## **Disclaimer for CAT 2023 Mock Test Link:**

"The Mock Test contains selected questions from previous years' Common Admission Test (CAT) papers with an aim to familiarize the candidates with different types of questions generally asked in CAT (MCQs/ Non-MCQs) and the exam console. The given Mock Test has been designed with a total duration of 120 minutes for the non-PwD candidate (40 minutes each for three sections) based on the pattern followed in the last year. The objective of this Mock Test is not to disclose the exam pattern for CAT 2023 and the actual exam may or may not contain similar type or number of questions. Please note that CAT 2023 will have a total duration of 120 minutes for the non-PwD candidate (40 minutes each for three sections). The PwD candidates will be given 40 minutes extra.

For the Mock Link, we have enabled **Submit** button for each section. This is to help a candidate go to the next section even before the allotted time of 40 minutes is over. In the actual exam, a candidate can go to the next section ONLY after 40 minutes.
