

2025-26
SOCIAL SCIENCE (034)
Class- IX & X

AIMS AND OBJECTIVE

As per NCF- 2023, the aims of teaching Social Science in school education can be summarised as follows:

- a- Develop disciplinary knowledge and understanding of how society functions through an interplay of historical, geographical, social, economic, and political factors.

This can be enabled through-

- i. an understanding of continuity and change in human civilisation, its causation and effect, and its impact on modern life,
- ii. an understanding of the interaction between nature and human beings, the spatial patterns arising out of this interaction, and its effect on human life,
- iii. an awareness and understanding of the diversity of people and their practices in different societies, regions, and cultures within societies,
- iv. an awareness of various social, political, and economic institutions, their origin, functioning and transformations over time.

- b. Develop an understanding and appreciation for the methods of enquiry relevant to Social Science and deepen students' skills to engage with the key questions and issues confronting society.

These could be specifically seen as:

- i. Skills in sourcing evidence, interpreting them, confirming through multiple sources and evidence, and constructing a coherent narrative,
- ii. Skills in recognizing spatial patterns, map-reading, interpretation and analysis of various interconnected concepts and processes,
- iii. Skills of creative and analytical thinking to form informed opinions, demonstrate logical decision-making, and incline towards a problem- solving attitude,
- iv. Skills to collect, organize, analyse, represent, and present data and information on various historical, geographical, and socio-political issues,
- v. Skills to question unsubstantiated ideas, biases, stereotypes, and assumptions to foster scientific temper and propose meaningful responses to contemporary concerns of society.

- c- Foster ethical, human, and Constitutional values:

As the NEP 2020 emphasises, to foster a "democratic outlook and commitment to liberty and freedom; equality, justice, and fairness; embracing diversity, plurality, and inclusion; humaneness and fraternal spirit; social responsibility and the spirit of service; ethics of integrity and honesty; scientific temper and commitment to rational and public dialogue; peace; social action through Constitutional means; unity and integrity of the nation, and a true rootedness and pride in India with a forward-looking spirit to continuously improve as a nation.

NOTE- Refer to NCF-2023-Page no-320-323

CURRICULAR GOALS- CG

As per NCF 2023– At the Secondary Stage, students will go into details to understand India's past and appreciate its complexity, diversity, and unity brought about by cultural integration and the sharing of knowledge traditions across geographical and linguistic boundaries. P-154

- CG -2 Analyse the important phases in world history and draw insight to understand the present-day world.
- CG-3 Understand the idea of a nation and the emergence of the modern Indian Nation.
- CG -4 Develops an understanding of the inter-relationship between human beings and their physical environment and how that influences the livelihoods, cultural diversity, and biodiversity of the region.
- CG -5 Understand the Indian Constitution and explores the essence of Indian democracy and the characteristics of a democratic government.
- CG -6 Understand and analyse social, cultural, and political life in India over time – as well as the underlying historical Indian ethos and philosophy of unity in diversity – and recognises challenges faced in these areas in the past and present and the efforts (being) made to address them.
- CG -7 Develop an understanding of the inter-relationship between human beings and their physical environment and how that influences the livelihoods, cultural diversity, and biodiversity of the region.
- CG -8 Evaluate the economic development of a country in terms of its impact on the lives of its people and nature.
- CG-9 Understand and appreciate the contribution of India through history and present times, to the overall field of Social Science, and the disciplines that constitute it.

COMPETENCIES

Competencies are specific learning achievements that are observable and can be assessed systematically. In NCF, Competencies are directly derived from a Curricular Goal and are expected to be attained by the end of a Stage. The following competencies need to be developed in students to achieve the curricular goals at secondary stage.

- C-2.1 Explain historical events and processes with different types of sources with specific examples from India and world history.
- C-2.3 Trace aspects of continuity and change in different phases of world history (including cultural trends, social and religious reforms, and economic and political transformations).
- C-2.4 Explain the growth of new ideas and practices across the world and how they affected the course of world history.
- C-2.5 Recognise the various practices that arose, such as those in C-2.4, and came to be condemned later on (such as racism, slavery, colonial invasions, conquests, and plunder, genocides, exclusion of women from democratic and other institutions), all of which have also impacted the course of world history and have left unhealed wounds.
- C3.2 Identify and analyse important phases of the Indian national freedom struggle against British colonial rule, with special reference to the movement led by Mahatma Gandhi and other important figures as well as those that led to independence, and understands the specific Indian concepts, values, and methods (such as Swaraj, Swadeshi, passive resistance, fight for dharma self- sacrifice, ahimsa) that played a part in achieving Independence.

- C-4.1 Locate physiographic regions of India and the climatic zones of the world on a globe/map.
- C-4.2 Explain important geographical concepts, characteristics of key landforms, their origin, and other physical factors of a region
- C-4.3 Draw inter- linkages between various components of the physical environment, such as climate and relief, climate and vegetation, vegetation, and wildlife.
- C-4.4 Analyse and evaluate the inter- relationship between the natural environment and human beings and their cultures across regions and, in the case of India, the special environmental ethos that resulted in practices of nature conservation
- C-4.5 Critically evaluate the impact of human interventions on the environment, including climate change, pollution, shortages of natural resources (particularly water), and loss of biodiversity; identifies practices that have led to these environmental crises and the measures that must be taken to reverse them
- C-4.6 Develop sensitivity towards the judicious use of natural resources (by individuals, societies, and nations) and suggests measures for their conservation .
- C-5.1 Understand that the Indian Constitution draws from the great cultural heritage and common aspirations of the Indian nation, and recalls India's early experiments with democracy (assemblies in Mahajanapadas, kingdoms and empires at several levels of the society, guilds sanghas and ganas, village councils and committees, Uthiramerur inscriptions)
- C-5.2 Appreciate fundamental Constitutional values and identify their significance for the prosperity of the Indian nation.
- C-5.3 Explain that fundamental rights are the most basic human rights, and they flourish when people also perform their fundamental duties
- C-5.4 Analyse the basic features of a democracy and democratic government – and its history in India and across the world – and compares this form of government with other forms of government.
- C-5.5- Analyse the critical role of non-state and non-market participants in the functioning of a democratic government and society, such as the media, civil society, socio-religious institutions, and community institutions
- C-6.1 Understands how the Indian ethos and the cultural integration across India did not attempt uniformity, but respected and promoted a rich diversity in Indian society, and how this harmonisation and unity in diversity, with a historical respect for all cultures, women have counted among India's great strengths by promoting peaceful coexistence
- C-6.2 Understand that despite C-6.1, forms of inequality, injustice, and discrimination have occurred in different sections of society at different times (due to internal as well as outside forces such as colonisation), leading to political, social, and cultural efforts, struggles, movements, and mechanisms at various levels towards equity, inclusion, justice, and harmony, with varying outcomes and degrees of success.
- C-7.1 Defines key features of the economy, such as, production, distribution, demand, supply, trade, and commerce, and factors that influence these aspects (including technology).
- C-7.2 Evaluates the importance of the three sectors of production (primary, secondary, and tertiary) in any country's economy, especially India.
- C-7.3 Distinguishes between 'unorganised' and 'organised' sectors of the economy and their role in production for the local market in small, medium, and large-scale production centres

(industries), and recognises the special importance of the so-called 'unorganised' sector in Indian economy and its connections with the self-organising features of Indian society.

- C-7.4 Trace the beginning and importance of large- scale trade and commerce (including e-commerce) between one country and another - the key items of trade in the beginning, and the changes from time to time.
- C-8.1 Gather, comprehend, and analyse data related to income, capital, poverty, and employment in one's locality, region and at the national level. Markets.
- C-8.3 Understand these features in the context of ancient India, with its thriving trade, both internal and external, and its well- established trade practices and networks, business conventions, and diverse industries, all of which made India one of the world's leading economies up to the colonial period.
- C-8.4 Describes India's recent path towards again becoming one of the three largest economies of the world, and how individuals can contribute to this economic progress.
- C-8.5 Appreciates the connections between economic development and the environment, and the broader indicators of societal wellbeing beyond GDP growth and income.

CLASS- IX

TOTAL MARKS- 100 { 80 (Theory) + 20 (Internal Assessment)}

THEORY: 80 Marks

Time: 3:00 Hrs.

Unit No.	Unit	Marks
I	HISTORY- INDIA AND THE CONTEMPORARY WORLD-I	18
II	GEOGRAPHY- CONTEMPORARY INDIA	20
III	POLITICAL SCIENCE- DEMOCRATIC POLITICS	18
IV	ECONOMICS	16
V	DISASTER MANAGEMENT	08
Total		80

Unit I: HISTORY- INDIA AND THE CONTEMPORARY WORLD-I

Section 1: Events and Processes: (All the three themes are compulsory)

I. The French Revolution:

- French Society During the Late Eighteenth Century
- The Outbreak of the Revolution
- France Abolishes Monarchy and Becomes a Republic
- Did Women have a Revolution?
- The Abolition of Slavery
- The Revolution and Everyday Life

II. Socialism in Europe and the Russian Revolution:

- The Age of Social Change
- The Russian Revolution
- The February Revolution in Petrograd
- What Changed after October?
- The Global Influence of the Russian Revolution and the USSR

III. Nazism and the Rise of Hitler:

- Birth of the Weimar Republic

- Hitler's Rise to Power
- The Nazi Worldview
- Youth in Nazi Germany
- Ordinary People and the Crimes Against Humanity

Section 2: Livelihoods, Economies and Societies:

Note- This section will not be assessed in theory examinations but assignment (in internal assessment) will be given from these topics.

IV. Forest Society and Colonialism:

- Why Deforestation?
- The Rise of Commercial Forestry
- Rebellion in the Forest
- Forest Transformations in Java

V. Pastoralists in the Modern World:

- Pastoral Nomads and their Movements
- Colonial Rule and Pastoral life
- Pastoralism in Africa

Map Work- 02 Marks

Learning Outcomes-

Section 1: Events and Processes:

1- The French Revolution: The students will be able to-

- Infer how the French Revolution had an impact on the European countries in the making of nation states in Europe and elsewhere.
- Illustrate that, the quest for imperialism triggered the First World War.
- Examine various sources to address imbalances that may lead to revolutions

2- Socialism in Europe and the Russian Revolution: The students will be able to-

- Compare the situations that led to the rise of Russian and French Revolutions.
- Examine the situations that led to the establishment of Lenin's communism and Stalin's

collectivization.

- Analyse the role played by the varied philosophers and leaders that shaped the revolution.

3- Nazism and the Rise of Hitler: The students will be able to-

- Analyse the role of "Treaty of Versailles" in the rise of Hitler to power.
- Analyse the genocidal war waged against the "undesirables" by Hitler.
- Compare and contrast the characteristics of Hitler and Gandhi.

Section 2: Livelihoods, Economies and Societies:

4- Forest Society and Colonialism: *(for internal assessment only)*

5- Pastoralists in the Modern World: *(for internal assessment only)*

The students will be able to-

- Examine the situations that have created nomadic societies highlighting the key factors played by the climatic conditions and topography.
- Analyse varying patterns of developments within pastoral societies in different places in India.
- Comprehend the impact of colonialism on Pastoralists in India and Africa.
- Analyse Pastoralists in the Modern World.

Unit II: GEOGRAPHY- CONTEMPORARY INDIA

1- India- Size and Location • Location • Size • India and the World • India's Neighbours 2- Physical Features of India: • Major Physiographic Divisions– Himalayan Mountains, Northern Plains, Peninsular Plateau, Indian Desert, Coastal Plains, Islands	3- Drainage: • Concept • Drainage Systems in India • The Himalayan Rivers- Ganga and Brahmaputra River System • The Peninsular Rivers- Narmada Basin, Tapti Basin, Godavari Basin, Mahanadi Basin, Krishna Basin, Kaveri Basin • Lakes • Role of Rivers in the Economy • River Pollution
4. Climate: • Concept • Climatic Controls • Factors influencing India's climate– Latitude, Altitude, Pressure and Winds • The Seasons– Cold Weather Season, Hot Weather Season, Advancing Monsoon, Retreating/ Post Monsoons • Distribution of Rainfall • Monsoon as a unifying bond 5. Natural Vegetation and Wild Life: <u><i>Note- This section will not be assessed in theory examinations but assignment (in internal assessment) will be given from these topics.</i></u>	• <i>Types of Vegetation– Tropical Evergreen Forests, Tropical Deciduous Forests, Thorn Forests and Shrubs, Montane Forests, Mangrove Forests</i> • <i>Wild Life</i> 6. Population: • Population Size and Distribution– India's Population Size and Distribution by Numbers, India's Population Distribution by Density • Population Growth and Processes of Population Change– Population Growth, Processes of Population Change/Growth. <i>Map Work- 04 Marks</i>

Learning Outcomes-

1- India – Size and Location: The students will be able to-

- Examine how the location of an area impacts its climate and time with reference to longitude

and latitude.

- Explore and analyses the trading and cultural relationships of India with its neighbouring countries.
- Evaluate the situation & reasons that made 82.5E* longitude as Time meridian of India.
- Examine how location of India enables its position as a strategic partner in the subcontinent.
- Justify the reasons for the differences in climatic conditions, local and standard time.

2- Physical Features of India: The students will be able to-

- Justify how the Physical Features of India influences the livelihoods, culture, and the biodiversity of the region.
- Examine the geological process that played a crucial role in the formation of diverse physical features in India.
- Analyse the conditions and relationships of the people living in different physiographic areas.

3- Drainage : The students will be able to-

- Examine the information about different lakes and infer on their contribution to Indian ecology.
- Present creative solutions to overcome the water pollution and also to increase the contribution of water bodies to the Indian economy.
- Identify the river systems of the country and explain the role of rivers in human society.

4- Climate : The students will be able to-

- Analyse and infer the effect of monsoon winds on rainfall of the Indian subcontinent.
- Analyse the temperatures between plateau region, Himalayan region, desert region and coastal region.
- Enumerate and summarise the reasons for the wide difference between temperatures at different geographical locations of India.

5- Natural Vegetation and Wild Life: *(for internal assessment only)*

6- Population : The students will be able to-

- Analyse and infer the reasons behind the uneven distribution of population in India with specific reference to UP & Rajasthan and Mizoram and Karnataka
- Enlist the factors that affect the population density.

Unit III: POLITICAL SCIENCE- DEMOCRATIC POLITICS

1- What is Democracy? Why Democracy?

- What is Democracy?
- Features of Democracy
- Why Democracy?
- Broader Meanings of Democracy

2- Constitutional Design:

- Democratic Constitution in South Africa
- Why do we need a Constitution?
- Making of the Indian Constitution
- Guiding Values of the Indian Constitution

3- Electoral Politics:

- Why Elections?
- What is our System of Elections?
- What makes elections in India democratic?

4- Working of Institutions:

- How is the major policy decision taken?
- Parliament
- Political Executive
- The Judiciary

5- Democratic Rights:

- Life without Rights
- Rights in a Democracy
- Rights in the Indian Constitution
- Expanding scope of rights

Learning Outcomes-

1- What is Democracy? Why Democracy? : The students will be able to-

- Examine the concept of structural components of Democracy and its forms/ features.
- Compare and Contrast working of democracies of India and North Korea and infer on their differences and significance in each country.
- Analyse and infer on the different historical processes and forces that have contributed for the promotion of democracy.

2- Constitutional Design : The students will be able to-

- Discuss and describe the situation that led to creation of Indian Constitution.
- Enumerate the essential features that need to be kept in mind while drafting a constitution.
- Examine the guiding values that created the Indian constitution.
- Comprehend the roles and responsibilities as citizens of India.

3- Electoral Politics : The students will be able to-

- Analyse the implications of power of vote and power of recall.
- Summarise the essential features of the Indian Electoral system.
- Examine the rationale for adopting the present Indian

4- Working of Institutions: The students will be able to-

- Examine the roles, responsibilities, and interdependency of all the 3 organs of the Government.
- Appreciate the parliamentary system of executive's accountability to the legislature.
- Summarise and evaluate the rule of law in India.

5- Democratic Rights : The students will be able to-

- Summarise the importance of fundamental rights and duties in the light of the nation's glory.
- Analyse and recognise the role of a responsible citizen while performing their prescribed duties versus claiming rights.

Unit IV: ECONOMICS

1- The Story of Village Palampur: <u>Note- This section will not be assessed in theory examinations but assignment (in internal assessment) will be given from these topics.</u> • Overview • Organization of Production • Farming in Palampur • Non-farm activities in Palampur	2- People as Resource: • Overview • Economic Activities by Men and Women • Quality of Population • Unemployment
3- Poverty as a Challenge: • Overview • Two typical cases of Poverty • Poverty as seen by Social Scientists • Poverty Estimates • Vulnerable Groups • Interstate Disparities • Global Poverty Scenario • Causes of Poverty • Anti-Poverty measures • The Challenges Ahead	4- Food Security in India: • Overview • What is Food Security? • Why Food Security? • Who are food insecure? • Food Security in India • What is Buffer Stock? • What is the Public Distribution System? • Current Status of Public Distribution System • Role of Cooperatives in food security

Learning Outcomes-

1- The Story of Village Palampur : (for internal assessment only)

The students will be able to-

- Enlist the requirements of production and comprehend the interdependence of these requirements.
- Correlate farming and non-farming activities to economic growth.
- Comprehend how the significance of conditions of farming and the factors of production impact economic development.
- Find solutions to foster an equitable society.

2- People as Resource : The students will be able to-

- Evaluate the reasons that contribute to the quality of population.
- Observe different government schemes and see their effect on the people there.

3- Poverty as a Challenge : The students will be able to-

- Comprehend the reasons for poverty in the rural and urban areas.
- Evaluate the efficacy of the government to eradicate poverty.
- Correlate the link between education and poverty.

4- Food Security in India : The students will be able to-

- Comprehend various aspects of food security that will ensure continuity of supply.
- Enumerate the different features of PDS that directly address FSI.
- Analyse and infer the impact of the Green Revolution.
- Analyse causes and effect of famines in food security during pre and post independent India.

Unit V: DISASTER MANAGEMENT

The syllabus of this part will be released soon.

INTERNAL ASSESSMENT :

20 Marks

- | | |
|--|----------|
| 1- Assignments- 05 (02 marks for each) - | 10 Marks |
| 2- Project Work (01 Project)- | 05 Marks |
| 3- Continuous Assessment (Unit Test)- | 05 Marks |

(There will be total 4 Unit Tests to be conducted throughout the year (two Unit Tests before half yearly examination and two after half yearly examination). At the time of half yearly result preparation best of two Unit Tests (I & II) marks will be taken and converted to the weightage of 05 marks. Likewise best of two Unit Tests (III & IV) marks will be taken and converted to the weightage of 05 marks for the annual result preparation.)

PRESCRIBED TEXT BOOKS:

- भारत और समकालीन विश्व-1 (India and the Contemporary World- I) for class IX- NCERT Publication
- समकालीन भारत-1 (Contemporary India-I) for class IX- NCERT Publication
- लोकतांत्रिक राजनीति-1 (Democratic Politics- I) for class IX- NCERT Publication
- अर्थशास्त्र (Economics) for class IX- NCERT Publication
- आपदा प्रबन्धन (Disaster Management) for class IX.

Total		80

Unit I: HISTORY- INDIA AND THE CONTEMPORARY WORLD-II

Section 1: Events and Processes:

1- The Rise of Nationalism in Europe:

- The French Revolution and the Idea of the Nation
- The Making of Nationalism in Europe
- The Age of Revolutions: 1830-1848
- The Making of Germany and Italy
- Visualizing the Nation
- Nationalism and Imperialism

2- Nationalism in India:

- The First World War, Khilafat and Non - Cooperation
- Differing Strands within the Movement
- Towards Civil Disobedience
- The Sense of Collective Belonging

Section 2: Livelihoods, Economies and Societies:

3- The Making of a Global World:

Note- This section will not be assessed in theory examinations but assignment (in internal assessment) will be given from these topics.

- The Pre-modern world
- The Nineteenth Century (1815-1914)

- The Inter war Economy
- Rebuilding a World Economy: The Post-War Era

4- The Age of Industrialization:

- Before the Industrial Revolution
- Hand Labour and Steam Power
- Industrialization in the Colonies
- Factories Come Up
- The Peculiarities of Industrial Growth
- Market for Goods

Section 3: Everyday Life, Culture and Politics:

5- Print Culture and the Modern World:

- The First Printed Books
- Print Comes to Europe
- The Print Revolution and its Impact
- The Reading Mania
- The Nineteenth Century
- India and the World of Print
- Religious Reform and Public Debates
- New Forms of Publication
- Print and Censorship

Map Work- 02 Marks

Learning Outcomes-

Section 1: Events and Processes:

1- The Rise of Nationalism In Europe : The students will be able to-

- Infer how French Revolution had an impact on the European countries in the making of a nation state.
- Comprehend the nature of the diverse social movements of the time.
- Analyse and infer the evolution of the idea of nationalism which led to the formation of nation states in Europe and elsewhere.

- Evaluate the reasons which led to the First World War.

2- Nationalism in India : The students will be able to-

- Illustrate various facets of Nationalistic movements that ushered in the sense of Collective Belonging.
- Evaluate the effectiveness of the strategies applied by Gandhiji and other leaders in the movements organised by him.
- Summarise the effects of the First World War that triggered the two defining movements (Khilafat & Non-Cooperation Movement) in India.

Section 2: Livelihoods, Economies and Societies:

3. The Making of a Global World: (for internal assessment only)

The students will be able to-

- Summarise the changes that transformed the world in different areas.
- Depict the global interconnectedness from the Pre-modern to the present day.
- Enumerate the destructive impact of colonialism on the livelihoods of colonised people.

4. The Age of Industrialisation : The students will be able to-

- Enumerate economic, political, social features of Pre and Post Industrialization.
- Analyse and infer how the industrialization impacted colonies with specific focus on India

5. Print culture and the Modern World: The students will be able to-

- Enumerate the development of Print from its beginnings in East Asia to its expansion in Europe and India.
- Compare and contrast the old tradition of handwritten manuscripts versus print technology.
- Summarise the role of Print revolution and its impact.

Unit II: GEOGRAPHY- CONTEMPORARY INDIA-II

1- Resources and Development: • Concept • Development of Resources • Resource Planning - Resource Planning in India, Conservation of Resources • Land Resources and Land Utilization • Land Use Pattern in India • Land Degradation and Conservation Measures • Soil as a Resource - Classification of Soils, Soil Erosion and Soil Conservation (excluding Box Information on State of India's Environment).	2- Forest and Wildlife Resources • Conservation of forest and wildlife in India • Types and distribution of forests and wildlife resources • Community and Conservation 3- Water Resources: • Water Scarcity and The Need for Water Conservation and Management • Multi-Purpose River Projects and Integrated Water Resources Management • Rainwater Harvesting
---	---

Learning Outcomes-

1. Resources and Development : The students will be able to-

- Enumerates how the resources are interdependent, justify how planning is essential in judicious utilisation of resources and the need to develop them in India.
- Infer the rationale for development of resources.
- Analyse and evaluate data and information related to non-optimal land, utilization in India
- Suggest remedial measures for optimal utilization of underutilized resources.

2- Forest and Wildlife Resources : The students will be able to-

- Examine the importance of conserving forests and wildlife and their interdependency in maintaining the ecology for the sustainable development of India.
- Analyse the role of grazing and wood cutting in the development and degradation
- Summarise the reasons for conservation of biodiversity under sustainable development.
- Discuss how developmental works, grazing wood cutting have impacted the forests
- Use art integration to summarise and present the reasons for conservation of biodiversity in India under sustainable development.

3- Water Resources : The students will be able to-

- Examine the reasons for conservation of water resource in India.
- Analyse and infer how the multipurpose projects are supporting the requirement of water.

4- Agriculture:

- Types of Farming—Primitive Subsistence, Intensive Subsistence, Commercial
- Cropping Pattern – Major Crops, Food Crops other than Grains, Non Food Crops, Technological and Institutional Reforms
- Food Security (excluding impact of globalization on agriculture)

5- Minerals and Energy Resources

- What is a mineral?
- Mode of occurrence of Minerals - Where are these minerals found?, Ferrous Minerals, Non-Ferrous Minerals, Non-Metallic Minerals, Rock Minerals
- Conservation of Minerals
- Energy Resources - Conventional Sources of Energy, Non-Conventional Sources of Energy
- Conservation of Energy Resource

6- Manufacturing Industries:

- Importance of Manufacturing - Industrial Location (excluding Industry Market

Linkage), Agro based Industry (excluding Cotton Textiles, Jute Textiles, Sugar Industry), Mineral based Industries (excluding Iron Steel Industry, Cement Industry), Industrial Pollution and Environmental Degradation, Control of Environmental Degradation.

7- Life Lines of National Economy:

Note- This section will not be assessed in theory examinations but assignment (in internal assessment) will be given from these topics.

- Roadways
- Railways
- Pipelines
- Waterways
- Major Seaports
- Airways
- Communication
- International Trade
- Tourism as a Trade

Map Work- 04 Marks

Learning Outcomes-

4- Agriculture : The students will be able to-

- Examine the crucial role played by agriculture in our economy and society.
- Analyse the challenges faced by the farming community in India.
- Identifies various aspects of agriculture, including crop production, types of farming etc.

5- Minerals and Energy Resources : The students will be able to-

- Differentiates between the conventional and nonconventional sources of energy.
- Analyses the importance of minerals and natural resources for economic development of the country. Suggests strategies for sustainable use of natural resources.

6- Manufacturing Industries : The students will be able to-

- Enumerate the impact of manufacturing industries on the environment and develop strategies for sustainable development of the manufacturing sector.
- Differentiate between various types of manufacturing industries based on their input

materials, processes, and end products, and analyse their significance in the Indian economy.

- Analyse the relation between the availability of raw material and location of the industry

7- Life Lines of National Economy. (for internal assessment only)

Unit III: POLITICAL SCIENCE- DEMOCRATIC POLITICS-II

1- Power-sharing: • Belgium and Sri Lanka • Majoritarianism in Sri Lanka • Accommodation in Belgium • Why power sharing is desirable? • Forms of Power Sharing 2- Federalism: • What is Federalism? • What make India a Federal Country? • How is Federalism practiced? • Decentralization in India 3- Gender, Religion and Caste: • Gender and Politics- Public/Private division, Women's political representation • Religion, Communalism and Politics- Communalism, Secular State • Caste and Politics- Caste inequalities, Caste in politics, Politics in caste	4- Political Parties: • Why do we need Political Parties?– Meaning, Functions, Necessity • How many parties should we have? • National Parties • State Parties • Challenges to Political Parties • How can Parties be reformed? 5- Outcomes of Democracy: • How do we assess democracy's outcomes? • Accountable, responsive and legitimate government • Economic growth and development • Reduction of inequality and poverty • Accommodation of social diversity • Dignity and freedom of the citizens
--	--

Learning Outcomes-

- 1- Power-sharing :** The students will be able to-
 - Enumerate the need for power sharing in democracy.
 - Analyse the challenges faced by countries like Belgium and Sri Lanka ensuring effective power sharing.
 - Compare and contrast the power sharing of India with Sri Lanka and Belgium.
 - Summarise the purpose of power sharing in preserving the unity and stability of a country.
- 2- Federalism :** The students will be able to-
 - Infer how federalism is being practised in India.
 - Analyse the policies and politics that has strengthened federalism in practice.
- 3- Gender, Religion and Caste :** The students will be able to-
 - Examine the role and differences of Gender, religion and Caste in practicing Democracy.
 - Analyse that different expressions based on the differences, are healthy or not in a democracy
- 4- Political Parties :** The students will be able to-
 - Understand the process of parties getting elected.
 - Know the significance of the right to vote and exercise the duties as citizens of a nation.
 - Examine the role, purpose and no. of Political Parties in Democracy.
- 5- Outcomes of Democracy :** The students will be able to-
 - Enumerates how the success of democracy depends on quality of government, economic well-being, inequality, social differences, conflict, freedom and dignity.

Unit- IV: ECONOMICS- UNDERSTANDING ECONOMIC DEVELOPMENT

1- Development: • What Development Promises - Different People, Different Goals • Income and Other Goals • National Development • How to compare different countries or states? • Income and other criteria • Public Facilities • Sustainability of Development 2- Sectors of the Indian Economy: • Sectors of Economic Activities • Comparing the three sectors • Primary, Secondary and Tertiary Sectors in India • Division of sectors as organized and unorganized • Sectors in terms of ownership: Public and Private Sectors 3- Money and Credit: • Money as a medium of exchange • Modern forms of Money • Loan activities of Banks	• Two different Credit situations • Terms of Credit • Formal Sector Credit in India • Self Help Groups for the Poor <u>Note- This following sections will not be assessed in theory examinations but assignment (in internal assessment) will be given from these topics..</u> 4- Globalization and the Indian Economy: • Production across countries • Interlinking production across countries • Foreign Trade and integration of markets • What is Globalization? • Factors that have enabled Globalization • World Trade Organization • Impact of Globalization in India • The Struggle for a fair Globalization 5- Consumer Rights: • The consumer in the marketplace • Consumer Movement • Consumer Rights • Taking the consumer movement forward
---	---

Learning Outcomes-

1. Development : The students will be able to-

- Enumerate and examine the different processes involved in setting developmental Goals.
- Analyse and infer how the per capita income depicts the economic condition of the nation.
- Evaluate the development goals with reference to their efficacy, implemental strategies, relevance to current requirements of the nation.
- Compare the per capita income of some countries and infer reasons for the variance.
- Analyse the multiple perspectives on the need of development.

1- Sectors of the Indian Economy : The students will be able to-

- Analyse and infer how the economic activities in different sectors contribute to the overall growth and development of the Indian economy.
- Propose solutions to identified problems in different sectors based on their understanding.
- Summarise how the organised and unorganised sectors are providing employment.
- Enumerate the role of the unorganised sector in impacting Per Capita Income currently and propose suggestive steps to reduce the unorganised sector for more productive contributions to GDP.
- Enumerate and infer the essential role of the Public and Private sectors.

2- Money and Credit : The students will be able to-

- Enumerate how money plays as a medium exchange in all transactions of goods and services from ancient times to the present times.
- Analyse and infer various sources of Credit.
- Summarise the significance and role of self-help groups in the betterment of the economic condition of rural people/ women.
