraries and consortia with INFLIBNET in the country. The Central Library has developed a Library Portal to provide remote access to its E-resources for all. (<https://library.siu.edu.in>)

SUPPORT DEPARTMENTS:

SYMBIOSIS TEACHING LEARNING RESOURCE CENTRE (STLRC):

The Symbiosis Teaching Learning Resource Centre i.e. STLRC was established in November 2011, with the aim to help raise the effectiveness and productivity of the Symbiosis faculty in terms of teaching - learning as well as research.

The Symbiosis Teaching Learning Resource Centre (here after referred as STLRC) is Symbiosis International University's catalyst to inspire and mentor the faculty in their roles as Teachers, Researchers and more so as Educational parents. STLRC strives to complement the academic mission of the university by improving the teaching effectiveness and enhancing research ability of the faculty.

STLRC always strives to:

- Provide support for developing the effectiveness of the faculty in terms of Teaching, Learning, Research and Evaluation
- Encourage exchange and sharing of teaching experiences.
- Encourage Innovative teaching.
- Encourage and give platform for research and extension activities.
- Create a cohesive and value-based culture for the faculty.
- Create and develop a platform for collaboration, in terms of teaching- learning, research and ideas

There are various Activities of STLRC which are as follows:

- Planning and execution of various Faculty Development Programmes under the verticals of Teaching, Learning, Evaluation, Research, and domain specific areas for all the eight faculties of the University. Till date more than 400 Faculty development programmes have been conducted by STLRC.
- The 3-phase Faculty Development Programme on Andragogy and Research Methodology. This FDP is offered at three levels: Basic, Intermediate and Advanced.
- MOOC Development Activity: SIU invests a lot of resources in the MOOC creation process. We train faculty through online courses, face-to-face workshops, and face-to-face meetings to familiarize them about learner-centric MOOCs, thus empowering them to create MOOCs.

SYMBIOSIS CENTRE FOR EMOTIONAL WELLBEING (SCEW):

Symbiosis Centre for Emotional Wellbeing comprises of a team of qualified mental health professionals. Every campus has a psychological counsellor that a student can reach out to if in need of any psychological or emotional help or support. SCEW provides the students with a safe and confidential space where they can come and share their problems without the fear of being judged. SCEW conducts lectures and workshop for students to help develop their Emotional resilience in order to prepare them to face the challenges in Society and help them become successful individuals.

SYMBIOSIS COMMUNITY OUTREACH PROGRAMME AND EXTENSION (SCOPE):

Universities have recognized the enormous potential of higher education to positively impact the health and well-being of students, staff, and the wider community through education, research, knowledge exchange, and institutional practice. With this view, Symbiosis has launched Symbiosis Community Outreach Programme and Extension (SCOPE) on 02nd July 2012. The objective is to positively impact the community around.

Present Infrastructure:

We work towards a sustainable, comprehensive, and integrated development of the 21 identified villages located in Mulshi taluka of the Pune district by Mobile Medical Unit (MMU). MMU moves around in identified 21 villages as per the fixed schedule. Mobile Medical Unit covers 21 villages catering to 26187 of the total 159996 populations of Mulshi block of Pune district as per Census 2011. This contributes to 16 % of the total population of the area.

Initiatives:

SCOPE undertakes different Health and Community development initiatives in and around its campuses in Mulshi. We provide services associated with Primary Health Care, Health Awareness and Promotion, Personal and Social Development. We celebrate various health days in our area by conducting health education and camps in our area. These initiatives are also part of the activities pertaining to Institutional Social Responsibility, Service Learning, Creation of a Healthy Environment, Developing Links with the Community, Academic and Action Research in the Community. Since 2012, MMU has had OPD nearing 60,000. The beneficiaries include the population of all ages, ANC, Breastfeeding mothers, children, etc.

Way forward:

We are in process of increasing our coverage to 11 new villages in Mulshi block, taking the total tally to 32 villages being served. This would be done by adding an MMU to our armor. The percentage of the population served will increase from 16 % to 27 %. We are also strengthening and upgrading our services to provide Telemedicine facilities to rural populations along with initial emergency care till referral to the nearby tertiary hospital. We have also commissioned the digital literacy van to increase our array in the education field.

We firmly believe that our role as a university goes beyond imparting knowledge and skills to our students and, as active agents of change, we are supporting initiatives related to health, nutrition, water and sanitation, banking, and financial literacy. This initiative has been widely accepted and appreciated by the community.

We are committed to defending the ideals, responsibilities, and objectives of a socially responsible academic institution.

SYMBIOSIS CENTRE FOR ENTREPRENEURSHIP AND INNOVATION (SCEI):

Symbiosis Centre for Entrepreneurship and Innovation (scei.org.in) is a Technology Business Incubator promoted by Symbiosis International (Deemed University) and supported by the Dept. of Science & Technology, Govt. of India. SCEI nurtures technology start-ups and promotes entrepreneurship in the region through various activities with a focus on employment generation and solving problems in society. SCEI provides office space, innovation lab access, mentoring support company registration support, investor access to the start-ups which get incubated at SCEI and even student start-ups across Symbiosis International (Deemed University). SCEI incubates early-stage manufacturing/ technology start-ups that demonstrate the ability to innovate, create new products and services to solve real world problems. The incubation Programme involves Training, Mentoring, Prototyping

and POC Validation, and Ecosystem Access. We also support startups to get funding from various sources like angel investors, accelerators, etc.

SCEI also follows the virtual incubation process and our digital support includes AWS, IBM Adobe Suite, Zendesk, Microsoft for startups with total credits worth \$1,25000. SCEI has a well-equipped fab lab with 3D Printers, Laser cutting machines, etc. For startups requiring a hard-core manufacturing setup, SCEI also has a commercial CNC Vertical Machining Centre. To help startups working in electric vehicles and renewable energy sectors, we have state-of-the-art research and testing facilities such as wind turbine emulators, solar PV research systems, engine research systems, etc. For start-ups using AI and ML applications, SCEI also has Nvidia DGx High power workstations, Nvidia AGX Xavier, HP high-end workstations. SCEI leverages the advanced research capabilities that Symbiosis has in the areas of Health-tech, Medical Imaging, Waste Management, AI/ML, Nanotechnology, etc. to act as a catalyst of growth for technology start-ups. SCEI has incubated 31 start-ups, trained around 100 women entrepreneurs and trained 150 professionals on design thinking.

SYMBIOSIS CENTRE FOR ALUMNI ENGAGEMENT (SCAE):

Symbiosis Center for Alumni Engagement (SCAE) – is a Centre established in 2017 under the Symbiosis to nurture and strengthen a symbiotic and long lasting relation with its alumni community. SIU has got incredibly diverse Alumni base spread across geographies, working with various professions in reputed organizations

and industries or are entrepreneurs. Each one of them has contributed to success story of Symbiosis. Alumni Engagement is a strategic asset of Symbiosis International (Deemed) University (SIU) as they create the University 's reputation and lasting impression, which relies in large on how successful graduates are in the real world. An active alumni base indicates very high quality educational experience.

SYMBIOSIS CENTRE FOR INTERNATIONAL EDUCATION:

The Symbiosis Centre for International Education (SCIE) is an integral part of the University, providing leadership and support to internationalize the campus and the curricula. International students from over 85 countries pursue their undergraduate and postgraduate studies at Symbiosis. Students and faculty are provided with opportunities to pursue their international academic interests to the fullest, be it through academic exchanges, or exposure to international conferences, seminars, workshops and other resources.

Internationalization at Symbiosis works on multiple tracks, for which the Symbiosis Centre for International Education has three departments:

- International Student Admissions & Student Events
- International Initiatives and Collaborations
- International Promotions and International Student Relations

International Student Admissions & Student Events

International Students' Admissions: Admissions of international students are centralized for all the constituent institutes of Symbiosis International (Deemed University) and routed through the SCIE. The procedure for applying for admissions at SCIE is designed taking into consideration the requirements and difficulties faced by international students. The online admission procedure has made it accessible to each and every student to apply from different parts of the world and in the comfort of their homes. The student needs to come to India only when the applicant is shortlisted for a particular program chosen by the student. Software has been tailor-made to suit the admission procedure. The admission procedure is simplified in easy steps starting from the basic eligibility, checking of important documents to be submitted until the final payment, and confirming the admission. Through the system of online admissions, students are also able to make all their payments online and check the admission status online.

International Student Events:

Apart from all admission related activities, SCIE organizes a variety of activities where international students of Pune city are able to meet on a common platform and display their many talents. As a part of enriching students' international experience, SCIE organizes the International Food Festival, the Flag Hoisting Ceremony, NGO visits, Blood Donation Camps, Tree Plantation, Iftar Party, Christmas Party, Diwali Party, Dance Competitions and Sports activities like football tournaments and many more.

SCIE also organizes the International Students' Convocation Ceremony. The convocation ceremony is an important landmark in a student's life. It is normally organized by universities in India during the month of December. But since most foreign students have already left India by this time, they are deprived of this wonderful memory. SCIE aims to fulfil a students' dream of walking down the aisle with a robe and cap by organizing the International Students Convocation Ceremony.

SCIE is assisted in such activities by the International Students' Council. The International Students' Council is an elected body for the smooth functioning of the activities and events of international students.

International Initiatives and Collaborations:

At Symbiosis International (Deemed University), our every endeavor is to look at ways to promote international understanding through quality education. The university believes that internationalisation imparts broadened knowledge and understanding of other nations, cultures, and global issues for students, strengthens research and knowledge production, the diversify of faculty and staff assists in bringing innovative pedagogies and enhances the teaching

learning process. To achieve these objections the university has international collaborations across the globe and framed policies for encouraging student and faculty mobility and designed programs for increasing and ensuring sustainability.

Student Programme:

Study India Programme: SCIE offers two to four weeks customized program imparting international students an unparalleled opportunity to experience a combination of academic content and cultural activities. This program is designed to give the students understanding of the socio-economic, cultural, political, technological aspects of India. The program also includes visits to NGO's, Cultural heritage sites.

Global Immersion Programme:

Under this initiative students from Symbiosis get an opportunity to experience semester abroad, Semester Exchange program, attend Summer School, undertake short term internships. The university accepts the credits earned by students who undertake these programs.

Symbiosis encourages the collaborating universities to send their students for a semester at any of its institutes and transfers the credits earned by these students. The students have the flexibility to choose courses across disciplines.

Faculty Programs:

Scholar-In-Residence:

This program was developed to share best academic practices, developing in house global competencies and international links. Through this program

international faculty is encouraged to visit Symbiosis on short/long term engagement. The main activities envisaged are to conduct guest lecturers / workshops / Symposia, teaching, reviewing and internationalizing the curriculum, conducting faculty development programs / seminar, conceptualizing, contributing and editing research journals, joint paper presentations in international conferences.

Distinguished Visiting Professor:

This is an initiative taken to attract distinguished academicians/ personalities to Symbiosis International (Deemed University) for short term period to teach courses in their area of expertise, conducting special course / expert workshops, developing grant projects.

Faculty Exchange:

SIU is actively involved in sending Faculty to foreign Universities on short term. This encourages the faculty to get an opportunity to teach at international partners. The faculty gets an opportunity to learn new methods of teaching, conducting joint research with faculty having similar research interests and imparting knowledge to the international students while focusing on the Indian or comparative perspectives.

Lecture Series:

SCIE organizes lectures by eminent faculties of International repute at different institutes of Symbiosis.

International Promotions and International Student Relations:

International Promotions:

This department has the dual goal of ensuring student comfort while at Symbiosis International (Deemed University) and also communicating with foreign students in their home countries. SCIE has undertaken the exercise of planning promotional campaigns in Africa and Asia. This includes participating in Educational Exhibitions / fairs and also visiting schools and educational counsellors.

International Student Relations:

Understanding the importance of ensuring a fulfilling experience, both academic and social, this department will focus totally on assisting foreign students to adapt to their new home. The students are encouraged to contact this department when faced with problems – academic, administrative, and even issues that are not directly related to the University, such as dealing with formalities at the Foreigners' Registration Office (FRO).

We have "buddy" system, which refers to the practice of assigning a mentor to each international student. The "buddy" will be a domestic Indian student, who is familiar with the city of Pune. The "buddy" will be encouraged to help the student overcome challenges big and small – that are related to the institute and the University, as well as everyday problems related to settling down in India.

The department will conduct periodic meetings with international students in their individual institutes. The informal meetings are aimed at providing an opportunity to the students to share their experiences, both good and bad, giving an opportunity to solve these by initiating changes either in policy or regular activities.

Foreigners' Registration

Every foreigner coming to India must have a valid Passport and Visa to enter and to continue his /her stay in India.

The foreigner should always carry identification documents, namely:

1. Passport with an endorsed visa
2. Certificate of Residence issued by the concerned Police Station
3. Residential Permit issued by FRRO/FRO

The foreigner is under obligation to produce the above documents to any Police Officer on demand for inspection.

Foreigners entering India on a long term visa i.e. for a period more than 180 days, on a Student Visa, Employment Visa, Research Visa, Medical Visa and Missionary Visa are required to get themselves registered within 14 days of their arrival with the concerned FRRO/FRO. Students arriving on short term Provisional Student Visa (Valid for 180 days or less) must also register and confirm their admission within the stipulated visa period to avoid deportation. Upon confirmation of admissions, the students on short term Provisional Student Visa should approach the concerned FRRO/FRO for registration and extension.

The above rules will not be applicable to Pakistani, Bangladeshi and Afghani nationals.

- Pakistani Nationals must report within 24 hours of their arrival
- Afghan Nationals must report within 7 days of their arrival
- Bangladesh Nationals on Student Visa must report within 7 days of their arrival, and within 24 hours of their arrival for other visas

SIU's Engagement with Europe

Symbiosis has partnered with European Universities in different consortiums under the Erasmus + Program with an intention to enhance cooperation for facilitating students, faculty mobility and Strategic Partnerships for capacity building exchange of best practices. Partnerships with Universities in Germany under the DAAD- DIES (Dialogue on Innovative Higher Education Strategies) and DAAD-A New Passage to India have facilitated mobility and workshops for promoting internationalization of higher education. In addition, we have organized Annual Leadership Series & Conferences on the contemporary issues focusing on the European Union and its relationship with the world. These forums have witnessed think tanks, diplomats and Ambassadors share their insights with our students and faculty.

SYMBIOSIS CENTRE FOR EUROPEAN STUDIES (SCES):

SCES is a multidisciplinary support department within Symbiosis Centre for International Education launched at the hands of the former Prime Minister of Czech Republic, Mr. Andrej Babiš in January 2019.

SCES lays emphasis on facilitating people-to-people, organisation-to-organisation and institute-to-institute connections with Europe, bringing the best of scholarly expertise to India and encouraging Symbiosis students, faculty and staff mobility to Europe for research projects, engaging with Training & Consultancy projects with European companies and learning through partnerships. SCES is envisioned to be an umbrella support system for all academic/ scholarly/ generic activities with European nations, institutes and companies.

Its purview includes all European countries and the European Union.

Symbiosis has been actively working with European partners for exchanges, Study in India Programmes and Erasmus+ projects.

SCES ACTIVITIES & PROGRAMMES

Internationalisation @ Home initiatives

EXCLUSIVE OPPORTUNITIES FOR SIU STUDENTS -

- (a) **E- Academies on Internationalisation-** Offered as three weekend programmes, these E-Academies help students develop intercultural competencies and prepares them to work effectively in multicultural environments. Symbiosis students get to work with students from other parts of the world who join as "E-Buddy Mentors" in this E-Academy.
- (b) **Your Gateway to Europe-** This is a special edition offered bi-annually for students highly focused on higher education in Europe. Illustrious speakers who are serving as diplomats, representing higher education bodies in European member states and European Parliament are the key facilitators for this E-Academy. Besides sessions, students from Europe join as buddy mentors for students enrolled in this programme.

Both these E-Academies are a blend of learning and fun with cultural, language and food exchanges. As an outcome, we release an annual culinary book "The World Kitchen" which features the recipes of all Indian and International students.

- (c) Beyond Borders Work from Home Internships for Indian and European students studying in universities in and outside India in the area of Research, Corporate Relations (Europe), Social Media Management (Content, Graphics, Graphics & Motion/Film Making). SIU students get international exposure through these WFH internships and work on international projects.
- (d) **SCES Student Think Tank**

SIU students are invited to get involved in our student led think tank under the Symbiosis Centre for European Studies. The Think Tank is also the first and only Indian Chapter of European Horizons, a global student-led policy incubator, founded at Yale University.

Other initiatives

Student & faculty exchanges, credit transfer arrangements, Summer & Winter Schools (Study India Programmes (SIP) & Bespoke).

E-Symposiums, Webinars and other such opportunities to engage with Europe

Scholarships:

Symbiosis is keen to offer scholarships* to foreign students to give them the opportunity to take advantage of the educational programs available at Symbiosis. The scholarships are offered preferably in conjunction with the education ministries / embassies of participating countries. Close cooperation with these foreign governments will assist in ensuring the scholarships are awarded to the most deserving candidates.

Under this policy, the following scholarships are available for each Afro Asian country:

- One Partial (50%) Academic Scholarship for a Post Graduate Program at any Institute of SIU
- One Full (100%) Academic Scholarship for an Under Graduate Program at any Institute of SIU
- One Partial (50%) Academic Scholarship for an Under Graduate Program at any Institute of SIU
- Two Partial (25%) Academic Scholarships for an Under Graduate Program at any Institute of SIU.

Apart from these scholarships, Symbiosis would offer 30% concession/scholarship on academic fees for all African students who wish to pursue any course at any institute of Symbiosis International (Deemed University). The student must also bear all additional costs including hostel fees, mess fees application fee, administrative fees, IELA, exam fee, etc.

This scheme has been initiated under the 'Educate Africa' programme with a view to strengthening relations between India and Africa. Based on its strong past connection with the continent and its people, Symbiosis believes it can positively assist in the capacity building of the African nations by offering a world-class education to African students. These students will be future Ambassadors of Goodwill.

EXAMINATIONS:

Programme: The programmes conducted by the University follow semester/ annual pattern. A programme means a set of pre-defined courses selected from the Course Catalogue and approved by the Academic Council of the University. Successful completion of the courses will lead to the award of a Degree or Diploma e.g. Master of Business Administration.

Programme Outcome: Programme outcome represents broad statements that incorporate many areas of inter-related knowledge and skills developed over the duration of the program through a wide range of courses and experiences.

Course Catalogue: A set of approved courses that includes the course objectives, syllabi, pedagogy and assessment approaches.

Course: A course means an individual subject that would be included from the course catalogue to become a part of the pre-defined courses of a programme e.g. Marketing Management.

Audit Course: Audit courses are the courses which are offered as additional/ optional learning opportunities over and above the programme requirements. They shall not exceed 10% of the semester credits in which it is offered and will be reflected as 'Pass' grade courses (only if, completed successfully) and would not contribute to the GPA/ CGPA.

Course Outcome: Course outcomes are statements clearly describing the meaningful, observable and measurable knowledge, skills and/ or dispositions that students will learn in the course.

Term: A term in semester pattern means one semester and in annual pattern means one year.

Semester: A semester consists of a minimum of 90 days of teaching-learning and requires about five months to complete. Any programme of 2 years duration will have 4 semesters, any programme of 3 years duration will have 6 semesters, any programme of 4 years duration will have 8 semesters and the programme of 5 years duration will have 10 semesters.

Credit: A credit is defined as follows:

a) 1 Credit = 12 hours of face to face contact sessions including continuous assessment as per SIU norms : not exceeding 2 hours* + 3 hours for continuous assessment linked to experiential learning.

b) 1 Credit = 30 hours of Laboratory or Studio or practical hours

c) 1 Credit = 60 hours of Internship/ Project/ Dissertation

d) For courses which employ combination of practical and theory, the practical hour be converted to contact hours in the ratio of 1:2 meaning 1 face to face contact hour = 2 hours of practical (Lab and/ or Studio hours)

Assessment: The assessment includes continuous and term-end assessment. Continuous assessment in general, is formative while the term-end assessment is summative in nature.

Term-End Assessment: At the end of every term the University shall conduct 'Term-end' examination, under its supervision and jurisdiction.

Continuous Assessment: The University has adopted the policy of continuous assessment, which shall be carried out by the respective constituents in accordance with the rules and regulations of the University. Continuous assessment aims at multi-level assessment and may include components like class room/ online test, surprise tests, open book test, research essay, assignments, quizzes, case studies, practical, presentations, viva and others as approved by the Board of Studies of the respective Faculty. All the components of assessment should be spread across the term. Award of marks for attendance should be strictly avoided.

Examination: The examination is the entire process of assessment carried out at the Constituent and University level which includes both continuous and term-end assessment.

Examination Season: Each academic year is divided into two examination seasons. Generally, one will be called as October season and the other will be April season. All examinations held between September to December will be counted as held in October season. All examinations held between January to June will be counted as held in April season. Unless change occurs due to unforeseen circumstances.

Term Not Granted (TNG): Minimum 75% attendance in aggregate is mandatory for all the students to be eligible to appear for the term end examination of all courses of the term. If the aggregate attendance and attendance in each and every course is below 75% then the student will not be granted the permission to appear for the term-end examination.

Course Not Granted (CNG): If a student falls in TNG category (i.e. aggregate attendance is less than 75%), then the CNG rule is applied, by checking course wise attendance. In the course/ s where the student has more than 75% attendance, he/ she may be allowed to appear for the examination and the remaining courses are termed as 'Course Not granted'.

Allowed To Keep Terms (ATKT)

ATKT Rules for 3 Year to 5 Year Programmes

A student will attend classes of all the years with his/ her batch. The following rule will be applicable as per the total number of semesters in a programme:

Student Affairs

Article 1: PREAMBLE

The Department of Student Affairs (DSA) fosters and protects the core mission of the University that is to provide for the scholarly and civic development of its students in a safe and secure learning environment. It takes care of the rules/ guidelines/ public policies/ and processes relevant to the matters related to students.

The Department of Student Affairs facilitates the orientation program during the induction of the new batches of students. It is responsible for displaying information for scholarships. It leads in organizing the cultural fest for freshers at the Lavale campus and the organization of cultural events at other constituents. It facilitates study tours/ excursions arranged by constituents. The department is responsible for dealing with disciplinary matters related to students of all constituents of SIU. The Head of the Department of Student Affairs shall disseminate awareness about the Code of Conduct applicable to the students of the university.

The Code of Conduct helps the University to maintain an appropriate sense of order that allows the pursuit of the University's objectives in a safe and free environment. It adheres to the rules and regulations laid down by the University to mark the boundaries of this needed order.

Article 2: APPLICABILITY

The Code is applicable to all students, which includes all persons taking programmes at various constituent institutes /departments of the University, either fulltime or part-time, pursuing undergraduate, graduate, professional studies. Persons who withdraw after allegedly violating the Code, who are not officially enrolled for a particular semester or term, but have a continuing relationship with the University, or who have been notified of their acceptance for admission are considered as "students". The Code applies to all locations of the University.

Article 3: JURISDICTION

The Code applies to the on-campus conduct of all students at all the location / campus of the University. The code also applies to the off-campus conduct of students in direct connection with:

Academic course requirements or any credit bearing experiences, such as internships, field trips, study abroad / student exchange;

Any activity supporting pursuit of a degree, such as research at another institution or a professional practice assignment;

Any activity sponsored, conducted, or authorized by the university or by registered students' organizations;

Any activity that causes substantial destruction of property belonging to the university or members of the university community or causes serious harm to the health or safety of members of the university community; or

Any activity in which a police report has been filed, a summons or indictment has been issued, or an arrest has occurred for any act or omission. Students continue to be subject to the laws of the land while at the University, and violations of those laws may also constitute violations of the code. In such instances, the University may proceed with University disciplinary action under the code independently of any criminal proceeding involving the same conduct and may impose sanctions for violation of the code even if such criminal proceeding is not yet resolved.

Article 4: RESPONSIBILITIES OF STUDENTS

Students are members of the University community and citizens of the state. As citizens, students are responsible to the community of which they are a part, and, as students, they are responsible to the academic community of the University. Admission to the university carries with it the presumption that students will conduct themselves as responsible members of the academic community. As a condition of enrollment, all students assume responsibility to observe standards of conduct that will contribute to the pursuit of academic goals and to the welfare of the academic community. They are expected to practice high standards of academic and professional honesty and integrity and also to respect

the rights, privileges, and property of other members of the academic community and the Society. They should refrain from any conduct that would interfere with university functions or endanger the health, welfare, or safety of other persons. As a citizen of State, a student should not discriminate on the basis of race, color, creed, age, religion, gender, national or ethnic origin, marital status, sexual preference, physical disability, or any other legally protected status. They should at all times conduct themselves in a manner, which is not prejudicial to any law of the land. Their conduct should aim to achieve the meaning, mandate and manifestation as enshrined in the Constitution of India.

Article 5: DISCIPLINARY MISCONDUCT

The students are expected to maintain integrity, observe courtesy and consideration towards one another. In the event of any misconduct, measures will be taken by the competent authority depending upon the nature of misconduct - major or minor. The university has defined 27 different kinds of misconduct.

The details of the same can be found at <https://siu.edu.in/pdf/students/code-of-conduct.pdf>

The University has established the following committees to deal with the breach of the Code of Conduct:

- The Campus Disciplinary Committee: Every campus has one.
- The Central Disciplinary Committee: It is a central committee at the university level.

Appeal procedure for Cases regarding the Violation of the Code of Conduct:

The Vice-Chancellor has made a provision for substantive and procedural fairness for the student alleged to have violated the Code of Conduct. There is an appeal procedure in place to give the student an opportunity of a fair hearing.

Article 6: GRIEVANCE REDRESSAL

Despite the best of facilities and arrangements from the side of the University/ Institute, students may have some grievances for some reason or the other. The University provides a Grievance Redressal Committee at the Campus level that helps address these issues and thus maintain a congenial and healthy environment. The committee handles issues related to the admission process, matters published on the prospectus/ website, discrimination, examination, amenities, etc.

More details of the same can be found at <https://siu.edu.in/Campuswise-Student-Grievance-Redressal-Committee.php>

Appeal Procedure for Grievance Redressal:

The University shall appoint an Ombudsman for redressal of grievances. The ombudsman shall be a person who has been a judge not below the rank of a District Judge or a retired professor. S/he has the power to hear any grievance of any student who has availed the remedies available in such institution for the redressal of the grievance.

You may refer to <https://siu.edu.in/pdf/students/Grievance-Redressal-Mechanism.pdf> for the procedure.

Article 7: ANTI-RAGGING MECHANISM

To maintain the physical and psychological health of its students, Symbiosis International (Deemed University) has set an anti-ragging mechanism as per UGC guidelines. It includes dealing with rowdy, undisciplined acts that cause or are likely to cause annoyance, hardship, psychological harm, and fear or apprehension in any fresher or any other student (s).

The mechanism involves:

1. Campus-wise Anti-ragging committee
2. Campus-wise Anti-ragging squad
3. Monitoring Cell at the University Level, and
4. Mentoring Cell at institute level

SYMBIOSIS UNIVERSITY HOSPITAL AND RESEARCH CENTRE (SUHRC)

SUHRC is a teaching hospital attached to SMCW. SUHRC is currently a 900 bedded hospital and is located within the SIU campus at Lavale, Pune. Besides the basic specialties like Medicine, Surgery, Obstetrics & Gynecology, Pediatrics with Neonatology (including an NICU), Pulmonology (Chest Medicine) Orthopedics, ENT, Ophthalmology, Dermatology, Psychiatry and Dentistry. we also have the complete range of super-specialty services including Cardiology and Cardiac Surgery, Neurology and Neurosurgery, Nephrology and Urology, Plastic Surgery, Pediatric Surgery, Medical and Surgical Oncology. These clinical services are supported by a state-of-the-art Radiology department, a fully automated Pathology laboratory and an all-components Blood Centre.. There are 78 ICU beds with 6 High Dependency Unit (HDU) beds. SUHRC has 16 large Operation Theatres (OTs), which cater to all the surgical disciplines, including one exclusively for Obstetrics & Gynecology. All OTs are 'modular' with 2-way data transfer facilities. The hospital currently draws an Out Patient load of close to 1000 patients per day and has around 250-270 indoor patients daily. About 10 – 12 major operations are performed daily.

The SUHRC provides top quality clinical services, which are protocol driven and evidence based. ETHICS with transparency of operations are accorded topmost priority.

The hospital caters primarily to the population in a radius between 25-50 kms. from SUHRC. It also provides healthcare services to the large community of students and faculty currently residing at the University campus (around 4000). The efforts of Symbiosis Community Outreach Program & Extension (SCOPE) team have created awareness about Symbiosis among the villages around the University campus, which the university has adopted under the SCOPE initiative.

DEPARTMENT OF SPORTS, RECREATION AND WELLNESS (DSRW)

Sports and Games are essential components of human resource development, helping to promote good health, comradeship and spirit of healthy competition which in turn has positive impact on holistic development of personality of the Youth who is potential source of energy, enthusiasm and inspiration for development, progress and prosperity of a Nation. Symbiosis International (Deemed University) established its University Sports Board in 2010 and the Department of Sports, Recreation & Wellness was established in 2019. The DSRW particularly is responsible for the development of sports infrastructure, participation in sports at grass-root level, fitness testing for staff and students as well as excelling at National Sports Tournaments. Our emphasis is on Physical Literacy for our students, faculty and staff for lifelong improvement in their quality of life. The Department provides access to state of art playfields and Gymnasiums at all campuses, fitness and wellness programs, multiple group classes, sports competitions and counselling.

Objectives of the SIU Sports Board

- To advice on creating a culture of sports by imbibing higher moral and Ethical values, spirit of comradeship and the desire to excel.
- To advice on providing equal opportunities and encourage students and staff to participate in sports and fitness activities.
- To annually organize Symbiosis International (Deemed University) / Inter institute competitions in specified games and sports for the students & staff.
- To advice on promoting excellence in sports by encouraging participation in National and

International championships in large numbers.

- To recognize talent in sports and reward young women and men, achieving excellence in sports.
- To offer sports scholarship, prizes and other awards to outstanding athletes and sportsmen and women.
- To review the progress on developing, maintaining and optimally utilizing sports and fitness infrastructure.
- To organize workshops, seminars on sports and fitness related subjects.

Activities at the Department of Sports, Recreation & Wellness

• Infrastructure and facilities

On campus sports and recreation facilities are some of the best and offer many outdoor recreation options for all. We boast of 13 indoor and outdoor fitness centres, Tennis Courts, Basketball courts, Volleyball Courts, Futsal Courts, Football Field, Cricket Field, Indoor Badminton Hall, Squash Courts, Gymnasiums, Swimming Pools, Yoga and Aerobic studios and offer many group classes, Coaching facilities, Yoga for rejuvenation and stress management and options to participate in outbound programs and competitions at all levels.

• Inter Institute Championships and Participation in Inter Varsity Competitions

Inter Institute Competitions are conducted in 13 sport disciplines and from amongst them teams are selected and coaching imparted so as to represent Symbiosis International University at the Inter Varsity Competitions. Tournaments for staff are also organised annually.

- **Assessment of Physical Fitness**

Standard Fitness tests are conducted every year to have a base level understanding of Physical Fitness standards of all students, faculty and staff, analyse data, suggest interventions and offer free counselling and personal training.

- **Mass Sporting and Physical Activity events**

Emphasis is given to large scale one-of-its-kind Mass Sporting and Physical Activity events which are Live events, highly visual and very inspiring. These are accessible and welcoming for all ages, shapes and paces. They work towards personal wellness rather than fitness and build confidence rather than competitiveness. Some examples are Happy Healthy campus (a 3 hour activity taking you back to school, Rhythmic activity, fitness challenges and adventure sport with 500 to 1200 participants), International day of Yoga (at all 13 campuses), Symbi- Fit (Competition to showcase your fitness with 400-500 participants) Institutional Social Responsibility (Fitness challenge for children from underprivileged schools), Fitness for Freedom Run (a run to celebrate the Independence day) and several Fitness challenges that are held at our gyms located in every campus.

- **Innovative activities:**

These activities provide the variation and challenge that everyone is looking for and include - Sports dating (Exercising with a person of your choice), Activity breaks (Short Rhythmic activities 5-7mins in academic meetings, conferences in offices etc.), Yoga Pop ups on the screen, Stair Snacking (using the stairs to improve fitness), 10,000 steps challenge

and the 108 days Yoga challenge.

- **Symbithon**

Symbithon is a run/walk event organized to raise public awareness of NCDs, with particular emphasis on exercise and fitness as a component of preventing and managing these diseases. It aims to create healthy working, learning and living environments for students, staff and the community at large, encourage, inspire and motivate youth from varied backgrounds to improve their health through running and exercise. Symbithon 2020 had 6505 participants from 13 countries and Symbithon 2021 had 9031 participants.

- **Sports Scholarship**

The Sports Scholarship Scheme aims at recognizing achievements of young sports persons, their outstanding performance at the International, National, State and Inter University levels.

- **Credit Courses**

Courses in Physical fitness, Wellness are offered as floating credit courses and value added courses in the existing Post Graduate and Under Graduate programs. Fitness for Life Credit course is a 30 hours mandatory course for undergraduates in their first year of the program.

Institute Profile:

Symbiosis Law School, NOIDA (hereinafter referred as SLS-NOIDA) in just eleven years of its inception has carved a niche for itself in the academic circuits. It has become a celebrated name amongst the aspirants of professional legal education. It holistically promotes academic excellence, intellectual discipline and professional leadership. Being a constituent of Symbiosis International (Deemed University), it envisions the reputation of Symbiosis in and around Delhi, the constitutional capital of India. SLS-NOIDA is strategically located in the industrial hub of NCR thereby opening up a plethora of opportunities for the budding lawyers.

SLS-NOIDA strives towards supplementing reforms in the field of law; to groom students to become the unified face of our legal fraternity, to produce knowledge disseminators and to produce individuals who are the torchbearers of the legal system of the country. Our effort is aimed at producing an intellect that believes in reforming rather than punishing and has the potential of hoisting the flag of truth and justice in an unflinching manner.

SLS-NOIDA, in its effort to holistically develop the personality of its learners, has formulated various cells including Research & Publication Cell, Moot Court Society, Legal Aid Center, Training & Placement Cell, Entrepreneurship Cell, Social Responsibility Cell, Cultural Cell, Sports Cell, Debate Society, Literature Society, and International Law Students Association (ILSA) Chapter & Enactus Chapter. These cells not only groom student-leadership but also provide wider opportunities for their overall development in curricular, co-curricular and extra-curricular activities.

SLS-NOIDA believes in orienting the student's intellect towards the attainment of their goals by creating assiduous environment of innovative learning and inter-disciplinary knowledge. The faculty and the students work together towards the accretion and dissemination of knowledge. The pedagogy is designed to haul out the best in each student. To add to the experience of the students and the faculty, theoretical learning coupled with practical exposure provides the right blend of success to the learners at SLS-NOIDA. SLS-NOIDA organizes weekly lectures under the banner of 'Extension Lecture Series' delivered by multi-disciplinary academicians, legal luminaries and corporate honchos. These lectures are extremely instrumental in providing the students with the challenges awaiting them in their career.

SLS-NOIDA makes an ample use of technology for the benefit of its learners which in turn supports in meaningful administrative automation and in introduction of new learning methodologies.

Programme Profile:

Name of the Programme:

- **Bachelor of Arts and Bachelor of Laws (B.A.LL.B.)**
- **Bachelor of Business Administration and Bachelor of Laws (B.B.A.LL.B.)**

Duration:

- Bachelor of Arts and Bachelor of Laws (B.A.LL.B) : 5 Years Full Time
- Bachelor of Business Administration and Bachelor of Laws (B.B.A.LL.B.) : 5 Years Full Time

Intake:

- Bachelor of Arts and Bachelor of Laws (B.A.LL.B) : 120 students
- Bachelor of Business Administration and Bachelor of Laws (B.B.A.LL.B.) : 180 students

SLS-NOIDA offers two five years integrated undergraduate programmes, namely, BA. LL. B (Bachelor of Arts and Bachelor of Laws) and BBA. LL. B (Bachelor of Business Administration and Bachelor of Laws).

Bachelor of Arts and Bachelor of Laws (BA. LL. B)

The close connection between social sciences and law hardly needs to be articulated. A lawyer needs to be conscious of the intricate and complex problems of the society. Our integrated Bachelor of Arts and Bachelor of Law programme provides a deep insight into the historical perspective of development of law, political factors influencing policies culminating into law and the intricate relationship between legislations and social problems. This Programme aims at creating socially sensitive sentinels of justice.

Bachelor of Business Administration and Bachelor of Laws (BBA. LL. B)

The use of word 'multi' is indeed multiplying in today's world, multi-nationals, multi-tasking, multi-dimensional, and why not multi-disciplinary'. The sweeping changes in the global economic scenario have necessitated a strong demand for a breed of youngsters with the potential knowledge of law coupled with the core essentials of management and business to enhance productivity. With the object of catering to this demand unfolding before the students, and to enable them to explore these vistas of opportunities that lie ahead, we have commenced an integrated Bachelor of Business Administration and Bachelor of Law degree programme (BBA. LL. B). Here we impart exhaustive knowledge to the students not only to survive but also to excel in the increasingly competitive world.

Eligibility:

- **Bachelor of Arts and Bachelor of Laws (B.A.LL.B.)**
- **Bachelor of Business Administration and Bachelor of Laws (B.B.A.LL.B.)**

Standard XII (10+2) or equivalent examination passed from any recognized board with minimum 45% marks or equivalent grade (40% marks or equivalent grade for Scheduled Caste/Scheduled Tribes).

Reservation of Seats: As per University norms.

Important: It is the responsibility of the candidate to ascertain whether he / she possesses the requisite qualification(s)/ eligibility for admission. Having been admitted provisionally does not mean acceptance of eligibility. Final eligibility of admission will be decided by Symbiosis International (Deemed University), subject to successful fulfilment of specified admission norms.

Admission Process:

Candidate needs to register for Online Symbiosis Law Admission Test (SLAT) 2022 & also register for SLS-NOIDA offering his/ her choice of programmes by paying separate programmes registration fees. If shortlisted, he/she would then need to attend the further admission process conducted by SLS-NOIDA either at NOIDA or Pune.

Selection is done in two phases: Candidates will be short listed on the basis of the SLAT score & the short-listed candidates will be invited for Personal Interview (PI) and Written Ability Test (WAT). Final Merit list shall be drawn on the basis of SLAT Score (50%) and PI-WAT performance (50%). In other words, it will be based on the cumulative marks scored on the scale of 100 marks wherein SLAT score will be scaled down to 50 marks i.e., 50% weight age

and the remaining 50% weightage will be assigned as follows: Personal Interaction (PI) - 30 marks i.e., 30% and Written Ability Test (WAT) - 20 marks i.e., 20%.

Orientation and Pedagogy:

SLS-NOIDA is introducing a new era of innovative learning, inter-disciplinary knowledge and industrious environment with unique orientation and methodology of legal pedagogy in place. Classes are highly interactive, delivered not only by the best academicians but also by the legal luminaries of the field. It strongly believes that law students should stick not only to theoretical teaching but also inculcate and improve the court room etiquettes (environment), research experience and advocacy skills through court room and related exercises such as moot court, mock trials, trial advocacy, pre-trial preparation, drafting of pleadings and client counseling. Research is an integral part of studies including interdisciplinary research involving collaboration between academic fraternity, students, and industry. SLS, Noida's efforts are shared by the contribution of members of the bar and bench, corporate sector and international experts (agencies).

The Cumulative Grade Point Assessment (CGPA) method of assessment is followed. In addition to the constant internal assessments, external examination is conducted at the end of each semester. Internal evaluation is characterized by one project and minimum two of the above (following): Tutorial, Case Analysis, Cases and Open problems, Essays, Seminar Presentations, Viva-Voce, Quiz, Drafting, Moot Court, Mock Trial, Learning Logs/ Diaries, Computer Based Assessment, Simulated Interviews, and Objective Structured Clinical Examinations. Internal Assessment involves Open Book Examination, which aims at evaluating understanding of the subject than the recalling and memorization.

Institute Profile:

The idea of 'Symbiosis' is nurtured by Dr. S. B. Mujumdar on the principles of Vedic thought 'Vasudhaiva Kutumbakam', which means 'World is one Family'. Symbiosis Law School (SLS), Hyderabad campus, a constituent of Symbiosis International (Deemed University), Pune, was established in 2014, inheriting the splendid novelty, dynamism and excellence in the education of Symbiosis International (Deemed University), Pune.

Symbiosis Law School Hyderabad is founded on pillars of Expertise, Justice and Service and is committed to imparting quality legal education confirming acclaimed International standards. SLS, Hyderabad is cocooned in the upcoming educational zone with state of art infrastructure catering to the impending needs of the student community, with a motto to impart social justice and aims to create socially sensitized lawyers with a noble commitment to enriching the quality of Bar & Bench.

SLS Hyderabad is located in the Modallaguda Village of Rangareddy district of Telangana State, just 40 minutes away from the Rajiv Gandhi International Airport, Shamshabad, Hyderabad.

It shares expertise in imparting quality legal education through competent and well-qualified teaching staff, techno-driven research culture, Internationalization, centres of excellence, training and skill enhancement programmes, moot courts and the like. It is committed to contributing to the justice mission of the State by initiating pro-bono activities to help poor and marginalized people through community lawyering, legal aid camps, and permanent legal aid clinics. Further, it endeavours to create value-conscious skilled lawyers with par excellence serving dynamic needs of the community through Bar and Bench.

SLS, Hyderabad offers one year LL.M. programme in Business & Corporate Law and also five years of integrated undergraduate programmes like Bachelor of Arts and Bachelor of Law (BA LL.B) and Bachelor of Business Administration and Bachelor of Law (BBA LL.B) to cater to varied needs of the profession. The curricular richness is ensured through scholastic discussions with Judges, eminent lawyers, International jurists, industry experts, eminent academicians and researchers, thus imbibing best practices in teaching-learning pedagogy. SLS, Hyderabad believes in the holistic development of nascent legal minds and ensures learning beyond the classroom by planning field visits and workshops in collaboration with various stakeholders and NGOs. It provides a conducive and competitive learning environment by encouraging students to take part in national and international competitions.

Symbiosis Law School Hyderabad is committed to honing the professional skills of students to be recruited in leading law firms, corporate houses, Judiciary, Civil Services, banks, insurance companies, NGO's and the like. It seeks internship & placement opportunities for students through the strong and well-connected alumni network of SLS. The value of Symbiosis Law School lies in its legacy, quality, and excellence with well-defined personal care and strategy for progress.

Bachelor of Arts and Bachelor of Laws (B.A.LL.B.)

The close connection between social sciences and law hardly needs to be articulated. A lawyer needs to be conscious of the intricate and complex problems of society. Our integrated Bachelor of Arts and Bachelor of Law programme provides a deep insight into the historical perspective of the development of law, political factors influencing policies culminating into law, and the intricate relationship between legislation and social problems. This Programme aims at creating socially sensitive sentinels of justice.

Tree Plantation program was held on 85th Birth Day of Prof. Dr. S.B. Mujumdar Sir

Bachelor of Business Administration and Bachelor of Laws (B.B.A.LL.B.)

The use of the word 'multi' is indeed multiplying in today's world, multi-nationals, multi-tasking, multidimensional, and why not multi-disciplinary. The sweeping changes in the global economic scenario have necessitated a strong demand for a breed of youngsters with the potential knowledge of law coupled with the core essentials of management and business to enhance productivity. With the object of catering to this demand unfolding before the students, and to enable them to explore these vistas of opportunities that lie ahead, we have commenced an integrated Bachelor of Business Administration and Bachelor of Law degree programme (BBA LLB). Here we impart exhaustive knowledge to the students not only to survive but also to excel in the increasingly competitive world.

Eligibility:

- **Bachelor of Arts and Bachelor of Laws (B.A.LL.B.)**
- **Bachelor of Business Administration and Bachelor of Laws (B.B.A.LL.B.)**

Qualification: The candidate should have passed the 12th (10+2) standard examination from any government recognized board with a minimum of 45% marks (40% for S.C./S.T. student) in one attempt only (No Compartment / Supplementary). Candidates, who have appeared for their H.S.C finals and are awaiting results, are also eligible to apply, subject to the submission of a passing certificate at the time of final admission. Applicants who have obtained 10+2 through the Open Universities system directly without having any basic qualification are not eligible for the professional Law Courses.

Note: It is suggested that those candidates who have studied Arts/Social sciences subjects for their qualifying examination may apply for the B.A. LL.B programme. Similarly, those candidates who have studied Commerce/Accounts/Mathematics may apply for the BBA LL.B programme. The candidates are free to make their own choice depending on their ability, interest & opportunity. Please note that these two programmes differ only in First Degree subject (either Humanities OR Business Law) whereas the same Law courses are offered in both the programmes. Graduates in both streams are eligible for diverse legal career & opportunities, including Corporate, Lawyering, Civil Services, Advocacy, Judiciary, Academic, International Organization Jobs, International Admissions etc.,

Orientation and Pedagogy:

At SLS Hyderabad, teaching methodology is essentially learner-centric and research-oriented, strengthening students in reflective and critical thinking skills along with value - orientation. Modern teaching methods are used in a convergent manner along with the lecture method. These include the class Room Presentations, Group Discussions, Seminars, Case Studies, Socratic Method, Project-based method, and computer-assisted learning and experiential learning.

To provide the research-based education to get a practical understanding of the sub-fields of law, to enhance the knowledge towards particular sub-fields based on the interest of the students and to utilize the leisure time of the students productively, there are thirty-two active centres and cells functioning under the headship of the faculties of the Symbiosis Law School, Hyderabad. In the last academic year, more than 150 varieties of academic events such as seminars, conferences, competitions, debates, and workshops were conducted by these Centres for Specialization.

The curriculum and pedagogy are designed around the latest Quality Initiatives in legal education. These efforts are reciprocated by the participation of all the stakeholders including the members of the bar and bench, corporate sector, govt. and international experts.

Orientation programme of 2021-25 admitted batch

The image shows a large, classical-style building with a portico supported by many columns. The building is light-colored, possibly white or cream. In the foreground, there is a paved area and a low stone wall. To the right, another part of the building is under construction, with scaffolding visible. The sky is clear and blue. A large, dark red triangular graphic element is overlaid on the right side of the image, containing the text.

Institute Profile:

Nurtured by the visionary ideas of Dr. S.B. Mujumdar, Chancellor (Symbiosis International (Deemed University)) on the principles of Vedic thought ‘Vasudhaiva Kutumbakam’ which means ‘World as One Family’, Symbiosis Law School (SLS) Nagpur is established to inherit the splendid novelty, dynamism and excellence in education.

Being a constituent of Symbiosis International (Deemed University), Pune, Symbiosis Law School, NAGPUR is strategically located in the potential education hub of Maharashtra thereby offering multitude of opportunities for the budding lawyers. Harping on the rich legacy of both Bar and Bench, SLS Nagpur promises to be one of the finest destinations for imparting legal education in central India.

Nagpur, popularly known as the Orange City of India is located at the exact center of the Indian peninsula and is been identified as the best city in India topping in liveability, greenery, public transport, and health care indices. SLS Nagpur at Wathoda is located approximately 10 Kms from the Railway Station, 15 Kms from the Dr. Babasaheb Ambedkar International Airport and 12 kms from the Bombay High Court, Nagpur Bench, Nagpur. It is also well

connected with the other prominent parts of the city including the market area.

Symbiosis Law School, Nagpur for providing a platform for students to learn and grow has several cells and centres for facilitating students with diverse interests. These provide multitude opportunities in directly interacting and learning with experts from the field, bar and bench, thereby developing vision, expertise and leadership in students. There is a special focus on the internationalisation of the exposure students receive with frequent lectures and interactive sessions from academicians, legal professionals and experts from abroad. Collaborations and MoUs with Governmental organisations, non-governmental organisations and other academic institutes across the globe have strengthened the quality of teaching-learning process and exposure students receive during their course.

SLS Nagpur has the “State of Art Infrastructure” with remarkable facilities for its students. The pollution free premises of SLS Nagpur have abundant open space and an impressive array of academic, sports and cultural facilities.

LECTURE HALLS

SLS-NAGPUR has 20 ICT enabled spacious air-conditioned classrooms, fitted with learning aides such as Projectors, Public Address System, Collar Mikes and Wi-Fi facility. The acoustic, well ventilated and air-cooled lecture halls provide a perfect learning environment for the students.

ASSEMBLY HALL

SLS, Nagpur has a well-furnished, techno acoustic, and air-conditioned Assembly Hall with capacity of 200 students. Equipped with ICT tools, it is aptly suited for conducting interactive sessions, seminars, workshops and guest lectures by legal stalwarts.

CONFERENCE HALL

SLS NAGPUR has a well-furnished, air conditioned and ICT enabled conference hall that can accommodate around 40 people and is aptly suited for conducting interactive sessions, workshops, seminars and presentations.

MOOT COURT HALL

Participating in a moot court competition develops skills that are crucial for growing into a successful lawyer. Mooting as an activity aims to inculcate and improve the research, presentation and argument talent into students so as to equip the budding pleaders with all the courtroom etiquettes, research experience and advocacy skills.

SLS NAGPUR, provides a 200-capacity moot court hall equipped with proper judicial settings, wherein the presentation skills and talents in argument of students are screened and further students are notified about the areas of improvement on routine basis. Apart from this, the Moot Court Association (MCA) organises and hosts Intra Moot Courts and National-level Moot Court competitions.

LIBRARY

Recognizing that a law library is, in true sense, the treasure house for a law student, it is an indispensable component of the SLS NAGPUR. To support the dynamic curriculum of Symbiosis Law Programme SLS NAGPUR has a well-equipped library with the best and the most updated electronic resources and technologies. The Library exhibits a perfect blend of traditional print resources and online legal databases. The Print resource collection includes text books, reference books, bare acts, bound volumes of law journals & law reports, periodicals and magazines. The technology-based learning resource includes various Legal databases viz. Westlaw India, LexisNexis, Hein Online, Manupatra, SCC Online etc. along with a myriad of e-journals. Additionally, to foster a research acumen in students, access to digital libraries like JSTOR, NDL etc. and research tools like Turnitin, Grammarly are provided. Additionally, the Research and Publication cell and Specialised Centres facilitate students to hone their research skills and provide sustainable solutions to issues in the industry and society.

It houses a separate section for book lending and book bank facility. The library has an earmarked peaceful reading hall and a separate e-library with a research section for mooters, discussion tables along with separate consultation rooms.

Inauguration of Nagpur Campus

ICT RESOURCE CENTRE

SLS NAGPUR has a distinct, 120 capacity ICT Resource Center (Computer Lab) for providing e-learning initiative amongst learners and hands on training to access and use various online legal databases. The center provides a perfect platform for conducting online exams, e-research assignments, video lectures etc.

HOSTEL

SLS NAGPUR provides hostels for Boys and Girls. It includes all basic amenities to provide a conducive learning environment and comfortable living. Every Hostel building encompasses basic facilities to cater the daily requirement of students.

She has also been to Leeds Beckett University, London to promote and strengthen international relations. She introduced COIL (Collaborative Online International Learning) as another step to provide international exposure to students.

She has also been the second supervisor for Master thesis of students conducted under Berlin School of Economics and Law, Germany. She is PhD, NET qualified, double Post Graduate and an alumna of St Stephens College.

Institute Profile:

Symbiosis Centre for Management Studies, Pune, was set up in the year 2004 and is a Department of Symbiosis International (Deemed University). The Institute offers a unique course curriculum which provides a stimulating academic environment and offers student the luxury of choosing subjects from across disciplines which is known as the Cafeteria Approach.

Over the past years, the Institute has attracted students not only from different parts of India but also from different countries. As of now, there are students from 18 countries on the campus. The rich diversity provides an extremely varied and multi-cultural exposure to all the students.

The learning experience is further enriched by a multitude of clubs like – dramatics, music, business games, entrepreneurship and social initiatives, which are all run by the students themselves and cater to the collective need for individual expression of creativity and well-being. This also organically prepares the students to take on bigger roles and responsibilities in the future.

The Institute also provides opportunities for International Exposure through the University's Global Immersion Programme (GIP). Students during the course of the six semesters at SCMS can also choose to undertake courses for twelve credits in any one of the University's partner Universities abroad. SCMS, Pune was one of the first Institutes

to initiate the process of COIL (Collaborative Online International Learning) SCMS Collaborated with Bridge Valley Community and Technical College, US and now with Technical College, FATEC, Centro PAULO SOUZA FATEC, Brazil and completed online projects in the subject areas like: Economics, Accountancy, Human resource.

The track record for placements has been rising over the years. Students can choose from Multinational Companies to Start-ups; SCMS-Pune is the place to be in the placement season. Some of the companies which periodically visit our campus for the purpose of offering campus recruitment to our students include KPMG, PWC, Accenture, Deloitte, Wipro, ICICI Bank, Credit Suisse, TresVista, Zomato, MGH Group, Northern Trust, GOMO Group, Planet Spark, Zocdoc, and others. The college has a dedicated Placement Division which hand holds the students right from the start to the final selection process.

Quoting, Mr. Sourabh Tripathi, Director, Risk Consulting - KPMG, "We at KPMG believe that hiring the right talent ensures long-term success of an organization and hence, our team of HR Managers go to great lengths to hire the best of candidates. This has led us to a deep-rooted association with SCMS Pune that offers a talent pool of the most dedicated and ambitious candidates. We are hopeful of a perpetual and robust association with SCMS Pune and look forward to seeing the hired candidates achieve great things in life. "

Students of SCMS are not just academically brilliant but also develop sensitivity and respect for the community around them. The Initiate Club is instrumental in undertaking these activities. Over the years, the College Festival, Sympulse which started off as humble celebration of the campus spirit and bonhomie has grown into spectacular extravaganza which draws thousands of students from across India and abroad. It is one of the much-awaited college festivals not only because of the scale at which it is held but because of the activities, experiences and the way it is organized. The festival is managed by the students, which also gives them the live experience in management lessons.

The Institute also offers the students opportunities for research. There are both funded and non-funded corporate research projects that students can take up. SCMS-Pune offers all students' opportunities to learn, develop skills, grow and expand their horizons. We provide our students the bridge that helps them cross over from school to either the Corporate World or to Higher Education in prestigious institutions.

Even in difficult times during the Pandemic, SCMS did not stop. The institute continued to perform better by starting its online classes on time, completing evaluations on time, offering a wide range of online courses through Coursera and edX. SCMS continued its practice of providing industry / corporate exposure with real time experiences shared by the renowned industry experts as well as by our own alumni. More than 20 Online guest lectures were conducted for students throughout the year in the online mode. The student activities also reached to much wider audience on online mode.

Some of the renowned personalities who addressed the students were:

Bachelor of Business Administration (B.B.A.)

The BBA program is a full-time, three-year graduation program spread over six semesters which aims at transforming a student into a socially responsible global corporate citizen. This program with its intensive and updated syllabus and a wide range of additional modules would indeed enable the student to aspire for higher studies in premium business schools in India and abroad or join the corporate world.

Cafeteria Approach:

The Institute follows a cafeteria curriculum which was successfully launched from the Academic Year 2011-12. The Cafeteria curriculum has been designed to allow flexibility to the students to take up courses of their choice resulting in the award of a general BBA or BBA with single or dual specialization. The program is of 150 credits having a combination of core courses and elective courses. The cafeteria approach encourages and allows students to choose elective courses from various Specializations.

The Institute offers six specializations from the Academic Year 2013-14:

- Human Resource Management
- Marketing Management
- Accounting & Finance
- International Business
- Environment Management
- Entrepreneurship Management

Learning at SCMS happens both inside and outside the classroom. The medium of instruction for all the courses (except foreign languages) is English. The curriculum is designed to ensure that classroom learning is interspersed with Case Studies, Project work, Role Plays, Simulation, Presentation, Article Reviews, Assignments, Experiential learning, Asynchronous classes, Business Games, and field trips, wherever necessary. MOOCs from other premier bodies are an integral part of classroom certifications and hence are woven in the curriculum.

All this ensures that by the end of the course the students get a strong theoretical base and the ability to link theoretical concepts with prevalent Management Practices.

Institute Profile:

Widely acclaimed as India's premier mass communication college, Symbiosis Centre for Media & Communication (SCMC) has been successful in carving a niche for itself in the field of media and communication education since its inception in 2008. SCMC is a Department of Symbiosis International University (SIU), under the Faculty of Media & Communication (FoMC). Through our programme, Bachelor of Arts (Mass Communication), we offer a comprehensive learning experience through traditional academics & research, as well as cyber & experiential learning. We are the only media education institute in India to offer specialisation / courses at the undergraduate level supported by extensive coursework, academic sessions by professionals with years of industry experience, immersive internships and projects. Our intake process is highly competitive with acceptance rate of 7-8% and a multi-level and multi task competence through a screening procedure that includes an entrance test, written ability test and personal interviews. Our mission is to nurture their natural talents and aptitudes; equip them with technical knowledge and skills; and prepares them for the media industry or further education, whichever they choose, post their graduation.

SCMC core faculty members possess years of industry, academic and research experience, while our visiting and guest faculty are active media professionals. Together, they help the students gain an understanding of real world scenarios and of the changing demands of the industry, and to create networks within the media community.

We also ensure that we have the resources and infrastructure to back up classroom learning with practical, hands-on experience needed for each of our programme specializations. Our classrooms are acoustically sealed mini-auditoriums, with state-of-art projection and sound systems. We have a professional-grade AV studio and pre- and

post-production audio and video laboratories, journalism labs, AV Labs along with a photo studio and computer lab equipped with the latest software. SCMC has a robust placement record and our alumni are spread across the media sector in India and around the world. Many have gone on to pursue higher education or research; and are excelling in their chosen fields.

The definition of media has undergone a radical change in recent times. The shift is not merely technological, but that of perception of society about media. The media industry needs leaders and change makers and we pride on ourselves as leaders in media education and our core mission is to create exceptional communicators and future ready professionals, capable of understanding, responding to and actively engaging with global issues that need attention.

Institute Profile:

Founded in 2008, Symbiosis School of Economics is a vibrant and rapidly growing institute, with more than a decade of proven success. SSE is a niche institute seeking to develop intellectual discipline, critical and analytical assessment which will result in rational thinking along with an understanding of the need for constrained optimization and a strong urge to strive towards achieving equilibrium. We at SSE, achieve these goals in an educational environment committed to excellence and academic freedom.

SSE offers graduate and postgraduate programs in Economics within which students develop the intellectual and professional competencies for successful life, work and leadership. The course content is rigorous and the approach is descriptive as well as investigative; it connects the students with every aspect of economics through various facets – the micro, the macro and the global scenario. It is our endeavour to create a class of future ready resource persons, who will be capable of including innovations and pragmatism into problem solving in varied spheres. With its interdisciplinary flavour, the curricula prepare students for careers in banks, financial institutions, corporate, media and communication, Government, academia and so on. Despite the demanding environment, there is a lot of opportunity and scope for our students to put to test their creativity, originality through the plethora of extra-curricular activities and initiatives they are encouraged to take up. It is indeed a journey of academic pursuits, which is ever evolving incorporating different perspectives from varied stakeholders, making our courses increasingly relevant and meaningful and resulting in lifelong learning.

Orientation and Pedagogy:

The pandemic has taught the faculty to be able to create and innovate pedagogies that are suitable to both the online and offline formats, which has now evolved to the hybrid forms of teaching – depending on the health conditions prevalent.

Besides, the standard discourse method, case based learning, collaborative learning, formal and informal discussions, flipped classroom and colloquium-oriented methods are also employed as pedagogical methodology.

Various workshops, conferences and guest lectures are organized from time to time, suitably designed in the offline and online modes, to enhance the student’s understanding and sharpening of the required academic and industrial skill-sets.

The students are expected to read related matter and come to class so that each session becomes more interactive. The aim is to create a dynamic learning environment which enhances the analytical and application capability of the students.

Institute Profile:

Symbiosis Centre for Management Studies, NOIDA, a constituent of Symbiosis International (Deemed University), Pune began its operations in 2010. Based in the National Capital Region, it imparts quality management education at the undergraduate level and is one of India's best Management Education Providers. SCMS NOIDA has made giant strides and is presently catering to over 900+ students in its flagship programme, Bachelor in Business Administration (BBA). The Institute focuses on the three "R" s of Business Education: Relevance, Research, and Re-Invention, which has found wide acceptance in industry and academia. In the quest for excellence, the programme offers a well-designed curriculum comprising live projects and internship that meets the industry standards. What makes SCMS NOIDA stand out is the adoption of innovative teaching pedagogy, application-based learning, and simulation of the decision-making ecosystem to provide the learners a deeper understanding of business management, who, on successful completion of the programme emerge as socially conscious business leaders. This has been comprehensively proven on numerous occasions when SCMS NOIDA students have won various awards at Start-Up Competitions and tournaments at various reputed institutions like IIMs & IITs. The Students Council has its representation in all the primary operations at the Institute, and the hands-on approach enables the council members to apply management principles. Every year the Institute organizes inter-institute events, attracting students across the globe. Events like BIZCON, an Inter-Collegiate Academic competition, SYMUNC - Model United Nations Conference, SYMCHARCHA – Inter-Collegiate Debate Competition, SYMAROH - Inter-

Collegiate Cultural Fest, SYMPERIA - Inter - Collegiate Sports Fest, and SYMPHENIA - Inter School Cultural Fest are the most awaited annual events of this region. It is a regular feature to have international speakers on the Global Talk Series, addressing the students on contemporary business practices. The Institute also conducts Management Development Programmes for Corporates and is active in corporate commissioned research activities.

Orientation and Pedagogy:

At SCMS NOIDA, the future business leaders are exposed to a number of academic and extracurricular activities for holistic development. The BBA programme is delivered as per Choice Based Credit System (CBCS), this provides flexibility to the students in exercising their choice for courses offered in various specializations. The institute has a strong faculty base with a unique blend of academic and industry experience. With an optimum faculty-to-student ratio and adopting the student-centric learning in an experiential learning setup, the engagement among the learners is effective. Continuous evaluation during the course ensures that students are abreast of relevant and contemporary business practices, which is in line with the prescribed curriculum. Projects, assignments, live

projects and market research are blended with the regular classroom sessions for a robust learning. In the first year of the programme, students are introduced to core courses to ensure a strong foundation of business environment. Specializations are introduced in the second year. Students are encouraged to take up additional value add courses which complement their learning. Workshops from reputed organizations like KPMG, IBM, ICICI, Indian Institute of Financial Markets etc. are part of the programme.

Emphasis is laid on introducing the culture of entrepreneurship and social responsibility, the curriculum focuses on these areas to drive young leaders to think on the lines of being self-reliant and at the same time take socially conscious business decisions.

Initiatives in the internationalization of education provide global exposure to the students. Semester Exchange Programs, Global Immersion, and Summer Schools at Universities like Deakin University, London School of Economics, Dauphine University, Arizona State University, and the University of British Columbia help students enhance their global competencies.

Dr. Anita Patankar
Director

Director Profile:

With a PhD in Marketing, as well as an M. Com, M.S. (Psychotherapy and Counselling), and a Post Graduate Diploma in Psychological Counselling, Dr. Anita Patankar is the Founder-Director of Symbiosis School for Liberal Arts (SSLA) and has led the institute since its inception in 2011. As a pioneer educator of liberal arts in India, she is the only Indian representative and founder member of the Alliance of Asian Liberal Arts Universities. With over 37 years of expertise in the field of higher education, she is the founding member of India's first institute for liberal arts, the Symbiosis Centre for Liberal Arts and the Centre for International Initiatives. She is also the Deputy Director at the Symbiosis Centre for International Studies (SCIE).

Dr. Patankar's teaching career has seen her head the Department of Marketing at the Symbiosis College of Arts and Commerce (SCAC). Her courses such as Marketing and Consumer Behaviour, and Advertising and Contemporary Culture, were much sought after. With numerous papers published in prestigious international journals, she has also co-authored three textbooks in Marketing and Business Administration, edited several books for Symbiosis Centre for Distance Learning, and taught Marketing at the PG and MBA level; in addition to conducting workshops on Communication Skills, Learning Pedagogies, Parenting Young Adults and Personality Development.

Her multi-hued career led her to become a member of the Confederation of Indian Industry (CII) India-Africa committee. She is also a Trustee on the board of ECONET, an NGO dedicated to offering support in the field of human and institutional development.

Institute Profile:

Symbiosis School for Liberal Arts was established in 2011 and offers a four-year B.A./B.Sc. Liberal Arts Honours degree. With an inter-multi and transdisciplinary approach, students have the option of opting from over 15 specializations across the fields of Social Sciences, Humanities, Natural Sciences, Computers, and professional courses like Media and Business Studies.

The awarding of the Bachelor of Arts (Liberal Arts) Honours or Bachelor of Science (Liberal Arts) Honours degree is dependent on the student's major area of specialization. As shown in the image, there are 3 pathways to acquiring the honours degree at SSLA.

SSLA graduates have a distinctive edge in the workplace/academia due to the unique courses and specialisations they have the option of choosing from. Students may opt for any one of the following as their Major and Minor area of specialization:

Majors (can also be studied as Minors)	Minors
English	Law
Economics	Film Studies
Business Studies	Performing Arts (Theatre /Music /Dance)
Media Studies	Women and Gender Studies
Psychology	Peace & Conflict Studies
Political Science & Public Policy	Biology
Sociology	Physics
Anthropology	
International Relations	
Philosophy	
Mathematics & Statistics	
Computer Studies	
History	

In order to ensure that students avail of the many academic opportunities at SSLA, they are encouraged to opt for 'Extra and Audit' courses from across specializations (with eligibility requirements).

Orientation and Pedagogy:

Symbiosis School for Liberal Arts offers an education that weaves together various disciplines that are not traditionally or typically offered at the undergraduate level. In the dynamic world that we live in, the demand for skillsets in the economy and employment sector is ever-changing. SSLA through its inter, multi and transdisciplinary approach ensures that its graduates possess the skills that will enable them to adapt to their future career growth, personal and professional success. The programme finds its footing in the various specializations and courses offered across the spectrum of Social Sciences, Humanities, Natural Sciences, and Professional courses. SSLA's distinctive programme structure is offered with mandatory or core courses that help in developing research, critical and analytical skills. With more than 150 elective courses in its bouquet of offerings, SSLA provides a complete liberal arts education. SSLA's students become global citizens who possess multicultural world views. They are open-minded and have been taught to appreciate the greater similarities and minor differences in people and cultures across the globe. They are better equipped to resolve conflict, are gender-sensitive, innovative, and creative. Given

the unique program structure at SSLA, our graduates are better equipped to handle the demands of all fields, no matter which path they choose to traverse, as they develop competencies that enable them to read, think, write and speak logically and coherently. With an emphasis on critical thinking, research, analysis, and writing, along with civic-mindedness, SSLA aspires to help develop individuals, who are critically conscious and able to find a healthy balance between professional and personal growth.

To enable this integration of knowledge, skills, and attitude into the curriculum and co-curricular activities, SSLA's programme structure, which is its USP, aims to:

- Remove any barriers that limit a student's access to a broad range of courses by offering courses across all disciplines, and encouraging them to explore combinations that are conventionally viewed as being 'academically incompatible'.
- Introduce innovative pedagogies, interactive seminars and group discussions, interactive audio-visuals, lectures and guest speakers/experts, visits and workshops, team learning through projects and assignments, and self-learning. Experiential activities and projects form the four pillars of SSLA's curriculum, which include the Internship Project, the Community Outreach Project, Research Dissertation and Seminar Paper
- Facilitate learning for students by providing them with opportunities to interact with leading experts in various fields from across the globe, who are associated with SSLA as its knowledge partners.

He is recipient of the projects worth INR 1.6 crores on AI for Credibility Analysis of Information and Explainable AI for Health care in collaboration with the Arizona State University, USA and the University of Queensland, Australia under Scheme for Promotion of Academic and Research Collaboration (SPARC) by MHRD, Govt respectively. He is also a team member for the nationwide initiative on "AI and deep learning Skill and Research named Leadingindia.ai initiative sponsored by Royal Academy of Engineering, UK under Newton Bhabha Fund.

A researcher - teacher of Deep learning, his interest areas are Artificial Intelligence, Computer Algorithms, Machine Learning, Deep Learning Higher Order Thinking Skills, Critical Thinking and Ethics & Values.

His research work can also be seen at <https://scholar.google.co.in/citations?user=oNiEOgMAAAAJ&hl=en>

He has more than 100 papers published /presented at international conferences around the world, to his credit and 3 patents filed. He is Guide to doctoral students working on the various fields of Computer Engineering and especially in Machine Learning for PhD/M. Tech Degrees. His insightful articles on varying topics are also published in news dailies; CSI magazine; AIU University newsletter etc.

He was keynote speaker for events (recent ones) such as ACMA Technology Summit 2019, Pune; international conference on "Flexible Learning Pathways: Asia-Europe Conference on Lifelong Learning and the 2030 Agenda for Sustainable Development", Hanoi, Vietnam; Artificial Intelligence & Data Analytics in Decision Making" at the 14th FICCI Higher Education Summit 2018. He was also a member of FICCI higher education delegation to S Korea in May 2019. He has also delivered a talk on Research directions for Artificial intelligence at various forums including at IIT Bombay.

Dr. Kotecha was founding Provost of Gujarat's largest private university- Parul University. He was Director - Academic Development and Research Cell, Nirma University, Ahmedabad, where he also served as the Dean and Director of the Institute of Technology, Nirma University.

He was Governing Council Member of the USA based Global Engineering Dean's Council - India Chapter and is also a member of National Advisory Council for Confederation of Indian Industry's (CII) Engineering and Management Curriculum Restructuring Task Force. He is the member of Governing Council of various universities and member of Academic Council at few Universities. He was a Member of the Technical Advisory Committee of BRTS, Ahmedabad and is also a member of Metro-Link Express for Gandhinagar.

Dr. Kotecha is also an independent director of Gujarat Informatics nominated by Government of Gujarat.

A recipient of Erasmus + faculty mobility grants from European Union, Dr. Kotecha was invited by Wroclaw University of Science and Technology and Poznan University of technology, Poland for delivering sessions on Machine learning. He was a visiting expert to University of Pretoria, S. Africa. He was also invited and visited various countries like USA, Canada, Singapore, Hong Kong, S. Africa, Spain, Poland, Germany, Cz Republic, Switzerland, Argentina, China, Vietnam, and South Korea.

Dr. Kotecha is a pioneer in Education Technology, believes in drastic curriculum reforms and innovative teaching-learning practices. He is also a voracious reader and is passionate about travelling and indulging in good food.

Institute Profile:

Symbiosis Institute of Technology, a constituent of Symbiosis International (Deemed University), Pune was established in the year, 2008 and currently offers following B. Tech and M. Tech programmes

B. Tech programmes in:

- Civil Engineering,
- Computer Science and Engineering,
- Electronics & Telecommunication Engineering,
- Mechanical Engineering,
- Artificial Intelligence & Machine Learning
- Robotics & Automation

M. Tech programmes in:

- M.Tech (Artificial Intelligence and Machine Learning)
- M.Tech (Robotics and Automation)
- M.Tech (Embedded Systems)
- M.Tech (By Research)
- M.Tech (Geoinformatics and Surveying Technology)

Research programmes leading to Ph. D. Degree were introduced in Faculty of Engineering of Symbiosis International University in 2010.

The Institute endeavours to provide quality technical education in line with the requirements of today's competitive industry and fast paced technological developments. The curriculum developed by the Institute lays a stress both on basics and latest developments. Realizing the fact that faculty is the most important resource, special efforts have been made to find, recruit and retain highly qualified and competent faculty. Infrastructure created and acquired by the Institute, like all other Symbiosis Institutes, is of a very high quality and includes multimedia classrooms, well

equipped labs including software for CAD/CAM, simulations and other applications, well stocked modern library with digital media, auditorium, seminar halls, separate hostels for boys & girls and playgrounds.

The Institute provides an environment conducive for harnessing the potential of both faculty and students through systematic and effective planning and control of the teaching learning process, both within and outside the classroom. The basic teaching learning process is supplemented by organizing techfests, cultural programmes, sports competitions, industry-institute meets, guest lectures by renowned personalities and student exchange programmes with foreign universities.

The Institute has international collaborations for student and faculty exchange with Nanyang Technological University Singapore, Ingolstadt University Germany, Purdue School of Engineering, IUPUI Indianapolis USA and Leibniz University Hannover.

In an effort to realize the dream of Dr. S. B. Mujumdar Sir, Chancellor of SIU and creator of Symbiosis, of producing Gentlemen Engineers, the students are trained in liberal arts, performing arts, industrial history, human values and ethics and are offered to qualify a special diploma from SIBM and courses from other Symbiosis Institutes. Our Engineering students can take up subjects on product design, patents and copyrights and many other areas closely related to engineering. Students at SIT come from all parts of the country. This diversity coupled with their excellent schooling and family background creates an environment best suited for peer learning. They are ever eager to supplement their normal learning with carrying out technical projects, participation in contests, organizing events and so on.

Programme Profile:

B.Tech programmes (4 years full time) in :

- **Civil Engineering:** The department aims at imparting a high quality education and producing industry ready professionals in Civil Engineering.
- **Computer Science and Engineering:** The department endeavours to impart quality education to students in the areas of computer science and engineering. The department has very competent faculty to teach advanced topics of cloud computing, software quality, cyber security, artificial intelligence and so on.
- **Electronics & Telecommunication Engineering:** The department teaches core subjects of E&TC, offers a range of subjects as electives and facilitates industrial projects, all of which prepare the students for a career after their basic degree. Efforts are made to impart as much project based learning as is feasible.
- **Mechanical:** The department aims at imparting a high quality education and producing industry ready professionals in Mechanical Engineering. The curriculum also includes multidisciplinary courses aimed at producing professionals with broader domain of knowledge.
- **Artificial Intelligence & Machine Learning:** The primary aim of this centre is to spearhead the advancement and novel developments in various application areas and promotion of the advanced research and education in the field of Artificial Intelligence.
- **Robotics & Automation:** Robotics and automation are considered as one of the integral and significant parts of Industry 4.0. In the current era, automated machines like robots have turned out to be extremely beneficial for various sectors - starting from assisting humans around the house to industrial applications like assembling and packing products and helping doctors in performing complex surgeries. This new development has opened a door for enormous opportunities for the skilled and trained professionals.

Eligibility:

Indian Students

- Passed 10+2 examination with Physics and Mathematics as compulsory subjects along with one of the Chemistry /Biotechnology / Biology / Technical Vocational subject. Obtained at least 45% marks (40% in case of candidate belonging to SC/ST category) in the above subjects taken together.
- Good Scores in any one of the following entrance exams: SIT Engineering Entrance Exam (SIT EEE) or JEE (Main) or Any State Government Engineering Entrance Examination.

International Students (NRI / PIO/ Foreign Nationals)

- Passed 10+2 examination with Physics and Mathematics as compulsory subjects along with one of the Chemistry /Biotechnology / Biology / Technical Vocational subject. Obtained at least 45% marks (40% in case of candidate belonging to SC/ST category) in the above subjects taken together.
- Do not have to appear for entrance exam (SIT EEE/ JEE-Main/ Any State Government Engineering Entrance Examination) in India
- International students' eligibility as per SCIE norms. Please follow link www.scie.ac.in

Important:

It is the responsibility of the Candidates to ascertain whether they possess the requisite qualifications for admission. Having been admitted provisionally does not mean acceptance of eligibility. Symbiosis International (Deemed University) will decide final eligibility for admission.

Admission Process:

Minimum PCM % (45% for General and 40% for Reserved category candidates) is a mandatory eligibility requirement for admissions.

Indian students can get admission via -

1. SITEEE 2022
2. JEE (Main) 2022
3. Any State Government Engineering Entrance Examination (ASGEEE) 2022

Reservations of Seats: As per University norms.

Orientation and Pedagogy:**a. Method of Instruction**

The Institute employs a very effective and interactive teaching-learning process using most recent teaching aids including multimedia. The curriculum has been developed considering the present and future needs of industry and higher education. Teachers prepare detailed presentations, lab manuals and course files to ensure the effectiveness of teaching-learning process. A salient feature of the curriculum is a Dissertation Phase 1, Dissertation Phase 2 and Research Publication.

b. Industry Interface:

The institute ensures industrial participation in curriculum development, guest lectures by experts from Industry, student trainings and internships. In addition to these, several industrial visits are also arranged for students in order to give them an exposure on the practical solutions and industrial environment.

The Industry Institute Interaction Cell (IIIC) at Symbiosis Institute of Technology aims to get associated with Industry to develop strategies for creating a future talent pool compatible to the industry.

The objective of the IIIC is to reduce the gap between the Institute and Industry and to offer real time exposure on recent technologies to the students and faculty members. Along with that, this cell also aims to join hands with Industry to find the solutions of problems faced by the industry and assure symbiotic relationships for the benefit of both Institute and Industry.

We regularly organize following activities

- Arrange Guest lectures, Industry talks on advance and latest technology trends.
- Promote One Faculty- One Industry connect.
- Invite Industry executives and practicing engineers for possible collaboration in research and development of existing laboratories.
- Participation of experts from industries in curriculum development.
- Organize industrial visits for faculty members and students.
- Invite Industry to co-teach some part of the course.

Visits were made to some renowned companies like

- Spark Minda Technical Centre – SMIT, Chakan Pune
- KPIT Technologies Ltd, Hinjawadi, Pune
- Philips India Limited, Healthcare R&D Centre
- Volkswagen India Pvt. Ltd.
- ARAI ,Kothrud Pune
- Bharat Forge
- KraftPowercon
- Persistent
- Tech Mahindra
- Mapro Industry
- 512 Army Base workshop
- General Electric
- Tata Motors

c. Research and Development

SIU started Ph.D programme in Engineering from the academic year 2010-2011. Presently 233 students are pursuing their Ph.D from faculty of Engineering. 47 students have been awarded Ph.D. till date. SIT has taken various initiatives to mobilize the available knowledge resources for research and innovative solutions. SIT operates in cooperation to identify and initiate applied as well as multi-disciplinary research projects, create and combine patentable Intellectual Property (IP) components, and work to deliver funded research projects.

Research equipment and facilities have been established at SIT to carry out high quality basic and applied research. Faculty members are motivated to send research proposals in emerging areas to funding agencies within India and abroad. They also have a large number of publications in referred journals (SCOPUS and Web of Science) and are actively engaged in publications. Many papers were presented by the faculty and students in conferences held in India and abroad. Faculty and students have published more than 329 papers in refereed journals till May 2022, all of them are either in SCOPUS indexed or Web of Science journals. The undergraduate and graduate students also get an opportunity to work on some sub-areas of larger research problems as their major or minor projects. They also have published papers in referred journals. The Institute is in the process of augmenting necessary equipment and facilities in the identified research areas. Currently working on five externally funded research projects and seven SIU funded projects.

d. Placements:

The Institute has a very well organized placement and training cell. All the students of final year are prepared for campus interviews through special programs on technical and soft skills, which help them get prestigious jobs. Leading companies from a multitude of sectors participate in final placements offering sought after profiles with competitive packages. The recruiter portfolio comprised a healthy mix of recruiters from Core engineering, Software, IT, Finance, Digital marketing and fast growing start-ups. Further some students, with their superlative efforts during internship were awarded PPOs by highly coveted companies.

Year 2020-21 marked the presence of more than 90 companies which include top IT recruiters like Microsoft, Acquia, IBM India Pvt Ltd, Tiaa Global Business Services(I) Pvt Ltd, Amazon, Persistent Systems Pvt Ltd, Hitachi Consulting Software Services Pvt Ltd, Tresvista, Bookmyshow, Emerson, Miniorange Security Software Pvt Ltd, Vertiv Energy Pvt Ltd, TSYS, Other recruiter companies of repute includes, Merkel Sokrati Technologies, Media.net, Betsol, World Fashion Exchange, Vodafone Intelligent Solutions Pvt Ltd, KPIT Technologies, Gomo group, eClerx, Griffyn Robotech, Tech Mahindra, Aranca, Fair Construct Construction Solutions Pvt Ltd, KSPG Automotive India Pvt Ltd, E2Open, Renishaw Meteorology Systems Pvt Ltd, Philips India, HDFC Bank etc.

The Placement process for 2022 batch of B.Tech and M.Tech students is in progress. Several companies of repute like Microsoft, Bajaj Finserv Health, Bajaj Market, Deloitte, Mindbody, Publicis Sapien, Mindstix, Miniorange, Gomo Group, Persistent Systems Pvt Ltd, Optumhad already been a part of the process & many more to come.

The highest package offered for the current batch is 12.08 LPA.

f. Sports Events @ SIT:

“Sports”, this word contains a meaning that surpasses the boundaries of its traditional meaning, sports improve your mood, concentration, and boosts your self-confidence. As the pandemic has affected all our outdoor activities, one thing that it can't ever stop is our will to get out again and give it our best- for our respective teams, our supporters, and most of all for ourselves. To keep this fire burning within all of us, we have devised an innovative format for this year's sports activities. From first year wanting to prove their mettle to the fourth year who want a final chance at glory, everyone will eagerly participate in all the events to escape from the pandemic blues around us.

Installments	1,05,000	1,30,000	2,15,000
Last date of payment	At the time of acceptance of 'Offer Letter' (USD equivalent to INR)	At the time of Reporting to SCIE	25-Nov-2022

50% Concession will be given only to the Foreign National students on Administrative Fees.

* Academic Fees can be increased up to 10% over the duration of the entire programme. Government taxes would be additional as and when applicable.

**Hostel and Mess Fees for Indian & International Student. (Subject to change in campus and accommodation type wise, e.g. Triple Sharing, Four Sharing) (The fees indicated herein are for Lavale Hill Base Campus Only)	Amount in ₹ (For Indian Student) for 1st year	USD Equivalent to INR (For International Student) for 1st year
Mess Fees (Per Annum) *	78,000	78,000
Hostel Deposit (Refundable)	15,000	15,000
Hostel Fees (Different, Subject to Sharing, Per Annum) *		
Three Sharing	1,14,900	1,14,900
Four Sharing	84,300	84,300

* Hostel and Mess Fees can be increased up to 10% each year. Government taxes would be additional as and when applicable.

** Hostel and Mess Fees for the subsequent year would be communicated before commencement of the next academic year.

- Few seats are reserved as Discretionary Quota Seats. Only students with high academic record and with good entrance test scores are considered for Discretionary Quota Seats. The fees for Discretionary Quota seats will be double the academic fees of open category as approved by the Fee Structure Committee, to be paid to the institute by way of wire transfer/demand draft. No donation or capitation fee is charged for admission to any program at any institute of SIU.

Programme Structure:

* Bachelor of Technology (Artificial Intelligence and Machine Learning) [B. Tech. (Artificial Intelligence and Machine Learning)]

Semester: I

Generic Core Courses

- Linear Algebra
- Physics
- Physics Lab
- Programming in C
- Programming in C Lab
- Communication Skills
- Communication skills lab
- Creative Thinking
- Cyber Security
- Entrepreneurship Venture
- Tinker Lab
- Environmental Science

Semester: II

Generic Core Courses

- Calculus
- Chemistry
- Chemistry Lab
- Basic Electrical and Electronics Engineering
- Basic Electrical and Electronics Engineering Lab
- Introduction to Python Programming
- Introduction to Python Programming Lab
- Critical Thinking
- Statistics for Data Science
- Software Tools for Artificial Intelligence and Machine Learning
- Fitness for Life *

Semester: III

Generic Core Courses

- Probability and Random Processes

- Python for Data Science
- Data Structures and Algorithms
- Data Structures and Algorithms Lab
- Data Preprocessing Lab
- Exploratory Data Analysis Lab
- Database Concepts for Data Science Lab
- Design Thinking
- Flexi-Credit Course
- Flexi-Credit Course

Generic Elective Courses Group

Choose any 1 credit

- Introduction to Indian Philosophy

Semester: IV

Generic Core Courses

- Applications and use cases of Machine Learning
- Flexi-Credit Course
- Flexi-Credit Course
- Supervised Machine Learning
- Supervised Machine Learning Lab
- Unsupervised Learning
- Unsupervised Learning Lab
- AI Ethics
- Optimization Techniques for Machine Learning
- Discrete Mathematics
- Integrated Disaster Management *

Generic Elective Courses Group

Choose any 2 credits

- Basic German I
- Basic French I
- Basic Spanish I

Semester: V

Generic Core Courses

- Service Learning
- Flexi-Credit Course
- Deep Learning
- Deep Learning Lab
- Generative Adversarial Networks
- Generative Adversarial Networks Lab
- Data Visualization Lab
- Principles of Economics
- Computer Networks
- Computer Networks Lab

Open Elective Courses Group

Choose any 3 Credits

- Financial Mathematics
- Smart Materials
- Smart Urban Planning
- Water Resource Planning and Management
- Java
- Web Application Development
- MATLAB
- Introduction to Image Processing
- Industrial Revolution and Introduction of Industry 5.0
- Six sigma

Semester: VI

Generic Core Courses

- Natural Language Processing
- Natural Language Processing Lab
- Reinforcement Learning
- Reinforcement Learning Lab
- Capstone Course

Generic Elective Courses Group- I

- Computer Vision
- Internet of Things
- Cloud Computing and Distributed Systems

Generic Elective Courses Group- II

- Computer Vision Lab
- Internet of Things Lab
- Cloud computing and Distributed Systems lab

Generic Elective Courses Group - III

- Speech Systems
- Data Warehousing and Mining
- Embedded AI

Generic Elective Courses Group - IV

- Speech Systems Lab
- Data Warehousing and Mining Lab
- Embedded AI Lab

Generic Elective Courses Group - V

- Healthcare informatics
- Cognitive Systems
- Block chain Technologies

Open Elective Courses

Choose any 3 Credits

- Nanotechnology
- Executive Corporate Communication for Impact
- GIS Applications
- Intelligent Transportation Management
- Software Testing Tools
- Printed Circuit Board (PCB) Design
- Introduction to Mechatronics
- Design Optimization Techniques
- 3D Printing and Prototyping

Semester: VII

Generic Core Courses

- Multimodal AI
- Multimodal AI Lab
- Big Data Analytics
- Big Data Analytics Lab
- B.Tech Project

Generic Elective Courses Group- I

- History of Science and Technology

Generic Elective Courses Group- II

- AI in Wireless Communications
- Responsible AI
- Robotic Process Automation

Generic Elective Courses Group - III

- AI in Wireless Communications Lab
- Responsible AI Lab
- Robotic Process Automation Lab

Generic Elective Courses Group - IV

- Industry 4.0
- Smart Society
- AI for Banking and Finance

Semester: VIII

Generic Core Courses

- Internship
- Seminar

* Courses are subject to be changed

*** Bachelor of Technology (Civil Engineering) [B. Tech. (Civil Engineering)]**

Semester: I

Generic Core Courses

- Engineering Mathematics -I
- Programming and Logic Building Lab
- Chemistry
- Chemistry Lab
- Applied Mechanics
- Applied Mechanics Lab
- Engineering Graphics Lab
- Basics of Sensors and Microcontrollers
- Basics of Sensors and Microcontrollers Lab
- Critical Thinking
- Tinker Lab
- Environmental Science

Semester: II

Generic Core Courses

- Engineering Mathematics -II
- Physics for Civil Engineers
- Physics Lab
- Digital Land Surveying and Mapping
- Digital Land Surveying and Mapping Lab
- Introduction to Python Programming Lab
- Building Construction Technology
- Communication Skills
- Communication skills lab
- Tinker Lab
- Software Tools for Civil Engineers
- Creative Thinking
- Fitness for Life *

Semester: III

Generic Core Courses

- Strength of Materials
- Materials Testing Lab
- Engineering Mathematics-III
- Cyber Security
- Advanced Surveying Lab
- Project Based Learning -I
- Computer Aided Building Design & Drawing Lab
- Introduction to Fluid Mechanics
- Introduction to Fluid Mechanics Lab
- Integrated Disaster Management *

**Generic Elective Courses Group
(Choose Any One Course)**

Choose any 2 credits

- Basic German I
- Basic French I
- Basic Spanish I

Semester: IV

Generic Core Courses

- Service Learning
- Statistics, Probability and Numerical Methods
- Statistics, Probability and Numerical Methods Lab
- Computer Aided Structural Analysis-I
- Hydrology and Water Resource Engineering
- Open Channel Flow
- Open Channel Flow Simulation Lab
- Geotechnical Engineering
- Geotechnical Engineering Lab

- Entrepreneurship Venture

Generic Elective Courses

Choose any 1 Credit

- Introduction to Indian Philosophy
- Foundation of Ethics

Semester: V

Generic Core Courses

- Water Treatment and Supply System
- Flexi-Credit Course
- Computer Aided Structural Analysis-II
- Design of RCC Structures
- Design of RCC Structures Lab
- Design Thinking
- Project Based Learning-II
- Principles of Economics

- 3D Printing and Prototyping

Semester: VI

Generic Core Courses

- Waste Water Treatment and Recycling
- Water and Waste Water Analysis Lab
- Design of Steel Structures
- Design of Steel Structures Lab
- Construction Project Management Lab
- Flexi-Credit Course
- Capstone Course
- Highway Engineering Lab

Generic Elective Courses Group

Choose any 4 credits

- Foundation Engineering
- Bridge Engineering
- Green Building Technology
- Railway and Tunnel Engineering
- Introduction to Remote Sensing and GIS
- Environmental Systems
- Smart Cities and Future Urbanism

Generic Elective Courses Group

Choose any 3 credits

- Glass Facade Engineering
- Pavement Design
- Integrated Water Resource Management

- Computer Applications in Construction Management
- Urban Transport Engineering
- Smart Cities Planning and Development
- Advanced Structural Analysis
- Design of Hydraulic Structures
- Automation in Construction

Open Electives (Choose Any One)

Prof. Mukesh Raghuwansi

Director

Director Profile:

Prof. (Dr.) Mukesh Raghuwansi holds a Ph.D. in Computer Sc from VNIT, Nagpur. He did his MTech in Computer Sc from IIT, Kharagpur. He is a highly ingenious mentor and passionate technocrat with more than 35 years of experience in academics, administration, software project development & management, and hardware installations & maintenance. He has proven track record in establishing new institutes & departments. Expertise in the design and delivery of engineering curriculum and courses. He magnificently guided substantial, cross-functional teams in the design and deployment of cutting-edge business solutions to educational institutes, small & medium business houses, industries, and government departments. Work on computer literacy in backward and Naxal-affected areas for many years shows his commitment to social responsibility. He always enjoys the role of mentor that transforms highly talented youths into tech-savvy engineers.

Prof. Raghuwansi is nominated as Margdarshak under Margdarshan Scheme of AICTE. As a principal, he mentored the college to Win the "STAR NEWS" award for the "Best Upcoming Engineering College in India"-2010. He is recipient of "Inspire faculty Excellence Awards 2017" by Infosys Campus connect and he worked as a subject expert in NBA committee. Worked as a judge for "smart India Hackathon-2018.

He worked with SIEMENS SIETECH, Berlin, Germany and C-DAC, Pune as software developer. Prof. Raghuwansi visited USA, UK, Germany and Thailand to study higher technical education systems and presented his papers.

He has developed Software for Pharmaceutical Distributor, Pathologist, Petrol Pump Owner, Coal Transporter, Cement Transporter, Hotel Management, education institute. Also worked as system analyst & software developer for "Inventory Management Software" for the major store of Chandrapur Super Thermal Power Station.

His hobby of fabrication and repair of electronic systems has transformed him into an audio, video & computer maintenance engineer. For 12 years offered services for computer hardware & software maintenance. He has planned, installed, and configured many LAN (based on Novel Netware, Windows, and Linux) systems. Offered LAN-WAN solutions to industries like L&T, Ballarpur Industries, Chandrapur Super Thermal Power Station, educational institutions, newspaper publishers, coal & cement transporters.

Prof. Raghuwansi headed a team of 50 members to manage 12 centres of RIIT-ART, Chandrapur (a C-DAC authorized computer training centre). Trained government employees and local people from the Naxalite-affected and backward districts Chandrapur and Gadchiroli of Maharashtra State. He has more than 100 papers published/presented at reputed international/national journals/conferences. He authored 2 technical books and published 1 patent & 5 copyrights. 11 scholars have completed PhD under him and 7 are pursuing PhD. Three papers received "the Best paper award" in conferences and 2 scholars got government research grants for research work.

He was In-charge Chairman and member of Board of Studies for Computer Sc. & Tech, RTM Nagpur University, Nagpur. Secretary, Board of studies for Dept of Computer Sc. & Tech, YCCE, Nagpur, Chairman, Result Review and Moderation committee (RRMC) and Member, Examination Committee and Member, Academic Council of YCCE,

Nagpur. He worked as Subject expert, Vice- Chancellor's nominee, and member of the local inquiry committees for RTM-Nagpur University and SGB Amravati University.

His areas of specialization are Genetic algorithm, multi-objective optimization, Algorithms, Data science. His hobbies include singing, listening music & people, reading, programming and traveling.

Institute Profile:

Symbiosis Institute of Technology (SIT) Nagpur is a premier engineering institute established in 2021 inheriting splendid novelty, dynamism, and excellence in education. It is nurtured by the visionary ideas of Dr. S.B. Mujumdar, Chancellor (Symbiosis International University) on the principles of vedic thought 'Vasudhaiva Kutumbakam' which means 'World as One Family.' Symbiosis Institute of Technology, Nagpur is a member of Symbiosis International University, Pune, and is ideally positioned in Maharashtra's prospective education center-Nagpur, providing a plethora of possibilities for aspiring engineers.

Nagpur is one of the best places in central India for technical engineering education, topping livability, biodiversity, public transportation, and health care indexes. Symbiosis Institute of Technology, Nagpur currently offers B. Tech specialized programmes in Computer Science and Engineering with honors in AI and Machine Learning, Data Science, Computing, Game Design and Development, Security and Privacy and Internet of Things. The Institute strives to deliver high-quality technical education that meets the needs of today's competitive industry while utilizing cutting-edge technologies. The Institute's curriculum emphasizes on fundamentals and current advancements. Recognizing the importance of faculty, particular efforts have been made to employ highly qualified and competent professors.

SIT Nagpur has a "state-of-the-art infrastructure" with outstanding amenities for its students. Its pollution-free campus features plenty of open space as well as a diverse range of academic, sporting, and cultural amenities. Through systematic and effective planning and supervision of the teaching-learning process, both inside and outside the classroom, the Institute will create an atmosphere favorable to maximizing the potential of both teachers and students. Techfests, cultural programs, sports contests, industry-institute meetings, guest lectures by recognized individuals, and student exchange programs with international institutions will complement the fundamental teaching learning process.

Students will be trained in liberal arts, performing arts, industrial history, human values and ethics, and offered the opportunity to qualify for a special diploma from SIBM and courses from other Symbiosis Institutes in order to realize the dream of Prof. Dr. S. B. Mujumdar Sir, Chancellor of SIU and founder of Symbiosis, of creating Global Engineers. The Institute will encourage students to complement their regular education by completing technological projects, competing in competitions, and organizing events, among other things.

SIT Nagpur offers admission to their B.Tech Computer Science Engineering course on basis of the SITEEE/ JEE-Mains/ Any state govt entrance exam.

Programme Profile:

Name of the Programme:

Bachelor of Technology (Computer Science and Engineering) [B. Tech. (Computer Science and Engineering)]

Duration:

- Bachelor of Technology (Computer Science and Engineering) : 4 Years
[B. Tech. (Computer Science and Engineering)]

Intake:

Bachelor of Technology (Computer Science and Engineering) : 240 students
[B. Tech. (Computer Science and Engineering)]

Programme Profile:**Bachelor of Technology (Computer Science and Engineering) [B. Tech. (Computer Science and Engineering)] :**

The department endeavours to impart quality education to students in the areas of computer science and information technology with exposure to industrial problems and application development through specialization programmes, student workshops, industry internships, Value-added courses and Projects.

The department has very competent faculty certified and trained to teach advanced areas in computer science like Cloud Computing, Software Quality, Cyber Security, Artificial Intelligence and Machine Learning, Blockchain Technology, Internet of Things and so on.

Along with the core degree, the Department of Computer Science Engineering also offers the following additional Honors in line with the industry's latest trends.

- AI and Machine Learning
- Data Science
- Computing
- Game Design and Development
- Security and Privacy
- Internet of Things

Highlights of the department:

1. Industry-led Flexi courses
2. Global Immersion program with renowned foreign universities
3. Opportunity to acquire a diploma in business management from SIBM
4. Department-organized tech fests and hackathons
5. Mentor-Mentee system to facilitate the progress of the students
6. Academic Curricula benchmarked with International Universities
7. Industry-visits, guest lectures, seminars, and workshops by eminent researchers and industry practitioners
8. Six months industry internship
9. Tinker lab to inculcate creativity
10. Active student clubs and bodies
11. Project-based Learning
12. Multi-cultural and vibrant teaching environment

Eligibility:**Indian Students**

Passed 10+2 examination with Physics and Mathematics as compulsory subjects along with one of the Chemistry /Biotechnology / Biology / Technical Vocational subject. Obtained at least 45% marks (40% in case of candidate

belonging to SC/ST category) in the above subjects taken together. Good Scores in any one of the following entrance exams: SITEEE/ JEE (Main) or Any State Government Engineering Entrance.

International Students (NRI / PIO/ Foreign Nationals)

Passed 10+2 examination with Physics and Mathematics as compulsory subjects along with one of the Chemistry /Biotechnology / Biology / Technical Vocational subject. Obtained at least 45% marks (40% in case of candidate belonging to SC/ST category) in the above subjects taken together. Do not have to appear for entrance exam (SITEE/ JEE-Main/ Any State Government Engineering Entrance Examination) in India.

IB / Cambridge Board (IGCSE) Students:

a] International Baccalaureate (IB) Board The candidate must have been awarded IB Diploma or the IB Diploma Course (i.e. IB Certificate) as a qualification for entry to the professional course at the institute and is required to have passed the subjects of Physics, Mathematics, and Chemistry at Higher Level (HL), with a minimum score of 24 credits. Students awarded the IB Diploma should also have completed other mandatory requirements (like CAS, TOK and the EE) towards the award of IB Diploma.

Good Scores in any one of the following entrance exams: SITEEE/ JEE (Main) or Any State Government Engineering Entrance Examination.

b] GCE/IGCSE/GCSE Examinations: A candidate intending to join professional course at the institute must have passed the examination of approved British Examination Bodies equivalent to Grade 12, with a minimum of 5 subjects including English. The candidate must have passed subjects of Physics, Mathematics, Chemistry in Advanced Level ("A" Level) and English at a minimum of Ordinary Level ("O" Level)

Good Scores in any one of the following entrance exams: SITEEE/ JEE (Main)/Any State Government Engineering Entrance Examination Score.

The conversions of IB and GCE/IGCSE/GCSE Examination grades to the scores that are used are as suggested on the AIU (Association of Indian Universities) web portal. Only candidates who have the requisite qualification from Boards of Higher Education accredited and recognized by the

Association of Indian Universities (AIU), Govt. of India, New Delhi are eligible to apply at Symbiosis institutes for admission.

Important:

It is the responsibility of the Candidates to ascertain whether they possess the requisite qualifications for admission. Having been admitted provisionally does not mean acceptance of eligibility. Symbiosis International (Deemed University) will decide final eligibility for admission.

Admission Process:

Admissions will be granted through multiple rounds of online admissions in which the candidate need not be physically present. All candidates will be able to apply for admission via registrations based on multiple entrance exam scores (JEE, any state government entrance exam). Thereafter, online admission process will start with online application and documents uploading by already registered candidates. This will be followed by online verification of the uploaded documents. After that, Merit list generation, seat allocation, fees payment process would be done. Hostel allocation options will be facilitated to the admitted candidates after admission fees payment via the aforementioned software portals.

Separate admission rounds will be held for each qualifying examination, viz. JEE (Mains), Any State Engineering Entrance Examinations and PMC/V Examinations. For JEE Mains based admission rounds, the candidates will be

able to upload any score or the best score obtained in JEE (Mains)-1, 2, 3 and 4 examinations. For other qualifying examinations, candidates will upload the scores obtained in the respective examination.

For admission based on 12th marks, candidates has to upload the 12th marksheet. The waitlisted applicants from the merit lists of all these qualifying exams will be considered for seat allocation based on their merit scores of the respective qualifying exam and availability of seats.

For efficient and smooth conduction of online admission rounds, the verification of documents uploaded by candidates via online application will be completed before the commencement of the merit list generation and subsequent steps of admission.

After declaration of merit list, the candidates will be issued provisional admission letters stating that they should submit their XII marks lists as and when the XII result will be declared by the respective boards. The provisional admission letter will also state that the candidates must fulfill SIU Eligibility (45% PCM/PVM for open category & 40% for SC/ST category).

SIT will initiate eligibility checks of all candidates and will submit to SIU for further process. This year, merit list will be based on qualifying exam as score level 1, marks obtained in Mathematics (qualifying exam) as level 2, marks obtained in Physics (qualifying exam) as level 3, X standard percentage as level 4 followed by the ascending order of candidate's registration dates as level 5 (a standard practice followed across Symbiosis institutes).

Merit listed candidates will be given Five days from the date of offer letter issuance for the requisite online payment of first installment of fees. Payment extension will be permitted on a case to case basis subject to approval of the Director, SIT (upto seven days) and SIU (beyond seven days). After this period, the seats allocated to unpaid candidates will be released and made available for the next candidate(s) as per merit list.

Each admission round will begin with filling up of the reserved category seats (SC 15%, ST 7.5% & DA 3%) and Nagpur domiciled candidates (25%). After the stipulated payment window for reserved category candidates, the vacant reserved category seats will be made available for the general category admissions. Similar sequence will be followed for the candidates applying via all qualifying examinations.

Reservations of Seats: As per University norms.

Dr. Rajiv Yeravdekar

Director, SIHS

Dean, Faculty of Health Sciences, SIU.

Director Profile:

Dr. Rajiv Yeravdekar, Director, SIHS has been a merited student throughout. Recipient of the National Merit Scholarship, he graduated from the prestigious B. J. Medical College, Pune in 1985, securing top Honours in General Surgery, Obstetrics & Gynecology. He completed his Masters in Obstetrics & Gynecology in 1989 & was awarded the Gold Medal by Pune University for his outstanding academic performance. He has completed his Ph.D. from University of Pune.

Dr. Rajiv topped the list of successful candidates of the Maharashtra Public Service Commission and joined the B. J. Medical College & Sassoon General Hospitals, Pune as faculty in the Department of Obstetrics, Gynecology and Family Welfare. He was invited by the Ministry of Health, Sultanate of Oman from 1992–1996, where his work was highly appreciated.

On completion of this assignment, Dr. Rajiv conceptualized & set up the Symbiosis Centre of Health Care (SCHC), the healthcare unit for the staff & students of the Symbiosis family. Besides ensuring delivery of quality health care services, the Symbiosis Institute of Health Sciences (SIHS), offers a number of unique, innovative, need based and career oriented academic programmes pertinent to the healthcare sector.

Dr. Rajiv is a former member of Board of Governors, Medical Council of India (MCI), Central Supervisory Board-PCPNDT, Govt. of India, Governing Council of Consultancy Development Centre (CDC), DSIR, Ministry of Science & Technology, Govt. of India, Maharashtra Medical Council (MMC) & Maharashtra Nursing Council (MNC) Govt. of Maharashtra.

Dr. Rajiv is associated with various other professional organizations like FICCI, CII, IMA, FOGSI, ISCCM, SEMI, IHCQF, MCCA, etc.

Dr. Rajiv is championing the concept of Health Promoting Higher Educational Institutes in India. He is a Member of the Steering group of International Health Promoting Universities and Colleges, the working group of UGC to bring out policy on Health Promoting University & the Fit India Movement Campaign Committee, MHRD, GoI. He has been nominated on the WHO Project on Development of Health and Wellness Assessment Index for Higher Educational Institutions in India.

Dr Rajiv has been nominated by Hon'ble Governor of Maharashtra and Chancellor of the Universities in the State as the Chancellor's Nominee on the 'Senate of the Maharashtra University of Health Sciences' (MUHS).

Dr. Rajiv has contributed a number of articles in various national and international journals.

As a member of various national bodies, Dr Rajiv has contributed to policy formulation and regulatory mechanisms influencing healthcare delivery and medical / nursing education nationally.

Institute Profile:

Symbiosis Institute of Health Sciences (SIHS) has conceptualized and offers need based, non-conventional, innovative & competency driven academic programmes & initiatives designed to raise a cadre of professionals who would facilitate delivery of optimum health care services. It is a conscious response to the growing concern of healthcare education and management across the rapidly growing healthcare sector. SIHS endeavors to create a health momentum towards the ultimate objective of creating a healthy world. Recognitions and accolades from various National & International bodies are a testimony to the contribution of SIHS.

Symbiosis University Hospital & Research Centre (SUHRC)

Symbiosis University Hospital & Research Centre (SUHRC) is a state-of-the-art tertiary care hospital, located within the SIU campus at Lavale, Pune. The SUHRC provides top-quality clinical services, which are protocol-driven, and evidence-based. The nomenclature of a 'University hospital and Research Centre' conveys the thrust on academics and research, which would be both interdisciplinary as well as translational. Symbiosis University Hospital and Research Centre (SUHRC) is providing complete healthcare facility & solution (Super Specialty & Specialty) under one roof. SUHRC will make qualitative difference to one's life and one's health through a comprehensive system with end-to-end Medical services under one roof.

The Symbiosis Medical College for Women (SMCW) is also located at the scenic campus of the Symbiosis International University at Gram Lavale, Pune. The presence of sister institutes within the campus like the Symbiosis Institute of Technology, Symbiosis School of Biological Sciences and the Research Centres such as Symbiosis Centre for Stem Cell Research (SCSCR), Symbiosis Centre for Medical Imaging Analysis (SCMIA), Symbiosis Centre for Emotional Wellbeing (SCEW), Symbiosis Centre for Applied Artificial Intelligence (SCAAI), Symbiosis Centre for Behavioural Studies (SCBS), Symbiosis Centre for Nanoscience and Nanotechnology (SCNN) & Symbiosis Centre for Waste Resource Management (SCWRM) will assist in the strong focus on academics and research.

The Symbiosis Centre for Health Skills (SCHS) is a multidisciplinary educational facility that strives to provide high-tech simulated and virtually created hospital set-up for teaching, training & assessment for all health care professionals in clinical and related management skills. The broad objective is to align with the National Agenda of Skill Development to create robust and vibrant eco system for quality education and skill development in healthcare sector in the country.

Programme Profile:

Name of the Programme:

- **Bachelor of Science (Medical Technology) [B.Sc.(MT)]**
- **Bachelor of Science –Radiotherapy [B.Sc.(RT)]**
- **Bachelor of Science (Mental Health) [B.Sc. (MH)]**

Duration:

- Bachelor of Science (Medical Technology) [B.Sc.(MT)] : 3 Years, Full Time
- Bachelor of Science (Radiotherapy) [B.Sc.(RT)] : 3 Years, Full Time
- Bachelor of Science (Mental Health) [B.Sc. (MH)] : 3 Years, Full Time

Blood Donation Drive

Intake:

- Bachelor of Science (Medical Technology) [B.Sc.(MT)] : 120 students
- Bachelor of Science (Radio Therapy) [B.Sc.(RT)] : 06 students
- Bachelor of Science (Mental Health) [B.Sc. (MH)] : 40 students

- **Bachelor of Science (Medical Technology) [B.Sc.(MT)]**

Objective:

As technology advances and better investigative and treatment options are introduced, the need for professionals equipped to handle newer diagnostic & therapeutic modalities are on the rise. The ever-changing & ever-expanding horizon of the health care sector demands formal training programmes in all its allied areas. The diagnostics sector, today is witnessing a tremendous growth in terms of volume and sophistication. With increasing advances and super specialization, the scope for tomorrow's technologists does not remain limited to just routine tests. Advanced complex instrumentation & equipment require technocrats not only to operate but also to care & maintain them as well. These experts have to possess a strong scientific foundation & be able to perform at a much higher level than the traditionally trained technicians of the past. The students thus trained in the technological aspects of medical care with a good scientific foundation will be in a position to competently assist the Physician or Surgeon, especially in high-tech medical procedures to cater to the health care industry globally.

Specializations

The programme offers specializations in the following areas:

- 1. Cardiac Care Technology:** The Cardiac Care Technologist is responsible for direct and indirect patient care, hemodynamic monitoring, equipment set up and its operation. They assist the physician during cardiac procedures and assume responsibility for completion of other cardiac lab functions.
- 2. Respiratory Therapy:** The Respiratory Therapist is a key member of the medical team, specializing in diagnostics, treatments and procedures in the care of patients with respiratory problems. They evaluate, treat, and care for patients with breathing disorders.
- 3. Dialysis Technology:** Dialysis Technologists operate machines that remove waste and excess fluids from the blood of patients whose kidneys can no longer carry out those functions satisfactorily. The programme is designed to provide competencies & technical skills necessary in the field of dialysis.
- 4. Imaging Sciences Technology:** Imaging Sciences Technologists are health professionals who facilitate diagnosis and management through the creation of medical images using modalities like X-ray, Ultrasound, Magnetic Resonance and Computed Tomography.
- 5. Clinical Lab. Technology:** Clinical Lab. Technology is concerned with the analysis of biological specimens to support diagnosis and treatment of disease. Laboratory Technologists perform a full range of laboratory tests, the information of which influences the medical treatment a patient will receive.

6. **Operation Theatre and Anaesthesia Technology:** The Operation Theatre and Anaesthesia Technologist is responsible for direct and indirect patient care, equipment set up, Pre, Intra & Post-operative procedures.
7. **Laparoscopy & Endoscopy:** Technologists learn the fundamentals & skills required to assist the Surgeons conducting Laparoscopy procedures and Physicians in Endoscopy procedures at various clinical establishments.
8. **Ophthalmic Sciences:** Technologists pursuing Ophthalmic Sciences specialization deal with the technical aspects of ophthalmic procedures required for diagnosis and treatment of eye disorders & diseases. The technologists so trained would be in a position to competently assist the Ophthalmologists.
9. **Neurosciences Technology:** The students will acquire skills to assess the patient, plan various electro-diagnostic procedures, and implement them in the neurosciences field.

- **Bachelor of Science –Radiotherapy [B.Sc.(RT)]**

Objective:

To train students in Radiotherapy techniques with specific objective driven learning such as Radiation safety, Special patient preparation before the study to obtain the most accurate result in radiotherapy procedures and handling the machines used for the procedures effectively.

These students would be in a position to competently assist the Oncologist, to cater to the branch of Radiotherapy globally.

- **Bachelor of Science (Mental Health) [B.Sc. (MH)]**

Objective:

The COVID-19 pandemic has impacted our emotional wellbeing. Moreover, it has been a catalyst for raising awareness about mental health. Challenges arise in meeting the need for mental health services due to the social stigma, insufficient number of mental health professionals (MHPs), and a disjointed health care system. This has created a dire need for trained and dynamic professionals who are passionate about psychology and health care.

There are numerous certificate courses and diploma programmes that train students only in certain aspects of mental health and psychology. However, our B.Sc in Mental Health programme has a robust and holistic curriculum which helps students of any stream imbibe skills along with in-depth knowledge of mental health. This gives them the required educational qualifications to be workforce ready.

Mental health disorders are usually viewed as an individual issue - this programme focuses on busting that myth by adopting a multi-disciplinary approach to mental health. It equips students to gain a thorough understanding of how life experiences, community, culture, law, the economic and political climate, environmental concerns, physical and mental health systems contribute to an individual's experience of mental health and mental illness

Simulation based skill training on Phlebotomy

across an individual's lifespan. Thereby, highlighting the need to integrate these factors in the management of mental illness.

What differentiates this degree from existing ones such as a B.A. or B.Sc. in Psychology, Psychology Honours, Applied Psychology and others is the focus on building core competencies and skills. These include empathy, communication, negotiation, collaboration with different stakeholders, psychoeducation and drafting integrated management plans. Students will also be trained in mental health advocacy, awareness, and destigmatization. This allows students to choose upon graduation, whether they would like to join the workforce in different roles or continue their study in varied specialties of mental health around the world.

Orientation and Pedagogy:

The program is formatted such that apart from the classroom didactic lectures, students spend a substantial amount of their learning time at Deenanath Mangeshkar Hospital & Research Center (DMHRC), a tertiary care hospital related to their specialization where they are exposed to actual “hands on” practical training. Various academic visits are organized related to each specialization. In addition, the students pursue experiential learning through observership, Summer Internship Programme (SIP), and On Job Training (OJT) at hospitals and healthcare organization which exposes them to the healthcare industry. The students participate actively in a number of co-curricular & extra-curricular activities in developing self-confidence and ability to realize his /her full potential. Eminent guest faculty further enriches the course content. Students are exposed to the community through the service-learning component, wherein they conduct community-based activities. Innovative teaching methods and sessions contribute to all-around personality development in addition to academic excellence and practical competencies.

Prof. Sanjeevani Ayachit
Director

Director Profile:

Dr. Sanjeevani Ayachit is currently the Director at the Symbiosis Institute of Design and Dean of the Faculty of Architecture and Design at Symbiosis International (Deemed University). She holds a PhD from SIU, a Master's degree in Clothing and Textiles from M. S. University of Baroda and 21+ years of experience in the field of apparel design, design education and consultancy.

On completing her Masters' education, she worked at the prestigious men's apparel company Raymond Apparel Ltd. (RAL), Thane, where she oversaw their finishing and quality control department. After spending a few years at RAL, she took up a temporary teaching position at the S. N. D. T. College of Home Science, Pune. This was soon followed by a three-year period of teaching fashion design at a private fashion institute. She has also worked as Manager – Quality Control at a Pune based apparel brand, Sleepins Apparel Pvt. Ltd.

Dr. Sanjeevani headed the departments of Fashion Design and Fashion Communication at SID for several years and has also served as Deputy Director. She has completed her PhD at Symbiosis International (Deemed University) examining cross-cultural subtleties of costumes of the Peshwas of Pune. Her research interests lie in the areas of heritage Indian textiles and costumes, fashion design process, design thinking and inclusive design. An avid reader and researcher, Sanjeevani has co-authored a book documenting the historic textiles and costumes in the collection of the Kelkar Museum in Pune, India. She has presented research papers at several conferences and published her research in reputed journals. She has been invited as a PhD thesis examiner by a university of repute in Rajasthan and is a Board of Studies member at a Bengaluru based university. She has also been a reviewer of research papers for Illinois based Common Ground Research Network, USA.

Institute Profile:

A constituent of Symbiosis International (Deemed University), Symbiosis Institute of Design, Pune is a premier design school of the country. The institute offers Bachelor of Design (B. Des) program in four major disciplines; Communication Design, Industrial Design, Fashion Design and Fashion Communication. The Communication Design discipline offers further specializations in Graphic Design, Video Film Design, Animation Film Design and User Experience Design. The Industrial Design discipline offers further specializations in Product Design and Interior Space Design.

The design curriculum at SID generates opportunities to incubate original thoughts and implement design knowledge and skills on a creative platform. The simulative environment galvanizes students to imbibe contemporary skills while exploring non-conventional techniques to achieve design goals. The curriculum aims at creating professionals who with their creative impulse and skillful ability participate and contribute to the highly dynamic and competitive world of design. This is ensured by a team of professional faculty who instruct, inspire and mentor students utilizing their technical and design expertise while also encouraging the development of individual style. The well-stocked

library, access to latest research databases, state-of-the-art infrastructure, labs, studios and workshops ensure a conducive learning environment where students can nurture their creative ideas to fruition. This has ensured that SID holds a coveted position among the top design schools in the country. As an added bonus, several courses are supported by leading industry practitioners and many others have well known visiting lecturers. Internships and design projects are built into the curriculum to ensure industry exposure and field trips and industrial visits add on to the professional experience. An active Industry Interaction Cell ensures a continuous dialogue with the industry and assists students in securing internships and placement opportunities. SID is also a member of several national as well as international professional networks which benefit the students in terms of opportunities for participation in design competitions, design events, conferences and seminars thus enhancing their outlook towards the dynamic nature of the design field.

Eligibility:

- **Bachelor of Design (B. Des.)**

Passed Standard XII (10+2) or equivalent examination from any recognised Board or 10+3 diploma approved by State Board of Technical Education with a minimum of 50% marks or equivalent grade (45% marks or equivalent grade for Scheduled Caste/ Scheduled Tribes).

Important:

It is the responsibility of the candidate to ascertain whether he / she possesses the requisite qualification(s)/ eligibility for admission. Having been admitted provisionally does not mean acceptance of eligibility. Final eligibility of admission will be decided by Symbiosis International (Deemed University), subject to successful fulfilment of specified admission norms.

Admission Process:

Admission to B.Des programme of SID will be according to the following process.

Level 1	Online Symbiosis Entrance Exam for Design (SEED). The result of SEED will be put up on the SID website as per the schedule. If a candidate qualifies SEED, he/she would be eligible to appear for SID's Portfolio Review and Personal Interaction (PRPI). Shortlisting for admission will be based only by specialization selected during online registration.
Level 2	Upload the Portfolio on the portal a day prior to the PRPI (Portfolio Review and Personal Interview).
Level 3	Complete the PRPI Task. This will be shared 3 days prior to the chosen date of online PRPI. Upload the PRPI Task on the portal a day prior to the PRPI.
Level 4	Appear for the online Portfolio Review and Personal Interaction (PRPI)

Final selection will be based on the cumulative performance of the candidate in Symbiosis Entrance Exam for Design (SEED), Portfolio Review, PRPI Task and Personal Interaction as well as on the basis of the information provided by the candidate in the application form and the chosen specialization.

Reservation of Seats: As per University norms.

Orientation & Pedagogy:

Design pedagogy or design education may be defined as the set of practices and systems for the training in the field of design; the ways and methods of teaching for the acquisition of necessary knowledge and skills in order to practice the design profession. Design pedagogy at SID follows a combination of techniques entrenched in 'Art and Design' as well as Engineering. The increasing diversification of the design domain and the introduction of specializations related to new technologies have introduced further complexity into the design education landscape

SID uses a combination of Lecture, Studio and Practical sessions in combination with Demonstrations, Film Screenings, Industry Visits, Cultural Visits, Case Studies and Group Discussions. This variety of learning techniques enhances the learning experience of students making them better equipped to undertake design assignments and projects. Student's work and project based assignments are continuously evaluated on the basis of daily performance as well as semester end juries.

Prof. Atul A. Gokhale

MBA, CHE, MIH
Director

Director Profile:

Prof. Atul A Gokhale is a Chef and Academician with 30 years of experience in India and abroad in the field of teaching, administration, and food service industry. He specialises in European and Indian cuisine. Food Science and Food Art though has lot of areas for collaboration but he believes that beyond a certain limit culinary art, like any other art cannot and should not be well put to test of science every time.

He graduated from IHM Bhubaneswar and is an MBA graduate. He is nominated as member on American Hotel and Lodging Educational Institute (AHLEI) Education Certification Advisory Council. He is a Certified Hospitality Educator (CHE) and master trainer from the AHLEI, USA. He has experience in running Hotel Schools in India and the Gulf countries especially in Bahrain and Saudi Arabia. He was instrumental in designing the National Skills Qualification Framework for the Hospitality Skills trade in Bahrain.

As an Entrepreneur he has done project consultancies for hotels and restaurants and owned and operated “Pinch of Salt” a corporate catering & consultancy service firm.

He is a Member (MIH) of Institute of Hospitality (IoH, UK) since July 2005 and member faculty of AHLEI, Orlando, USA, since 2006.

He is a member of Toastmasters International since 2011 and is a certified Competent Communicator and Competent Leader.

Institute Profile:

Symbiosis School of Culinary Arts (SSCA) is a constituent of Symbiosis International University, founded in 2016, and is the first school fully dedicated in offering niche qualifications in culinary science and arts in the country. SSCA was established with a view to cater to the need of the Food Industry to train and develop specialized culinary professionals. Our flagship Bachelor’s degree in Culinary Arts has been one of the most sought-after culinary degree in the country.

In order to cater to growing demand of well-trained hospitality professionals, SSCA has started a specialized Hospitality Management bachelor’s degree from 2020.

The Indian tourism and hospitality industry has emerged as one of the key drivers of growth among the services sector in India. The forecasted 8% growth of Indian tourism industry for the next 10 years* along with the global market trends of ever increasing number of travels for business and leisure, the long term outlook for the hotel & hospitality industry is indeed positive. Hospitality sector has now become a significant industry in India. It is a sun rise industry, an employment generator, a significant source of foreign exchange for the country. The booming tourism industry has had a cascading effect on the hospitality sector with an increase in the occupancy ratios and average room rates.

Hospitality and Food service is among the fastest developing sector in the world. The projected growth is expected to throw open many opportunities for Indian students to pursue career in both hospitality and food service industry. During the last decade, culinary has emerged as a preferred career option in the food service industry.

Keeping in view the increasing demand for specialized programs both in Culinary and Hospitality field, SSCA offers two unique three- year, full-time bachelor's degree programmes- BSc (Culinary Arts) and BSc (Hospitality and Culinary Management). Both our programmes are designed to prepare students for a wide range of career options in Culinary and Hospitality fields.

Symbiosis believes in industry and academia interaction at all stages of student development and as a part of our curricula, the students undergo well planned and monitored internship in collaboration with leading hotel and food industry organizations.

Innovation in culinary field, adaptability, business ethics and social responsibility are emphasized to develop students into becoming leaders as well as responsible citizen.

Orientation and Pedagogy:

The study of fact, theory and concept is not sufficient to educate a culinary and hospitality professional. The individual must have the opportunity to see the skills, processes and ingredients in action, and to practice them. Culinary and Hospitality involves high level of motor and interpersonal skills learning. The profession requires a great combination of the art and science, and these skills can only be learned in practice.

Pedagogy at SSCA, Pune is largely based on this principle and is a mix of many learning methodologies. Apart from the usual chalk-n-talk, there is a conscious effort to make the sessions interactive by using case studies and references of latest developments in the culinary and hospitality field. The pedagogy at SSCA is designed to incorporate the appropriate practical components to have a thorough grounding in the art and science of practical learning.

In addition, students are encouraged to undertake multiple hands-on projects to hone their research and analytical skills. Latest state-of-the-art equipment and techniques are used wherever possible. Ample guest lectures are organized by inviting Industry leaders, managers, specialists Chefs and Leading Celebrity Chefs for classroom inputs and demonstrations. Field visits to relevant areas of culinary and hospitality skills are also a regular feature. SSCA also offers an opportunity to the students to get a first-hand feel in managing food events, outlets and pastry shop.

Institute Profile:

Symbiosis School of Planning Architecture and Design, Nagpur

Symbiosis ponder on our journey of imparting ‘true education’ with the value of “Vasudhaiva Kutumbakkam – the whole earth is family”. The challenges are to preserve the values and heritage, to make adaptable for today and to modify for an unknown future. This has to be nurture to the batch passing by to create a better future. Our students, staff, and stockholders together forms a family that helps reduce the distance between profession and Academics. Our Vision is to strive and think for a changed future through Architecture and Design. With this pioneer batch and the batches to come, the two valuable gifts that students get are roots and wings. Wings to show you what they can become and roots to show you where they are from.

Institute Profile:

About SMCW

The Symbiosis Medical College for Women is the brainchild of Prof. Dr. S.B.Mujumdar, the Founder and Chancellor of the Symbiosis International (Deemed University). After seeing the biographic movie about India’s first lady doctor, Ms. Anandibai Joshi, the idea of creating a medical college exclusively for women was born. With an objective of women empowerment and contributing to nation building by increasing the number of female doctors, Symbiosis has established this exclusive Medical college for Women under the Faculty of Health Sciences.

The medical college is located in the scenic campus of the Symbiosis International (Deemed University) at Lavale, Pune. The annual intake will be 150 students. The medical college and its attached Symbiosis University Hospital and Research Centre have state-of-the-art infrastructure and facilities. Sister Institutes in the Lavale campus like

the Symbiosis Institute of Business Management, Pune, Symbiosis Institute of Digital and Telecom Management, Symbiosis Institute of Media & Communication, Symbiosis School of Biological Sciences, Symbiosis School of Photography, Symbiosis School of Culinary Arts, Symbiosis School of Sports Sciences, Symbiosis Institute of Technology, Symbiosis School of Banking and Finance & research centers like Symbiosis Centre for Waste Resource Management, Symbiosis Centre for Stem Cell Research, Symbiosis Centre for Behavioural Studies, Symbiosis Centre for Nanoscience and Nanotechnology and Symbiosis Centre for Medical Image Analysis will assist in the strong focus on academics and research.

In addition to the academic infrastructure, excellent residential facilities for residents and staff are available within the campus. The college has a fully air-conditioned library with the requisite array of national and international textbooks and medical journals which form a vital part of the college facilities. Our highly experienced and senior staff will ensure the best of training to produce skilled women doctors who are empathetic, ethical and compassionate. As has been the culture of Symbiosis, we believe it is our responsibility to contribute to nation building by providing excellent training and creating the next generation as qualified and ethical human beings.
