Question 13

Read the passage given below and answer the questions that follow.

XYZ Company had planned to increase its profit margin by 30% in the current financial year. But it could not achieve the set target in the first quarter of the year due to cases of theft by employees. The Board of Directors formulated a policy of 'zero tolerance' for theft. To prevent such cases, it was decided to install CCTV cameras in the rooms where the expensive products were stored.

The team of Senior Managers communicated the same to all the employees of the organisation. The decisions were implemented and instructions were given to the concerned departments to impose a penalty if an employee was found guilty. The Human Resource department incorporated the same in the employee handbook.
