MAH MBA CET exam was conducted for admission to the MBA and MMS courses in Maharashtra on 14th and 15th March 2020. The MAH MBA CET exam analysis has been provided here for the 2020 exam. The exam was conducted in 4 slots, with 2 slots conducted on each day. The first slot was conducted from 10 AM to 12.30 PM and the second slot was conducted from 2 PM to 4.30 PM. This year there were a total of 49 centers for the MAH MBA CET exam. 36 of the exam centers were located in Maharashtra and the remaining 13 were located in other states.

The difficulty level of questions in the MAH MBA CET 2020 exam was similar to last year according to the MAH MBA CET exam analysis by experts. The overall difficulty level was found to be moderate to hard. However, candidates who appeared for the exam were faced with a number of new types of questions and hence faced difficulty in attempting the exam. Due to the addition of surprise element to the MAH MBA CET 2020 exam, students found the exam to be lengthy. As per the paper analysis of the MAH MBA CET 2020 exam, a score ranging from 130 to 133 can be considered to get 99 percentile rank in the exam.

The detailed exam analysis of the MAH MBA CET exam conducted on 14th and 15th March 2020 can be found below.

MAH MBA CET Exam Analysis Highlights 2020

Given below are the important highlights of the MAH MBA CET 2020 exam.

- The MAH MBA CET 2020 exam was conducted smoothly across all of the centers with only minor glitches at some of the test centres. However, students did not face any major difficulty in saving questions or browsing through the exam portal.
- This year's exam contained Phrase Replacement questions for the first time.
- The exam contained Fill in The Blank questions based on Jumbled Sentences and RC Passages.
- The Logical Reasoning section was found to be time-consuming.
- Arithmetic questions were found to be more frequent in the Quantitative Ability section. Plus, the section contained over 20 questions from Data Interpretation.
- Choose The Correct Sentence questions in the Verbal Ability section had close options, which posed a little difficulty for the aspirants.
- Since there was no negative marking in the MAH MBA CET exam, candidates could resort to guesses when attempting the questions. However, candidates had to choose from 5 options in each question, it was better to spend some time on a question and make a calculated guess.

MAH MBA CET Logical Reasoning Analysis 2020

Containing 75 questions, Logical Reasoning is a very important section in the MAH MBA CET exam. Following are the important highlights from a detailed MAH MBA CET exam analysis of the MAH CET Logical Reasoning section.

- The overall difficulty level of Logical Reasoning questions ranged from Medium to Hard.
- Candidates found the Logical Reasoning section to be very lengthy and time-consuming.
- The section contained questions from a wide spread of topics including Arrangements, Statements & Conclusions, Coding-Decoding, Syllogisms etc.
- Questions from Syllogisms, Arrangements, Letter Rearrangement and Family Tree were found to be lengthy and consumed a lot of time in this section.
- Arguments and Cause & Effect questions were also time-consuming, although moderate in difficulty.
- The surprise element in the Logical Reasoning section were the Sequential Input Output questions. However, not every slot contained questions from this topic.

The MAH MBA CET exam analysis, which consists of topic-wise number of questions in the Logical Reasoning section is given in the table below.

Topic	No. of Question	Difficulty
Arrangements	28	Medium to Hard
Critical Reasoning	15	Medium
Statement-Conclusion	7	Medium
Syllogisms	6	Medium to Hard
Family Tree & Blood Relations	5	Medium
Direction	5	Medium
Data Sufficiency	4	Medium to Hard
Assumption	3	Medium

Letter Re-Arrangements	2	Medium

MAH CET Abstract Reasoning Analysis 2020

Given below are the highlights from the MAH MBA CET exam analysis of the Abstract Reasoning section of the MAH MBA CET 2020 exam.

- The overall difficulty level of questions in the Abstract Reasoning section was found to be moderate.
- Questions in this section were mostly from topics such as Series, Puzzles, Analogy etc.
- Since it contained relatively easier questions, candidates could attempt most of the questions in this section. Attempting 19 to 21 questions can be said to be a good attempt in the Abstract Reasoning section of the exam.

Given below is the topic-wise distribution of questions in the Abstract Reasoning section of the MAH MBA CET exam.

Topic	No. of Questions	Difficulty
Series	11 - 12	Medium to Hard
Match the Pair	7 - 8	Medium
Analogy	6 - 7	Medium

MAH CET Quantitative Ability Analysis 2020

Here are the highlights of the MAH MBA CET exam analysis of the Quantitative Ability section of the MAH MBA CET 2020 exam.

- Quant section had questions from a wide range of topics including Percentage, Time Speed & Distance, Geometry, Algebra, Number System etc.
- The overall difficulty level of questions was found to be moderate but some hard questions posed difficulty for the aspirants.

- Overall, candidates required a good knowledge of basic concepts as well as practice with quant solving tricks to solve the questions with speed and accuracy.
- There were 20 Data Interpretation questions in the section which were based on Pie Charts, Bar Graphs, Caselets etc. Since a lot of calculation was required in these questions, they consumed time to maintain high accuracy.
- The Quant section also contained a lot of Arithmetic questions. However, these were of moderate difficulty.
- Attempting 33 to 35 questions in this section can be said to be a good attempt in the exam according to the MAH MBA CET exam analysis.

Topic	No. of Questions	Difficulty
Data Interpretation	20	Medium to Hard
Arithmetic	10	Medium
Approximation	5	Medium
Data Sufficiency	4	Medium
Geometry	2	Medium
Modern Math	1	Medium
Others	8	Medium to Hard

MAH CET Verbal Ability Analysis 2020

The Verbal Ability section proved to be a very interesting and tricky section in the MAH MBA CET 2020 exam. Addition of a number of surprise elements added to the section increased its overall difficulty level and candidates had to spend some time on the section to attempt a good

number of questions. The following highlights emerged from a detailed MAH MBA CET exam analysis of the Verbal Ability section.

- Verbal Ability Section had a lot of surprises for the candidates. Phrase Replacement questions were introduced for the first time which proved to be tricky as candidates were not expecting these type of questions. In these questions, candidates had to replace the highlighted phrase in the question with the correct phrase given in the options.
- The question paper pattern was found to be similar to those of banking recruitment exams.
- The section comprised questions on Grammatical Error Correction, English Usage, Para Jumbles etc.
- Reading Comprehension and Vocabulary questions were in majority in this section. The RC passages were short and easy to understand. Questions could be attempted with moderate difficulty.
- Grammatical Error Correction questions were found to be difficult and took a lot of time to solve.
- Aspirants also found it difficult to attempt the questions based on Finding Errors in Sentences.

Here is the topic-wise distribution of questions in the Verbal Ability section of the exam along with the MAH MBA CET exam analysis of the section.

Topic	No. of Questions	Difficulty
Reading Comprehension	15	Medium
Vocabulary	15	Medium
Error Correction	6	Medium to Hard
Phrase Replacement	5	Medium to Hard
Para Jumble, Para Placement, Fill in The Blanks etc.	5	Medium

MAH CET Exam Analysis 2019

Check out the MAH MBA CET exam analysis of the exam that was conducted on the 9th and 10th of March in 2019!

MAH CET 2019 Analysis of Day 1

According to the MAH MBA CET exam analysis 2019, on Day 1, MAH CET 2019 was on the difficult side in both slots. In fact, the exam turned out to be tougher as compared to last year's CET. In both slots, students did not face any glitches in terms of operations at the exam center. As far as the computer interface is concerned, it was a smooth affair.

The exam was, as usual, divided into four sections with a total of 200 questions - Logical Reasoning (75 questions), Abstract Reasoning, (25 questions), Quantitative Aptitude (50 questions), and Verbal Ability/Reading Comprehension (50 questions). Each question was followed by 5 options and the total time duration to attempt the exam was 150 minutes.

According to the MAH MBA CET exam analysis 2019, in each section, the question types were different. In the Logical Reasoning section, there were moderate to tough level puzzles and some questions were lengthy. Abstract Reasoning section had an easy to tough difficulty level. The Quantitative Aptitude had DI sets of moderate difficulty level and the QA questions were easy to moderate. The section on Verbal Ability/ Reading Comprehension had a lower difficulty level if we have to do a comparison of the same section from MAH CET 2018. In the VA section, candidates found some new question types.

Break-up of Logical Reasoning Section

In both the slots, there were 59 questions on Non-Verbal Reasoning and 16 questions on Verbal Reasoning. Questions on Arrangements dominated the Non-Verbal Reasoning part of the Logical Reasoning section. The Verbal Reasoning had 16 questions in both the slots. According to the MAH MBA CET exam analysis 2019, the overall difficulty level of the Verbal Reasoning questions was easy to moderate whereas Non-Verbal Reasoning was a bit on the tougher side.

Take a look at the approximate break-up of this section (based on the two slots):

Non-Verbal Reasoning		
Topics	Number of Questions	Difficulty Level
Matrix Arrangement	12 questions (2 sets of 6 questions)	6 Moderate, 6 Tough
Circular Arrangement	6 questions (One set of 6 questions)	Moderate
Linear Arrangement	12/18 (2/3 sets of 6 questions)	Moderate
*Vertical Arrangement	6 – one set	Moderate

**Sequential Input Output	6	Tough
*Family Tree	5	Easy to Moderate
Logical Inequalities	2 (in slot 2)/5 (in slot 1)	Moderate to Tough
Coding	1 (in slot 2)/5 (in slot 1)	Easy
Directions	4	Easy to Moderate
Data Sufficiency	3 (in slot 2)/4(in slot 2)	Moderate
Verbal Reasoning		
Critical Reasoning	11	Easy to Moderate
Syllogisms	5	Easy

*For questions that were asked in Slot 1 only

**For questions that were asked in Slot 2 only

Attempting around 44-46 questions would have been considered good in the Logical Reasoning section.

Break-up of Abstract Reasoning Section

As per the MAH MBA CET exam analysis 2019, in both slots, this section was found to be the easiest one. With a total of 25 questions asked in this section, the overall difficulty level was

easy to medium. In this section, the questions were very similar to Visual Reasoning questions asked in the CET exams conducted in previous years.

Following is the break-up of the questions in this section:

Topics	Number of Questions	Difficulty Level
Complete the series	12	Moderate to Tough
Analogies (A:B :: C: ?)	5	Easy to Moderate
Analogies (Find the dissimilar pair)	8	Easy
Total	25	Easy to Moderate

In the Abstract Reasoning section, a genuine attempt of around 18-20 questions would have been considered a good attempt.

Break-up of Quantitative Aptitude Section

As per the MAH MBA CET exam analysis 2019, in both slots, this section had 50 questions, out of which 24 questions were on Data Interpretation and the remaining 26 questions were on Quantitative Aptitude.

The approximate break-up of this section (for both the slots) is given below:

Topics	Number of Questions	Difficulty Level
Data Interpretation		
Table	6	3 Easy, 2 Moderate

Caselet	6	1 Moderate, 5 Tough
*Line Graph/ Bar Chart	6	6 Easy
Pie chart + Table	6	4 Easy, 2 Moderate
Arithmetic		
Time & Work	1	Moderate
Time-Speed-Distance	2	Moderate
Percentage	1	Easy
Ratio-Proportions	2	Moderate
LCM HCF	1	Easy
Profit and Loss	1	Moderate to Tough
Partnership	1	Moderate
*Quantitative Comparison		

*Quadratic Equations	6	Moderate
*Arithmetic Based	4	Moderate
Miscellaneous		
**Approximations	6	Easy
Geometry		
Mensuration	1	Moderate
*Data Sufficiency		
**Data Sufficiency	4	Easy
Modern Mathematics		
* Probability	1	Easy
Number Series		
Find the wrong term	6	Easy (Slot 1)/ Moderate (Slot 2)

*For questions that were asked in Slot 1

**For questions that were asked in Slot 2

In the Quantitative Aptitude section, a genuine attempt of around 34-36 questions would've been considered a good attempt.

Break-up of Verbal Ability/Reading Comprehension Section

Just like MAH CET 2018, there were 35 Verbal Ability questions and 15 Reading Comprehension questions in both slots in this section. This section turned out to be easy in terms of the overall difficulty level according to the MAH MBA CET exam analysis by experts.

Following is the approximate break of questions asked in Slot 1:

Topics	Number of Questions	Difficulty Level
Reading Comprehension (Improper use of metrics)	5	4 Easy, 1 Moderate
Reading Comprehension (Online shopping in Indonesia)	6	4 Easy, 1 Moderate
Reading Comprehension (Measurements pervade life)	4	3 Easy, 1 Moderate
Sequenced Sentences	2	Moderate
Set of sentences with four words marked in bold	6	Easy
Replace words in bold	5	Easy

Correct grammar and context	2	Moderate
One word three blanks	7	6 Easy, 1 Moderate
Phrase in bold	5	4 Easy, 1 Moderate
Connector word	3	Easy
Para jumble	5	3 Moderate, 2 Tough

Following is the approximate break of questions asked in Slot 2:

Topics	Number of Questions	Difficulty Level
Reading Comprehension (Voice Assistants and AI)	8	5 Easy, 2 Moderate, 1 Tough
Reading Comprehension (New Technologies)	3	2 Easy, 1 Moderate
Reading Comprehension (Electronic Personal Assistants)	4	3 Easy, 1 Moderate
Sequenced Sentences	5	4 Easy, 1 Moderate
Replace words in bold in the Cloze passage	7	7 Easy

Correct grammar and context	3	1 Easy, 2 Moderate
One word three blanks	6	5 Easy, 1 Moderate
Phrase in bold	6	5 Easy, 1 Moderate
Odd sentence from the paragraph	3	1 Moderate, 2 Tough
Para jumble	5	3 Easy, 1 Moderate, 1 Tough

In both the slots, a genuine attempt of around 38-40 questions would've been considered a good attempt in this section.
