

NEET UG Important Questions 2024

NEET 2024 Important Questions Physics

- If the units of length and force are increased 4 times, the unit of energy will:
(a) Increase 8 times (b) Increase 16 times
(c) Decrease 16 times (d) Increase 4 times
- The kilowatt hour is a unit of:
(a) Energy (b) Force
(c) Electric charge (d) Electric power
- The dimensional formula of kinetic energy is the same as that of:
(a) Pressure (b) Momentum
(c) Work (d) Force
- A rectangular plate has length (2 ± 0.02) cm and width (1 ± 0.01) cm. The maximum percentage error in the measurement of its area is:
(a) 1% (b) 2% (c) 3% (d) 5%

NEET 2024 Important Questions Chemistry

- Which of the following is the strongest nucleophile?
(a) Br⁻ (b) OH⁻ (c) CN⁻ (d) C²H⁵O⁻
- Rearrangement is a property of: _____
(a) Carbanion (b) Carbon Free Radical
(c) Carbonation (d) none of the above
- Numbers of possible isomer of glucose are:
(a) 10 (b) 14 (c) 15 (d) 20
- Which of the following hydrides is electron-precise hydride?
(a) B²H⁶ (b) NH³ (c) H²O (d) CH⁴

NEET 2024 Important Questions Biology

- A living organism is unexceptionally differentiated from a non-living structure on the basis of?
- Most names in biological nomenclature of living organisms are taken from which language?
- System of classification that employs numerical data to evaluate similarities and differences is known as?
- Charles Darwin's fitness refers to?
- A sudden change in the frequency of alleles by chance in a small population is called?
- Morphine is extracted from?
