## *A Foreign Affair that Founded Symbiosis*

The journey of a thousand miles begins with a single step. But, it is the first step that involves deliberation and much hesitation. The Symbiosis journey however began with a surge of enthusiasm spurred on by an incident that, in itself, makes a poignant tale.

“It was an afternoon on a hot day. I was standing near the window of my house overlooking the first hostel block, of which I was the rector. A strange thing happened. A girl walked up to the window of the boys’ hostel room, quickly handed over something and disappeared. My curiosity was aroused and I kept watching the girl walking up to the window day after day and suspected, like any other rector would, that an affair was afoot. So one day, I made up my mind and walked up to the door and knocked. When the door opened, I saw a Mauritian student lying in bed. His face was pale and his eyes seemed to have sunken low. I was puzzled.” “When I turned to the boy for an explanation, he said, ‘Sir, I have an attack of jaundice & I’m feeling extremely weak. I cannot stand up, nor walk a few steps. A girl from my country brings me food. However, since ladies are not allowed to enter the boys’ hostel, she hands over the tiffin box through the window.’ I was stunned. After all, it wasn’t the type of ‘affair’ I had expected. I was very much pained & decided something had to be done about this. That was the instance, the golden moment that Symbiosis was born. “Symbiosis is a term in life science, meaning ‘living together of two different organisms, for the benefit of each other’. Dr. Mujumdar, himself a professor of botany, thought this name apt for the institution. Thus the institution was founded to alleviate the problems faced by foreign students coming to India. At the time, these problems included - accommodation, meals, medical care, guidance, coaching, information about the city, etc.

Symbiosis has come a long way since then. Today it is home to students from more than 85 different countries. These students are offered the best learning resources, industry exposure, a strong international students’ alumni network, a global recognition, and above all, a truly enriching Indian experience.

## *Message by Chancellor*

I extend a warm welcome to all of you as you join the Symbiosis family. The University is part of the larger Symbiosis family, which is built on the core ideals of Vasudhaiva Kutumbakam - the world is one family.

You will find a wealth of opportunities as you begin your journey of higher education, which is about academics, of course, but also a lot more. It is our goal that we succeed in shaping our students to be responsible members of the global citizenry. Symbiosis is appreciative of the enormous responsibility that befalls higher education institutions. I encourage you to avail of all the wonderful teaching-learning and research possibilities that are offered. We, at Symbiosis, believe that play belongs to education as much as studies; therefore, we offer a whole range of first-rate choices that contribute to personal capacity building, such as those in career enhancement, extracurricular activities and recreational facilities.

You will find wonderful prospects to share this journey with students from over eighty-five countries and from all over India. We also pride on having with us an amazing pool of talent in our teaching staff, many of whom are noted academics, with substantial international experience. All in all, the educational experience at Symbiosis is designed to be wholesome and one that is authentically international. I hope that your experience at Symbiosis will afford you the opportunities to apply your talents and inspirations to the best use.

May God bless you!

**Prof. Dr. S. B. Mujumdar**  
Chancellor

## *Message by Pro Chancellor*

Symbiosis upholds its motto “Vasudhaiva Kutumbakam” the world is one family in all its pursuits. The diverse backgrounds of the students who come here from 85 countries from all across the world, contribute to an international environment. The wide milieu of ideas that are brought to the table through the interactions and collaborations among students both inside and outside the classroom are contributive in enhancing the students’ intellectual acuity.

The classrooms at the Symbiosis campus encourage an innovative and futuristic approach for management, academia and the administrative staff. As one of the largest Universities in India, Symbiosis has strong global linkages and an educational portfolio that boasts of excellent infrastructure, well-equipped classrooms, accommodation and an environment that assists students in realising their potential while embracing diversity. The eclectic environment here enables students to think critically and emerge as responsible citizens with high moral values, ethics and good social conduct.

We aim to create globally valued graduates and have framed policies and procedures to expose students and faculty to international, intercultural and comparative aspects. This is ensured by encouraging student mobility on exchange and summer schools to international partners. The interdisciplinary studies allow students to choose from across multiple disciplines thus broadening their perspective and helping them gain knowledge of various domains, which makes them more adaptable to a global environment.

The Programmes offered at Symbiosis are innovative and designed according to the needs of the industry, thus creating the needed academia-industry interface. The Incubation Centre at Symbiosis has been created with the aim of supporting and nurturing the innovative spirit of the students and developing their entrepreneurial abilities.

On behalf of the University, I welcome you to the Symbiosis family! I wish you success in the Programme that you have chosen to study with us.

# The University

Prof. Dr. S. B. Mujumdar established Symbiosis in 1971 on the principles of the Vedic thought of 'Vasudhaiva Kuttumbakam' i.e. the world is one family. With changes sweeping across India's higher education scenario, Symbiosis International (Deemed University) established need-based Institutes / Departments across eight faculties namely Law, Management, Computer Studies, Health and Biological Sciences, Media, Communication & Design, Humanities & Social Sciences, and Engineering.

Due to excellence and quality of education imparted by Institutes of Symbiosis, the Ministry of Human Resource Development, Government of India conferred the 'Deemed to be University' status on Symbiosis in 2002.

Today, the University is ranked amongst the topmost Universities nationally and internationally. The university is awarded the Category-I status by UGC, and an 'A++' grade by NAAC, and is also ranked 32nd by NIRF 2022 in the Universities Category. Atal Ranking of Institutions on Innovation Achievement (ARIIA) 2021, has ranked the University tenth under the category of 'University & Deemed to be University (Private-Self-Financed).

Internationally, the QS world university ranking agency has ranked Symbiosis International (Deemed University) between 501-550 in the World, 11th in India, and 2nd Private Institution in India for Business & Management under Business & Management (a sub category in Social Science and Management). The Times Higher Education (THE) World University Ranking 2022 has ranked the University amongst the top 800 – 1000 Universities in the World, and among the top 251 – 300 Universities in Asia. The University is also ranked between 301-400 Globally & 10th in India Overall by The Times Higher Education Impact University Rankings 2022. It is the only Indian university to have received the Asia Pacific Quality Label.

The University has 40 Institutes/ Departments spread across campuses at Pune, Nasik, Bengaluru, NOIDA, Hyderabad & Nagpur. The establishment of every institute of Symbiosis has some history. Some institutes were established for a certain cause and some out of the needs of the industry and society at large. Every institute has created its own identity and has become a choice for students wanting to pursue higher education.

The University offers various programmes at Doctoral, Postgraduate, Under graduate and Diploma levels under its eight faculties.

The University has academic collaborations with reputed foreign universities like the University of Cologne - Germany, University of Queensland - Australia, Aston University - UK, University of Leeds - UK, Washburn University - USA, Nanyang Technological University in Singapore, University of Houston in USA, Berlin School of Economics and Law in Germany, University of Malaya - Malaysia, and many more.

The University's Symbiosis Centre for International Education (SCIE) promotes internationalization and invites international students to the Symbiosis International (Deemed University) for a Semester Abroad Programme. The University is actively involved with student and faculty exchange programmes and has also introduced the Scholar- in- Residence Programme. SCIE conducts intensive 'Study India' programme for the benefit of international students from over 86 countries that study here. A variety of activities are organised where international students of Pune city are able to meet on a common platform and display their many talents.

Cutting edge technologies, smart classrooms and modern infrastructure positively impact the delivery of world class education. Diversity in the classroom and faculty rooms, service learning projects, internships and value added activities lead to a more holistic development of students. Access to several learning resources via the library, availability of housing facilities on several campuses, scholarship programmes to promote academic excellence, several co-curricular and sports activities organised by the University facilitate well rounded overall development of students.

Health and wellness are vital issues relevant to the academic success of students at Symbiosis. Symbiosis Centre of Health Care (SCHC), is the in house health care centre for the entire Symbiosis family. SCHC makes conscientious efforts for the overall development of its staff & students by providing preventive, curative and health promotion programs to enhance optimal health, reduce risk of disease and injury and promote healthy lifestyle choices.

The University has established several research centres led by the researchers of repute in respective disciplines. It has established the Symbiosis Centre for Advanced Legal Studies and Research (SCALSAR), Symbiosis Centre for Waste Resource Management (SCWRM), Symbiosis Centre for Stem Cell Research (SCSCR), Symbiosis Centre for Behavioural Studies (SCBS), Symbiosis Centre for Nanoscience and Nanotechnology (SCNN), Symbiosis Centre for Medical Image Analysis (SCMIA), Symbiosis Centre for Applied Artificial Intelligence (SCAAI), Symbiosis Centre for Research on International Higher Education (SCRIHE), Symbiosis Centre for Climate Change and Sustainability (SCCCS), Symbiosis Centre for Urban Studies (SCUS) and the Symbiosis Centre for Australian

Studies (SCAS). These Centres are being developed as the Centres of Excellence of the future.

The University dreams of becoming a World Class University and continuously strives to build innovative technologies in the teaching learning and evaluation process, enhancing research, encouraging innovations empowering students to become entrepreneurs and provide a holistic environment as a Health Promoting University. In its pursuit in becoming a health promoting University, the University has established the Symbiosis Medical College for Women and its attached Symbiosis University Hospital and Research Centre which has state-of-the-art infrastructure and facilities.

### **SYMBIOSIS CENTRE FOR RESEARCH AND INNOVATION (SCRI):**

Symbiosis Centre for Research and Innovation (SCRI) was established in 2009 with an objective of achieving high standards of research at SIU that result into quality contribution to the knowledgebase of the disciplines of Law, Management, Computer Studies, Health Sciences, Media and Communication, Humanities and Social Sciences, Engineering and Architecture and Design.

SCRI aligns its functions with the University's commitment to stay connected with the community by the way of understanding its major issues and problems and to suggest relevant and flexible means to resolve them. In accordance to the University's endeavor to make meaningful contributions to the dialogue around the development of knowledge and policies for the society, SCRI facilitates the research journey of the SIU's academic fraternity. The department provides intellectual, academic and administrative support to the research endeavours of the members of the Faculties and students of SIU.

SCRI's activities revolve around the R&D mandate of SIU that states the following:

1. The R&D must be socially relevant, locally need based, nationally important and globally significant.
2. The focus of R&D in the University is aligned with the national priorities of the Government, reflected through various schemes and grants.
3. The R&D must be applied, translational and leading to innovation.
4. To create R&D hub comprising medical facilities, diverse research centres and constituent institutes that promotes interdisciplinary, multidisciplinary and transdisciplinary research significant to society, and
5. The University's R&D must lead to the development of capable and responsible human resource.

SCRI offers SIU's Ph.D. programme, doctoral fellowships, seed money and support for extramural funding, publication, intellectual property and research collaboration to the researchers of the University. The department is a nodal unit for enabling the research activities of SIU fraternity. Continuous improvement in quality of research at SIU is facilitated by the University's

research collaboration with the organizations such as Indian Council for Medical Research (ICMR), Larsen and Toubro Ltd., Society for Development Studies, Lupin Research Park, Chest Research Foundation, Serum Institute of India Ltd., KEM Hospital Research Centre and many more.

The collective research experience at SCRI has supported the scholarship of the Faculty members of SIU in terms of attracting prestigious research grants from the Government under various schemes (such as SPARC, DST-SERB, DBT, NABARD, ICSSR) and Non-Government agencies (such as ABTL, HUVE pharma, IBM, TCS) in addition to the internal funds provided for research to the Faculty and students by SIU. The department's support through hands-on, sensitization and FDPs has contributed to the publication of a number of high quality research papers and patents, registration of designs and copyrights and new collaborative opportunities and recognitions. SIU is an empanelled research agency for conducting evaluation studies for the Government of Maharashtra. Doctoral research of SIU's 1000+ Ph.D. Scholars in different disciplines is facilitated by SCRI.

With commitment, focus and determination, SCRI is tirelessly contributing to the enhancement of research activities at SIU and strengthening its culture of good quality research.

#### **Main focus of SCRI**

- To develop institutional research agenda and to formulate policies to reflect a conscious effort for creating a congenial and scholarly climate that nurtures the quality research culture in the University.
- To establish the minimum standards for research activities at SIU that leads to good quality contribution to the existing knowledge.
- To build research capacity and mentor the researchers to translate their effort into high quality research outcome.
- To set up a systematic procedure for administration of research programmes.
- To facilitate the research endeavours of the researchers at SIU.

## RESEARCH CENTRES

### **Symbiosis Centre for Nanoscience and Nanotechnology (SCNN)**

Symbiosis Centre for Nanoscience and Nanotechnology has been established in Sept. 2017 considering that potential impact of Nanoscience and Nanotechnology on evolution of Science, technology and societal growth.

The Centre envisages promoting basic and applied research in the fields of healthcare, technology and environment, with primary impetus to fulfill national strategic needs.

The major ventures of the centre are synthesis of advanced functional nano-materials, fabrication of nano-micro-devices, & its multidisciplinary applications. The major thrust of centre includes opportunities for international research collaborations; conduction of seminars/workshops/conferences/extension lectures

Sewage treatment plant

Plastic (PP & PE) and waste oil processing reactors to generate hydrocarbons

to promote Nanoscience & Nanotechnology to common people and to bridge the gap between nanotechnology research and its social acceptance.

### **Symbiosis Centre for Stem Cell Research (SCSCR)**

The centre is unique, as it is the only research centre in Pune that will perform research exclusively on stem cells. Research in Experimental Hematology at a cellular and molecular level will be carried out with respect to aging of stem cells, microenvironment – mediated regulation of hematopoietic stem cells, leukemia/lymphoma biology, development of 3D cultures, mesenchymal stem cell biology with special focus on exosomes and micro-vesicles and signal transduction. Department of Biotechnology (DBT), Ministry of Science & Technology, Government of India has identified Stem Cell Research as one of the most exciting fields of life science in view of its potential clinical applications. With this understanding Symbiosis Centre for Stem Cell Research will serve in strengthening research in one of the targeted areas as identified by DBT's Medical Biotechnology programme.

### **Symbiosis Centre for Behavioural Studies (SCBS)**

Keeping in mind that experimental research methods have a rich academic tradition both in psychology and marketing, Symbiosis Centre for Behavioural Studies has been established with aim to conduct experimental research in order to publish quality research papers in reputed journals. Its allied agenda of providing consultancy to organizations has also been kept in mind while marshaling the centre amongst industry and academia.

### **Symbiosis Centre for Waste Resource Management (SCWRM)**

Symbiosis International (Deemed University) in the year 2015, established Symbiosis Centre for Waste Resource Management (SCWRM) to be a pioneer in building knowledge, disseminating awareness and improving practices in the area of sustainable waste management. The centre promotes inter- and multi-disciplinary approach for basic and need-based, applied research and efforts in bridging the gap between lab and society with respect to solid and liquid waste management. The centre is involved in conducting workshops, training, and awareness programs to promote national agenda of 'Swachh Bharat Mission. The centre also works towards developing academic curriculum for undergraduate and post graduate courses. Furthermore, SCWRM is committed to interdisciplinary approach to develop insights, build awareness, and seek to identify, analyze, and implement key issues and challenges pertaining to waste management and sustainability involving

all levels of stakeholder's viz. Government, statutory bodies, policy makers, corporates, academia, research institutes, civil society and many others. A key activity of SCWRM involves providing professional technical consultancy to various stakeholders in the field of solid waste management. SCWRM has consultancy projects with Pune Municipal Corporation (PMC), APMC Mumbai, Lonavala Municipal Corporation etc. on diverse aspects of municipal waste management. The centre is also an empaneled technical agency with the Government of Maharashtra to implement the national GOBAR-DHAN scheme in Maharashtra state at district levels under Swatch Bharat Mission (G)-II. The centre has several national and international collaborations to develop a network of researchers across the globe to address the issue of waste management and climate change.

### **Symbiosis Centre for Medical Image Analysis (SCMIA)**

In recent years there has been an increased thrust to understand and quantify the complex information conveyed by medical images. Developing modern computational techniques that offer the potential for extracting diverse and complex information from imaging data and applying the setoaplethora of clinical studies is crucial. These techniques not only support precise quantification but also overcome the limitations of subjective visual interpretation. Furthermore, these methods can facilitate finding specific markers that relate to pathologies as well as aid in treatment planning. Building on this background, the objectives of this center are as follows:

- 1) development of novel computer-based image analysis methods and their application to a wide variety of clinical research studies
- 2) Translating the techniques to the clinic thereby aiding early diagnosis and understanding of the underlying pathology.

Currently, the center focuses on neuroimaging (MRI) and breast imaging (ultrasound). Image analysis

methodologies include volumetric analysis, diffusion MRI processing and analysis, structural and functional connectomics, statistical learning in imaging, radiomics, population-based analysis and deep neural networks for image classification. In future, the center plans to diversify research to image analysis of various organs and include multiple modalities in imaging.

### **Symbiosis Centre for Applied Artificial Intelligence (SCAAI)**

Symbiosis Centre for Applied AI (SCAAI) was established in May 2019 and is affiliated to Symbiosis Centre for Research and Innovation (SCRI). SCAAI is a constituent of Symbiosis International (Deemed University). The primary aim of this centre is to spearhead the advancement and novel developments in various application areas and promotion of the advanced research and education in the field of AI. Along with this SCAAI engages in interdisciplinary research to address pertinent issues that could involve a huge spectrum such as finance and banking to healthcare.

### **Symbiosis Centre for Advanced Legal Studies and Research (SCALSAR)**

Symbiosis Centre for Advanced Legal Studies and Research (SCALSAR) was informally organized in 2007 and formalized in February 2013 by the Board of Management, SIU. It has been established to facilitate advanced legal studies and research.

#### **SCALSAR facilitates and provides:**

The means including idea architecture and resources for advanced legal studies for post graduate, including LLM students and PhD Students.

- Infrastructure and resources for advanced legal research to the faculty, researchers and post graduate students promoting and facilitating publications in SCOPUS, Web of Science and UGC recognised journals

- To collaborate with institutes under the faculty and departments within SIU, National and International Universities and Agencies for research, consultation, training and extension
- Research, training and consultancy in selected areas of 4 excellence centres aligned with SIU clusters, other research centres and contemporary areas of national and global importance
- Interdisciplinary and multidisciplinary studies and research while interlinking with SIU research clusters
- To act as a think-tank to the Government, hosts Scholars in residence, undertake interdisciplinary legal studies and research projects, train teachers and design training modules.
- Collaboration with institutes under the faculty and departments within SIU, National and International Universities and Agencies for research, consultation, training and extension
- To disseminate and ensure the outcome of research, training, advocacy and consultation to stakeholders including businesses, law makers, government and non-governmental entities, people of India and the world
- Positive and measurable impact on the society and justice system through inclusive research and training

Since 2012 SCALSAR has been organizing an Annual Research Conference. It grew drawing international participation by 2015. The conference has been drawing on Symbiosis International (Deemed University)'s new impetus to thrust areas, excellence centers and innovation and is titled as SYMROLIC representing an interdisciplinary conference in relation to Rule of Law. The conference also includes a research skills workshop. SCALSAR undertakes Minor and Major Research and Consultancy Projects. In addition to the completed projects including 2 ICSSR Impress Major Projects, there are 4 Major International Projects that are going on. SCALSAR also collaborates with Government bodies and undertakes Law reform initiatives such as Transformation of Criminal Justice System in India submitted to Ministry of Home Affairs, Initiative with Supreme Court of India on Digital Courts Vision & Roadmap: Phase III of the E- Court project, Regional consultation on Review of Criminal law- Improvement

in Status of Women organized in collaboration with National Commission for Women etc. The research agenda of SCALSAR will be further strengthened by the recently received Jean Monnet Chair on EU Climate change Law Policy and Governance as well as the Jean Monnet Module. The Community Legal Care Centre, which is a part of SCALSAR, carries out legal aid as well as community-based projects for various disadvantaged sections of society. Some of the legal aid activities are carried out in collaboration with Pune District Legal Services Authority, Yerwada Central Prison, Criminal Investigation Department Maharashtra and various NGOs. The Centre has adopted Sus village, Tal. Mulshi, Dist. Pune as a part of community outreach programme.

### **Symbiosis Center for Urban Studies (SCUS)**

The Centre will be operational from the AY 2022-23, and will undertake activities to focus on Capacity Building, and being responsible for creating human capital to help transform India's urban landscape.

Research activities of the Centre will include:

- Organizing Guest Lectures Workshop, Seminars, Symposiums, Conferences, Hackathon.
- Strengthen the PhD Department under this specialization
- Collaborative Inter-disciplinary Research with our sister institutions
- To provide excellent opportunities to collaborate with supranational institutions and urban diplomacy
- To collaborate with leading think tanks and organizations supporting the Indian urban agenda

### **New Research Centres established:**

#### **Symbiosis Center for Climate Change and Sustainability (SCCCS)**

The SCCCS is established with the following proposed activities:

- Collaborative Research in thematic areas
- PhD program, post-doctoral research
- Education by developing courses in Climate Change for UG & PG institutions
- Social Outreach by conducting Workshops, lectures, taking up Restoration projects, Park / Devrai conservation.

**Symbiosis Center for Research on International Higher Education (SCRIHE)**

SCRIHE is established for conducting research in the area of international higher education. The NEP 2020 has earmarked a whole chapter on Internationalization of Higher Education. With the COVID pandemic, there have been different challenges that higher education faced, but one positive outcome has been internationalization at home. Collaborative online international learning, co-teaching and co-learning have been promoted due to online education. New concepts of international co-operation and intra-regional cooperation have emerged which enhance the internationalization of Higher Education. Knowledge diplomacy and how higher education can be a tool for development and soft power is also coming into discussion at the global level.

**Symbiosis Centre for Research in Media and Creative Industries:**

Established under the Faculty of Media & Communication. The center shall be monitored by Symbiosis Centre for Research & Innovation.

**Symbiosis Centre for Ambedkar Studies (SCAS)**

established under the Faculty of Humanities and Social Sciences.

**Symbiosis Centre for Research in Vaccines and Biologicals (SCRVB) in collaboration with Serum Institute of India Pvt. Ltd:**

The Symbiosis Centre for Research in Vaccines and Biologicals (SCRVB) in collaboration with Serum Institute of India Pvt. Ltd., under the Faculty of Health Sciences shall be established which has been approved in principle. The Symbiosis Centre for Research in Vaccines and Biologicals (SCRVB) shall be monitored by Symbiosis Center for Research and Innovation (SCRI), like all other Research Centres of SIU.

## LEARNING RESOURCES:

### LIBRARY

Symbiosis International University is one of the leading Universities in the country and an educational hub of academic institutions/departments, promoting higher education in Management, Information Technology, Bio-medical Sciences, Engineering, Liberal Arts, Health Sciences and Legal education. These institutes are spread over the country and each institute has its own library, serving and catering to the needs of the students and faculty members as a creative and innovative partner in supporting the teaching, learning, scholarship and research activities of the University.

There is a rapid increase in the library's collection of books and journals/periodicals in both, print and digital form, using state-of-the-art facilities. Libraries are trying to build a strong and balanced collection of books, journals and other resources to cope up with the needs of entire Symbiosis community. With this mission, we are trying to bring the entire collection available to search with just one click.

SIU has implemented KOHA integrated library Management software for all its constituent units. OPAC (Online Public Access Catalogue) of books and other reading material are accessible from any location. OPAC consists of books, AV material, print journals and magazines, Theses (<http://symbiosis-koha.informindia.co.in>).

The SIU Central Library is housed in a newly constructed, independent and spacious building located at the Lavale campus. The location of the Central Library overlooks the beautiful landscape around the building. The pleasant environment and the well-furnished reading area inspire students to learn and conduct research. University subscribes 251461 e-books for their users of all institutes and made accessible to them.

SIU also subscribes to a total of 134 online databases as per the requirements of the institutes. EBSCO, Emerald, Scopus, Web of Science, JSTOR, Science Direct etc are the major databases accessible to all institutes and other online Databases subscribe by institutes are accessible to respective institutes on their IP address of the campus.

The Central Library is trying to establish an excellent co-operative arrangement with many resourceful libraries and consortia with INFLIBNET in the country.

The Central Library has developed a Library Portal

to provide remote access to its E-resources for all. (<https://library.siu.edu.in>)

## SUPPORT DEPARTMENTS:

### SYMBIOSIS TEACHING LEARNING RESOURCE CENTRE (STLRC):

The Symbiosis Teaching Learning Resource Centre i.e. STLRC was established in November 2011, with the aim to help raise the effectiveness and productivity of the Symbiosis faculty in terms of teaching - learning as well as research.

The Symbiosis Teaching Learning Resource Centre (hereafter referred as STLRC) is Symbiosis International University's catalyst to inspire and mentor the faculty in their roles as Teachers, Researchers and more so as Educational parents. STLRC strives to complement the academic mission of the university by improving the teaching effectiveness and enhancing research ability of the faculty.

#### STLRC always strives to:

- Improve the Teaching Effectiveness of faculty.
- Sensitize faculty members in the areas of diversity and inclusion, in the teaching learning environments.
- Enable faculty to design innovative assessments.
- Facilitate increased research output.
- Coordinate Domain specific interventions to improve discipline knowledge of the faculty members.

#### There are various Activities of STLRC which are as follows:

- Planning and execution of various Faculty Development Programmes under the verticals of Teaching, Learning, Evaluation, Research, and domain specific areas for all the eight faculties of the University. 460 Faculty development programmes have been conducted by STLRC. (May 2011 till August 2022)
- The 3-phase Faculty Development Programme on Andragogy and Research Methodology. This FDP is offered at three levels: Basic, Intermediate and Advanced.
- MOOC Development Activity: Since December 2018, SIU started various interventions such as completing online courses, face-to-face workshops, and face-to-face meetings to familiarize SIU faculty members about learner-centric MOOCs. As a result of which four MOOC proposals have been submitted to CEC i.e. Consortium for Educational Communication. These proposals will now be scrutinized by CEC and we will be informed about the acceptance of the proposals. Thirteen other MOOC proposals are in the pipeline, which will be submitted to CEC.

## **SYMBIOSIS CENTRE FOR EMOTIONAL WELLBEING (SCEW)**

Mental health encompasses our emotional, social and psychological wellbeing and is an essential part of ensuring overall health and wellness. It has a widespread impact on the different facets of one's life. Recognizing the importance of good mental health, the Symbiosis Centre for Emotional Well-being (SCEW) was established in August 2018. SCEW aims to provide promotive, preventive, and curative mental health care services within the Symbiosis community and emphasizes a model of collaborative care.

Our team comprises of diverse and skilled Mental Health Professionals, deputed to various campuses of SIU and led by their Head, Dr. Girija Mahale, and Deputy Head, Dr. Rahul Bagale. We offer counselling, psychotherapy, and psychiatric consultation services to students, staff, and faculty members across SIU while emphasizing privacy, confidentiality, comfort, and a sense of security for our clients. To ensure extensive outreach and impact, the team undertakes various initiatives and conducts awareness drives, workshops, training programs, and webinars for all stakeholders.

Under the aegis of SIHS, a full-time Undergraduate Degree Program, B.Sc. in Mental Health is been recently launched by SCEW with due consideration to bringing mental health into education and reducing the stigma.

## **SYMBIOSIS COMMUNITY OUTREACH PROGRAMME AND EXTENSION (SCOPE):**

Universities have recognized the enormous potential of higher education to positively impact the health and well-being of students, staff, and the wider community through education, research, knowledge exchange, and institutional practice. With this view, Symbiosis launched Symbiosis Community Outreach Programme and Extension (SCOPE) on 02nd July 2012. The objective is to positively impact the community around.

SCOPE works towards achieving sustainable, comprehensive, and integrated development of the 32 identified villages in Mulshi taluka of the Pune district. SCOPE through its Mobile Medical Units (MMUs) and Rural Digital Literacy Labs offers doorstep delivery of healthcare and digital literacy services in several access compromised and service deficient villages.

### **Initiatives:**

SCOPE undertakes various Health and Community development initiatives in and around the university campus associated with Primary Health Care, Health Awareness and Promotion, and Personal - Social Development. SCOPE also celebrates various health days in our area by conducting health education, general health check-up camps, and other activities in the community. These initiatives are also part of the activities pertaining to Institutional Social Responsibility, Creation of a Healthy Environment, Developing Links with the Community, and Academic and Action Research in the Community. Additionally, students take up community research projects for Master's and Ph.D. programs in the villages.

MMUs visit the identified villages per the fixed weekly schedule and covers 32 such villages located in Mulshi taluka catering to a population of 40836 individuals. Since 2012, MMU has delivered preventive, promotive, and curative healthcare services to more than 339953 beneficiaries from villages and also during mega events such as Pandharpur Wari and Bhima Koregaon. We also partner with SUHRC for various activity conduction like the inauguration of the extension center at Kondhwe - Dhavde (Haveli block), Specialist visits at various PHCs of Mulshi and Vadgaon Mawal blocks, Key Opinion Leaders (KOL) visits, Speciality Camps, etc. The Rural Digital Literacy Labs currently offers services in 9 villages and reaches over 200 learners.

### Way forward:

SCOPE in the coming years is working towards increasing the number of villages where its healthcare and other services would be delivered. We firmly believe that our role as a university goes beyond imparting knowledge and skills to our students and as active agents of change and nation-building.

### Service Learning -Credit based course

Service learning is a method of teaching, learning and reflecting that combines academic classroom curriculum with meaningful service throughout the community. As a teaching methodology, it falls under the philosophy of experiential education. Service learning is the engagement of students in activities, which address or meet a community need. Students learn how service makes a difference in them and in the lives of others. It is linked to course/ discipline of students.

### Participation of Students in Service Learning:

Service Learning is one of the components, offered to under graduate students under Floating Credits Program. The course is of 4 credits and students have to put in 120 hrs. for community service related to their discipline.

### Benefits of Service Learning to Students:

- Increase of self-esteem, analytical skills and social development.
- Sense of empowerment by participating in community service where they are needed, valued, and respected.
- Improved citizenship as a result of active engagement in community life.
- Heightening the student's desire to learn through one's experience.
- Inculcation of leadership skills and values.
- Directly or indirectly application of concepts from the classrooms to the service.

## SYMBIOSIS CENTRE FOR ENTREPRENEURSHIP AND INNOVATION (SCEI)

Symbiosis Centre for Entrepreneurship & Innovation (SCEI) is a Technology Business Incubator (TBI) promoted by Symbiosis International (Deemed University) and supported by DST Govt. of India. SCEI is a special purpose vehicle (Section 8 Company) established in the year 2016 by the university to promote entrepreneurship and nurture innovative start-up ideas. SCEI is primarily established with funding from Symbiosis International (Deemed University). SCEI is also on boarded a incubation and mentoring partner on NITI Aayog-Women Entrepreneurship Platform(WEP). SCEI is a Not for Profit Company with a mission of contributing to socio-economic development in the region by promoting and nurturing entrepreneurship. SCEI also supports women entrepreneurs through a dedicated Women Entrepreneurship Wing (WeW). Technical and Business Mentoring is the core strength of SCEI to enable startups to build and commercialize innovative solutions. SCEI also leverages University research and innovation capabilities, and resources to support entrepreneurs in their start-up journey.

Being a part of the Symbiosis family, SCEI is well connected to innovation and Entrepreneurship ecosystem in India. SCEI provides office space, innovation lab access, mentoring support, company registration support, investor access to the start-ups which get incubated at SCEI and even student start-ups across the Symbiosis International (Deemed University)

## SYMBIOSIS CENTRE FOR ALUMNI ENGAGEMENT (SCAE)

### About SCAE:

Symbiosis Centre for Alumni Engagement (SCAE) was established on 10th of November, 2017. SIU established SCAE to work as a central body for alumni related matters. It has created a strategic blueprint to facilitate structured and long-term engagement with alumni. SCAE conducts online surveys to understand their ideas for contributing to initiatives such as career counselling, mentoring, guest lectures, reviewing of programs and events, and the possible establishment of endowments, sponsorships and scholarships.

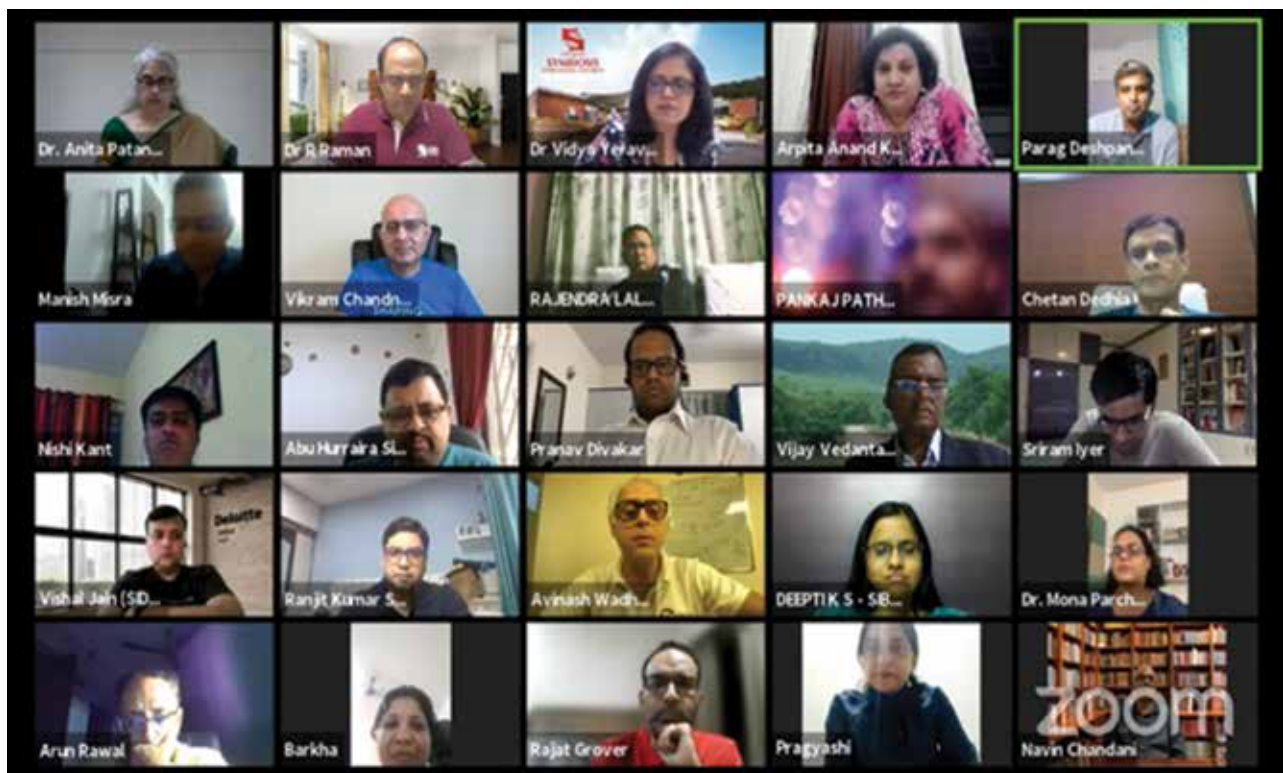

SCAE communicates regularly with alumni (emails/newsletters) on achievements and updates concerning SIU and its constituents. Senior leadership reaches out to alumni through SCAE. It continuously engages with alumni in meaningful dialogue through personal meetings / virtual meetings and webinars. Symbiosis

Alumni can support students and fellow alumni through mentoring, career guidance, internship provision and/or recruitment opportunities. Alumni can gain a sense of fulfilment by 3 E's: Experience, Effort and Endowment.

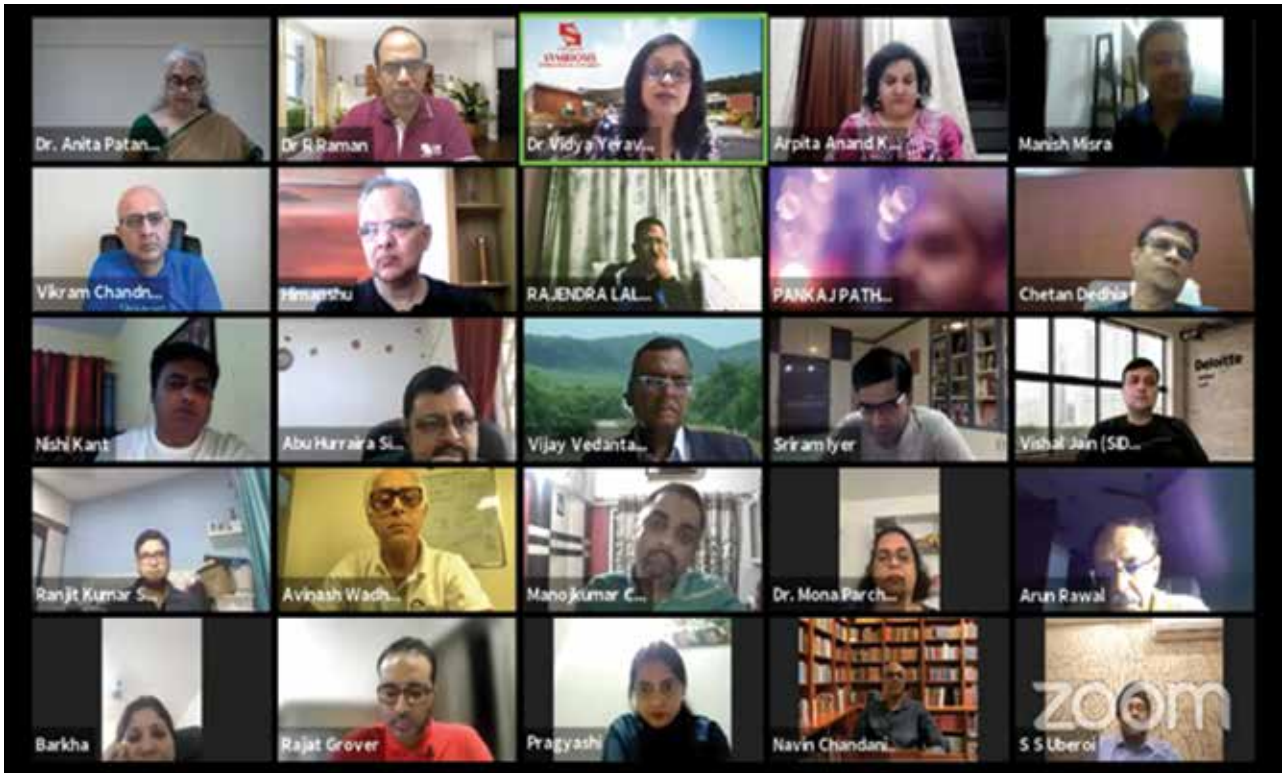

Symbiosis Centre for Alumni Engagement (SCAE) aims:

1. To nurture and strengthen a symbiotic and long-lasting relationship between Symbiosis and its worldwide alumni community.
2. To create a range of appealing and rewarding programs, meaningful dialogue and exchange of ideas.
3. To achieve excellence in the academic, intellectual and philanthropic pursuits of Symbiosis through continuous engagement with its alumni.
4. To set up a centralized Alumni information and engagement platform to ensure efficient and effective data management, relevant to the needs of Symbiosis for its development.

### Alumni meets in 2021-22:

Symbiosis Global Alumni Conclave: Date 28th August 2021 on Zoom

Symbiosis Global Alumni Conclave: Date 28th August 2021 on Zoom

Symbiosis Dubai Alumni Tweet Up: Date 25th February 2022 at Dubai

## **SYMBIOSIS CENTRE FOR INTERNATIONAL EDUCATION:**

SCIE is a department of the University that provides leadership and support for the University's efforts to internationalize the campus and the curricula. The mandate given to Symbiosis Centre for International Education (SCIE) is to streamline the processes related to international collaborations, participation in international conferences and seminars, international student mobility, setting up of Area Study Centres, etc.

At Symbiosis, there are international students from over 85 countries who undertake undergraduate and postgraduate studies. Students and faculty are repeatedly provided with opportunities to pursue their international academic interests to the fullest, be it through academic exchanges, or exposure to international conferences, seminars, workshops, etc.

Internationalisation at Symbiosis works on multiple tracks, hence, the five divisions in the Symbiosis Centre for International Education include:

1. International Admissions and International Promotions
2. International Student Relations and Events
3. International Initiatives and Collaborations
4. Symbiosis Centre for European Studies (SCES)
5. Symbiosis Centre for India Australia Studies (SCIAS)

### **International Admissions and International Promotions**

**International Students' Admissions:** Admissions of international students are centralized for all the constituent institutes of Symbiosis International (Deemed University) and routed through the SCIE. The procedure for applying for admissions at SCIE is

designed taking into consideration the requirements and difficulties faced by international students. The online admission procedure has made it accessible to each and every student to apply from different parts of the world and in the comfort of their homes. The student needs to come to India only when the applicant is shortlisted for a particular program chosen by the student. Software has been tailor-made to suit the admission procedure. The admission procedure is simplified in easy steps starting from the basic eligibility, checking of important documents to be submitted until the final payment, and confirming the admission. Through the system of online admissions, students are also able to make all their payments online and check the admission status online...

SCIE has undertaken the exercise of planning promotional campaigns in Africa and Asia. This includes participating in Educational Exhibitions / fairs and also visiting schools and educational counsellors.

### **International Student Relations and Events**

This department has the goal of ensuring student comfort while at Symbiosis International (Deemed University) and also communicating with foreign students in their home countries. Understanding the importance of ensuring a fulfilling experience, both academic and social, this department will focus totally on assisting foreign students to adapt to their new home. The students are encouraged to contact this department when faced with problems – academic, administrative, and even issues that are not directly related to the University, such as dealing with formalities at the Foreigners' Registration Office (FRO).

We have "buddy" system, which refers to the practice of assigning a mentor to each international student. The

**SIU students at UK & France**

“buddy” will be a domestic Indian student, who is familiar with the city of Pune. The “buddy” will be encouraged to help the student overcome challenges big and small – that are related to the institute and the University, as well as everyday problems related to settling down in India.

The department will conduct periodic meetings with international students in their individual institutes. The informal meetings are aimed at providing an opportunity to the students to share their experiences, both good and bad, giving an opportunity to solve these by initiating changes either in policy or regular activities.

SCIE organizes a variety of activities where international students of Pune city are able to meet on a common platform and display their many talents. As a part of enriching students’ international experience, SCIE organizes the International Food Festival, the Flag Hoisting Ceremony, NGO visits, Blood Donation Camps, Tree Plantation, Iftar Party, Christmas Party, Diwali Party, Dance Competitions and Sports activities like football tournaments and many more.

SCIE also organizes the International Students’ Convocation Ceremony. The convocation ceremony is an important landmark in a student’s life. It is normally organized by universities in India during the month of December. But since most foreign students have already left India by this time, they are deprived of this wonderful memory. SCIE aims to fulfil a students’ dream of walking down the aisle with a robe and cap by organizing the International Students Convocation Ceremony.

SCIE is assisted in such activities by the International Students’ Council. The International Students’ Council is an elected body for the smooth functioning of the activities and events of international students.

### **International Initiatives and Collaborations**

At Symbiosis International (Deemed University), our every endeavor is to look at ways to promote international understanding through quality education. The university believes that internationalisation imparts broadened knowledge and understanding of other nations, cultures, and global issues for students, strengthens research and knowledge production, diversify of faculty and staff assists in bringing innovative pedagogies and enhances the teaching learning process. To achieve these objections the university has international collaborations across the globe and framed policies for encouraging student and faculty mobility and designed programs for increasing and ensuring sustainability.

### **Student Programmes:**

#### **Study India Programme:**

SCIE offers two to four weeks customized program imparting international students an unparalleled opportunity to experience a combination of academic content and cultural activities. This program is designed to give the students understanding of the socio-economic, cultural, political, technological aspects of India. The program also includes visits to NGO’s, Cultural heritage sites.

**SIU students at Germany**

### Global Immersion Programme:

Under this initiative students from Symbiosis get an opportunity to experience semester abroad, Semester Exchange program, attend Summer School, and undertake short term internships. The university accepts the credits earned by students who undertake these programs.

Symbiosis encourages the collaborating universities to send their students for a semester at any of its institutes and transfers the credits earned by these students. The students have the flexibility to choose courses across disciplines.

### Faculty Programs:

#### Scholar-In-Residence:

This program was developed to share best academic practices, developing in house global competencies and international links. Through this program international faculty is encouraged to visit Symbiosis on short/long term engagement. The main activities envisaged are to conduct guest lecturers/ workshops / Symposia, teaching, reviewing and internationalizing the curriculum, conducting faculty development programs / seminar, conceptualizing, contributing and editing research journals, joint paper presentations in international conferences.

#### **Distinguished Visiting Professor:**

This is an initiative taken to attract distinguished academicians/ personalities to Symbiosis International (Deemed University) for short term period to teach courses in their area of expertise, conducting special course / expert workshops, developing grant projects.

#### **Faculty Exchange:**

SIU is actively involved in sending Faculty to foreign Universities on short term. This encourages the faculty to get an opportunity to teach at international partners. The faculty gets an opportunity to learn new methods of teaching, conducting joint research with faculty having similar research interests and imparting knowledge to the international students while focusing on the Indian or comparative perspectives.

#### **Lecture Series:**

SCIE organizes lectures by eminent faculties of International repute at different institutes of Symbiosis.

#### **Symbiosis Centre for European Studies (SCES)**

##### **SIU's Engagement with Europe**

Symbiosis has partnered with European Universities in different consortiums under the Erasmus + Programmes with an intention to enhance cooperation for facilitating students, faculty mobility and strategic partnerships which in turn will help capacity building and exchange of best practices. Partnerships with Universities in Germany under the DAAD- DIES (Dialogue on Innovative Higher Education Strategies) and DAAD-A New Passage to India have facilitated mobility and workshops for promoting internationalisation of higher education. In addition, we have organized Annual Leadership Series & Conferences on the contemporary issues focusing on the European Union and its relationship with the world. These forums have witnessed think tanks, diplomats and ambassadors share their insights with SIU students and faculty.

SCES is a multidisciplinary support department within Symbiosis Centre for International Education launched at the hands of the former Prime Minister of Czech Republic, Mr. Andrej Babiš in January 2019.

SCES lays emphasis on facilitating people-to-people, organisation-to-organisation and institute-to-institute

connections with Europe, bringing the best of scholarly expertise to India and encouraging Symbiosis students, faculty and staff mobility to Europe for research projects, engaging with Training & Consultancy projects with European companies and learning through partnerships. SCES is envisioned to be an umbrella support system for all academic/ scholarly/ generic activities with European nations, institutes and companies. Its purview includes all European countries and the European Union.

Symbiosis has been actively working with European partners for exchanges, Study in India Programmes and Erasmus+ projects.

## SCES ACTIVITIES & PROGRAMMES

Internationalisation @ Home initiatives

### EXCLUSIVE OPPORTUNITIES FOR SIU STUDENTS -

- (a) **E- Academies on Internationalisation-** Offered as three weekend programmes, these E-Academies help students develop intercultural competencies and prepare them to work effectively in multicultural environments. Symbiosis students get to work with students from other parts of the world who join as “E-Buddy Mentors” in this E-Academy.
- (b) **Your Gateway to Europe-** This is a special edition offered bi-annually for students highly focused on higher education in Europe. Illustrious speakers who are serving as diplomats, representing higher education bodies in European member states and European Parliament are the key facilitators for this E-Academy. Besides sessions, students from Europe join as e-buddy mentors for students enrolled in this programme.

Both these E-Academies are a blend of learning and fun with cultural, language and food exchanges. As an outcome, we release an annual culinary book “The World Kitchen” which features the recipes of all Indian and International students.

- (c) **Beyond Borders Work from Home Internships** for Indian and European students studying in universities in and outside India in the area of Research, Corporate Relations (Europe), Social Media Management (Content, Graphics, Motion/ Film Making). SIU students get international exposure through these WFH internships and work on international projects.

- (d) **SCES Student Think Tank**

SIU students are invited to get involved in our student led think tank under the Symbiosis Centre for European Studies. The Think Tank is also the First Indian Chapter of European Horizons, a global student-led policy incubator, founded at Yale University.

## Admission Process for Indian Students: STS

A candidate aspiring to join an MBA programme offered by any Institute of Symbiosis International (Deemed University) [SIU] has to take the common, mandatory Symbiosis National Aptitude (SNAP) Computer Based Test (CBT) which will be conducted at Test Centres.

The candidate needs to:

- a) Register for SNAP Test,
- b) Pay the registration fee for SNAP Test,
- c) Register for her/his choice of programme(s) offered by various Institutes of SIU,
- d) Pay the registration fee, separately for each programme.

If shortlisted for a programme applied to, the candidate would then need to participate in the further admission process (GE-PIWAT) of that particular programme.

The registration process (including the payment of the registration fee) for SNAP and Institutes is integrated. A candidate can complete the SNAP as well as programme registration and payment on the same portal (snaptest.org).

### SNAP Test Registration Process

**SNAP Test 2022 will be conducted on three different dates. Please note these dates and the respective test timings carefully:**

Dates of SNAP Test 2022	Time
December 10, 2022 (Saturday)	02.00 PM to 03.00 PM
December 18, 2022 (Sunday)	02.00 PM to 03.00 PM
December 23, 2022 (Friday)	02.00 PM to 03.00 PM

1. A candidate can appear for upto three tests for SNAP 2022. If a candidate appears for more than one test, the higher score will be considered for the final percentile calculation and there will be no normalization. A rigorous process that has been statistically tested will be administered to ensure that unique types of questions are framed under a specific topic across the question papers. The normal spread will ensure that there is no unfair advantage to candidates who opt for any specific test / multiple tests. This will ensure normalisation of the spread of questions across sections. Furthermore, the question papers will be normalised for the level of difficulty across all three tests. No correspondence regarding this will be entertained.
2. Register online on the website [snaptest.org](http://snaptest.org) (from August 04 to November 24, 2022).  
**Note – Any change in the online registration form (except name, date of birth, category, test city preferences and test date) will be entertained only up to November 24, 2022. No change shall be permitted after this date under any circumstances.**
3. Ensure that the information you have filled in is accurate.  
**\*No change in name, date of birth, category, test city and test date requests will be entertained once a candidate has paid her/his SNAP Test 2022 registration fee.**
4. Upload your latest scanned colour passport size photo at the time of online registration for the SNAP Test. (Your photograph should not be more than three months old).

### SNAP Test registration fee payment process

A candidate may pay through

- i) Billdesk Payment Gateway
- ii) Easebuzz Payment Gateway
- iii) Indian Bank Payment Gateway
- iv) Demand Draft.

Pay the SNAP Test registration fee of INR 1950/- **per test** (government taxes would be additional as and when applicable) from August 04, 2022 to November 24, 2022, as per the instructions mentioned on the website for Payment of SNAP Test registration fee.

**NOTE – SNAP Test registration fee and programme registration fee of the Institute is non-refundable and non-transferable.**

#### iv) PAYMENT THROUGH DEMAND DRAFT:

**The Symbiosis Test Secretariat (STS) will authenticate the details of the Demand Draft and will send you an email confirming the payment. Only after the realisation of payment, would you be able to view your Admit Card.**

#### **Note –**

1. Please note that STS will not be responsible for non-delivery or any delay on the part of courier / postal services.  
**The DD should reach STS by 5:00 pm on November 24, 2022.** If the DD reaches after this, it will not be considered and will be returned to the candidate.
2. **It is also mandatory to pay the registration fee of the desired programme(s) before the closing date of programme registration fee payment of that/those programme(s). The said fee must be paid through the SNAP website only ([snaptest.org](https://snaptest.org)).**
3. For disputes between a candidate and the STS, the candidate should first send an email to [registrar@siu.edu.in](mailto:registrar@siu.edu.in) with details about her/his grievance. If the candidate is not satisfied with the decision of the Registrar, s/ he can appeal to the Ombudsman of the University. Information regarding the same is available on <https://siu.edu.in/student-affairs.php>. All disputes between the candidate and STS in this regard are subject to the legal jurisdiction of Pune.
4. **Any attempt to impersonate or indulge in any malpractice, identified at any stage of the admission process would disqualify the candidate from the admission processes to all PG programmes of Symbiosis International (Deemed University) and may also lead to appropriate legal action as deemed fit.**
5. **SNAP Test 2022 Score will be valid only for admission to select programmes of SIU for the academic year 2023-24.** Admissions to the select programmes at SIU are strictly based on merit, assessment of individual

performance in SNAP and other processes prescribed by the University. (Note – SNAP Result will be declared on January 10, 2023, on snaptest.org and will be available till February 09, 2023).

If a candidate wishes to apply to more than one programme, s/he will have to pay an additional INR 1000/- for each additional programme applied to. (government taxes would be additional as and when applicable).

#### Note – Institute programme registration fee is non-refundable and non-transferable.

If a candidate wants to pay the programme registration fee through Demand Draft, s/he should make a Demand Draft of INR 1000/- for each programme (government taxes would be additional as and when applicable).

The rest of the process is the same as that for SNAP Test 2022. (Payment Through Demand Draft)

**Note -**

Even after the closing date of SNAP test registration fee payment, a candidate may still pay the programme(s) registration fee through SNAP website till the closing date of the respective programmes.

An Institute may offer more than one programme. A candidate should ensure that the preferred programme(s) is / are selected and the programme registration fee is paid for before the closing date.

Different programmes may have different closing date for programme registration fee payment. A candidate should visit the website of the concerned Institute(s) to check the same.

The Test Centre and its address will be printed on the Admit Card. (The Admit Card will be live on the SNAP website [snaptest.org](http://snaptest.org)).

**STS reserves the right to change or allot a city other than the one requested by the candidate in the event of the requested city not being available for any reason.**

While all efforts will be made to ensure that a candidate gets a test city as per her/his preferences, however, in some exceptional circumstances, a different test city in nearby area may be allotted. Computer-based testing is a proven and reliable process that is administered to tens of millions of people each year. As with paper and pencil testing, or virtually every other human endeavour, a very small number of problems could occur that might prevent a test from being delivered and/or a result from being generated. In the unlikely event this does occur, every effort will be made to correct the problem, up to and including the administration of another test.

- (iii) Master of Business Administration (Information Technology Business Management) programme conducted by Symbiosis Centre for Information Technology (SCIT), Pune
- (iv) Master of Business Administration (Information Technology) programme conducted by Symbiosis Institute of Computer Studies & Research (SICSR), Pune

**Note:** A candidate who is interested to apply under the category “Children/ Wards of Defence Personnel” for any of the abovementioned programmes, should select the category “Children/ Wards of Defence Personnel” for each programme separately.

#### 5] Domiciled: (25% of seats within the sanctioned intake- Only in case of Constituents at Off-Campus center, Nagpur)

In accordance with Clause A of Schedule C of the Lease Deed signed between Nagpur Municipal Corporation, Nagpur and Symbiosis, Pune on 4th September, 2017, the University has reserved 25% seats against the approved intake in each programme offered at the Off-campus Centre of the University at Nagpur for Nagpur Domiciled candidates.

##### The definition for Nagpur Domicile is:

The meaning of 'Nagpur Domiciled' candidate, for admission to the above-mentioned Institute only, is a person, who is domiciled in Nagpur for a period of five years as on the date of commencement of the academic year, and who has graduated from or is appearing for the qualifying examination of Nagpur University before admission to the programme. For more information visit Institute website ([www.sibmnagpur.edu.in](http://www.sibmnagpur.edu.in)).

##### \* The definition for Defence Personnel is:

The term Defence Personnel would mean only those serving / retired Defence personnel from Army, Navy, Air Force. Retired defence personnel are those who fall in the category of ex-servicemen as laid down in Ministry of Defence letter no 36035/5/85- Estt (SCT) dated 14 April 1987. It includes defence personnel who died while in service or after retirement.

**Note** – A candidate who is interested to apply under the category "Children / Wards of Defence Personnel" for any of the above-mentioned programme(s), should select the category "Children / Wards of Defence Personnel" for each programme separately.

**[B] Supernumerary Quota (Over and above the sanctioned intake):**

In addition to the above reservations, the University also admits candidates under Supernumerary Quota, as follows: -

- (1) Kashmiri Migrants and Kashmiri Pandits/ Kashmiri Hindu Families (Non-Migrants) living in Kashmir valley: 02 (two) seats per programme.
- (2) International candidates: 20% of the approved sanctioned intake [International candidates includes viz. Foreign National (FN), Persons of Indian Origin (PIO), Overseas Citizen of India (OCI) & Non-Resident Indian (NRI)].

The percentage of reservations and the existence of the categories in the reservations are subjected to vary from time to time.

A candidate applying under any of the reserved category (Scheduled Caste / Scheduled Tribes / Differently Abled / Kashmiri Migrants & Kashmiri Pandits / Kashmiri Hindu Families (Non- Migrants) living in Kashmiri Valley) are mandatorily required to submit relevant document issued by competent authority. Any participation at any stage of admission process by such candidate is purely provisional and will always be subject to verification and authentication of such relevant document.

In case a candidate falls under more than one of the above categories (eg. Scheduled Caste as well as Differently Abled or any other combination), he would need to select any one Category (i.e. either Scheduled Caste OR Differently Abled in the case of example mentioned above) at the time of filling up the SNAP registration form. The category selected by the candidate at the time of filling the registration form will be considered to be her/his category for the entire admission process and her/his benefits and entitlements shall be according to such selected category. S/he will not be able to claim benefit under the other category/ies at any stage of admission on any account whatsoever.

A candidate belonging to any reserved category should note the eligibility requirements carefully before applying. While it is the endeavor of SIU that a candidate belonging to SC/ST/DA category joins a programme as per the SIU norms, s/he has to meet the minimum eligibility criteria. A certain minimum level of performance in SNAP test is required to be considered for the subsequent admission process.

Please also note that if any information provided by the candidate in respect of her/his category is found to be incorrect, the University shall have the right to cancel the candidature of the candidate at any stage of the admission process. Instances of any incorrect information or process violation detected at any stage of the selection process will lead to immediate disqualification of the candidate from the selection process and he/she will not be allowed to appear for SNAP in the future. If such instances go undetected during the current selection process but are detected in subsequent years, such disqualification will take place with retrospective effect.

### \* Differently Abled Category (DAC) at SIU

In compliance to Government directives on disability guidelines issued by the office of the Chief Commissioner for Persons with Disabilities vide Ministry of Social Justice & Empowerment, New Delhi notification no. 16-18/97 dated 01st June 2001 and University Grants Commission Notification No. F.6-1/2006 (CPP-II/SCT) dated 30/09/2009, SIU has made provision of reserving 3% seats for Differently Abled Category (DAC) candidates in all the programmes offered by all the Institutes of SIU.

## EXAMINATIONS:

### Programme:

The programmes conducted by the University follow semester/ annual pattern. A programme means a set of pre-defined courses selected from the Course Catalogue and approved by the Academic Council of the University. Successful completion of the courses will lead to the award of a Degree or Diploma e.g. Master of Business Administration.

### Programme Outcome:

Programme outcome represents broad statements that incorporate many areas of inter-related knowledge and skills developed over the duration of the programme through a wide range of courses and experiences.

### Course Catalogue:

A set of approved courses that includes the course objectives, syllabi, pedagogy and assessment approaches.

### Course:

A course means individual subject that would be included from the Course catalogue to become part of the pre-defined courses of a programme e.g. Marketing Management

### Audit Course:

Audit courses are the courses which are offered as additional/ optional learning opportunities over and above the programme requirements. They shall not exceed 10% of the semester credits in which it is offered and will be reflected as 'Pass' grade courses (only if, completed successfully) and would not contribute to the GPA/ CGPA.

### Course Outcome:

Course Outcome are statements clearly describing the meaningful, observable and measurable knowledge, skills and/ or dispositions that students will learn in this course.

### Credit: A credit is defined as follows:

- a) 1 Credit = 12 hours of face to face contact sessions including continuous assessment as per SIU norms: not exceeding 2 hours\* + 3 hours for continuous assessment linked to experiential learning.

- b) 1 Credit = 30 hours of Laboratory or Studio or practical hours
- c) 1 Credit = 60 hours of Internship/ Project/ Dissertation
- d) For courses which employ combination of practical and theory, the practical hour be converted to contact hours in the ratio of 1:2 meaning 1 face to face contact hour = 2 hours of practical (Lab and/ or Studio hours)

Each credit is assessed for 50 marks at the PG level and 25 marks at the UG level, unless otherwise explicitly mentioned by the respective statutory councils.

### Term:

A term in semester pattern means one semester and in annual pattern means one year.

### Semester:

A semester consists of a minimum of 90 days of teaching-learning and requires about five months to complete. Any programme of 2 years duration will have 4 semesters, any programme of 3 years duration will have 6 semesters, any programme of 4 years duration will have 8 semesters and the programme of 5 years duration will have 10 semesters.

### Term Not Granted (TNG):

Minimum 75% attendance in aggregate is mandatory for all the students to be eligible to appear for the term end examination of all courses of the term. If the aggregate attendance and attendance in each and every course is below 75% then the student will not be granted the permission to appear for the term-end examination.

### Course Not Granted (CNG):

If a student falls in TNG category (i.e. aggregate attendance is less than 75%), then the CNG rule is applied, by checking course wise attendance. In the course/ s where the student has more than 75% attendance, he/ she may be allowed to appear for the examination and the remaining courses are termed as 'Course Not granted'.

### Assessment:

The assessment includes continuous and term-end assessment. Continuous assessment in general, is formative while the term-end assessment is summative in nature.

### Term-End Evaluation:

At the end of every term the University shall conduct 'Term-end' examination, under its supervision and jurisdiction.

### Continuous Assessment:

The University has adopted the policy of continuous assessment, which shall be carried out by the respective constituents in accordance with the rules and regulations of the University. Continuous assessment aims at multi-level assessment and may include components like class room/ online test, surprise tests, open book test, research essay, assignments, quizzes, case studies, practical, presentations, viva and others as approved by the Board of Studies of the respective Faculty. All the components of assessment should be spread across the term. Award of marks for attendance should be strictly avoided.

The number of minimum components of Continuous Assessment shall be  $(n+1)$  where 'n' stands for number of credits.

### Time slot for University Examinations:

External Marks	Duration of Examination	Compensatory Time in case of Writer
Less than 40	1 hour	20 min.
40 to less than 60	1 hour and 30 minutes	30 min.
60 to less than 80	2 hour and 30 minutes	50 min.
80 and more than 80	3 hours	60 min.

### Marking system for Symbiosis College of Nursing:

As per the requirement of Nursing Council, the following rules shall apply –

- A student must have minimum of 80% attendance (irrespective of the kind of absence) in theory and practical in each course for appearing University examination.
- A student must have 100% attendance in each of the practical areas before award of degree.
- Minimum pass marks shall be 50% in each of the theory and practical examination separately.

- Time duration for the Term End examination shall be as per INC Guidelines
- A candidate can take maximum three attempts per course inclusive of first attempt with a condition that he / she completes the course successfully within the maximum period allowed.
- The maximum period to complete the programme successfully should not exceed 8 years for 4 years programme and 4 years for 2 years programme.
- If a student fails in either theory or practical paper he/she has to re-appear for both the papers (Theory and practical).
- All practical examinations must be held in the respective clinical areas with one internal and one external examiner.
- Maximum number of students for practical examination should not exceed 20 per day.
- The candidate, in spite of failing in more than two courses he/she can be promoted to next year except for the final year. To get promoted into the final year the student has to pass in all courses of previous years.
- Internal and External assessment ratio is 25:75.
- Transcript in the format prescribed by the Nursing Council shall be provided by the Constituent.

### Award of Class as per INC Rules & Regulations:

Percentage Range	Division
50%	Pass in each of the head (Theory & Practical)
50.01 to 59.99%	Second Division
60.00 to 74.99%	First Division
75% and above	Distinction

### Choice Based Credit System (CBCS):

#### Cumulative Grade Point Average (CGPA) System for Academic Programmes:

- All programmes of University shall follow the total credits as recommended by Board of Studies and approved by the Academic Council and will adhere to the distribution of continuous assessment and Term End Examination prescribed in the approved programme structure.
- Audit courses shall not be considered for computation of GPA/ CGPA. The grade P (Pass) will be printed on the grade sheet only if the student passes the course. This course is evaluated 100% on a continuous basis.

- **Relative grading:**

The grading of students will be done based on the relative performance of the students compared to the class. Continuous Assessment, Term End Examination and Practical (if any) will be separate heads of passing. Passing in a course means securing 40% of absolute marks in each head. Separate grade points will be calculated for Continuous Assessment, Term End Examinations and practical (if any). The weighted average of these components will be the grade point for the course.

- **Grading on absolute performance:**

Evaluation based on absolute marks may be applied for the courses Project/Dissertation/Thesis/ Internship.

Absolute grading shall be applicable for all the courses where the student number is 15 or less in each course.

- **Re-evaluation:**

In case of re-evaluation, the scores obtained will be fitted as per the original range of marks of the grades.

- **Backlog Examinations:**

In backlog examination the marks secured will be fitted back into the earlier distribution i.e. original range of marks of the grades.

- **Calculation of GPA for Semester and Overall CGPA:**

The Grade Point Average for the semester will be calculated by taking the weighted average of the course grade points.

The weights will be defined as per the credit points they carry. Similarly, the CGPA for the programme will be calculated by taking the weighted average of the semester grade points where the total credits for the semester will act as the weight. The formula is as below:

$$\text{CGPA} = \frac{\{( \text{GPA of Sem. I} ) ( \text{Credit Points of Sem. I} ) + ( \text{GPA of Sem. II} ) ( \text{Credit Points of Sem. II} ) + ( \text{GPA of Sem. III} ) ( \text{Credit Points of Sem. III} ) + ( \text{GPA of Sem. IV} ) ( \text{Credit Points of Sem. IV} )\}}{\{ \text{Total Credit Points} \}}$$

- CGPA will be calculated up to two decimal points

- Conversion of CGPA to percentage marks: Percentage = CGPA / 10 \* 100

- There is no provision to appear in examination to improve marks or grade.

- **Standard of passing:**

A student has to pass Continuous Assessments, Term End Examinations and/or Practical (as applicable) separately i.e. obtain minimum GP of 4.00. GP less than 4.00 will be treated as grade F (fail).

- **Award of Degree/Diploma:**

A student (UG/PG) will be awarded the degree only if he/she has a CGPA of minimum 4.00 on the completion of programme and has cleared Integrated Disaster Management Programme.

Publishing a Research Paper in recommended journal viz. Scopus/Web of Science indexed is mandatory for award of degree for Post Graduate students.

### Calculation of Grade Points corresponding to nine grades based on relative grading:

Letter Grade	Proportion	Grade Point
O (Outstanding)	Top 3%	10
A+ (Excellent)	12%	9
A (Very Good)	21%	8
B+ (Good)	28%	7
B (Above Average)	21%	6
C (Average)	12%	5
P (Pass)	Bottom 3%	4
F (Fail)		0
AB (Absent)		0

### **Allowed To Keep Terms (ATKT) Rules:**

A student will attend classes of all the years with his / her batch. The following rule will be applicable as per the total number of semesters in a programme:

#### **ATKT rule for 2 and 2 ½ Year Programme**

He/ she cannot appear for Term End Examination of **Semester-3** if he/ she has CGPA less than 4.00 up to **Semester-1**.

He/ she cannot appear for Term End Examination of **Semester-4** if he/ she has CGPA less than 4.00 up to **Semester-2**.

He/ she cannot appear for Term End Examination of **Semester-5** if he/ she has CGPA less than 4.00 up to **Semester-3**.

However, a student who is eligible to appear for a later semester will also be permitted to appear for all the previous semesters irrespective of the ATKT rule applicable to that semester. (e.g.: A student having CGPA less than 4 at the end of Semester - 1, but having CGPA greater than 4 at the end of Semester - 2 will be eligible to appear for Term End Examinations of Semester - 3 and Semester - 4)

The ATKT rules will not be applicable post the minimum duration of the programme is over i.e. the student can appear for any semester backlogs during the extended validity of the programme.

### **Validity of Terms for Post Graduate Degree Programmes:**

Students admitted to the post graduate degree programmes of the University, are allowed to keep term for a period of one year from the date of admission beyond the normal period of the programme, i.e. a student joining two years programme must complete the programme in three years from the date of admission.

#### **Expiry of Validity**

Students who are not able to complete their programme within the stipulated period will have to take fresh admission to the programme as per the prevalent rules and his/ her performance at the examinations and the terms kept earlier will be treated as null and void.

## DEPARTMENT OF SPORTS, RECREATION AND WELLNESS (DSRW)

Sports and Games are essential components of human resource development, helping to promote good health, comradeship and spirit of healthy competition which in turn has positive impact on holistic development of personality of the Youth who is potential source of energy, enthusiasm and inspiration for development, progress and prosperity of a Nation. Symbiosis International (Deemed University) established its University Sports Board in 2010 and the Department of Sports, Recreation & Wellness was established in 2019. The DSRW particularly is responsible for the development of sports infrastructure, participation in sports at grass-root level, fitness testing for staff and students as well as excelling at National Sports Tournaments. Our emphasis is on Physical Literacy for our students, faculty and staff for lifelong improvement in their quality of life. The Department provides access to state of art playfields and Gymnasiums at all campuses, fitness and wellness programs, multiple group classes, sports competitions and counselling.

### Objectives of the SIU Sports Board

- To advice on creating a culture of sports by imbibing higher moral and Ethical values, spirit of comradeship and the desire to excel.
- To advice on providing equal opportunities and encourage students and staff to participate in sports and fitness activities.
- To annually organize Symbiosis International (Deemed University) / Inter institute competitions in specified games and sports for the students & staff.
- To advice on promoting excellence in sports by encouraging participation in National and International championships in large numbers.
- To recognize talent in sports and reward young women and men, achieving excellence in sports.
- To offer sports scholarship, prizes and other awards to outstanding athletes and sportsmen and women.
- To review the progress on developing, maintaining and optimally utilizing sports and fitness infrastructure.
- To organize workshops, seminars on sports and fitness related subjects.

### Activities at the Department of Sports, Recreation & Wellness

#### • Infrastructure and facilities

On campus sports and recreation facilities are some of the best and offer many outdoor recreation options for all. We boast of 13 indoor and outdoor fitness centres, Tennis Courts, Basketball courts, Volleyball Courts, Futsal Courts, Football Field, Cricket Field, Indoor Badminton Hall, Squash Courts, Gymnasiums, Swimming Pools, Yoga and Aerobic studios and offer many group classes, Coaching facilities, Yoga for rejuvenation and stress management and options to participate in outbound programs and competitions at all levels.

#### • Inter Institute Championships and Participation in Inter Varsity Competitions

Inter Institute Competitions are conducted in 13 sport disciplines and from amongst them teams are selected and coaching imparted so as to represent Symbiosis International University at the Inter Varsity Competitions. Tournaments for staff are also organized annually.

#### • Assessment of Physical Fitness

Standard Fitness tests are conducted every year to have a base level understanding of Physical Fitness standards of all students, faculty and staff, analyse data, suggest interventions and offer free counselling and personal training.

#### • Mass Sporting and Physical Activity events

Emphasis is given to large scale one-of its kind Mass Sporting and Physical Activity events which are Live events, highly visual and very inspiring. These are accessible and welcoming for all ages, shapes and paces. They work towards personal wellness rather than fitness and build confidence rather than competitiveness. Some examples are Happy Healthy campus (a 3 hour activity taking you back to school, Rhythmic activity, fitness challenges and adventure sport with 500 to 1200 participants), International day of Yoga ( at all 13 campuses), Symbi- Fit (Competition to showcase your fitness

with 400-500 participants ) Institutional Social Responsibility (Fitness challenge for children from underprivileged schools), Fitness for Freedom Run (a run to celebrate the Independence day) and several Fitness challenges that are held at our gyms located in every campus.

- **Innovative activities**

These activities provide the variation and challenge that everyone is looking for and include - Sports dating (Exercising with a person of your choice), Activity breaks (Short Rhythmic activities 5-7mins in academic meetings, conferences in offices etc.), Yoga Pop ups on the screen, Stair Snacking (using the stairs to improve fitness), 10,000 steps challenge and the 108 days Yoga challenge.

- **Symbithon**

Symbithon is a run/walk event organized to raise public awareness of NCDs, with particular emphasis on exercise and fitness as a component of preventing and managing these diseases. It aims to create healthy working, learning and living environments for students, staff and the community at large, encourage, inspire and motivate youth from varied backgrounds to improve their health through running and exercise. Symbithon 2020 had 6505 participants from 13 countries and Symbithon 2021 had 9031 participants.

- **Sports Scholarship**

The Sports Scholarship Scheme aims at recognizing achievements of young sports persons, their outstanding performance at the International, National, State and Inter University levels.

- **Credit Courses**

### Institute Profile:

Established in 1978, Symbiosis Institute of Business Management (SIBM Pune) is the flagship institute under the faculty of management and a constituent of the Symbiosis International University (SIU). SIBM Pune started out in a humble manner 41 years ago and has come a long way to become one of India's leading B-Schools, consistently ranked among the top ten. Today, SIBM Pune boasts of a sprawling green campus in a picturesque setting atop a hill in Lavale, Pune.

SIBM Pune runs its much sought after two-year full time MBA program which attracts over 40000 applications for its 180 seats, and a uniquely designed MBA in Innovation and Entrepreneurship to churn out future job creators.

The most striking feature of SIBM Pune is that it is a student driven institute. The institute operates through student councils consisting of teams responsible for different activities. All major events at SIBM Pune are designed and implemented by the students, resulting in multi-faceted opportunities to learn not just about business but also about social issues and concerns.

SIBM Pune over the years has carved a niche in the holistic development of students. The institute believes in constantly seeking inputs from the industry and its dynamic course structure is updated regularly to ensure that the students match corporate requirements in terms of knowledge, skills and abilities.

The students of SIBM Pune choose their specialization within 45 days of the commencement of the course. The specialization classes commence long before the summer placements for students to have the necessary knowledge that they would find useful during their summer internships.

A consistent and outstanding placement record for several years has been strength of the institute. Numerous SIBM Pune alumni have proved their credentials as top business leaders in organizations around the world.

The multi-disciplinary faculty members are drawn from the cream of academia as well as industry. Their diverse backgrounds and immense experience provide valuable insights into the many facets of the world of business.

Equipped with top class infrastructure, the institute offers all the audio video equipment to facilitate student learning. The amphitheatre style classrooms are equipped with LCD projectors and inbuilt audio systems.

SIBM Pune also provides ample opportunities for students wish to participate in sports. Its in-house cricket ground, swimming pool, basketball court, gym, yoga/fitness centre and indoor badminton courts give students a chance to pursue sporting activities.

The good news is SIBM Pune is not just about the full time MBA program, there are a host of weekend courses for working professionals as well. The weekend courses include a full-length executive MBA programme apart from a variety of one year post graduate diploma programmes in all functional areas of management. Ever responsive to the needs of the dynamic corporate world, there is also a unique post graduate diploma in Innovation and Corporate Entrepreneurship.

These courses keep the campus as alive on weekends just as on any working day. It is an extremely satisfying sight to see the participants totally enjoy their back-to-school status.

### Orientation and Pedagogy:

SIBM Pune conducts its Orientation Programme in a novel way. The very first day of the programme is made special for the students. After the ceremonial address by the Director, the students are divided into teams of twenty. Each team is handed over to a team of two faculty members. The faculty members take their teams of twenty students through a series of interesting ice-breaking sessions and team building exercises for the rest of the day. The day ends with a group task for the next day. On the second day, teams of twenty have to perform on stage. The stage performance is divided into parts. One is a purely academic part.

Second part is a cultural performance which may include singing, dance, mimickery etc. Next two days are generally devoted to outbound activities leading to development of team building and problem solving skills. The last two days are generally devoted to experience sharing sessions by corporate executives as well as entrepreneurs, preferably from the alumni pool.

Pedagogy at SIBM Pune is a mix of many methodologies. Apart from the usual chalk-n-talk, there is a conscious effort to make the sessions interactive by using case studies and references of latest developments in the relevant field. In addition, students are encouraged to undertake multiple projects to hone their research and analytical skills. Latest tools and techniques like Business Simulations are used wherever possible. Ample amount of guest lectures are organized by inviting leading corporate executives, especially from the alumni pool. In fact, SIBM Pune has consistently received Awards for excellent industry interaction. Students are also encouraged to write success stories of illustrious alumni, which the college publishes in the form of books. Field visits are also a regular feature.

#### **Institute Profile:**

Established in 1992, Symbiosis Institute of International Business (SIIB) is a constituent of Symbiosis International (Deemed University) (SIU) and is one of the highly acclaimed business schools in the country. It has been recognized as a B-School that provides budding entrepreneurs and managers with the foresight to tackle the sweeping changes of the liberalized and globalized Indian economy. The motto of the institution has always been to 'Adapt to Global Business Challenges' which it has successfully done for the last thirty years. SIIB is one of the few institutes under SIU imparting education in 3 diverse areas namely; International Business, Agri-business and Energy and Environment. This diversity is the core strength of SIIB. With number of International Academic as well as Corporate Collaborations to its credit, SIIB is a true guiding force which facilitates students to get equipped for international business environment. In an increasingly globalized world, SIIB always strive to be ahead of the curve.

At SIIB, the students get an excellent opportunity to interact with the best in the industry during various management events organized by the Institute and through guest lectures, workshops, industry visits, live projects and mandatory two months' summer internship. This constant interaction with industry keeps the students updated about the latest industry trends and ensures overall personality development and transpires into 100% placements every year in companies encompassing variety of sectors like Consulting, Banking, IT, Manufacturing, Agri-Input, Energy and Environment etc.

SIIB has collaboration with Bloomberg, SAP and WTC. SIIB is the first campus in the country to be part of Smart Campus Cloud Network (SCCN) to monitor and measure the total energy consumption of the institute.

Counted amongst the league of top MBA schools in India, SIIB's flagship programme is the MBA in International Business. The MBA-International Business is an intensive, two-year, residential, post-graduate degree programme, specifically designed for a rewarding career in global business management. This programme is a unique blend of theories and practices that prepares students for domestic markets as well as business on a global platform.

The International Business courses such as Export and Import Management, Global Strategic management, Trade Finance and Forex Risk Management, Advanced Strategic Management, Foreign languages, etc., make this programme truly unique and aligns well with the trends in the International business discipline.

Students, who enter the portals of the Institute, come from diverse academic backgrounds such as engineering, economics, mathematics, chartered accountancy, IT, commerce, etc., and provide a vibrant tone to the programme. The first semester serves as a churning crucible and creates the basis for understanding business management. Students are brought together on a level playing field before the introduction of specializations in the second semester.

Symbiosis Institute of International Business (SIIB) offers an elective system wherein a student can opt for major courses in any one functional area of specialization (Marketing, Finance, Supply Chain Management, and Human Resource). The semester pattern followed by SIIB ensures that the subjects are covered in detail and every course that is taught, is understood and assessed thoroughly.

- **Master of Business Administration (Agri Business) [MBA(AB)]**

Agriculture and allied sectors like forestry and fishing accounts from a significant part of the GDP and continues to be the mainstay of the Indian economy. Food security is a growing needed of society and mankind and much emphasis is laid on commercializing agricultural production. Hence, adequate production, distribution of food, food security has lately become a global concern.

**'Lighting of the Lamp' during Induction Function:**

*L to R Dr. Rajani Gupte - Vice Chancellor (SIU), Mr. Shaurya Doval - Director - India Foundation and Torch Investment Management, Mr. Susheel Kumar - Managing Director - Syngenta India Pvt. Ltd., Dr. Vidya Yeravdekar - Pro Chancellor (SIU) and Dr. Asmita Chitnis - Director (SIIB).*

Agriculture has long been seen as a sector with tremendous potential in India. In the last few years, the sector has seen an unprecedented gain with many government and private sector initiatives. The, changing global norms and increased global competitiveness invite a tremendous need for professional courses in Agribusiness Management and makes it one of the most challenging and exciting sectors to be in, either as a professional or as an entrepreneur. The MBA-Agribusiness program is thus a response to this growing need for professionals, who can contribute to, and engineer the agribusiness revolution. SIIB is recognized as one of the top institutes for imparting an industry-relevant course in Agri Business Management in India.

The MBA-Agri Business programme broadly covers Marketing (emphasis on rural marketing and retail management), Finance (emphasis on microfinance, commodity trading and lending and risk management), Supply Chain Management (logistics in retail), and Taxation. It also focuses on the relevant and applicable fields of Agriculture and WTO, Agri-export-import and Agricultural Finance. Moreover, at SIIB, a student pursuing an MBA in Agri Business possesses a high level of decision-making skills and can go out confidently into the demanding and dynamic world of Agri Business Management.

#### Areas of specialization offered:

- Marketing • Finance • Human Resource • Operations • Strategy Innovation and Entrepreneurship

The MBA programme at SCMHRD reflects its commitment towards quality and excellence. Curated by expert academicians and seasoned industry professionals, the programme represents a forward-looking approach of SCMHRD. The dissemination of business management knowledge and inculcating an applied orientation is primarily done through a three-tier approach in the curriculum. With foundation courses in the first semester, the programme advances to functional and applied courses in its next two semesters. With the final semester focussing mainly on the strategic aspects of business management. Thus, providing a holistic view of business management to the students. Experiential learning through simulations, case studies, live projects, research papers, and various other relevant means form an integral part of the programme. Thereby enhancing its richness

and quality manifolds. Supporting this systematic approach to business education is the 'Assurance of Learning' framework. Which is a vital cornerstone of the teaching-learning process at SCMHRD. Which provides a quality assurance framework to the programme through the constant monitoring and augmentation of its programme learning goals. Thereby making the MBA programme at SCMHRD is a very systematic, disciplined, and enriching journey for an individual student to embark upon.

- **Master of Business Administration (Infrastructure Development and Management) - M.B.A (IDM)**

The MBA in Infrastructure Development and Management (M.B.A-IDM) is a 2-year full-time management programme offered under the aegis of Symbiosis Centre for Management and Human Resources Development (SCMHRD). The program was envisioned in 2010-11 in an environment of increasing government focus on the infrastructure sector. The program skills students with project execution and management skills, required to fill the lacunae in Indian infrastructure development. The program was conceptualized with the following program objectives:

- Structure technically, commercially, financially, socially, and environmentally
- feasible infrastructure projects within the regulatory framework and governance
- structure.
- Ensure effective project execution while ensuring efficient management of
- contractual relationships with different stakeholders along the project life cycle.
- Lead Infrastructure project business development successfully.

Given these objectives, the program focuses on 5 key competencies namely, project execution, project financing, business development & planning, project risk management, and contracts management. Students also undertake courses that deliver sectoral expertise, namely in the areas of real estate and urban development, transportation, and energy. The program delivery is based on innovative pedagogical methods, to maximize student learning opportunities which include site visits, industry guest lectures, and case-based teaching. In addition, students and faculty engage in practice research, which makes use of theoretical concepts to solve real business issues.

- **Master of Business Administration (Business Analytics) - M.B.A (BA)**

The MBA - Business Analytics post-graduate program at SCMHRD has the unique distinction of being the earliest program in the country in this domain. The need for digital transformation across the industry space necessitated a need for a formal program integrating aspects of business as well as analytics. Faculty in this program are practitioners and academicians who are at the cutting edge of the business and practice of analytics. Classroom interactions are supported by working on use cases pertaining to the field enriching and orienting the students in a way that makes them industry ready. The sector has seen the highest growth rate in remuneration and alumni of this program have risen the corporate ladder quickly. Since the field is a crucible of all areas, it looks at promising students across all areas of specialization. Enrolment in this program ensures competency in data analytics concepts of machine learning, deep learning, dashboards, natural language processing and business concepts leading to understanding of domain specific understanding like Financial analytics, HR analytics, Risk Analytics, Healthcare analytics, Telecom analytics, Marketing analytics, Operations analytics etc. with the help of software tools like Python, Tableau, Power BI, SPSS, Eviews, R, colab, Tensor Flow etc

**Orientation and Pedagogy:**

“The great aim of education is not knowledge but action.”

- Herbert Spencer

The pedagogy at SCMHRD is a concoction of learning techniques that prepare the students for real-world challenges. Classroom lectures at SCMHRD are never a monologue but always a discussion as the students are encouraged to question the common practices and come up with innovative solutions. They are made aware of the different verticals of many industries through Guest Lectures where they get a chance to learn and interact with leaders from various corporate fields. This helps in broadening their perspective and gives them a glimpse of what the corporate world holds for them.

SCMHRD follows a unique way to help its students get acquainted with their batch mates by organizing an outbound learning programme at Surya Shibir every year. A lot of team-building exercises are conducted in order to

remind them that the first order of action is working together, before working to win. The long and challenging trek followed by a chill-out session where the students sing and dance out their entire tiredness are a few cherishable highlights of the outbound exercise.

On the very first day, as part of the induction programme, students have a session with the Director and heads of various departments who walk them through what SCMHRD has in store for them. Students are also briefed about the importance of gender sensitization in the development of an individual. The initiative of conducting this discussion has definitely proven to be a great start to the journey of the students towards becoming inclusive leaders in the future.

Language is not only a medium of communication but also a channel to build relationships and nurture friendships. “Vasudhaiva Kutumbakam”, which means “The world is one family” is entirely true in the post-globalization era. This intensifies the need for future business leaders to be well-versed in at least one foreign language. At SCMHRD, students are given an opportunity to learn foreign languages, thereby preparing them to be world-class leaders.

## Orientation and Pedagogy:

Orientation is an integral part of SIMS. It is a credit course in the programme structure which is placed as an Experiential Course. It prepares the new MBA students for a life of professional managers & equips them with the strength to deal with the challenges it presents. The duration of the orientation programme ranges from 2-3 weeks. The programme starts as soon as students report to the college in June. The overall orientation structure is divided into two parts - academic & extracurricular.

In academics; students attend lectures that cover the basics of subjects for the 1st semester like Accounting, Economics & Business Communication and major topics on Excel and Statistics. The students also attend various guest lectures that range from motivational talks to choosing the right specialization.

The extra-curricular focus is on inculcating good habits. During the orientation, the day starts in the early morning. All the students attend basic exercises followed by activities like yoga, sports, and dance which focus on stamina & importance of good health. It also focuses on the Management Games and also the Musical Programme which is a source of stress buster. It focuses on ISR activity which shows the concern towards the society as an extension programme and also Swachh Bharat as a responsibility towards society.

In the evening students are given assignments to work on. The aim of such assignments is to emphasize self-learning & peer learning.

The orientation, even though hectic; equips SIMS students with leadership capabilities, time management, multi-tasking & importance of goal-setting - all the qualities, that SIMS Alumni are known for in the Industry.

## Orientation and Pedagogy:

### ✓ **Dynamic Curriculum:**

The program structure and courses, academic curriculum and examination process is continuously upgraded. In order to address the existing needs of the industry and in accordance with the eclectic nature of our academic portfolio, program review committee (advisory council) is formed and they share their input every year. SIDTM (Formerly SITM) while designing its curriculum considers these inputs and subsequently discusses it in the Board of studies. The Board involves intelligentsia from varied backgrounds and specializations. The curriculum is delivered with the help of various teaching methodologies. The curriculum is focused on technology management perspective.

### ✓ **Classroom Teaching :**

The spirit of Classroom teaching encompasses the fundamentals of theoretical and conceptual learning. It extends its traditional boundaries into the world of interactive learning through case studies, assignments, quizzes and mock presentations by the students.

### ✓ **Group Learning:**

The students are grouped into syndicates, which encourages a free exchange of ideas. We strongly believe that syndicate learning – peer learning is vital for creativity. This activity encourages students to understand group dynamics and then perform in groups. The methodology helps students to improve their communication skills and harness team spirit.

### ✓ **Guest Lectures:**

Guest Lectures offer students a chance to interact with professionals not only from the IT and Telecom industry but also from various other fields. Their inputs enable our students to get insights into the corporate world.

### ✓ **Workshops:**

The institute conducts workshops on various topics to sensitise students on the latest trends in the industry. This process yields the much-needed inputs for adding a value proposition to the portfolio of a student at SIDTM (Formerly SITM).

### ✓ **Seminar:**

SIDTM (Formerly SITM) arranges International Telecom Seminar where we invite industry experts and eminent persons who talk about current technologies, the techno-managerial perspective of telecom business and its environment. The speakers come from various industries including international speakers. It is a valuable addition to students. It brings on a neutral platform, for visionaries from across the global ICT industry to discuss and explore the various current global telecom trends.

*Inauguration of Communiqué 18 International Telecom Seminar by Mr. Edwin Moses, Group Vice President – Oracle*

*The creative Quotient with ideas worth spreading*

✓ **Simulations and Lab Sessions:**

SIDTM (Formerly SITM) is using simulations for effective learning. We have network simulation, marketing simulation, and business simulations. Students learn the concepts with the help of simulations. Apart from simulations, students use the lab for various databases, analytics, and other courses.

✓ **Industrial Visits:**

The institute gives special importance to understanding the practical aspects of technology. As a result, Industrial visits are organized. These industrial visits are instrumental in enabling the students to have a practical understanding of telecom and it also encourages interaction between students and the industry.

✓ **Summer Projects :**

The students also undergo two months of rigorous summer training in the industry. Upon completion of the project, reports have to be submitted to the faculty, and presentations are made to the batch. The reports are evaluated according to a host of parameters by teams of eminent professionals and academia. Students are selected from the campus through a summer recruitment process.

✓ **Research Projects:**

To inspire thought and initiate the in-depth study in various areas of business and technology, a research project is allotted to each syndicate. This project is conducted over a 10-month period. The research project primarily relates to techno commercial aspects of the ICT industry. The management, alumni, and industry experts decide the topics of the projects. It involves studying the technical aspects along with the business issues and commercial viability. The institute also shares these research projects with the industry.

Dr. Vandana Sonwaney, Director, Symbiosis Institute of Operations Management, shifted to academics 27 years back after 12 years of corporate experience in Electronic, FMCG and Services sector with profiles in brand liquidation, logistics service enhancement, S&OP and SCM and Consulting.

Her exemplary work in curriculum development focused on continually evolving competency requirements of the industry, culminating into shaping a niche Institute in field of Operations management that SIOM stands conceitedly today and speedily evolving into a center of operations excellence. Under her leadership, SIOM bagged “Best Industry Interface” and “Best Industry oriented curriculum” every year since 2009. SIOM also received the “The prestigious Education Excellence Award 2018” by “Confederation of International Accreditation Commission forum” in Delhi.

Dr. Vandana is a recipient of “Distinguished Service Award” for her contribution to fostering Management Research, She received the “Indian Leadership Award” for Education Excellence by All India Achievers Foundation New Delhi and the “Outstanding B School Director Award” in 2019 and in 2022, she was conferred the ‘Prof. Indira Parekh’ 50 Women in Education Leaders’ award.

Dr. Vandana is currently on the CII Maharashtra task force for Manufacturing and Innovation and also a Co Convener of Industry -Institute collaboration at CII North West Maharashtra Zone She is on the National Advisory Board of Small and Medium Enterprises Chamber of India.

Dr. Vandana is also an Independent Director on the Company Boards. She was a member on the Board of Symbiosis International Deemed University.

Her keen drive for competency building, technology oriented and corporate linked learning systems has been the game changer. With the vision of empowering & leading Operations Excellence for industry & community at large, she pledges to fuel transformation & leadership competencies to medium & small firms in a constructive way.

### Institute Profile:

In today’s fast paced business environment, a precise seamless operation is the key to gain an advantage over competition and achieve operational perfection. An ideal blend of technically trained personnel, farsighted management practices, and leading-edge knowledge empowers the organization with an extra edge over their domestic and international contemporaries. A rock solid knowledge of operations management is the competitive weapon for organizations that aspire to succeed in today’s competitive market. The SIOM Operations Management specialization empowers each engineer with sharp engineering and scientific capabilities along with smart business management disciplines. The students are dressed to tackle planning, development, and implementation tribulations that their organization might confront. The curriculum deals with topics such as supply chain management, project management, technology management, modelling dynamic systems, and quality management. SIOM’s flagship program MBA in Operations Management, only for engineers is in its 18th year now. With the quest to extend its expertise to sectorial needs of operations SIOM launched MBA in Agribusiness Operations in the year 2022. The intake for this program is any Graduate.

Symbiosis Institute of Operations Management (SIOM) differentiates itself from other PG Management Schools primarily on its vision of Empowering & Leading Operations Excellence. Its holistic student development approach ensures their transformation into capable & responsive Techno-business Leaders. They have the most recent knowledge, multi-disciplinary skills and the right attitude to work within world class organizations. SIOM's aim is to supply competent leaders in operations management s to the corporate world, who would start contributing to the bottom lines without longer gestation periods.

SIOM's distinguishing features for MBA OM (Operations Management) are many. 100% engineering background of students. SIOM is one of the very rare B-schools with 100% focus on Operations Management Industry linkage for training. The corporates work shoulder to shoulder with the institute for nurturing students so that they are industry ready. Engagements with Industry like KPMG, SAP university alliance, Opportunities for students to acquire world class certifications such as CPIM, CSCP, CPSM, PMI, SAP and Lean Six-Sigma Black belt as the curriculum is linked with the respective Body of Knowledge. Huge thrust on experiential learning through projects conducted through Project Based Learning, Consulting club, Research committee, Semester practical assignment and internships. SIOM is the only B School which expects the students to complete a live Six Sigma project towards its Black belt certification. This ensures constant linkage of the classroom conceptual input with the real life world. SIOM is the competency building Institute for Engineers who wish to augment their careers in Operations management.

The above mentioned Industry engagements and experiential projects along with certifications are also applicable to MBA in AOM but with a focus on operations of the Agribusiness sector.

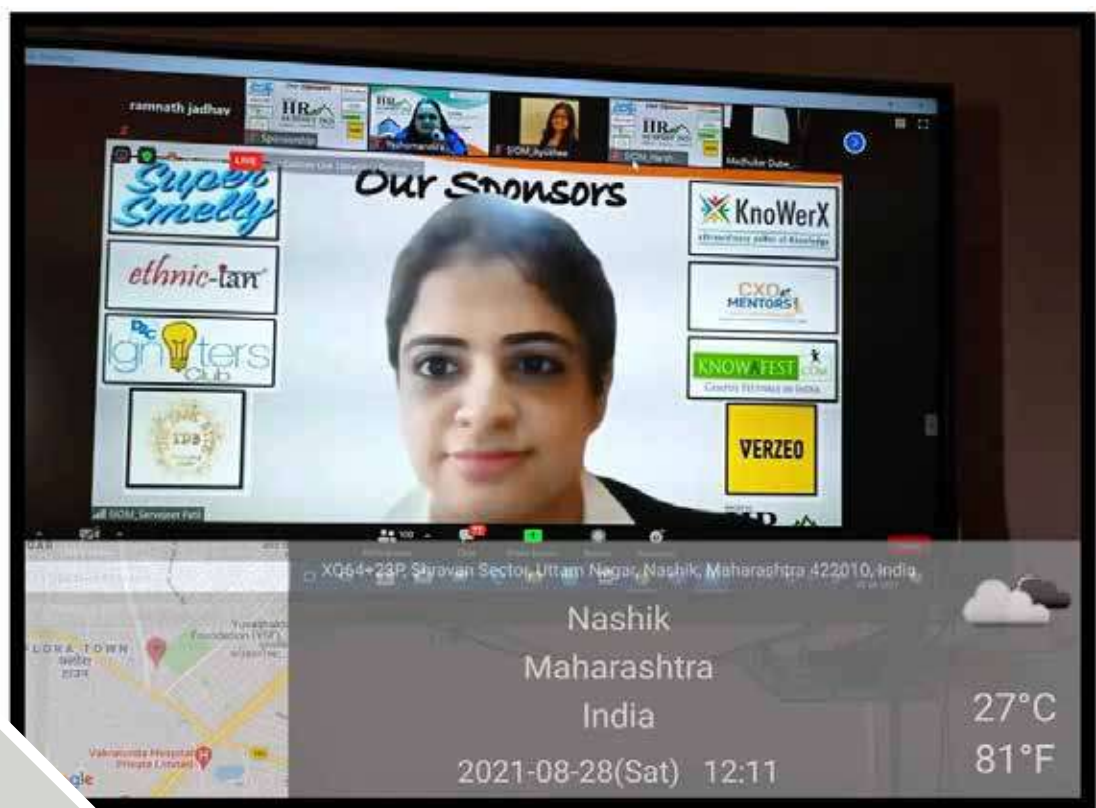

The SIOM MBA in AOM deals with Operations management topics with the flavour of Agro based Industries. Subjects include Agro commodity markets, Processing and Value Chain in Agriculture, Agri Supply Chain Management, Advances in Agriculture, Agro procurement Management, Warehouse Management and Quality Management for Agro Products and many more with managerial underpinnings. Impetus on Entrepreneurship is also one of the intents and hence project-based learning in each semester is part of the programme structure.

COVID 19 enforced virtual learning, triggered Innovation at multi fronts, be it Value Add Courses, Expert Guest lectures, Students Participation in B School Competitions or Social project for 360-degree sensibilities which are strategically blended with Offline learning environment.

### Orientation and Pedagogy:

MBA (Operations Management) is designed exclusively for Engineers to meet the needs of diverse sectors of economy. The course is oriented to fill in the void of operations competencies needed to successfully drive businesses through the complex dynamics of the global economies.

Briefly, SIOM is an Institute that is dedicated to the creation of operation managers who are proficient at improving an organization's operational performance by minimizing 'defects' in the manufacturing and service-related processes. Inspired by the motto of the institution 'Empowering and leading Operations excellence for Industry excellence and community wellbeing', engineers who step out of the SIOM portals and stride into the corporate world, prove to be prized assets for modern day organizations. The sectors open for career in operations are Manufacturing, Consulting Firms, Retail, Financial Institutions, Transportation and Logistics, Construction, Information Technology and Hospitality. Students are equipped to attract strategic job profiles in Process Improvement and Management, Developing, Implementing and forecasting strategies, Supply chain network designing and Optimization, Supplier

demand management, Procurement, Demand forecasting, Quality Management, SCM Consulting, Process Improvement, Client Service Manager, and many more given the capacities and expertise gained during the course. Highly advanced and Industry relevant state-of-the-art course with balanced understanding of technical-analytical and organizational-behavioural aspects of the market makes this program unique.

MBA (Agribusiness Operations Management) is designed to meet the needs of Agro based and allied sectors of economy. The course is oriented to fill in the void of operations competencies needed to successfully drive agribusinesses through the complex dynamics of the global economies.

Students are equipped to manage agro based Process Improvement and Management, Developing, Implementing and forecasting strategies, Procurement, Demand forecasting, Quality Management, SCM Consulting, Process Improvement, and many more given the capacities and expertise gained during the course. Highly advanced and Industry relevant state-of-the-art course with balanced understanding of technical-analytical and organizational-behavioural aspects of the market makes this program unique.

### On campus academic sessions and pedagogy is as follows:

#### Regular sessions:

These are regular classroom sessions on courses listed in the SIU approved programme structure for which a fortnightly schedule is communicated to all students through the portal.

#### Project Based learning:

Live Projects are sought from the Industry for which students register and appear for the selection process. Selected students then complete the project as a module in lieu of some subjects. Apart from these students are required to do projects, assignments, for certain core and elective subjects, as per course plan prepared by respective faculty. Projects will also be undertaken as a part of the Consulting Club. The objective is to inculcate research capability & practical insights and problem solving of the subject within the student.

#### SAP-ERP:

SIOM under University Alliance Programme with SAP ACC from Victoria University, Australia provides in house SAP-ERP training to students through SAP trained faculties on various modules.

#### Six Sigma:

All students undergo Six Sigma training through theory & practical sessions with live projects which is evaluated by KPMG experts to earn Lean Six Sigma Black Belt Certification.

It is crucial that students equip themselves with prior reading based on the course plan of each course for effective learning experience. The course plan suggests delivery mechanism of course along with pre reads, case studies, presentations, which students are required to go through before-hand. Absence of this may lead to compulsory library hours for the students,

#### **Institute Profile:**

Ever since its inception in 2008, Symbiosis Institute of Business Management, Bengaluru has been striving to achieve excellence in imparting Management Education. The Institute believes that the demand from the corporate is for “techno managers” who embrace technology and analytics while excelling in their domain areas. The dynamic curriculum and rigorous academic practices at SIBM Bengaluru incorporate this industry expectation into a teaching-learning process.

Management education is expected to provide the skills, knowledge and experience to make sound decisions in a complex and ever-changing business environment. SIBM Bengaluru envisions a Management Education with a “Quantitative Difference” by focusing on data analytics across all programmes. At SIBM, Bengaluru the decision-making skills of the students are enhanced with the use of Harvard case studies and articles. Technology has been further integrated into the curriculum with an all-encompassing learning management system and flipped classroom model. Data driven decision making skills are imparted by including training on software applications like R, Python, Tableau, Power BI and SPSS. The Institute hosts a diverse set of databases like Bloomberg, CMIE Prowess etc to facilitate access to financial and economic data for robust analysis.

Management Education provided at SIBM Bengaluru is based on the SEAT (Sustainability, Ethics, Analytics and Technology) philosophy. Through this philosophy we aim to create managers who not only excel in areas of analytics and the underlying technology, but at the same time are conscious of both ethical issues and sustainability needs of the planet.

We have a proprietary model called “SC-IE-NCE” that forms the basis of curriculum development. We combine the Student Competence (SC) with Industry Expectations (IE) and arrive at New Courses or Enhancements (NCE).

Our curriculum goes through two levels of scrutiny – one through our own internal Board of Studies comprising of Industry Experts, Faculty and Alumni and another through the Board of Studies of the University.

The Institute firmly maintains that learning goes beyond the classroom and organises regular student-industry interaction through guest sessions and corporate events. Industry interface is further strengthened by live projects and Summer Internship Programmes(SIP). Continuous and close interaction between Academia and industry has intensified the trend of getting SIBM-B students industry ready. Incorporation of industry feedback into curriculum and teaching learning process help us in successfully bridging the gap between industry expectations and graduate outcomes. The dividend for successful integration of industry expectations has been paid off in the form of diversified placement profiles and better packages.

Vibrant student committees and clubs complement the programme by providing a platform for the students to nurture their leadership skills. Apart from training the students to acquire the knowledge and skills to excel in their professional lives, the institute also focusses on developing the right values and attitudes among the students through various social responsibility activities.

Erudite and accomplished faculty members at SIBM Bengaluru spearhead the process of transforming students into techno managers. Our faculty team consists of a unique blend of professionals with rich industry experience and research accomplishments. They hail from top B-Schools in the country including IIMs, ISB etc.

- **Master of Business Administration (MBA)**

The MBA Program at Symbiosis Institute of Business Management Bengaluru (SIBM-B) aims to mould and groom future business leaders.

The first year of the MBA program is divided into two semesters comprising of the foundation subjects of management such as Economics, Accounting, Statistics, Strategy, Marketing, Operations, Organizational Behavior, Finance, Human Resource Management and others. At the end of the first year, the students go for SIP (Summer Internship Program) for the duration of 8 weeks. It offers an opportunity to students to get an exposure to the corporate world and to put their learnings into practice.

The second year of the program (comprising of third and fourth semesters) offers students a chance to specialize in their area of interest. The specializations offered are Finance, Marketing, Operations and Human Resource Management. Apart from the specializations, students are also encouraged to choose electives outside one's area of specialization.

- **Master of Business Administration (Quantitative Finance) [MBA (QF)]**

MBA in Quantitative Finance (MBA QF) is an offspring of the 'Quant Revolution' led by Mr. Jim Simons that disrupted the financial markets in 1980s. The revolution was brought about when a group of scientists started applying techniques such as stochastic calculus and probability theory, once reserved for advanced scientific research, into the area of option pricing & financial modelling and found a way to beat Wall-Street emphatically. This led to the genesis of Quantitative Finance – a field that combines Finance & Advanced Math & Stats like never before. The financial markets generate a vast volume of data on a daily basis. Due to this, quantitative skills have become more important for executives to understand the models and to make right predictions. At SIBM-B, huge emphasis is placed on the usage of real-time data to make the learning holistic. The right technological infrastructure is in place and is equipped with multiple Bloomberg Terminals with 24/7 access, online databases like EBSCO, Emerald, Jstor, CMIE Prowess etc. to facilitate the same. There is also a Data Lab with platforms like R, SPSS, Tableau & Python for incisive data analysis.

- **Master of Business Administration (Business Analytics) [MBA (BA)]**

The big data and data analytics industry will be a multi-billion industry by 2023. In 2017 itself, a McKinsey report stated that a shortage of millions of data and business analysts is keeping the modern business enterprise machine away from peak performance. With the tsunami of data generated on a daily basis, executives have to incorporate IT skills into their arsenal to take well informed decisions. The MBA programme in Business Analytics (MBA BA) at SIBM Bengaluru, empowers managers to take data driven decisions and steer the business in a successful direction. Business management and analytics is an unbeatable combination that has made modern enterprises more competitive and has streamlined their decision making. An MBA(BA) graduate will develop expertise in several data analytics tools to derive insights to solve a myriad of business problems. This requires end to end knowledge of platforms like R, Python, SPSS Tableau, – all of which are present at the data lab at SIBM B. The institute also boasts of Bloomberg terminals and online research databases like EBSCO, Emerald, Jstor, and Prowess.

### Institute Profile

Symbiosis School of Banking & Finance was established in the year 2010 to address the growing demand for trained workforce in the Banking and Financial Services Sector. Given that a strong and resilient banking system is critical for fuelling and sustaining growth, the importance of having industry-ready manpower cannot be over-emphasized. This programme - MBA (Banking and Finance) has been designed to provide the necessary education and skill-sets to equip students to innovate, manage, lead and take on the challenges of this increasingly complex and dynamic sector. SSBF is committed to providing an environment that facilitates learning and development of well-rounded personalities such that they leave the portals of the institute as industry-ready professionals.

The exponential growth of the banking and financial sector in this competitive era has opened up varied career roles. Starting from the Financial and Business Analytics to Assets Management, today the students have numerous options to choose from. SSBF changes its programme structure regularly making it even more industry relevant based on inputs from industry experts. Our MBA also offers in depth knowledge, encompassing the multiple aspects of the Banking, Financial Service and Insurance (BFSI) industry. We focus more on - inculcating adaptability in students, making them lifelong learners.

During the pandemic the teaching is conducted through synchronous and asynchronous mode, both, to ensure flexibility in learning along with doubt clearing sessions. The evaluations are conducted in an online mode through various online platforms and the Term End exam is an online proctored exam.

In order to ensure that the students are ready to take up the challenges posed by the corporate sector, SSBF also incorporates industry relevant certifications such as CCRA recognized by the RBI, Bloomberg Market Concept and NISM certifications etc. as a part of its curriculum. To facilitate students in getting an industry exposure, they have to mandatorily undergo an internship of two months with a bank, NBFC or a corporate house. To hone the research

and analytical skills, students also undertake a dissertation project where they work on a topic of their interest under the guidance of a faculty mentor. The students are also encouraged and trained to write Research Papers and publish them in renowned journals.

Guest lectures by international faculties are also arranged regularly to broaden the outlook of the students. In order to inculcate the spirit of teamwork and improve their leadership skills students have to be a member of at least one committee like Institute Social Responsibility (ISR), Corporate Interface Team (CIT), E-Cell, Public Relations, Sports, Alumni and Placement to name a few. Students are also encouraged to participate in various extracurricular activities, Institute Social Responsibilities (ISR) activities, cultural and sports events to develop personality and grow personally and professionally. Mock Group Discussions – Personal Interviews are arranged for the students which are conducted by industry experts. Special sessions on Interview and Soft Skills are also arranged. SSBF encourages students to appear for examinations of Reserve Bank of India (RBI) and various other Government institutions to give substantial contribution in the growth of our country. Students are encouraged to pursue professional courses such as CFA, FRM and CFP.

Symbiosis School of Banking and Finance (SSBF) is proud to announce that almost every year 100% placement of eligible students is achieved.

Several esteemed organizations like JP Morgan & Chase, Crisil, BNY Mellon, IDFC First Bank etc. offer various roles like Analyst, Management Trainee, Relationship Manager, Wealth Management, Credit Manager, Operation, and Retail Branch Banking in the BFSI Domain.

Similarly, various organizations like JP Morgan Chase, CRISIL, RBI and other public sector banks offer summer internships with various roles.

## **Orientation and Pedagogy:**

The classroom environment is interactive where participative learning permits a free flow of ideas between faculty & students. Members of the faculty facilitate this by adopting a wide variety of teaching - learning methods such as group discussion, case studies, presentations, analytical sessions, seminars & formal lectures. Wherever applicable the theory is amply complemented through simulations and experiential learning and in a nutshell provides an excellent platform for honing management and leadership skills.

Banking and Finance being a specialized domain the role of faculty members becomes instrumental for the students' academic and professional progress. The role of faculty in a class room is more of a facilitator role imparting and building the theoretical foundation of the field and stimulating learners to think critically in practice. Student exchange programs with international universities like Berlin School of Economics and Law (BSEL)- Germany, Macquarie University-Australia, Leibniz University-Hannover, University of Bremen-Germany, Steinbeis University-Germany, Nanyang Technological University- Singapore also enable students to get an international exposure and become internationally acclimatized. Semester exchange programs empowers students to multifaceted learning approaches and generates interest in cross cultural and global issues unleashing them to new knowledge horizons.

Faculty at SSBF are qualified and experienced academicians. Most of the faculty members served in the industry who are committed to excellence in teaching and research. The faculty cohort is a healthy mix of both academicians and ex bankers which give the students the best of both: theory and practical experience.

Courses are taught by means of numerous pedagogies for assessing the student's depth of understanding and decision making. Active learnings, collaborative learning and experiential learning is emphasized at SSBF thus the teaching methods include Role plays, Case Studies, Field Work, Scenario Analysis. Various activities are conducted by faculty with the help of students such as financial literacy workshops for undergraduate students of other institutes, live projects, simulations, problem solving exercises, participate in competitions, field visits, research paper discussions, article / report writing, financial and statistical lab activities. Usage of online resources is an integral part of the curriculum.

Blended learning integrates theoretical and practical applications through digital tools: R software, SPSS, Bloomberg, Capitaline and GIEOM which enhances the learning experience. Online collaborative platforms are embedded in the curriculum for providing technology enabled learning environments and developing non-cognitive competencies. SSBF has partnered with AIWMI to offer the prestigious global certification-Certified Credit Research Analyst (CCRA™) which is recommended by RBI. Apart from this, various other certifications like Certified Investment Research Analyst (CIRA™), Certified Private Banking Manager (CPBM™) are also offered. These are comprehensive global level education programs designed to give an expert level understanding of banking, credit markets and other varied aspects in the finance domain. SSBF has partnered with GIEOM, Banking solutions platform for providing application-based learning. They are embedded in the curriculum as a teaching learning pedagogy and evaluations.

Faculty members invite industry experts during their classroom session to provide the practical applications of the theoretical concepts. These methodologies have increased the academic rigor and have proven effective in disseminating and integrating knowledge amongst the learners. Industry academia interface exposes the students to apply the knowledge acquired in classroom to the real-life situations and keeping them updated on the latest developments in the domain.

The institute has a healthy faculty student ratio. Beyond classroom faculty is a mentor to the students, effective mentoring results into rewarding experience for both faculty and students. The focus of mentoring at SSBF is on psychological support, advancement in the academic career and professional development of mentee.

## Orientation and Pedagogy:

The Institute follows a highly interactive learning method with great stress laid on self-learning. Case Studies, Projects, Assignments are part of the regular pedagogy. Flipped Classrooms have been introduced. The focus is on application-based education. Coursera Courses are also proposed to be offered to the students as supplementary learnings, in addition to their regular program structure. The Institute encourages live projects and virtual internships as well. Corporate Interactions and sharing of real-life experiences by corporate speakers are a part of the regular schedule. A soft skills program and a current affairs awareness program are additions to the regular curriculum.

It is the responsibility of the candidate to ascertain whether he / she possesses the requisite qualification(s)/ eligibility for admission. Having been admitted provisionally does not mean acceptance of eligibility. Final eligibility of admission will be decided by Symbiosis International (Deemed University), subject to successful fulfilment of specified admission norms.

#### Admission Process:

- **Master of Business Administration (Information Technology Business Management)- M.B.A (ITBM):**
- **Master of Business Administration (Data Sciences and Data Analytics)-M.B.A (DS and DA):**

The Selection process is carried out in two steps.

##### Step I: SNAP Test

Each student desirous of admission to SCIT must appear for Symbiosis National Aptitude (SNAP) Test 2022, which is a common written test for the admission to all Symbiosis postgraduate institutes.

The applicant must register and pay online for ONLINE SNAP (Symbiosis National Aptitude Test) Examination, 2022. ONLINE SNAP 2022 test fee is INR 1950/- (Government taxes would be additional as and when applicable). This is not refundable. For more details please visit: <https://www.snaptest.org/>

While registering for SNAP, applicant has to also apply for SCIT in the same application form.

A registration fee of Rs.1000/- (Government taxes would be additional as and when applicable) per programme is to be paid to SCIT for each programme that the aspirant wishes to apply. This is mandatory, without which the applicant will not be considered for short-listing for the GE (Group Exercise) PI-WAT (Personal Interview and Writing Ability Test) process for the respective programme(s).

Preserve the Admit Card of SNAP Test 2021 for further selection process at SCIT. Appearing for SNAP Test does not automatically qualify an applicant for the next step in selection process at SCIT.

## Step II: Selection Process at SCIT

Short-listed Applicants based on SNAP scores will be called for the selection process at SCIT, Pune. Short listed candidates are announced on SCIT website [www.scit.edu](http://www.scit.edu) as per the scheduled dates. Shortlisted candidates must fill the Application Form and book the slot for GE-PIWAT. Individual regret letters will not be sent to applicants who are not called for GE-PIWAT. The entire process will be held at PUNE only.

This process includes Group Exercise, Personal Interview & Written Ability Test (GE-PIWAT).

Note: The final merit score will be calculated based on the following:

Parameter	Marks
SNAP score	50 Marks
Group Exercise	10 Marks
Personal Interview	30 Marks *
Written Ability Test	10 Marks
Total	100 Marks

\* Personal Interview score will also include Academic Consistency (marks at 10th, 12th & Graduation level each), Under Graduation degree, Experience and Extra Curricular Achievement.

## **Orientation and Pedagogy:**

- **Learning Methodology**

SCIT strives to make a paradigm shift from exam orientation to knowledge orientation. SCIT believes in the practice of consolidation wherein the core elements of academic rigor and academic discipline are closely knitted by research, student orientation, brand-building, corporate interface and process automation. To realize this shift SCIT has taken several steps on curricula review and development, student and faculty orientation. Faculty members are oriented towards creating evaluation methodologies from concept-building through application development and not necessarily just elaboration on theory. SCIT emphasizes that academics should trigger research and research should drive academics.

At SCIT a semester pattern, that is, 2 terms per academic year is followed. At the beginning of the term, the syllabus along with the names of reference books, authors and the evaluation policy is communicated to the students. No text books are prescribed as students are expected to explore and learn by referring to books, implementing concepts in the labs and collecting references from the Internet, analysing and problem solving through case studies etc. SCIT also has a digital library with a spectrum of e-books and magazines. SCIT's evaluation policy has external as well as internal evaluation. The internal evaluation is carried out continually and consists of any combination of several components such as projects, lab tests, presentations, whitepapers etc. The main objective here is to evaluate learning.

- **Internships**

Internship in the industry is an integral part of the 2-year academic programmes at SCIT. It provides excellent opportunities for SCIT students to get a first-hand experience of business realities. Before working as interns, SCIT students work on pilot projects, a replica of what happens in the industry. This enables them to make a quick start in learning from the "LIVE" environment during an internship project, a new perspective that a classroom cannot generate. In the past, most of the SCIT students have worked with reputed companies and have contributed significantly; some have even travelled abroad for live projects.

- **Projects**

- **Collaborative Projects**

- SCIT makes a conscious effort in tracking technology advancements and transformations that businesses are going through. The students as well as the faculty of SCIT undertake various industry projects as well as R & D projects that cover this area of study.

- In year 2007 and 2008 SCIT students have carried out successfully a project “AMDEST” A Metrics Driven Enterprise Software Tool. AMDEST is built around the idea that enterprise software development can be guided by the use of simple, intuitive metrics that help understand the effects of changing requirements, offer insights into how responsibilities are delegated to software components etc.

- Twelve students from Software Solutions Management specialization worked in two batches with the doctoral student of Florida State University to complete this research project. The project mainly focused on analysing the impact of change in requirements on software already built.

- **Research and Development Projects**

- Research orientation is an important part of learning at SCIT. Students need to register and work on a dissertation. SCIT presently works in these broader areas of research.

- **Multi-faceted Learning**

- At SCIT we believe in the new realization that exams are only a purpose of learning and true learning is actually a journey to explore knowledge. SCIT looks at postgraduate education with a view to create ‘learnability’ in a student that stays with him life-long and does not wither with a degree in hand. SCIT lays importance on a student’s all-round development with a focus on academics as well in all its residential programmes. The holistic programmes build strength and create a framework to enjoy life as professionals and as individuals. Self-exploration through programmes such as ‘Moral Re-Armament Camp (MRA)’ is encouraged.

- **SCIT’s Power Triangle**

- At SCIT, students undergo a transformation into empowered proactive professionals through a three-fold learning process: gaining experiential knowledge of technology and practices, mental and physical well-being through a holistic health programme and industry practices. SCIT offers residential and off-campus programmes as well as corporate training programmes.

- **RITS University Collaboration**

- Ritsumeikan University and SCIT - SIU have agreed to collaborate in:

- Academic and research collaboration in areas of mutual interest.
  - Exchange of academic information, scholarly information, material and publications.
  - Exchange of students and faculty. Joint seminars, workshops and other academic meetings.

Dr. Rajiv has contributed several articles in various national and international journals. As a member of various national bodies, Dr Rajiv has contributed to policy formulation and regulatory mechanisms influencing healthcare delivery and medical/nursing education nationally.

Dr. Rajiv Yeravdekar, Dean FoHS has been recently appointed as Provost, Faculty of Health Sciences, Symbiosis International (Deemed University).

**Institute Profile:**

Symbiosis Institute of Health Sciences (SIHS) has conceptualized & implemented unique, innovative, career-oriented programmes to raise a cadre of industry-ready healthcare professionals. A conducive ecosystem of SIHS comprising experienced faculty, Symbiosis University Hospital & Research Centre (SUHRC) and Symbiosis Arogya Dham nurtures the teaching learning process. At SIHS, we encourage a symbiosis of thought, word & action of all such professionals who would address diverse issue of health in its totality. SIHS emphasizes on equipping the healthcare professionals with the appropriate skill sets required to survive this age of fierce competition and specialization.

- **Symbiosis University Hospital & Research Centre (SUHRC)**

Symbiosis University Hospital & Research Centre is the hospital attached to the Symbiosis Medical College for Women (SMCW). SUHRC is currently a 866 bedded hospital and is located within the Symbiosis International University campus at Lavale, Pune. The SUHRC provides top-quality clinical services, which are protocol-driven and evidence-based. ETHICS, and transparency of operations are accorded topmost priority. The efforts of Symbiosis Community Outreach Program & Extension (SCOPE) in the neighbouring villages provides experiential learning in the rural areas and has created an awareness of the hospital and healthcare services. Besides Medicine, Surgery, Obstetrics & Gynaecology, the SUHRC also has other departments viz. Paediatrics with Neonatology (including an NICU). Orthopaedics, ENT, Ophthalmology. Dermatology, Gastroenterology, Urology. Nephrology with dialysis beds, Pulmonology (chest medicine). Critical Care Medicine, a full-fledged Pathology lab and an all-product Blood bank. There is also a Cardiology Dept. with the latest generation, dual (Cardiology and Neurology) Cath Lab. The Radiology department is a state-of-the-art facility with a 3T MRI, a 128 slice CT Scanner, a digital Mammography machine, DEXA scanner, digital radiography and advanced USG machines. There are 21 ICU beds with 6 High Dependency Unit (HDU) beds. SUHRC has 5 large Operation Theatres, which cater to all the surgical disciplines including one exclusively for Obstetrics & Gynaecology. All theatres are 'modular' with 2-way data transfer facilities.

- **Symbiosis Medical College for Women (SMCW)**

The Symbiosis Medical College for Women is the brainchild of the Founder and Chancellor of the Symbiosis University, Prof. Dr. S. B. Mujumdar. Inspired by the biographic movie ([https://www.youtube.com/watch?v=mAS\\_hUTOJdY](https://www.youtube.com/watch?v=mAS_hUTOJdY)) about India's first lady doctor, Ms. Anandibai Joshi, the idea of establishing a medical college, exclusively for women was born.

The medical college and its attached SUHRC has state-of-the-art infrastructure and facilities. The presence of sister institutes within the campus such as the Institute of Technology, Symbiosis School of Biological Sciences (SSBS) and the Research Centres such as Symbiosis Stem Cell Research (SCSCR), Symbiosis Centre for Medical Imaging Analysis (SCMIA), Symbiosis Centre for Wellbeing (SCEW), Symbiosis Centre for Applied Artificial Intelligence (SCAAI), Symbiosis Centre for Behavioural Studies (SCBS), Symbiosis Centre for Nanoscience and Nanotechnology (SCNN) & Symbiosis Centre for Waste Resource Management (SCWRM) will support with experiential and transdisciplinary learning and research for SIHS students.

The programme aims at adopting a synergistic blend of academic knowledge and pragmatic orientation of the healthcare domain to create professionals with contemporary managerial techniques.

The quality of education, excellent teaching facility and experiential learning at the attached Symbiosis University Hospital and Research Center (SUHRC) makes the MBA (HHM) at SIHS unique.

**Programme Specialization**

- Pharmaceutical Management
- Information Technology in HealthCare
- Health Insurance

- **Master of Public Health (MPH)**

The curriculum of the Master of Public Health program at Symbiosis International (Deemed University) is a mix of transdisciplinary courses to attain knowledge, competencies, skillsets and values involving diverse and innovative pedagogies and instructional designs with an emphasis on problem-solving and case-based learning, empowering the Master of Public Health graduates for the 21st century.

The program prepares professionals with the technical and managerial skills who strengthen the public health system. Further, it trains and develops a cadre of competent public health policy makers, managers, practitioners, educators and researchers.

- **Master of Science (Medical Technology) [M.Sc. (MT)]**

As technology advances and better investigative and treatment options are introduced, the need for professionals equipped to handle newer diagnostic modalities are on the rise. The ever changing & ever-expanding horizon of the health care sector demands formal training programmes in all its allied areas. The M.Sc. Medical Technology program is designed by experts in the respective fields, keeping in mind the current need. This M.Sc. Medical Technology programme is a synergistic blend of academic knowledge and practical intricacies to train potential technologists in performing a wide range of technologically advanced procedures in medical care. The complete holistic learning experience makes SIHS one of the best M.Sc. Medical Technology colleges. These students will be in a position to take up leadership roles and competently assist medical specialists, especially in high-tech medical procedures, to cater to the healthcare industry globally. The M.Sc. Medical Technology programme, a two years full-time degree programme conducted by the SIHS, is a unique skill and competency-oriented programme for budding technologists to provide in-depth knowledge in the specific modality of Medical Technology and prepare the students for leadership roles in hospitals, the healthcare industry, diagnostic laboratories and research centers.

## Specializations

The programme offers specializations in the following areas: -

- 1. Cardiac Care Technology:** The Cardiac Care Technologist is responsible for direct and indirect patient care, haemo-dynamic monitoring, equipment set up and operation. They assist the physician during cardiac procedures and assume responsibility for completion of other cardiac lab functions.
  - 2. Respiratory Therapy:** The Respiratory Therapist is a key member of the medical team, specializing in diagnostics, treatments and procedures in the care of patients with respiratory problems. They evaluate, treat, and care for patients with breathing disorders.
  - 3. Dialysis & Renal Technology:** Dialysis Technologists operate machines that remove waste and excess fluids from the blood of patients whose kidneys can no longer carry out those functions satisfactorily. The programme is designed to provide competencies & technical skills necessary in the field of dialysis.
  - 4. Imaging Sciences Technology:** Imaging Sciences Technologists are health professionals who facilitate diagnosis and management through the creation of medical imaging modalities like X-ray, Ultrasound, Magnetic Resonance and Computed Tomography.
  - 5. Clinical Laboratory Technology:** Clinical Laboratory Technology is concerned with the analysis of biological specimens to support diagnosis and treatment of disease. Laboratory technologists perform a full range of laboratory tests, the information of which guides effective medical treatment.
  - 6. Operation Theatre and Anaesthesia Technology:** The Operation Theatre and Anaesthesia Technologist is responsible for direct and indirect patient care, equipment set up, pre-operative, intra-operative & post-operative procedures.
- **Master of Science (Assisted Reproduction Technology & Embryology) (M.Sc. (ART and E))**

The scarcity of experienced embryologists with respect to the rising cases of infertility has created a high demand for such specialists. Infertility is still considered a weakness, rather than a disease across most of the country. Hence, the treatment requires a great deal of focus and empathy. In order to keep up with this demand we need well-trained and skilled embryologist. The objectives of the M.Sc. Assisted Reproduction Technology & Embryology program are to develop skilled embryologist keeping them up-to-date with relevant technologies in the Assisted Reproductive Technology & Embryology field.

This M.Sc. Assisted Reproductive Technology & Embryology programme is a synergistic blend of academic knowledge and practical intricacies to train potential embryologists in performing a wide range of technologically advanced procedures in embryology field. The complete holistic learning experience makes SIHS one of the best M.Sc. Assisted Reproductive Technology & Embryology colleges. These students will be in a position to take up leadership roles and competently assist fertility specialists, especially in high-tech assisted reproductive techniques, to cater to the healthcare industry globally. The M.Sc. Assisted Reproductive Technology & Embryology programme, a two years full-time degree programme conducted by the SIHS, is a unique skill and competency-oriented programme for budding embryologists to provide in-depth knowledge in the specific modality of assisted reproduction technology and prepare the students for leadership roles in IVF centers, the healthcare industry, and research centers.

**Orientation and Pedagogy:**

- **Master of Business Administration (Hospital and Healthcare Management) [MBA (HHM)]**

- The program is designed in a manner that apart from the didactic teaching methods like classroom lectures, students spend a substantial amount in experiential learning at SUHRC, Public Sector undertakings and organizations related to healthcare.
- During the period of study, students undertake two-month Summer Internship Project (SIP) in various verticals of healthcare under the supervision of faculty mentor.
- Regular sessions by eminent guest faculty further enriches the course content through talks on contemporary issues for the health sector.
- Innovative teaching methods and talks conducted by industry experts contribute to all round personality development in addition to academic excellence and practical competences.

- **Master of Public Health (MPH)**

MPH program leverages the advantage of 6 faculties at SIU beyond the core Faculty of Health Sciences viz. Faculty of Humanities and Social Sciences, Faculty of Management, Faculty of Law, Faculty of Engineering, Faculty of Information Technology and Faculty of Media, Communication and Design.

Curriculum of the MPH program @ SIU is a mix of courses specific to each faculty to attain knowledge, competencies and skill sets (including values) involving diverse and innovative pedagogies and instructional designs to develop a competency driven MPH program with emphasis on problem solving, case based learning

which will help produce MPH graduates for the 21st century. One of the hallmarks of the program is its research rigor & intensity. The emphasis would be to impart transformative learning. MPH has an important component of experiential learning where SCOPE and SUHRC facilities play a significant role.

- **Master of Science (Medical Technology) [M.Sc. (MT)]**

The program includes 2 years of rigorous 'hands-on' development of skills and competencies in the hospital & the associated healthcare organizations. During the two years, the student will be undertaking research in the specialization of choice under the guidance of mentor.

The pedagogy includes synchronous & asynchronous mode of academic delivery, discussions, case studies and presentations, which will enhance the caliber of students and make them aware of international standards, latest developments and knowledge levels in their chosen modality of expertise. For practical "hands-on" training, the training is conducted at Symbiosis University Hospital and Research Center (SUHRC).

The student also pursue Summer Internships, On-Job Training (OJT) with the Healthcare Industry, Hospitals - Private & Government, Healthcare organizations, Medical Equipment companies, Diagnostic centers & services & Research Institutes, providing them with a direct exposure to the Healthcare Industry for better opportunities.

During the two years, the student will undertake research in the specialization of choice under the guidance of a mentor. The students are expected to publish a manuscript before their graduation.

Students are given opportunities to attend conferences that focuses on their professional and personal skills development. Students are trained to be efficient professionals in diverse opportunities like academics, research, industry, hospitals, entrepreneurship etc. Students also participate actively in a number of co-curricular & extra-curricular activities that develop their self-confidence and ability to realize his/her full potential.

Eminent guest faculty further enriches the course content. Innovative teaching methods and sessions contribute to all round personality development in addition to academic excellence and practical competencies.

- **Master of Science (Assisted Reproduction Technology & Embryology) (M.Sc. (ART and E))**

The program is formatted such that apart from the classroom didactic lectures, students spend a substantial amount of their learning time in Symbiosis University Hospital and Research Centre (SUHRC), other hospitals, and Assisted Reproduction Technology (ART)/In-vitro Fertilization (IVF) centers in Pune. The program includes two years of rigorous 'hands-on' development of skills and competencies in the hospital & the associated healthcare organizations. They are exposed to hands-on practical training under the mentorship of experienced healthcare professionals. The pedagogy includes synchronous & asynchronous modes of academic delivery, discussions, case studies, and presentations, which will enhance the caliber of students and make them aware of international standards, the latest developments, and knowledge levels in their chosen modality of expertise.

*Hands-on training on Nutrigenomics Laboratory techniques.*

*Training session at the Catering unit of Symbiosis University Hospital and Research Center*

During the two years, the student will be undertaking research of their choice under the mentor's guidance. As part of the audit course titled "Research Publication," each student is mentored for research, which aids in the development of their research skills. Students are given opportunities to attend conferences focusing on their professional and personal skills development. Students are trained to be efficient professionally in diverse opportunities like academics, research, industry, hospitals, entrepreneurship, etc. Students also participate actively in a number of co-curricular & extra-curricular activities that develop their self-confidence and ability to realize his/her full potential.

The student also pursues Summer Internship, 'On-Job Training' (OJT) with the Healthcare Industry, Hospitals - Private & Government, IVF clinics, Medical Equipment companies, & Research Institutes, providing them with direct exposure to the Healthcare Industry for better opportunities. Eminent guest faculty further enriches the course content. Innovative teaching methods and sessions contribute to all-around personality development in addition to academic excellence and practical competencies.

- **Master of Science (Nutrition and Dietetics) [M.Sc. (ND)]**

- The programme offers two years of training on skills and competencies required in a hospital laboratory and community settings to support student professional development. Students are provided with hands-on training on food analysis, biochemical analysis, nutrigenomics laboratory techniques, and microbial food analysis.
- The pedagogy includes synchronous & asynchronous modes of academic delivery, discussions, case studies and presentations, which will enhance the calibre of students and make them aware of international standards, latest developments and knowledge levels in their chosen fields of expertise.
- Internship opportunities are available at Symbiosis University Hospital and Research Center (SUHRC), reputed nutrigenomics laboratories or Symbiosis Community Outreach Programme and Extension (SCOPE).
- Also, opportunities are provided in Hospitals - Private & Government, NGOs, Food industries, Recreational and wellness centres, Sports Centres, and Research Institutes to provide exposure to on-the-job training. Additionally, we encourage students to explore internship and dissertation opportunities in International universities across the globe for exposure and develop meaningful partnerships.
- During the two years, the student will undertake research in the specialization of choice under the guidance of a mentor. The students are expected to publish a manuscript before their graduation.

@ Hostel and Mess Fees can be increased up to 10% each year. Government taxes would be additional as and when applicable.

\*\* Hostel and Mess Fees for the subsequent year would be communicated before commencement of the next academic year.

\* Few seats are reserved as Discretionary Quota Seats. Only students with good academic record and with good entrance test scores are considered for Discretionary Quota Seats. The fees for Discretionary Quota seats will be double the academic fees of open category as approved by the Fee Structure Committee, to be paid to the institute by way of online transfer/demand draft. No donation or capitation fee is charged for admission to any program at any institute of SIU. Once admission is taken in Discretionary Quota, the fees applicable to Discretionary Quota will have to be paid by the student for the entire duration of the programme.

## Master of Science (Medical Technology) (M.Sc. (MT))

### Semester I

#### Generic Core Courses

- Biostatistics & Basic Epidemiology
- Research Methodology
- Teaching Methodology - I

#### Generic Elective Courses Group

- IT Applications for Allied Health Care
- Medical Physics

#### Specialization Core Courses: Cardiac Care

- Cardiology Basics and Chest Roentgenogram
- Etiopathogenesis of Heart Disease
- Electro-Physiology, ECG and Stress Test Technique
- Development of Cardiovascular System and Circulation (Fetal, Neonatal & Adult)

#### Specialization Core Courses: Respiratory Therapy

- Advanced Respiratory Therapy-I
- Cardiopulmonary Diseases
- Basic Sciences (Anatomy and Physiology)
- Cardiopulmonary Pharmacology

#### Specialization Core Courses: Imaging Sciences

- Imaging Equipment (I) -X-Ray and Mammography
- Radiation Physics and Protection
- Radiographic Photography
- Applied Physics in Medical Imaging

#### Specialization Core Courses: Clinical Laboratory

- Systemic Bacteriology
- Biochemistry
- Clinical Pathology
- Parasitology

#### Specialization Core Courses: Dialysis and Renal Technology

- Aetio-Pathology of Renal Disease
- Renal Pharmacology
- Water Treatment
- Renal Anatomy and Physiology

#### Specialization Core Courses: Operation Theatre and Anaesthesia Technology

- Anesthetic Fitness Criteria and Pre Surgery Checklist
- Infection Control in Operation Theatre
- Pre-Anesthetic Patient Assessment
- Patient Preparation
- Pre-Operative Patient Investigation

### Semester II

#### Generic Core Courses

- Review of Literature
- Business Statistics
- Pathology and Case Presentation-I
- Principles and Practices of Management
- Teaching Methodology -II
- Integrated Disaster Management\*

#### Generic Elective Courses Group

- Computer Language
- Emerging Trends in Allied Health Care

- Biomedical Instrumentation in Cardiac Care

#### Specialization Core Courses: Respiratory Therapy

- Advanced Respiratory Therapy-II
- Critical Care Medicine-I
- Biomedical Instrumentation in Respiratory Therapy

#### Specialization Core Courses: Imaging Sciences

- Image Interpretation (X-Ray and Mammography)
- Imaging Equipment (II)- Computed Tomography (CT)
- Imaging Equipment and Techniques in Ultrasonography (USG)
- Techniques in X-Ray and Mammography

#### Specialization Core Courses: Clinical Laboratory

- Clinical Haematology
- Diagnostic Microbiology
- Instrumentation in Clinical Laboratory

#### Specialization Core Courses: Dialysis and Renal Technology

- Clinical Nephrology
- Theory and Principles of Haemodialysis
- Dialysis Equipment

#### Specialization Core Courses: Operation Theatre and Anaesthesia Technology

- Safety Measures in Operation Theatre
- Techniques in Anesthesia
- Anesthetic Agents
- Biomedical Instrumentation in OT and Anesthesia

**Semester III****Generic Core Courses**

- Pathology and Case Presentation -II
- Summer Internship
- Hospital Information System
- Teaching Methodology -III
- Research Publication \*

**Generic Elective Courses Group**

- Community Project
- Innovation and Entrepreneurship

**Dr. Nayana Nimkar**  
Director

### Director Profile:

Dr. Nayana Nimkar is currently the Director at Symbiosis School of Sports Sciences at Symbiosis International University Pune. She holds a Doctorate in Physical Education from Mumbai University and has previously worked as a PhD Guide with Savitribai Phule University of Pune (SPPU). She holds three master's degrees from Pune University in (M.Ed.) Education, (M.Ed.) Physical Education and (M.Phil.) Education. She has also completed 5 credits from Springfield University Massachusetts, in USA (1981) in 'Psychology of Sports' (under the MS Sports Program).

She has represented the state in several sports at various reputable levels in her earlier times. She has worked on several National committees like the Steering committee for Sports of the 11th and 12th Planning Commission of Government of India, she has also worked for NAAC (National Assessment and Accreditation Council) and NCTE (National Council for Teacher Education) as a peer committee member. She has represented India on professional bodies like ACESS (Asian Council for exercise and Sports Science) and NAIPESS (National Association for Physical Education and Sport Sciences). She has been a keynote speaker in several conferences and has several publications to her credit.

Her academic and administrative experience is of 38 years, which started with Maharashtriyā Mandal's Chandrasekhar Agashe College in Pune, which she headed for 20+ years. She also held prestigious positions as Director, Board of College and University Development (SPPU) and as founder HOD of the Department of Physical Education (SPPU) where she was awarded the Best Principal's award.

When asked about the source of her energy and enthusiasm, she says "...making fitness and physical education a part of the routine of a common man is my real source of inspiration and my relentless drive towards excellence". This is so much in consonance with the 'Fit India Movement', which was launched a couple of years back by our Prime Minister. The urge to contribute to the field of sports, be it sports management, sports science, sports technology or making sports available for the not so privileged is what drives Dr. Nayana Nimkar to run the Symbiosis School of Sports Sciences with the ultimate zeal and definitive purpose.

### Institute Profile:

Symbiosis has embarked into a niche area, that of Sports Sciences by establishing the Symbiosis School of Sports Sciences (SSSS) in 2016. SSSS offers a two years full-time MBA programme in Sports Management, the options being specialization in Sports Marketing, Event Management (Sports) and Sports Technology. The objective of Symbiosis School of Sports Sciences is to impart skills and knowledge to create future managers, leaders and entrepreneurs in the Sports Industry. Till date it has already created a force of managers and leaders ready to take on leading positions in the sporting industry and many of them are making their way wonderfully through this upcoming industry.

The main reasons for so many success stories of students from SSSS within such short span of time are the multitude of unique activities conducted by SSSS which are the key differentiators between SSSS and other education institutions, which include the following -

- ✓ **SSSS Sports Science Conference:** This has been conducted every year since the inception of the institute, the main objective of which is to provide a platform for students to interact with the stalwarts of the sports industry, exposure to recent scientific research and developments and a solid networking platform for students, faculties and management of the institute.
- ✓ **Global Immersion Program:** SSSS has collaborated with premier global sports management institutes to provide a global exposure to SSSS students in the field of sports through education and peer interaction. Developed countries are ahead of the Indian curve in the field of sports and this global exposure creates a certain level of awareness of best global practices in the sports industry to the budding managers at SSSS.
- ✓ **World Football Summit, Spain:** SSSS has in the past facilitated their students to attend the World Football Summit held in Spain to not only give a true fan moment to the football follower but also help them provide a glimpse at the economics behind the operation of such a global summit, to explore new sports ventures and startups, the sporting culture and the consumer behaviour of a hardcore sporting fan of a developed nation like Spain.
- ✓ **Collaboration with Global Sports Wearable Technology Provider:** SSSS has tied up with the topmost technology provider of sports wearable technology which provides a real-time generation of player performance data to the analysts, who can then understand the effectiveness of data-based decisions-making instead of traditional/biased methods.
- ✓ **Prestigious Internships:** SSSS has been able to provide its students work-experience in the form of internships at the best places in the sports industry like Khelo India, Sports Authority of India, Under-19 FIFA World Cup, Sports Interactive et al to learn and enhance their practical knowledge and provide them insights into the qualities and skill sets required in addition to the knowledge to be an effective contributor to the sports world.
- ✓ **Social Responsibility Initiatives:** Sports in India is still at a nascent stage and a lot of grassroots development initiatives are required to bring to surface the talent in the country. Many times in the past such talent has come to the forefront from the humble backgrounds of small villages. SSSS understands the importance and potential of this and thus encourages its students to conduct projects in nearby villages to help and create awareness about sports and also provide sporting facilities for encouraging local talent to greater heights.
- ✓ **Other initiatives:** Apart from the above SSSS also conducts Sporting Events at University level, Mock Auctions and Business Plan Competitions to prepare the students not just for sports but in general develop an all-round management perspective and personality of the students over a period of two years, to take on the top-most jobs or even to be smart, tech-savvy and dynamic entrepreneurs for the coming times.
- ✓ **Internationalization:** SSSS promotes sharing of academic and research best practices through interactions with the diverse education systems. The school conducts Master Classes by Leeds Beckett University which is the leading University in the field of Sport in UK. The exchange of ideas and knowledge acquisition help the students develop into global citizens.

- ✓ **Industry Connect:** SSSS regularly conducts sessions by the stalwarts in the sports industry who share their experiences on the global sports ecosystem, discuss new opportunities and innovations that are improving data collection, fan experience, and athletic performance and training. Apart from this, SSSS also invites alumni to interact with the students and share their learnings in the industry.

## Orientation and Pedagogy :

At SSSS, we help our students learn how to learn and to think critically about both content and process. For teaching and learning to be relevant and effective, we focus on learning instead of teaching, on the process of learning rather than its product. Further, we include relevant industry experience, and involve participation in the practices of the community of sport management.

Industry immersed faculty expose students to contemporary issues in sport management and allows them to debate and critically examine existing practices within the sports industry. The methods include case studies, simulation exercises, class room presentations, Group discussions, Seminars and experiential learning for developing real-world skills such as critical thinking and analysis. The curriculum is progressive and continuously evolving, and provides the structure for the provision of quality learning, it comprises of high quality, relevant and appropriate 'content' and contributes to the development of competence if the students.

## Orientation and Pedagogy:

SIMC endeavours to create capable and qualified media professionals to suit the dynamism of the media and communications business with its Masters in Business Administration course. The business is continuously evolving

and to ensure our students are well versed to excel in this dynamic world, classroom sessions are aided by live case studies. The students are constantly encouraged to engage themselves in industry projects.

The institute attempts to keep pace with the times through an evolving programme structure. The courses and the content therein are constantly updated to ensure contemporariness. This is done through a regular system of feedback from internal as well as industry stakeholders and mentors. The syllabus now includes courses in upcoming platforms, the latest technologies and innovations, and their relation with the business of media and communications. The now, almost ubiquitous, digital is embedded in almost every course across the specializations viz., Brand Communication, Public Relations, Media Management, and Marketing & Media Analytics.

The dynamics of the industry and evolving job descriptions have encouraged SIMC to offer a host of common courses to all students spanning the various facets of the business. Additionally, from the batch of 2021-23, the specializations are being offered as major and minor to broaden the scope of learning for students and enable them to become well-rounded professionals.

For a more holistic grounding, students are encouraged to develop a research mindset under the guidance of experts who elaborate on research and its advancements in specialized domains.

Senior industry professionals and SIMC's alumni form a key part of SIMC's pedagogy. They are involved not only in feedback and up-gradation of the course, but also take courses, mentor students and share their knowledge through seminars and symposia.

All in all, with an experienced faculty pool, rich infrastructure and industry interaction, the delivery of the media communication courses is crisp and well defined providing a foundational and experiential knowledge of the media industry.

**Written Test** (comprising of objective and subjective written test to assess the aptitude for teaching, research, legal aptitude and basic legal knowledge)- Weightage 70 %

Test Duration: - 105 minutes

**Personal Interview (PI)** - (Personal Interview is intended to test the personal Attributes, Fitment, Work Experience, Publications and Statement of Purpose)- Weightage 30 % .

PI Duration: - 10 minutes

**Important:**

It is the responsibility of the candidate to ascertain whether he / she possesses the requisite qualification(s)/ eligibility for admission. Having been admitted provisionally does not mean acceptance of eligibility. Final eligibility of admission will be decided by Symbiosis International (Deemed University), subject to successful fulfilment of specified admission norms.

**Admission Process:**

- **Master of Laws (LL.M.):**

Admission to LL.M. (One Year) programme is conducted through the following procedure:

**Step 1:** Apply online at [symlaw.ac.in](http://symlaw.ac.in)

**Step 2:** Appear for the All India Admission Test (AIAT).

**Symbiosis All India Admission Test (AIAT):-**

All Admission to LL.M (One Year) is offered through Symbiosis All India Admission Test (AIAT), which will take place in an offline mode at Symbiosis Law School, Pune. The AIAT consists of:

**Written Test** (comprising of objective and subjective written test to assess the aptitude for teaching, research, legal aptitude and basic legal knowledge)- Weightage 70 %

Test Duration: - 105 minutes

**Personal Interview (PI)** - (Personal Interview is intended to test the personal Attributes, Fitment, Work Experience, Publications and Statement of Purpose)- Weightage 30 % .

PI Duration: - 10 minutes

**Verification of Educational Qualification Documents and Eligibility:**

Candidates need to furnish their educational qualification documents as per the directions of SLS Pune/SIU for verification at the time of appearing for the AIAT. If any candidate fails to furnish the documents at the time of appearing for the AIAT for verification the candidate will not be permitted to appear for the AIAT. Further, the candidates, who are shortlisted in the merit list after the AIAT, need to submit certain documents to acquire eligibility to be admitted in the LL.M. Programme of Symbiosis Law School, Pune. If the candidate does not submit the document for eligibility purposes, admission of the same candidate stands cancelled.

**Note:** You are requested to bring a Statement of Purpose (SOP) not more than (250 words) and one reference (one page each) from the Head or Supervisor of your Institute at the time of appearing for the AIAT. This will be verified as a part of the document verification process.

**Refund Policy**

In case of cancellation of admission or non-fulfilment of eligibility criterion, the candidate may apply online for a refund of tuition fees and deposit. The refund will be made as per the refund policy of SIU.

**PREPARATION OF MERIT LIST & ALLOTMENT OF SPECIALISATION FOR SLS PUNE:****Steps for preparation of merit list/s:****Step 1: Generic Merit List:****Process of preparation of first merit list:**

**Preparation of consolidated/generic merit list:** A consolidated/generic merit list will be prepared as per the AIAT score and total intake for open and other reserved categories.

**Hypothetical Example :** If there are a total 50 seats for the open category, the institute will add around 20% to 30% extra i.e.  $50+13=63$  and prepare the consolidated/generic merit list of 63 candidates from the open category. These 63 candidates will be selected based upon their AIAT score irrespective of their preferred specialization.

**Step 2:** Allocation of specialization: -

**Allotment of the specialization to the candidates selected in consolidated/generic merit list:**

The candidate, who is selected in the consolidated/generic merit list, will be allotted a particular specialisation depending on:

(a) The marks scored in AIAT;

(b) The preferences of specialisations provided by the candidate while filling out the registration form for AIAT.

Allocation of the specialisation will be based upon the cut-off marks of the concerned specialisation as determined from the merit list and the number of seats in each specialization. The total number of seats shall be equally divided among all the offered specialisations in a particular academic year.

**\*Note:** The offering of a specialisation in a particular academic year will be subject to minimum 5 admissions in the concerned specialisation group.

**Process of allotment of specialization to the candidates selected in consolidated/generic merit list:**

After the preparation of consolidated/generic merit list, the institute will start allotting the specialisation for each candidate from consolidated/generic merit list based upon their marks in AIAT and preferences selected by the candidates. The Institute will start with the first candidate. He/she will be given his/her first specialization. In this hypothetical example, the process will go on till the 10 seats for open category are filled for each specialisation. If a candidate has selected "Business & Corporate Law" as his/her first preference and 10 seats are filled in "Business & Corporate Law", the institute will allot his/her second preferred specialisation according to his/her marks in AIAT. The candidate will not be allotted his/her first specialization i.e., "Business and Corporate Law" because 10 seats allotted to Business and Corporate Law are exhausted. He/She will be allotted his/her second preference. If the 10 seats for the course selected as 2nd preference are also full, the institute will allot third or fourth preference provided by the candidate while filling out the registration form.

Kindly note, in case a candidate does not fall within the merit list of any 4 of his/her preferred specialisations according to his/her AIAT marks, the institute has the discretion to allot an appropriate specialization to the candidate from the remaining available specializations.

Subsequent to the allotment of specialisation, a specialisation-wise merit list shall be published and offer letter shall be sent to the merit listed candidates.

The Institution shall provide admissions in all the specialisations as per the merit, however, the waitlist number of the candidate is subject to variation as per rule no. 5.5.2 of One Year LL.M Admission Process & Rules, 2020. Therefore, no wait list number will be provided/assigned to the waitlisted candidates.

**Process of preparation of second merit list:**

After the last date for admission as per the first merit list, the institute will check the total admitted candidates and based upon the seats available in each specialization, the following process will be followed:

**Forfeiture and deemed for forfeiture: If a candidate is offered first preference in first merit list but has not taken the admission:**

The candidate who has not taken admission after offering his/her first preference of specialisation (refuses or does not take admission) within the stipulated period will forfeit his/her claim of admission. It means his/her candidature will not be considered for second and subsequent merit lists. No email or any communication for negotiating or requesting change in admission shall be admissible. It cannot be raised as a ground for holding the seat or right to admission.

**Hypothetical Example:** If Mr./Ms. "A" is offered his/her preference -1 in the first merit list, but he/she didn't take admission before deadline of the admission for the first merit list and requested more information or change of specialisation, Mr./Ms. "A" will not be considered for second merit list. Since, Mr./Ms. "A" has not taken admission after offering his/her first preference given by him/her; he/she will forfeit his/her claim of admission in second and subsequent merit lists.

The above logic will be applied while preparing the second & the subsequent merit list.

**If a candidate is offered second, third or fourth preference in the first merit list but he/she has not taken the admission:**

If a candidate is offered admission in his/her second/third/fourth preference but he/she does not take the admission at SLS Pune, the candidate will be waitlisted and will be considered for second merit list subject to availability of seats. In the second merit list, allotment of specialisation will be done according to seats available in the specialisations, his/her AIAT score and preference of specialisation given by him/her at the time of registration.

**The following process will be followed for the allotment of specialization:**

- a. If a candidate is allotted his/her fourth preference and has not taken the admission, he/she will be waitlisted and his/her candidature will be considered for first, second and third preference.

@ Hostel and Mess Fees can be increased up to 10% each year. Government taxes would be additional as and when applicable.

\*\* Hostel and Mess Fees for the subsequent year would be communicated before commencement of the next academic year.

\* Few seats are reserved as Discretionary Quota Seats. Only students with good academic record and with good entrance test scores are considered for Discretionary Quota Seats. The fees for Discretionary Quota seats will be double the academic fees of open category as approved by the Fee Structure Committee, to be paid to the institute by way of online transfer/demand draft. No donation or capitation fee is charged for admission to any program at any institute of SIU. Once admission is taken in Discretionary Quota, the fees applicable to Discretionary Quota will have to be paid by the student for the entire duration of the programme.

**Dr. Anuradha Vaidya**  
Director

### **Officiating Director Profile:**

Dr. Anuradha Vaidya began her research career at National Centre for Cell Science (NCCS), an autonomous institute of the Department of Biotechnology, Government of India, where she worked in the field of Stem Cell Biology. She received a Ph.D. in Biotechnology from University of Pune in January 2011 after which she got affiliated with the brand “Symbiosis”. She has been associated with Symbiosis School of Biological Sciences (SSBS), Symbiosis International (Deemed University) (SIU) at its establishment in August 2011. On 8th November 2021, after completing more than a decade at SSBS, Dr. Vaidya was appointed as the Director of SSBS.

Dr. Anuradha Vaidya’s current research focuses on understanding the microenvironment-mediated regulation of hematopoietic stem cells (HSCs) and the potential use of the mesenchymal stromal cell (MSC) secretome as “cell-free biologics” in the treatment of neurodegenerative disorders. This is an extension of her Ph.D. work during which she showed that the HSCs are regulated intrinsically by the activation of p44/42 mitogen-activated protein kinase (MAPK) pathway that is crucial to its proliferation; whereas the extrinsic regulation of HSCs is mediated via its intercellular communication with the MSCs and that constitutive activation of the AKT signalling pathway in MSCs has a detrimental effect on the HSCs. Since her line of work is in stem cells, Dr. Vaidya is also affiliated with the Symbiosis Centre for Stem Cell Research (SCSCR).

Dr. Vaidya is a member of National and International societies such as Indian Society of Cell Biology and the International Society for Stem Cell Research. She is also a member of various academic, ethical, and safety committees within and outside of SIU. She has been serving as an Editor and Reviewer for many International peer-reviewed journals. She has also published several research articles in reputed journals such as Stem Cell Reviews and Reports, Regenerative Medicine, Stem Cells, Cryobiology, etc., and is currently involved in guiding and mentoring doctoral and dissertation students. She believes that SSBS possesses all key attributes to evolve as one of the premier Life Science’s institutes of India!

### **Institute Profile:**

Symbiosis School of Biological Sciences (SSBS) (formerly Symbiosis School of Biomedical Sciences) was established as a new initiative of Symbiosis International University (SIU) in 2011 under the Faculty of Health and Biomedical Sciences (now Faculty of Health Sciences) to address the need for a School devoted to training, research and development in the field of Biological Sciences. SSBS offer’s M.Sc. and Ph.D. programmes in Biotechnology, Biochemistry and Life Sciences. The current research focus of the institute is on contemporary areas such as Genomics, Proteomics & Bioinformatics, Stem Cell Biology, Antibiotic Resistance, Food Biotechnology, Avian Virology, Biotransformation of Xenobiotics, Quorum Sensing, Nanotechnology and Metabolic diseases which are aligned with the major Government funding agencies.

Our goal is to carry out biological research of highest calibre through global cooperation and to develop knowledge-rich highly skilled human resource.

## Programme Profile:

### Name of the Programme:

- **Master of Science (Biotechnology) [M.Sc. (Biotechnology)]**
- **Master of Science (Biochemistry) [M.Sc. (Biochemistry)]**
- **Master of Science (Life Sciences) (Partly by Paper Partly by Reserch) [M.Sc. (Life Sciences (PPPR))]**

### Duration:

- **Master of Science (Biotechnology) [M.Sc. (Biotechnology)]:** 2-year Full-Time Residential Programme
- **Master of Science (Biochemistry) [M.Sc. (Biochemistry)]:** 2-year Full-Time Residential Programme
- **Master of Science (Life Sciences) (Partly by Paper Partly by Reserch) [M.Sc. (Life Sciences (PPPR))]:** 2-year Full-Time Residential Programme

### Intake:

- **Master of Science (Biotechnology) [M.Sc. (Biotechnology)]:** 40 seats
- **Master of Science (Biochemistry) [M.Sc. (Biochemistry)]:** 30 seats
- **Master of Science (Life Sciences) (Partly by Paper Partly by Reserch) [M.Sc. (Life Sciences (PPPR))]:** 20 seats

- **Master of Science (Biotechnology) [M.Sc. (Biotechnology)]**

M.Sc. Biotechnology is an interdisciplinary programme offering courses in Stem Cell Biology, Bioprocess Engineering, Recombinant DNA Technology, Bioanalytical Techniques, Genomics, Bioinformatics, and Biostatistics. The programme also emphasizes understanding of fundamental principles through courses in Biochemistry, Cell Biology, Molecular Biology, Genetics, Microbiology, Virology, and Immunology. The skill-based programme incorporates a six months Research Project as an integral component that provides an opportunity for the students to get trained in independently drafting a hypothesis, designing a research project, and performing laboratory experiments followed by data analysis coupled with an opportunity to publish in peer-reviewed journals. In order to confer an edge over similar programmes in the country, the Biotechnology programme also has a provision for a one-year Research Project as a separate “stream” with the sole objective of providing an opportunity to the students to master skills in contemporary areas along with an opportunity to write and publish an original research paper.

- **Master of Science (Biochemistry) [M.Sc. (Biochemistry)]**

M.Sc. Biochemistry is a fundamental programme offering various courses such as Biomolecules, Enzymology, Metabolism, Metabolic and Genetic Engineering, Bioanalytical Techniques, Genomics, Bioinformatics, Structural Biology, Drug Discovery, and Biostatistics. The programme incorporates Research Project as an integral component that provides an opportunity for the students to get trained in independently drafting a hypothesis, designing a research project, and performing laboratory experiments followed by data analysis coupled with an opportunity to publish in peer-reviewed journals.

- **Master of Science (Life Sciences) (Partly by Paper Partly by Reserch) [M.Sc. (Life Sciences (PPPR))]**

M.Sc. (Life Sciences) [Partly by Paper Partly by Research (PPPR)] programme is specifically carved for those who are employed. There are meritorious individuals employed in industries with a zeal to pursue further education. However, their enthusiasm is deferred due to paucity of time and suitable avenues. It is of immense importance to harness this fervour for the progress of the individual and the organization. The inception of the M.Sc. Life Sciences (PPPR) is to sustain the passion of the employed for the attainment of knowledge through the Part Paper and Part Research programme. While undertaking this programme, the candidate can continue with the employment. The candidate can select one theory course of their choice, each semester. The courses offered include Advanced Molecular Biology, Biochemistry, Microbiology, Advanced Immunology, Cell Biology

*Inauguration of New Research Wing of SSBS (By Hon'ble Chancellor Dr. S.B.Mujumdar, SIU and Chief Guest Dr. Surendra Ghaskadbi, Director Agarkar Research Institute, Pune)*

and Genetic Engineering. On the other hand, the research part is integrated within the programme profile; therefore, the candidate can pursue a research project of their choice at their place of work.

#### **Eligibility:**

- **Master of Science (Biotechnology) [M.Sc. (Biotechnology)]**

Graduate in Life Sciences/ Health Sciences/ Biotechnology/ any other Biological Sciences OR Graduate of Engineering in Biotechnology/ Graduate of Technology in Biotechnology from any recognized University/ Institution of National Importance and must have obtained a minimum of 50% marks or equivalent grade (45% or equivalent grade for Scheduled Caste/ Scheduled Tribes) at graduation.

- **Master of Science (Biochemistry) [M.Sc. (Biochemistry)]**

Graduate in Science with Chemistry as one of the subjects in the third year OR Graduate in Life Sciences/ Health Sciences/ Biotechnology/ any other Biological Science from any recognized University/ Institution of National Importance with a minimum of 50% marks or equivalent grade (45% or equivalent grade for Scheduled Caste/ Scheduled Tribes)

- **Master of Science (Life Sciences) (Partly by Paper Partly by Reserch) [M.Sc. (Life Sciences (PPPR))]**

Graduate in Life Sciences/ Health Sciences/ Biotechnology/ Medical Sciences/ Veterinary Sciences/ Pharmacy/ Chemistry/ Biomedical Engineering and any other Biological Sciences OR Graduate of Engineering in Biotechnology/ Graduate of Technology in Biotechnology from any recognized University/ Institution of National Importance with a minimum of 50% marks or equivalent grade (45% marks or equivalent grade for Scheduled Caste/ Scheduled Tribes). The candidates must be employed in industries which are collaborative research centres (CRCs) or with industries where the University has MoU. The candidates must have a minimum of two years of relevant work experience.

#### **Important:**

It is the responsibility of the candidate to ascertain whether he / she possesses the requisite qualification(s)/ eligibility for admission. Having been admitted provisionally does not mean acceptance of eligibility. Final eligibility of admission will be decided by Symbiosis International (Deemed University), subject to successful fulfilment of specified admission norms.

#### **Admission Process:**

Personal Interaction with shortlisted candidates

(Criteria for evaluation: Undergraduate academic score, general aptitude, subject knowledge, communication skills, and extra-curricular achievement)

**Reservation of Seats:** As per University norms.

**Important Dates:**

website: [www.ssbs.edu.in](http://www.ssbs.edu.in)

**Orientation and Pedagogy:**

A week-long induction programme is organized for the new batch of students wherein guest speakers are invited to share their expertise, knowledge and experience in their respective fields. Students are exposed to emerging trends and career opportunities available in biotechnology while also providing orientation to welfare policies, wellness and recreation facilities as well as health care services, biodiversity at SIU. This induction program also includes various lectures on personality enhancement and soft skills training. Students are given a bird's eye view of their course curricula. The pedagogy involves a combination of lectures, assignments, case studies and presentations with special emphasis on laboratory practicals and hands-on training. Industry and field visits too are given a special importance. Additionally, classroom sessions are planned on current scientific topics or path breaking research to encourage open ended discussions. Students undertake research projects as a part of the curriculum and in many cases are able to publish papers in Scopus Indexed journals. This activity is undertaken either at SSBS or at leading research organisations/industries across the country.

### **Dr. Jyoti Chandiramani**

Director, Symbiosis School of Economics  
Dean, Faculty of Humanities and Social Sciences – SIU

#### **Direct Profile:**

Prof Jyoti Chandiramani has over 35 years of experience in teaching, institution building, administration, and research. Presently, she teaches Urban Economic Development and Urban Mobility at the Masters level.

Dr Chandiramani has conducted more than 50 Management Development Programmes (MDP) for the corporate over the years. She has been a core founder member of the Symbiosis Centre for Liberal Arts. In 2007, she was awarded a short-term scholarship at the University of DePauw, Indianapolis – to study Liberal Arts Education. In 2013, she was a part of the Indian delegation to Pakistan for the Tenth South Asian Economic Students Meet (SAESM) at Lahore University of Management Sciences, and she has been conferred with the ICongo instituted Gold Karmaveer Chakra and the Rex Karmaveer Global Fellowship in Delhi, for her contributions to the field of education in 2015. In 2016, she was invited to the 5th ASEM Rectors' Conference as a Mentor for the Students' Forum (ARC5), organized by Charles University in Prague and the Asia-Europe Foundation (ASEF). Prof Jyoti has been a member of the Working Group on "City Governance and Smart Cities" – Niti Aayog in 2017; in 2018 she was invited to Macquarie University to deliver seminar lectures.

Prof. Chandiramani's research interests lie in the urban economic development and international economic cooperation. To this effect, she focuses her research in areas such as Urban Infrastructure, Urban Transport, Urban Poverty and is presently working on Pune centric cases. She has a number of research papers to her credit and has worked on research projects funded by National Bank for Agriculture and Rural Development (NABARD) and others. She is also a research guide to a number of PhD scholars. Besides writing a couple of textbooks, and publishing research papers in reputed journals, she has jointly edited a book with Ramanath Jha on 'Perspectives in Urban Development: Issues in Infrastructure, Planning, and Governance.'

#### **Institute Profile:**

The growing institution has demonstrated a discernible record of success, offering two programmes:

1. B.Sc. (Economics) Honours and
2. M.Sc. Economics with specializations in International Trade, Development Studies, Urban Development, Finance and Data Analytics.

Note: The choice of specialisations is based on multiple factors (as the case may be) such as academic performance in semesters I and II, a test, an interview, and a statement of purpose.

SSE has two very active centres to cater to specific needs of the students and faculty members. The Centre for Quantitative Learning and Applications (CQLA) facilitates advanced level data analysis and statistical software training (SAS, SPSS, STATA, R, and other statistical and econometric software) for the students. The Centre for Academic Writing (CAW) supports students in the academic writing of essays, papers and reports of various types. CAW also publishes an annual journal – *Oeconomica Scriptis* – a compilation of outstanding academic writings of the students.

**Research:** The school prepares its student community with strong research methods (both quantitative and qualitative), software applications, along with a final semester dissertation, which is mandatory at both, the

Bachelor's and Master's programmes. With more than 60 publications, the school has actively engaged on varied research projects with NABARD, Chest Research Foundation, INHAF, Sulochana Thapar Foundation, etc., working closely on rural, urban, trade and development issues.

**Placements:** Our 1500+ alumni, have been accepted to pursue academics at the leading institutions in India – like Indira Gandhi Institute for Development and Research, Gokhale Institute of Politics and Economics, Delhi School of Economics, Jawaharlal National University, Madras School of Economics, Indian Institute of Technology (Powai, Bombay), Centre for Development Studies (Trivandrum), Indian Institute of Management (Ahmedabad, Bangalore, and Indore), Tata Institute of Social Sciences (Mumbai) and across reputed International Universities such as Johns Hopkins University, Columbia University, Boston University, University of Rochester, National University Singapore, London School of Economics, Warwick University, St Andrew's University, to name a few.

The programmes' rigour equips our students with employable skills in economic analysis, data analytics, market research, economic research and business intelligence, which has helped our students to be recruited by renowned organizations such as Deloitte, Ernst and Young, ZS Associates, CMIE, RIS, IIHS, CRISIL, ICICI Bank, IndusInd Bank, Vodafone, Markets and Markets, Public Affairs Centre (PAC), Research and Development Initiatives (RDI), and many more.

It is evident that through the interdisciplinary flavours, the curricula prepares our students for careers in a wide range of sectors and professions. Despite the demanding environment, there is ample scope for creativity, originality and students' initiatives. The journey of academic pursuits is ever-evolving and will always include different perspectives and recommendations from all our stakeholders – this is the key to making the learning experience increasingly relevant and meaningful.

**Internationalization:** Symbiosis International (Deemed University) having more than 60 MOUs with leading international universities, has helped SSE facilitate strong linkages with respect to students and faculty exchange, working towards collaborative research and benchmarking our courses and programmes to international requirements.

**Enhanced Engagements:** SSE is closely associated with Niti Aayog, and other leading think tanks like Research and Information Systems (RIS), ICRIER, UNDP, INHAF, Shyam Chi Aai Foundation, SOFOSH, CII, Cogencis, IDOBRO, TIES, Yunus Centre (Yunus Social Business, Bangalore), Piramal Foundation and many more.

Given the framework, this very niche institute seeks to develop intellectual discipline, critical and analytical bents of mind and a skill-set that makes our students prepared for academia and industry, alike. We at SSE, achieve these goals in an educational environment committed to excellence and academic freedom. While the programmes are rigorous and the pedagogies are designed to make the student learn experientially, as well as, through the traditional techniques, the curricular and co-curricular and extra-curricular inputs, SSE seeks to nurture and develop the intellectual and professional competencies for successful careers that inspire inclusivity, sustainability, innovation, leadership and pragmatism into problem-solving at local and global levels.

## **Programme Profile:**

### **Name of the Programme:**

- **Master of Science (Economics) [M.Sc. (Economics)]**

### **Duration:**

- **Master of Science (Economics) [M.Sc. (Economics)]:** 2-year Full-Time Programme

### **Intake:**

- **Master of Science (Economics) [M.Sc. (Economics)]:** 80 seats

- **Master of Science (Economics) [M.Sc. (Economics)]**

The M.Sc. Economics programme is interdisciplinary in nature. The programme seeks to develop intellectual discipline, critical and analytical thinking with a view to groom passionate individuals capable of taking up responsibility. We have a highly rigorous and relevant curriculum, catering to the dynamic nature of global markets. We, at SSE, strive hard to create an enabling framework to facilitate the smooth translation of skills to jobs.

The diverse pool of students is selected through a highly comprehensive screening process across India. The applicants hail from varied academic backgrounds like economics, commerce, mathematics, statistics, management, science, engineering, marketing, etc., and, bring to the table a diversity of thoughts, and perspectives. We look forward to a batch of students every year with proven excellence in academia and in extracurricular activities. The student community, together with the knowledge ethic embedded at SSE, ensures that they are prepared to take on roles as managers, economists, statisticians, analysts and entrepreneurs.

SSE adopts innovative and proactive teaching pedagogy with emphasis on holistic developments of individuals. The coursework has been designed to acclimatize students to the rigors of a highly competitive workplace. Inherent with the coursework is a system of Continuous Evaluation (CE) that provides critical evaluation of a candidate's performance from time to time. The curricula place a lot of importance on intensive application-based research and analysis. Further, to strengthen the skill set, the students undergo workshops where they are trained to handle and implement data packages and software like SPSS, STATA, R, Python, etc.

As part of the programme, all students are required to complete a two-month industry internship. The objective of the internship is to give students the opportunity to experience real world applications of theories they have studied. At the end of the two years, students are well prepared to face the challenges of academia, research, business and industry.

#### Eligibility:

- **Master of Science (Economics) [M.Sc. (Economics)]**

Graduate from any recognised University/ Institution of National Importance with a minimum of 50% marks or equivalent grade (45% marks or equivalent grade for Scheduled Caste / Scheduled Tribes).

#### Important:

It is the responsibility of the candidate to ascertain whether he / she possesses the requisite qualification(s)/ eligibility for admission. Having been admitted provisionally does not mean acceptance of eligibility. Final eligibility of admission will be decided by Symbiosis International (Deemed University), subject to successful fulfilment of specified admission norms.

### Admission Process:

She has worked in the capacity of Programme Specialist on two of the UN's priority programmes in education and international development – Education for All and Education for Sustainable Development. These programmes covered a variety of contemporary issues like peace and conflict, human rights, climate change and gender issues, among others.

She has also taught the post-graduate programme in French studies at the University of Pune. Ms. Lawale has an M.Phil in International Cooperation in Education and Training from the Sorbonne University and an M.A. in International Relations from the prestigious Sciences Po, Paris. She also has an M.A. and M.Phil in French studies from Pondicherry University. She has authored articles on education and sustainable development that have been published in international journals and publications and has presented papers at prestigious international conferences like the biennial International Conference on Education and Development, UK, and the Human Development and Capability Association (HDCA) annual conferences. She is also member of the HDCA, an association that was established in 2004 by Prof. Amartya Sen and Prof. Martha Nussbaum. Areas of Interest: Indo-French relations, Indo-EU relations; development cooperation; educational cooperation and issues related to Sustainable Development.

#### **Institute Profile:**

The M.A. (International Studies) programme offered by SSIS seeks to equip students with knowledge and skills pertinent to address the 21st century global challenges. While engaging with topics on peace, conflict, justice, rights, development, global commons, environment, cooperation, governance, diplomacy and so on, the emphasis is on developing critical thinking to come up with tangible alternatives to address the unresolved issues. The holistic nature of courses offered under the M.A. (International Studies) programme provides students with the lens to critically examine, analyze and understand contemporary issues based on a multi-disciplinary approach. The specialization offered under the course on Area Studies fosters scholarship of the region informed by a deeper understanding of an interconnected and interdependent world. The choice of regions offered includes – Europe/ U.S.A and Asia. The students are also offered a choice of foreign language as part of the Area Studies course (e.g. French/ Spanish/ Chinese/ Arabic). For the choice of both the region and the foreign language to take off, there has to be a minimum enrolment of ten students. The curriculum includes mandatory internships that prepare students for careers with CSOs, NGOs, international organizations, think tanks, civil services, media, academia, consultancies and financial institutions. Our faculty members are a good blend of prominent academicians, active researchers and practitioners, attesting to the belief that the best pedagogy comes from a mix of theory and praxis. The students benefit from the contributions of different types of practitioners of international relations, whether they are from diplomacy, the corporates, the think-tanks or international organizations. The diverse background of both the faculty and the postgraduate students makes for a cosmopolitan and enriching environment.

In the contemporary scenario, India's interest in the world as well as the world's interest in India is visibly at its highest. Therefore, it becomes imperative that the Indian scholarship on global issues should respond to the opportunities that this presents. To this end, the Symbiosis School of International Studies (SSIS) endeavours to provide a platform for teaching and research in international relations, with an emphasis on India and its role in global affairs. Set up in consonance with the broader vision of Symbiosis Society, which is "to integrate with the world", SSIS strives to constantly engage in scholarly pursuits in an environment of intellectual fellowship, aimed at the academic enrichment of the entire community. The discipline of International Studies (IS) positions itself at the cross-roads where the dominant cultural, economic, political and social issues that exercise an influence on the national, regional and international agenda converge. A Master's programme in International Studies encourages students to relate theoretical concepts to specific, relevant world issues and challenges in international affairs today. The holistic nature of courses offered under the M.A. (International Studies) programme provides students with the lens to critically examine, analyze and understand contemporary issues based on a multi-disciplinary approach. The specialization offered under the course on Area Studies fosters scholarship of the region informed by a deeper understanding of an interconnected and interdependent world. The choice of regions offered includes - Europe/North America and Asia. The students are also offered a choice of foreign language as part of Area Studies course (Arabic/ French/ Spanish/ Chinese). Our faculty members are a good blend of prominent academicians, active researchers and practitioners, attesting to the belief that the best pedagogy comes from a mix of theory and praxis. Apart from the teaching vertical, we also run the flagship annual International Relations Conference (IRC) and an online research portal - Indian Review of Global Affairs (IRGA).

- **Master of Arts (African Studies: Geo Economics and Foreign Policy) [MA (AS)]**

Master of Arts (African Studies: Geo-economics and Foreign Policy) is a multidisciplinary programme of study that provides a holistic understanding of the African continent and its relation with major countries in the world. The course elaborates on the political, economic and sociocultural environment of the continent and its impact on global affairs. Abundant natural resources, a young population and an emerging market are some of the reasons many global actors are attracted to the region in the past few decades.

**Orientation and Pedagogy**

Faculty is encouraged to employ a number of methods of instruction. Consistent with the University's quality assurance and enhancement practices, each method is designed to ensure that the students derive maximum benefit from the lectures and seminars, and that they use the self - study time to its full advantage.

Given the diversity of the subject, the programme is taught through a mixed pedagogical approach, combining exposure to both IR theory and praxis. Emphasis is laid on hands-on training in the workings of contemporary diplomacy and international negotiations through simulations, case studies and audio visuals. The courses are designed to nurture critical analysis skills (written and oral), soft skills, intercultural skills and e- competencies in the students to enable them to play professional, constructive or leadership roles at the national, regional and international level.

The pedagogy is by lecture/seminar format, small group work, and simulations as appropriate. For each course, the formal lectures are intended to provide students with – right from an introduction to a particular theme or topic, to making them aware of main issues through a structured summary of the current state of debate on a topic, and to provide them with navigation points through the main literature. The seminar format is intended to provide students with the opportunity to engage in discussion with other students and with the course convenor for a structured discussion of substantive issues.

Students are encouraged to work both independently, and as part of a group. Independent study is vital to develop research skills: for the preparation of essays, book reviews and the final year dissertation. All of this written work is designed to help hone the skills necessary to filter complex arguments and issues to their essential elements, and to express your own critical ideas succinctly, clearly, and in an organised manner. Students are also encouraged to work independently on presentations to develop oral communication skills. This helps to develop the ability to organise and to think quickly about complex issues, and to develop skills necessary for reasoned argumentation. Students are also encouraged to work in groups for simulation projects to develop skills necessary for cooperation in group project work, as well as to develop leadership qualities.

The programme also allows students to manage an online research portal, Indian Review of Global Affairs, which will become a base of mid-to-long range policy- relevant issues and challenges. This will further hone skills and encourage the participation of youth in new age research via the use of new media such as podcasts, photo-essays/ photo- journalism, interviews and video- series.

#### **Director Profile:**

Sharvari has been a Bio-statistician at various research institutes and advisor for pharmaceutical companies and hospitals. Her interest in translating research into practice led her to undergo training in epidemiology, epigenetics and clinical trials. She handles various national and international funded projects. Recently she received grant from DST under EDA scheme on big data analytics and SERB under METRICS rapid response call on COVID-19 data. Sharvari Shukla works with a team of epidemiologists and clinical scientists investigating the fetal origins of cardiovascular disease and Type 2 diabetes. Her fields of expertise include longitudinal data analysis, modelling-simulation, big data analysis and artificial intelligence, clinical trials and research methodology. She has more than 65 research papers to her credits. She also serves as reviewer for various international journals.

#### **Institute Profile :**

The major focus of the Symbiosis Statistical Institute (SSI) is to train students to translate and apply statistical knowledge to solve real-world problems in various inter-disciplinary domains. In today's innovative world new forces are shaping the analytics so education becomes very important for developing next generation creative thinkers and innovators. Both programmes, BSc. (Applied Statistics and Data Science) and MSc. (Applied Statistics), shall offer modules which are application oriented that facilitates learning statistical methodologies and best practices in statistical analysis. The programme prepares students for career opportunities in different areas such as Finance, Automobile, Information Technology, Pharma, Insurance, and many other sectors that will entail market research, forecasting and predictive analysis. It will also provide opportunities for students to be gainfully employed with National and International Research Institutes, Research laboratory, Academia, Non-Governmental Organizations, Consulting, and Doctoral Studies among other opportunities.

Induction Program – For Batch 2018-20

## Programme Structure\*:

### Masters of Science (Applied Statistics) [M.Sc. (AS)]

#### Semester : I

##### Generic Core Courses

- Probability Distributions
- Probability Theory and Applications
- Sampling Theory
- Statistical Computing
- Multivariate Statistics-1
- Research Methodology
- Integrated Disaster Management\*

#### Semester : II

##### Generic Core Courses

- Statistical Inference
- Multivariate Statistical Analysis-2
- Linear Models
- Stochastic Processes
- Design of Experiments
- Time Series Analysis

#### Semester : III

##### Generic Core Courses

- Statistical Machine Learning
- Computer Intensive Statistical Methods
- Statistical Learning and Data Mining
- Internship
- Research Publication \*

##### Generic Elective Courses Group

- Flexi-Credit Course
- Flexi-Credit Course

##### Specialization Core Courses: Bio-Statistics and Data Analysis

- Survival Analysis
- Demography and Vital Statistics

##### Specialization Core Courses: Data Science

- Statistical Simulation
- Big Data Analytics

##### Specialization Core Courses: Industrial Statistics and Operations Research

- Stochastic Models in Finance
- Statistical Quality Control

#### Semester : IV

##### Generic Core Courses

- Industry Project in Specialization
- Seminar

\* Courses are subject to be changed

Professor, Computer Science & Engineering

- Dean, Faculty of Engineering, Symbiosis International (Deemed University)
- Director, Symbiosis Institute of Technology
- Head, Symbiosis Centre for Applied AI ( SCAAI)

#### **Education:**

PhD & M.Tech (IIT Bombay)

#### **Expertise:**

A researcher - teacher of Deep learning, his interest areas are Artificial Intelligence, Computer Algorithms, Machine Learning, Deep Learning Higher Order Thinking Skills & Critical Thinking.

#### **Experience:**

Dr Kotecha has expertise and experience in cutting-edge research and projects in AI and Deep Learning for the last 25 + years. He has published more than 145 Scopus indexed papers and has published 3 patents.

He is a recipient of the two SPARC projects worth INR 166 lacs from MHRD govt of India for AI projects with Arizona State University, USA and University of Queensland Australia resp, and also the recipient of numerous prestigious awards like Erasmus plus faculty mobility grant to the University of Wroclaw Poland, DUO-India professors fellowship for research in Responsible AI with Brunel University the UK, LEAP grant to visit and attend Leadership Program at Cambridge University UK, UKIERI grant and a grant from Royal Academy of Engineering, the UK under Newton Bhabha Fund and also grabbed Going Global Partnerships Exploratory Grant from British Council, UK in collaboration with Aston University. Recently he was awarded two projects from DST under Indo-Italy and Indo-Serbia schemes worth Rs. 70 lacs.

He has been invited at various forums to deliver a keynote address in the field of AI at Machine Intelligence lab at USA, Pretoria University, South Africa, IIT Bombay under World Bank Project, Global Meet on Sensors and Sensing Technology, at Italy, 2nd International Congress on AI and Machine Learning at the Czech Republic and many more.

He has been an editorial board member of IEEE access, PeerJ computer Science journal (by SAGE), Cogent Journal by Taylor & Francis and also editing special issues of MDPI and Frontiers Journals.

### **Institute Profile:**

Symbiosis Institute of Technology, a constituent of Symbiosis International University was established in the year, 2008 and currently offers B. Tech programmes in Civil Engineering, Computer Science and Engineering, Electronics & Telecommunication Engineering, Mechanical Engineering, Artificial Intelligence & Machine Learning and Robotics & Automation and as well as M. Tech programmes in M.Tech in Artificial Intelligence and Machine Learning , Robotics and Automation, Embedded Systems, Engineering Design, Geoinformatics and Surveying Technology. Research programmes leading to Ph. D. Degree in all the disciplines were introduced in Faculty of Engineering of Symbiosis International University in 2010.

The Institute endeavours to provide quality technical education in line with the requirements of today's competitive industry and fast paced technological developments. The curriculum developed by the Institute lays a stress both on basics and latest developments. Realizing the fact that faculty is the most important resource, special efforts have been made to find, recruit and retain highly qualified and competent faculty. Infrastructure created and acquired by the Institute, like all other Symbiosis Institutes, is of a very high quality and includes multimedia classrooms, well equipped labs, high end computing facilities with various latest software for simulations and other applications, well stocked modern library with digital media and database, auditorium, seminar halls, separate hostels for boys & girls and playgrounds.

The Institute provides an environment conducive for harnessing the potential of both faculty and students through systematic and effective planning and control of the teaching learning process, both within and outside the classroom. The basic teaching learning process is supplemented by organizing tech-fests, cultural programmes, sports competitions, industry-institute collaborations in teaching-learning, guest lectures by renowned personalities and student exchange programmes (Global Immersion Programme) with foreign universities.

The Institute has international collaborations for student and faculty exchange with Nanyang Technological University Singapore, Ingolstadt University Germany, Purdue School of Engineering, IUPUI Indianapolis USA and Leibniz University Hannover.

batch - Orientation  
Program Inauguration  
by lighting lamp

Based on the dream of Dr. S. B. Mujumdar Sir, Chancellor of SIU and creator of Symbiosis, of producing Gentlemen Engineers, the students are trained in foreign languages, history of science & technology, service learning, creative and critical thinking, design thinking, tinkering, human values and ethics, experiential learning, project based learning, and Internet of things. A special diploma from SIBM and courses from other Symbiosis Institutes are offered to the students. The online courses from cousera, MOOC, SWAYAM etc are offered to the students to enhance the quality education.

The honours/ minor courses in all disciplines are offered to the students to gain the in-depth knowledge in a specialised area, which is suitable for their future growth. The students are given an opportunity to work on different technical projects in a group under the guidance of faculty members producing an outcome in terms of paper publications/ patents.

The students undergo a semester long Industry Internship with stipend ranging from Rs. 10 k to 50 k.

The students at SIT are from all parts of the country. This diversity coupled with their excellent schooling and family background creates an environment best suited for peer learning. They are enthusiastic to supplement their learning with participation in competitions, organizing events and so on.

### Programme Profile:

#### Name of the Programme:

- **Master of Technology (Artificial Intelligence and Machine Learning)**
- **Master of Technology (Robotics & Automation)**
- **Master of Technology (Embedded Systems)**
- **Master of Technology (Engineering Design)**
- **Master of Technology (Geoinformatics and Surveying Technology (G&ST))**

#### Duration:

- **Master of Technology (Artificial Intelligence and Machine Learning):** 2-Year Full-Time Residential Programme
- **Master of Technology (Robotics & Automation):** 2-Year Full-Time Residential Programme
- **Master of Technology (Embedded Systems):** 2-Year Full-Time Residential Programme
- **Master of Technology (Engineering Design):** 2-Year Full-Time Residential Programme & 3 Year Part Time Residential Programme
- **Master of Technology (Geoinformatics and Surveying Technology (G&ST)):** 2-Year Full-Time Residential Programme

#### Intake:

- **Master of Technology (Artificial Intelligence and Machine Learning):** 40 seats
- **Master of Technology (Robotics & Automation):** 18 seats
- **Master of Technology (Embedded Systems):** 18 seats
- **Master of Technology (Engineering Design):** 30 seats
- **Master of Technology (Geoinformatics and Surveying Technology (G&ST)):** 18 seats

### Eligibility:

- **Master of Technology (Artificial Intelligence and Machine Learning)**

Engineering Graduate (B.E./ B.Tech.) in ANY relevant disciplines of Engineering with minimum four years duration from any recognized University/Institution of National Importance with a minimum of 50% marks or equivalent grade (45% Marks or equivalent grade for Scheduled Caste/Scheduled Tribes).

- **Master of Technology (Robotics & Automation)**

B.Tech./ B.E. in Mechanical /Electronics and Communication/ Computer Science/ Information Technology and other related disciplines with minimum four years duration from any recognized University/Institution of National Importance with a minimum of 50% marks or equivalent grade (45% Marks or equivalent grade for Scheduled Caste/Scheduled Tribes).

- **Master of Technology (Embedded Systems)**

B. Tech / B.E. in Electronics and Telecommunication/ Computer Science/ Information Technology/ Mechatronics and other related disciplines from any recognized University/Institution of National Importance with a minimum of 50% marks or equivalent grade (45% Marks or equivalent grade for Scheduled Caste/Scheduled Tribes).

- **Master of Technology (Engineering Design)**

- **Master of Technology (Geoinformatics and Surveying Technology (G&ST))**

Candidate should be an Engineering Graduate (BE/B. Tech), M.Sc. Geoinformatics, M.Sc. Physics, M.Sc. Geology, M.Sc. Environmental Science, M.Sc. Mathematics, M.Sc. Agriculture or equivalent from any statutory university with a minimum of 50% marks (45% for SC/ST). Candidates appearing for final year examinations can also apply, but their admission will be subject to obtaining a minimum of 50% marks (45% for SC/ST) at qualifying examination.

### Important:

It is the responsibility of the candidate to ascertain whether he / she possesses the requisite qualification(s)/ eligibility for admission. Having been admitted provisionally does not mean acceptance of eligibility. Final eligibility of admission will be decided by Symbiosis International (Deemed University), subject to successful fulfilment of specified admission norms.

### Admission Process:

- **Master of Technology (Artificial Intelligence and Machine Learning)**

- **Master of Technology (Robotics & Automation)**

- **Master of Technology (Embedded Systems)**

- **Master of Technology (Engineering Design)**

- **Master of Technology (Geoinformatics and Surveying Technology (G&ST))**

- ✓ GATE-qualified students can apply based on valid GATE Scores.

- ✓ Non-ATE students will be required to appear for an entrance examination and based on the score, admission will be offered. Selected GATE candidates will get a teaching assistantship.

### Orientation and Pedagogy

#### a. Method of Instruction

The Institute employs a very effective and interactive teaching-learning process using most recent teaching aids including multimedia. The curriculum has been developed considering the present and future needs of industry and higher education. Teachers prepare detailed presentations, lab manuals and course files to ensure the effectiveness of teaching-learning process. A salient feature of the curriculum is a Dissertation Phase 1, Dissertation Phase 2 and Research Publication.

#### b. Industry Interface:

The institute ensures industrial participation in curriculum development, guest lectures by experts from Industry, student trainings and internships. In addition to these, several industrial visits are also arranged for students in order to give them an exposure on the practical solutions and industrial environment.

The **Industry Institute Interaction Cell (IIIC)** at Symbiosis Institute of Technology aims to get associated with Industry to develop strategies for creating a future talent pool that is Industry ready. The objective of the IIIC is to reduce the gap between the Institute and Industry and to offer real time exposure on recent technologies to the students and faculty members. Along with that, this cell also aims to join hands with Industry to find the solutions of problems faced by the industry and assure symbiotic relationships for the benefit of both Institute and Industry.

We regularly organize following activities

- ✓ Arrange Guest lectures, Industry talks on advance and latest technology trends.
- ✓ Promote One Faculty- One Industry connect.
- ✓ Invite Industry executives and practicing engineers for possible collaboration in research and development of existing laboratories.
- ✓ Participation of experts from industries in curriculum development.
- ✓ Organize industrial visits for faculty members and students.
- ✓ Invite Industry to co-teach some part of the course.

### c. Research and Development

SIU started Ph.D programme in Engineering from the academic year 2010-2011. Presently 190 students are pursuing their Ph.D from faculty of Engineering. 49 students have been awarded Ph.D. till date. SIT has taken various initiatives to mobilize the available knowledge resources for research and innovative solutions. SIT operates in cooperation to identify and initiate applied as well as multi-disciplinary research projects, create and combine patentable Intellectual Property (IP) components, and work to deliver funded research projects.

Research equipment and facilities have been established at SIT to carry out high quality basic and applied research. Faculty members are motivated to send research proposals in emerging areas to funding agencies within India and abroad. They also have a large number of publications in referred journals (SCOPUS and Web of Science) and are actively engaged in publications. Many papers were presented by the faculty and students in conferences held in India and abroad. Faculty and students have published more than 218 papers in refereed journals in the year 2021, all of them are either in SCOPUS indexed or Web of Science journals. The undergraduate and graduate students also get an opportunity to work on some sub-areas of larger research problems as their major or minor projects. They also have published papers in referred journals. The Institute is in the process of augmenting necessary equipment and facilities in the identified research areas. Currently working on five externally funded research projects and seven SIU funded projects.

### d. Internationalization

The International Cell of Symbiosis Institute of Technology headed by Dr. Meena Laad, oversees and coordinates all the International initiatives of the Institute under the umbrella of Symbiosis Centre for International Education (SCIE). The Cell strives to enrich the academic and cultural experience of its students.

In spite of Covid affecting International mobility world wide, we could sustain Internationalization at SIT and ensured the sharing of best academic and research practices through interactions between people from diverse nationalities across the world and could add an International dimension into our Teaching Learning process and provide international education experience to our students.

Apart from prestigious research grants and fellowships by the faculty, there were several other international fellowships and internship opportunities bagged by our students. More than 80 research papers, 14 conference papers and 6 book chapters were published with International collaborations in the Academic year 2021-2022.

#### MoUs for International collaborations

### **Admission of International Students**

The process of International Student's Admissions at SCIE is designed taking into consideration the requirements and difficulties faced by International Students. The admissions are centralized for all the constituent institutes of Symbiosis International (Deemed University) and routed through this office. The online admission procedure has made it accessible to each and every student from different parts of the world and in the comfort of their homes.

In addition, various support services like assistance for issues related to residence permit, orientation to the rules and regulation of the Institute, medical facilities available and other miscellaneous matters of importance and interest during their stay also provided.

### **Placements:**

The Institute has a very well organized placement and training cell. The infrastructure in placement cell includes a seminar hall for conducting pre-placement talks, discussion rooms, interview rooms and other necessary amenities. The cell has good associations with a large number of renowned companies who visit the institute for campus recruitments. All the students of the final year are prepared for campus interviews through special programmes on technical and soft skills, which would help them get prestigious jobs. SIT had a successful placement season with the participation of leading companies across sectors, offering coveted profiles to the students of B.Tech and M.Tech. Leading companies from a multitude of sectors participated in the final placements offering 'sought-after' profiles with competitive packages. The recruiter portfolio comprised a healthy mix of recruiters from IT sectors and fast growing start-ups. Further, few students, with their exceptional effort during their Internships and reputed corporate competitions were awarded PPOs (pre-placement offers) by highly coveted companies.

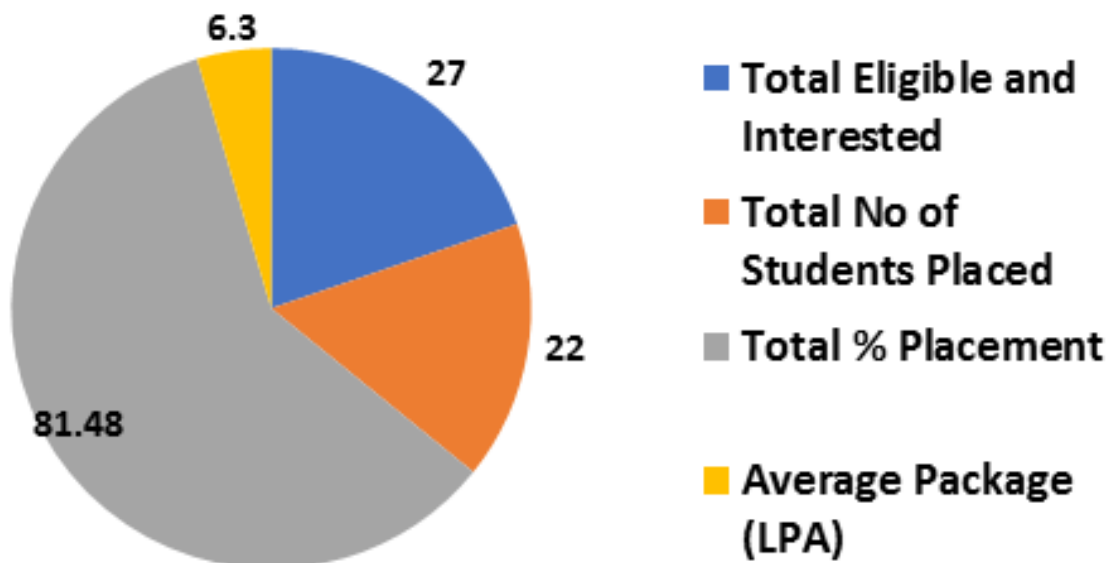

Year 2021-22 marked the presence of more than 130 companies which include a blend of IT companies, Consultancy firms, Manufacturing Units, Digital marketing firm, Edtech companies. To name a few Indeed, Microsoft, IBM India Pvt Ltd, Netcracker Technology ZS associates, Hitachi Vantara, Persistent Systems Pvt Ltd, MiQ Digital India Pvt Ltd, Cognizant, HDFC Bank, Miniorange Security Software Pvt Ltd, Deloitte, Media.net, Dure Technologies, DANA India Technical Centre Pvt. Ltd., Emerson Innovation Center, PTC Software India Pvt Ltd, Dassault systems, Vanderlande, Vanderlande, Vodafone Intelligent Services Pvt Ltd, eClerx Services Ltd, Merkel Sokrati Technologies, Tresvista, Mahindra Finance, Verolt, Atomberg Technologies Pvt Ltd, Eazzbuzz Pvt Ltd, Fairconstruct Constructions, HP Inc, Future first Info Services Pvt Ltd, Tothenew, Amura Marketing Technologies, Vodafone Idea, Tecnimont Pvt Ltd, Dematic, Global Payex, Forage AI, Plobal Apps, Yardi Software India Pvt Ltd, Tata Power, Bitwise Global, Bristlecone, Wednesday Solutions, Xoriant, GEP recruited students from SIT.

The Placement cum internship process of 2023 batch of M.Tech students has been initiated. Several companies of repute like Nomura Services India Pvt Ltd, Kone Elevators, Tata Consultancy, Philips India Pvt Ltd, Emerson Innovation Center, PTC Software Services Pvt Ltd, Opcito Technologies Pvt Ltd, Marquardt India Pvt Ltd, Crane Process Flow Technologies, Forage AI, Searce, Aligned Automation, Jyosh Solutions Pvt Ltd, Crelio Health, MiQ Digital India Pvt Ltd, Verolt has already been a part of the process & many more to come.

## Programme Structure\*:

### Master of Technology (Artificial Intelligence and Machine Learning)

#### Semester : I

##### Generic Core Courses

- Programming in Python
- Maths for Data Science
- Supervised Machine Learning and Advances
- Supervised Machine Learning and Advances Lab
- Exploratory Data Analysis
- Unsupervised Machine Learning and Advances
- Unsupervised Machine Learning and Advances Lab
- Research Methodology in engineering
- Introduction to Deep Learning
- Introduction to Deep Learning Lab
- Data Visualization Tools and Software
- Implementations and Use Cases of Machine Learning Lab

#### Semester : II

##### Generic Core Courses

- Graph Neural Networks
- Flexi-Credit Course
- Generative Adversarial Networks and Applications
- Generative Adversarial Networks and Applications Lab
- Natural Language Processing and Applications
- Natural Language Processing and Applications Lab
- Machine Vision
- Machine Vision Lab
- Technical Communication Skills
- Machine Learning and Bioinspired Optimization Techniques
- Integrated Disaster Management\*

#### Choose any 3 credits

##### Generic Elective Courses Group

- Reinforcement Learning and Applications
- Fundamentals of Responsible AI
- Fundamentals of Multimodal AI

#### Choose any 1 credit

##### Generic Elective Courses Group

- Reinforcement Learning and Applications Lab
- Fundamentals of Responsible AI Lab
- Fundamentals of Multimodal AI Lab

#### Semester : III

##### Generic Core Courses

- Dissertation Phase 1
- Flexi-Credit Course
- Research Publication \*

#### Semester : IV

##### Generic Core Courses

- Dissertation Phase 2

## Master of Technology (Robotics and Automation)

### Semester : I

#### Generic Core Courses

- Programming Tools (Python)
- Research Methodology in engineering
- Advanced Computer Integrated Manufacturing
- Additive Manufacturing
- Additive Manufacturing Lab
- Industrial Robotics
- Robotics lab
- Mechatronics and IoT
- Mechatronics and IoT Lab
- Strategic Project Management

#### Generic Elective Courses Group

- Digital Manufacturing
- Signal Processing and Application
- Production Technology

### Semester : II

#### Generic Core Courses

- Industrial Internet of Things
- Flexi-Credit Course
- Machine Learning and Artificial Intelligence
- Supervised Machine Learning Lab
- Mechanisms and Robotics
- Mechanisms and Robotics Lab
- Autonomous Technology
- Modelling and Simulation Lab
- Technical Communication Skills
- Flexi-Credit Course
- Integrated Disaster Management\*

#### Generic Elective Courses Group – I

- PLC & SCADA
- Cyber Physical Security and cloud computing
- Machine Vision and Image Processing

- Smart Manufacturing and Digital Twins

#### Generic Elective Courses Group – II

- PLC Programming Lab
- Cyber Physical Security Lab
- Machine Vision and Image processing Lab
- Smart Manufacturing and Digital Twins Lab

### Semester : III

#### Generic Core Courses

- Dissertation Phase 1
- Flexi-Credit Course
- Research Publication \*

### Semester: IV

#### Generic Core Courses

- Dissertation Phase 2

## Master of Technology (Embedded Systems)

### Semester : I

#### Generic Core Courses

- Advanced Microcontroller Architecture and Programming
- Object Oriented Programming and Data Structures
- Digital Signal Processors
- Research Methodology in engineering
- Cyber Security
- Advanced Microcontroller Architecture and Programming Laboratory
- Object Oriented Programming and Data Structures Laboratory

#### Generic Elective Courses Group – I

- Bio-Medical Signal Processing
- Embedded Wireless Sensor Network

#### Generic Elective Courses Group – II

- Bio-Medical Signal Processing Laboratory
- Embedded Wireless Sensor Network Laboratory

#### Generic Elective Courses Group – III

- Renewable Energy Management Systems
- Industrial Automation

### Semester : II

#### Generic Core Courses

- Model Based Development
- Flexi-Credit Course
- Embedded System Design
- Electric Vehicle Technology
- Model Based Development Laboratory

- Technical Communication Skills
- Integrated Disaster Management\*

#### Generic Elective Courses Group - I

- Machine Learning for Embedded Systems
- Internet of Things and Applications
- Image Processing and Computer Vision

#### Generic Elective Courses Group – II

- Machine Learning for Embedded Systems Laboratory
- Internet of Things and Applications Laboratory
- Image Processing and Computer Vision Laboratory

### Generic Elective Courses Group

#### – III

- Multi-core Architecture and Systems
- System on Chip Design
- Computational Algorithms

### Semester : III

#### Generic Core Courses

- Dissertation Phase 1
- Flexi-Credit Course
- Research Publication \*

### Semester : IV

#### Generic Core Courses

- Dissertation Phase 2

## Master of Technology (Engineering Design)

---

## Master of Technology (Geoinformatics and Surveying Technology (G&ST))

### Semester : I

#### Generic Core Courses

- Applied Statistics
- Fundamentals of Remote Sensing
- Python for Geospatial Technology
- Digital Photogrammetry
- Fundamentals of Geographic Information Systems
- Global Navigation Satellite System
- Research Methodology in GIS
- Surveying & Cartography
- Digital Photogrammetry Lab
- Fundamentals of Geographic Information Systems Lab
- Fundamentals of Remote Sensing Lab
- Global Navigation Satellite System Lab

### Semester : II

#### Generic Core Courses

- Advanced Databases
- Spatial Modeling & Analysis
- Advance Python Programming for Spatial Analytics
- Digital Image Processing In RS
- Spatial Data Base Management
- Web GIS and Application Design
- Cyber Security
- Flexi-Credit Course
- Spatial Data Base Management Lab
- Spatial Modeling & Analysis Lab
- Web GIS and Application Design Lab
- Digital Image Processing In RS Lab
- Integrated Disaster Management\*

#### Generic Elective Courses Group- I

- Geoinformatics Applications in Natural Resource Management
- Geoinformatics Applications in Human Settlement
- Land Surveying

#### Generic Elective Courses Group -II

- GIS for Health Care Management

- Geospatial Application in Agriculture
- Geoinformatics applications in Facility and Utility management

### Semester : III

#### Generic Core Courses

- Dissertation Phase 1
- Flexi-Credit Course
- Flexi-Credit Course
- Research Publication \*

### Semester : IV

**Dr. Tarun Pratap Singh**  
Director

### Director Profile:

Dr. T.P. Singh has twenty-two years' experience in the field of Geospatial Technology, Natural Resource Management, Data analytics in India and abroad. He has started his career in Geospatial technology from the Indian Institute of Remote Sensing, where he has worked on the projects of national importance.

He has earned his Ph.D. degree in the area of satellite Image Classification techniques from Indian Institute of Remote Sensing and HNB Garhwal Central University, Srinagar and M.Phil in Geo Engineering from College of Engineering, Vishakhapatnam.

Dr. Singh has received Master Degree in remote sensing from Sorbonne University, Paris, France erstwhile Pierre and Marie Curie University (UPMC), Paris University VI, France and M.Sc. from University of Lucknow in Environmental Science. He has received the European Professional Higher Post Graduate Diploma in Geoinformatics from GDTA (Institute under French Space Agency) in association with Paris University VI France, University of Lisbon, Portugal and Warsaw University of Technology Poland.

Dr. T.P. Singh has worked on LiDAR technology at the University of Freiburg, Germany on Automatic feature extraction. Before, taking academic position at Symbiosis, he has served at different government centres.

Dr. Singh received Mahaveer Prasad Dewedi Special Achievement award on the work of Geospatial Technology. Dr. T.P. Singh is the member of many professional bodies. Dr. Singh is a Chairman of Indian Society of Geomatics, Pune Chapter. He is also secretary of Indian Society of Remote Sensing Pune Chapter. Member of Sentinel Asia, Japan, Tsunami Group. Dr. Singh is a Member of Landslide Technical committee, Govt. of Maharashtra. He has been appointed as a member of National Accreditation Assessment Committee (NAAC), Assessor committee for 5 years. Dr. Singh was invited by UNOOSA (United Nation Office for Outer Space Affairs) in 2018 at Austria to talk on Space Technology and Sustainable goals. He also edited many books in the field of Geospatial Technology, Climate Change and Natural Resource Management and published several papers in the peer reviewed journals.

### Institute's Profile:

Symbiosis Institute of Geoinformatics (SIG) was launched in 2004, as an autonomous institute, with a vision to create a potential trained human resource to meet future industry and society demands of this newly developing technology and welfare of the society at large. Personalities from research, academia, and industry representatives, assisted with a vision to formulate the program. In year 2006 SIG become a constituent of Symbiosis International (Deemed University).

In the past eighteen years, mile stones achieved included, recognition by the AICTE, UGC, warm hearted response of the industry for placements, 100% placements of all eligible students since inception and numerous accolades at the national and international meets.

It is noteworthy that Dr. S. B. Mujumdar launched an institute in this niche field in 2004 with a futuristic vision, while Government of India has launched Digital India Smart Cities, Jal Shakti which will not completed without explore full potential of this new technological tool to full fill the mission. This indicates a long-term vision of the Chancellor

of University and President of Symbiosis to explore future technology in the interest of society. Post Graduate Degree Programmes of SIG are well defined. It involved step-by-step introduction to curriculum, sufficient practice to give confidence to students, assignments and project for continuous evaluation of progress of the students and industry interaction to expose students to the corporate world.

Apart from achieving competency in technical field, value added and human relations-based programmes alter mindset and change attitude of the individuals to achieve goals desired by the industry. These have been much appreciated by the industry. Institute achieved award on Excellence in Education from ESRI India, one of the Global leading company in Geospatial Technology.

#### **Programme Profile:**

##### **Name of the Programme:**

- **Master of Science (Geoinformatics) M. Sc (Geoinformatics)**
- **Master of Science (Data Science and Spatial Analytics) (M. Sc. (DS & SA))**

##### **Duration :**

- **Master of Science (Geoinformatics) [M.Sc. (Geoinformatics)]:** 2 Year Full Time Non Residential Programme
- **Master of Science (Data Science and Spatial Analytics) (M. Sc. (DS & SA):** 2 Year Full Time Non Residential Programme

##### **Intake:**

- **Master of Science (Geoinformatics) [M.Sc. (Geoinformatics)]:** 60 seats
- **Master of Science (Data Science and Spatial Analytics) (M. Sc. (DS & SA):**

##### **Eligibility:**

- **Master of Science (Geoinformatics) [M.Sc. (Geoinformatics)]**

Graduate in Engineering, IT, Science, Computer Science, Agriculture, Geography, Commerce and Management from any recognised University/ Institution of National Importance with a minimum of 50% marks or equivalent grade (45% Marks or equivalent grade for Scheduled Caste/ Scheduled Tribes)

- **Master of Science (Data Science and Spatial Analytics) (M. Sc. (DS & SA):**

Graduate in Engineering, IT, Science, Computer Science, Computer Application of any recognised university/ Institution of National Importance with 50% minimum of marks or equivalent grade (45% Marks or equivalent grade for Scheduled Caste/ Scheduled Tribes)

##### **Important:**

It is the responsibility of the candidate to ascertain whether he / she possesses the requisite qualification(s)/ eligibility for admission. Having been admitted provisionally does not mean acceptance of eligibility. Final eligibility of admission will be decided by Symbiosis International (Deemed University), subject to successful fulfilment of specified admission norms.

**Admission Process:**

- Indian Students: Logical Reasoning (MCQ) and Writing Ability Test and Personal Interaction,
- For International Students: As per procedure prescribed by SCIE

**Reservation of Seats:** As per University norms.

### Master of Science (Geoinformatics) [M.Sc. (Geoinformatics)]

#### Semester : I

##### Generic Core Courses

- Principles of GIS
- Principles of Remote Sensing
- Applied Statistics
- Global Navigation Satellite Systems
- Python for Geospatial Technology
- Computer Fundamental and Cyber security
- Research Methodology in GIS
- Integrated Disaster Management\*

#### Semester : II

##### Generic Core Courses

- Geo Image Processing
- Photogrammetry
- Advance Python Programming for Spatial Analytics
- Essentials of Internet and Web Technologies

- Flexi-Credit Course
- Principles of Database Management System
- Programming for Enterprise GIS
- R for Spatial Science
- Spatial Analysis

#### Semester : III

##### Generic Core Courses

- Summer Project
- Business Communication
- Flexi-Credit Course
- GIS Application Design
- GIS Project Management
- Organizational Behaviour
- Spatial Data Base Management
- Spatial Modeling
- Web GIS
- Research Publication \*

#### Generic Elective Courses Group-I

- Geoinformatics applications in Facility and Utility management
- Geoinformatics Applications in Natural Resource Management
- Mobile GIS

#### Generic Elective Courses Group-II

- Application of Geospatial Technology in Urban Development
- Disaster Scenario mapping
- Geospatial Application in Agriculture

#### Semester : IV

##### Generic Core Courses

- Industry Project

### Institute Profile:

Symbiosis Law School, NOIDA (hereinafter referred as SLS-NOIDA) in just twelfth year of its inception has carved a niche for itself in the academic circuits. It has become a celebrated name amongst the aspirants of professional legal education. It holistically promotes academic excellence, intellectual discipline and professional leadership. Being a constituent of Symbiosis International (Deemed University), it envisions the reputation of Symbiosis in and around Delhi, the constitutional capital of India.

SLS-NOIDA, in its effort to holistically develop the personality of its learners, has formulated various cells including Research & Publication Cell, Moot Court Society, Legal Aid Center, Training & Placement Cell, Entrepreneurship Cell, Social Responsibility Cell, Cultural Cell, Sports Cell, Debate Society, Literature Society and International Law Students Association (ILSA) Chapter. These cells not only groom student-leadership but also provide wider opportunities for their overall development in curricular, co-curricular and extra-curricular activities.

SLS-NOIDA believes in orienting the student's intellect towards the attainment of their goals by creating assiduous environment of innovative learning and inter-disciplinary knowledge. The faculty and the students work together towards the accretion and dissemination of knowledge. The pedagogy is designed to haul out the best in each student. To add to the experience of the students and the faculty, theoretical learning coupled with practical exposure provides the right blend of success to the learners at SLS-NOIDA (To know more visit <https://www.symllaw.edu.in/events>).

SLS-NOIDA organizes weekly lectures under the banner of 'Seminar Series' delivered by multi-disciplinary academicians, legal luminaries and corporate honchos. These lectures are extremely instrumental in providing the students with the challenges awaiting them in their career.

SLS-NOIDA's strive for 'International Understanding through Quality Education' is proven by conduct of in workshops /seminars /conference/ moot court with academic and professional partners of National and International repute, which includes: Seminar On The Golden Age Of Legal Education (January, 14, 2020) By Mr. Robert B. **Orientation and Pedagogy:**

SLS-NOIDA has introduced a new era of innovative learning, inter-disciplinary knowledge and industrious environment with unique orientation and methodology of legal pedagogy in place. Classes are highly interactive, delivered not only by the best academicians but also by the legal luminaries of the field. It strongly believes that law students should stick not only to theoretical teaching but also inculcate and improve the court room etiquettes (environment), research experience and advocacy skills through court room and related exercises such as moot court, mock trials, trial advocacy, pre-trial preparation, drafting of pleadings and client counseling. Research is an integral part of studies including interdisciplinary research involving collaboration between academic fraternity, students, and industry. SLS, Noida's efforts are shared by the contribution of members of the bar and bench, corporate sector and international experts (agencies).

SLS-NOIDA also makes ample use of technology to entertain and benefit natural curiosities of its learners.

The Cumulative Grade Point Assessment (CGPA) method of assessment is followed. In addition to the constant internal assessments, external examination is conducted at the end of each semester. Internal evaluation is characterized by one project and minimum two of the above (following): Tutorial, Case Analysis, Cases and Open problems, Essays, Seminar Presentations, Viva-Voce, Quiz, Drafting, Moot Court, Mock Trial, Learning Logs/Diaries, Computer Based Assessment, Simulated Interviews, and Objective Structured Clinical Examinations. Internal Continuous Evaluation as well as Term End Examination involves Open Book Examination, which aims at evaluating understanding of the subject than the recalling and memorization.
