- 25.** Read the passage given below carefully and answer the questions that follow :

“The effect of globalization is far-reaching. It affects us all but affects us differently. Thus, while for some it may mean new opportunities, for others the loss of livelihood. Women silk spinners and twisters of Bihar lost their jobs once the Chinese and Korean silk yarn entered the market. Weavers and consumers prefer this yarn as it is somewhat cheaper and has a shine. Similar displacements have come with the entry of large fishing vessels into Indian waters. These vessels take away the fish that used to be earlier collected by Indian fishing vessels. The livelihood of women fish sorters, dryers, vendors and net makers thereby get affected.”
