In which judgement, the Supreme Court held in the context of deciding the validity of *two-finger* test that “Nothing could be further from the truth - a woman's sexual history is wholly immaterial while adjudicating whether the accused raped her. Further, the probative value of a woman's testimony does not depend upon her sexual history. It is patriarchal and sexist to suggest that a woman cannot be believed when she states that she was raped, merely for the reason that she is sexually active.”?
