Q.2. Read the following passage carefully.

Kalpana Chawla was born in a small town in the state of Haryana. She had a great passion for space travel. Fired by the intense passion for space travel, she chose Aeronautical Engineering and ignored the advice of her college principal to opt for the more lucrative engineering branches, like mechanical or electrical engineering. She braved all the challenges ahead and achieved her dream of space travel as a mission specialist and prime robotic arm operator on the Space Shuttle Mission, STS - 87. This 'Mission' lasted for 15 days, 16 hours and 34 minutes. On the completion of her first Mission, Kalpana Chawla travelled 65 lakh miles in 252 orbits of the earth and logged 376 hours and 34 minutes.

The success of Kalpana Chawla demonstrates that nothing can stop us from achieving success if the passion and the vision align and integrate with each other. Hence, while deciding on a vision, students must ensure that it is aligned with their passion and core competence.

Now, answer the following Questions.   **5×1=5**

(a) What should the students learn from the success of Kalpana Chawla ?

(b) What was her dream ?

(c) Kalpana Chawla has chosen ....

    (iii) Civil Engineering.

(d) Kalpana Chawla was born in ....

    (i) Himachal Pradesh

    (ii) Haryana

    (iii) Andhra Pradesh

Identify the correct statement from the following.
(i)   She followed the advice of her college principal.
(ii) Her mission lasted for 15 years, 16 months and 34 days.
(iii) She is a great inspiration to the students.

Q.3. Read the following passage carefully.

Once a footwear company sent two sales executives to an island to carry out a market research for promoting its footwear. The first one immediately reported back : "No one is wearing footwear in the island. There is no market for footwear here and I am returning by next flight."

The second sales executive under the same situation felt very happy. That there was no one wearing shoes, he saw immense opportunity to make them use his footwear.

He wrote back : "No body is wearing shoes on this island. So send all the shoes, all models and all sizes. There is plenty of market here." In due course, he established a number of shoe production units for his company and went on to become its Vice-President. The first sales executive is still working as a marketing executive in the same company.

Now, arrange the following sentences in a meaningful order.   **5×1=5**

(a)   The second sales executive thought it was the right place to improve his business.

(b)   Both the sales executives went to an island.

(c)   The first one is still working as a marketing executive.

(d)   The second one developed his company business on a large scale.

(e)   The first one returned to his place after finding no market for his footwear there.
