MATHEMATICS

No.	Units	Periods	Month
1	Relations and Functions	18	June
2	Inverse Trignometric Functions	12	
3	Matrices	15	July
4	Determinants	16	
5	Continuity and Differentiability	25	August
6	Application of Derivatives	25	September
7	Integrals	30	October
8	Application of Integrals	8	
9	Differential Equations	10	November
10	Vector Algebra	20	
11	Three Dimentional Geometry	25	December
12	Linear Programming	10	January
13	Probability	20	
	Revision		February
